## DUAL ENROLLMENT PROGRAM ELIGIBILITY CRITERIA

Southeastern Louisiana University, in partnership with local high schools, is pleased to offer qualified students an opportunity to enroll in college courses while still attending high school. Dual enrollment courses are hybrid courses with all content delivered online OR in person via a Southeastern Instructor/Professor. The high school teacher serves as a facilitator by assisting with student registration and enrollment, proctoring exams as necessary, and through supplemental instruction, serving as a daily learning resource for students as they assimilate course content. The Southeastern Instructor/Professor serves as the instructor of record for all dual enrollment courses. In order for students to enroll in Dual Enrollment courses, they must meet the Participation Criteria as outlined below and complete a Dual Enrollment Course Enrollment Request Form. **Please note that high school students can earn a maximum of 27 credits from Southeastern while participating in the Dual Enrollment Program.**

**NOTE:** It is incumbent upon all students and parents to determine the transferability of Dual Enrollment courses to other institutions. For in-state institutions, Southeastern courses can be cross-referenced using the [Statewide Articulation Matrix](#) to determine transferability. Out-of-state institutions should be consulted to determine transferability.

### Participation Criteria:
