Southeastern's History 202 Dual Enrollment course may be facilitated in a year-long format or in a semester-long format.

Transferability of Dual Enrollment Courses to Other Institutions

It is incumbent upon all students and parents to determine the transferability of Dual Enrollment courses to other institutions. For in-state institutions, Southeastern courses can be cross-referenced using the Statewide Articulation Matrix to determine transferability (<https://regents.la.gov/master-course-articulation>). Out-of-state institutions should be consulted to determine transferability.

Watching Online Lectures

Important Note: Southeastern does **not** require that the videos be shown during high-school class time. Participating high school teachers have the option to (1) show all of the videos during class

time, (2) show some of the videos during class time and have students watch the rest outside of class time in a school lab, library, or at home, or (3) have students watch all of the videos outside of class time in a school lab, library or at home.

COMMUNICATION AND ONLINE NETIQUETTE GUIDE

You will be required to communicate throughout the course. Below are the expectations for communicating in various ways, but you should read the next page on the Online Netiquette Guide for more detailed expectations.

Communication

Student-to-Instructor

What to include in the Subject line: Your high school teacher's name, your name, and the Dual Enrollment class you are enrolled in.

You are expected to use your Southeastern email to contact your instructor any time you need to communicate information about your curriculum, classes, assignments, or other important information. You can access your email account from the Web Mail on Southeastern's home page. You can expect a reply from me within 24 hours of sending the email. If you send an email on a weekend or holiday, you can expect a reply upon the day of return.

When sending or responding to emails, you are to use a professional tone, correct grammar, and punctuation.

Instructor-to-Student

I am in weekly contact with your high school teacher; however, please don't hesitate to contact me through e-mail if you have a question or concern.

Student-to-Student

When interacting with your fellow classmates, you must be respectful of opposing opinions and use a professional manner. It is important to be open-minded with the views of others and listen to what they are trying to say. You are not required to agree with them, but you are required to be respectful.

It is important to recognize that the online classroom is in fact a classroom, and certain behaviors are expected when you communicate with both your peers and your instructors. These guidelines for online behavior and interaction are known as netiquette.

Security

Remember that your password is the only thing protecting you from pranks or more serious harm.

- Do not share your password with anyone
- Change your password if you think someone else might know it
- Always log out when you are finished using the system

General Guidelines

When communicating online, you should always:

- Treat your instructor and classmates with respect in email or any other form of communication
- Always use your professors' proper title: Dr. or Prof., or if in doubt use Mr. or Ms.
- Unless specifically invited, do not refer to your instructor by first name
- Use clear and concise language
- All college level communication should have correct spelling and grammar (this includes discussion boards)
- Avoid slang terms such as “wassup?” and texting abbreviations such as “u” instead of “you”
- Use standard fonts such as Ariel, Calibri or Times new Roman and use a size 10 or 12 pt. font
- Avoid using the caps lock feature AS IT CAN BE INTERPRETED AS YELLING.
- Avoid the use of emoticons such as 😊
- Be cautious when using humor or sarcasm as tone is sometimes lost in an email or discussion post and your message might be taken seriously or sound offensive.
- Be careful with personal information (both yours and that of another)
- Do not send confidential information via email

Email Etiquette

When you send an email to your instructor, teaching assistant, or classmates, you should:

- Use a descriptive subject line (for this History DE course) Include your high school teacher's name, your name, and the DE course you are enrolled in.
- Be brief, but include necessary information
- Avoid attachments unless you are sure your recipients can open them
- Avoid HTML in favor of plain text
- Sign your message with your name and return email address
- Think before you send the email to more than one person—does everyone really need to see your message?
- Be sure you REALLY want everyone to receive your response when choosing to “reply all”
- Be sure the message author intended for the information to be shared before choosing to “forward” the message

Discussion Board or Forum Etiquette and Guidelines

When posting on the Discussion Board or in a Forum in your online class, you should:

- Make posts that are on topic and within the scope of the course material
- Take your posts seriously and review and edit your posts before sending
- Be as brief as possible while still making a thorough comment
- Always give proper credit when referencing or quoting another source
- Be sure to read all messages in a thread before replying
- Do not repeat someone else's post without adding something of your own to it

- Avoid short, generic replies such as, “I agree”—you should include why you agree or add to the previous point
- Always be respectful of all opinions even when they differ from your own
- When you disagree with someone, express your differing opinion in a respectful and non-critical way
- Do not make personal or insulting remarks
- Be open-minded when reading other posts

For Southeastern Graded Assignments, simply divide your points accumulated by the total points you could receive. For example, if you received all 15 points for the Start Here Assignment, 20 points for Quiz 1, 24 points for Quiz 2, and 88 points for Exam 1 in Module 1. Your points accumulated is 147 points. Divide by the total points you could receive: 165. You would have an 89%.

Final Letter Grades

In order to receive the following letter grades, you must have these points at the end of the semester.

615 pts to 553.5 pts = A
553.5 pts to 492 pts = B
492 pts to 430.5 pts = C
430.5 pts to 369 pts = D
368 pts and below = F

Grade Appeals

Should a student have a concern about a final grade posted for a dual enrollment course, the Grade Appeals policy should be followed below. Please note that a student has 30 days to make a written appeal to the Southeastern Instructor of Record:

After a final course grade is recorded in the Records and Registration Office, a change of grade must be approved in sequence by the instructor of record, the instructor's department head, and the academic dean of the College of Arts, Humanities, and Social Sciences. In the event of a

contested final course grade, a student's written appeal of the grade must be submitted to the instructor within **thirty (30)** calendar days of final grades for the term being due. The grade appeal should also be submitted to Dr. Jeffrey Temple, Assistant Vice President for Academic Programs. For more information about grade appeals, see

https://www.southeastern.edu/resources/policies/policy_detail/appeal_grade.html

FERPA Guidelines

Dual Enrollment students are enrolled in a college course at Southeastern, with the same rights and responsibilities as any other Southeastern student. This includes the privacy protections afforded by the Family Education Rights and Privacy Act. Students are free to share their progress in the course with their parents, if they so choose. However, course instructors cannot speak with parents about student progress in the course without the student first waiving their FERPA rights. All course work and grades will be posted in the Moodle gradebook.

Southeastern's FERPA policy:

https://www.southeastern.edu/resources/policies/policy_detail/ferpa.html

Course Policies

You are required to complete and submit all work assigned by the due date specified on each activity or assignment. Consult your high school teachers for assignment deadlines and dates.

Attendance Policy and Withdrawal Information

Students should refer to the University policy on attendance as stated in the current Southeastern catalogue. Attendance will be taken at the beginning of each class. If you cannot attend lectures regularly, you should consider dropping the class. It is your responsibility to complete and file drop forms with your high school course coordinator if you wish to withdraw from the class. The last day to withdraw from the class for the Fall semester and for Year-long and Spring semester classes can be found at:

https://www.southeastern.edu/future_students/dual_enrollment/calendar/index.html

Make up Policy

A student with an excused absence may make up any missed quizzes and exams. The student's school will determine if an absence is excused or not. Missed work must be made up within a reasonable time period upon the student's return to classes. Any missed quiz or exam that is not made up will be given the grade of zero.

Academic Integrity

Exams and quizzes will be closely monitored. Anyone caught cheating will fail the course and will be reported to appropriate university officials. Some examples of academic dishonesty: having your phone out during a graded assignment, having another website open during a graded assignment, looking off of another student's computer screen. Schools agree that the first incident of academic dishonesty in any course by any student in any manner will result in a grade of 0 on the assessment in question. The second incident will result in the student's failing the Southeastern portion of the Course.

Southeastern's Academic Integrity Policy:

Students are expected to maintain the highest standards of academic integrity. Behavior that violates these standards is not acceptable. Examples are the use of unauthorized material, communication with fellow students during an examination, attempting to benefit from the work of another student and similar behavior that defeats the intent of an examination or other class work. Cheating on examinations, plagiarism, improper acknowledgement of sources in essays, and the use of a single essay or paper in more than one course without permission are considered very serious offenses and shall be grounds for disciplinary action as outlined by Southeastern Louisiana University's Academic Integrity Policy:

https://www.southeastern.edu/resources/policies/policy_detail/acad_integrity.html

Code of Conduct

The Office of Student Advocacy and Accountability (OSAA) is responsible for administering a campus-wide student disciplinary system that is student-centered and based on educational and developmental principles. OSAA strives to uphold community standards while respecting the rights of the individual. Students are expected to familiarize themselves with the [Student Code of Conduct](#) and [University Policies](#) and to conduct themselves in a manner that supports the educational mission of the University, as well as comply with University rules.

Hardware and Software Requirements:

General hardware and software requirements can be found on Southeastern's [Technical Recommendations](#) page. However, the following items are generally required for online courses:

- Reliable internet connection
- Operating computer
- Webcam
- Headset or earbuds with microphone

Accommodations for Disability:

"If you are a qualified student with a disability seeking accommodations under the Americans with Disabilities Act, you are required to self-identify with the Office of Student Accessibility Services, Tinsley Hall, Room 102. No accommodations will be granted without documentation from the Office of Student Accessibility Services. The deadline for registering or making accommodation changes is two weeks prior to the start of the Final Exam period. Any requests received after the deadline will generally be considered for the following semester."

Dual Enrollment students with disabilities should self-identify to their High School Dual Enrollment Coordinator. The High School Dual Enrollment Coordinator will forward the appropriate paperwork to the Assistant Vice President for Academic Programs, Dr. Jeffrey Temple, who will then file the request for accommodations with Southeastern's Office of Student Accessibility Services.

Dual Enrollment Policies:

For Dual Enrollment Program information, including transcript requests (please note, only students can request their college transcript), password resets, academic dishonesty, student eligibility, and tuition costs, see:
