

Southeastern Louisiana University

General Education Courses

2020-2021

Awarding of an academic degree assumes that the recipient has submitted to rigors of intellectual inquiry, achieved specialized and general knowledge, and acquired motivations and abilities for life-long learning. Each Southeastern Louisiana University baccalaureate degree is designed to help the student progress toward vocational goals and a well-rounded curriculum in general education courses. Recognizing these educational goals, all baccalaureate curricula include the following minimum requirements based on the Statewide General Education Requirements of the Louisiana Board of Regents as well as The University of Louisiana System's more specific requirements.
