As stated above, interest on the Series 2004 Bonds will not be an item of tax preference for purposes of computing the federal alternative minimum tax on individuals and corporations. The Code, however, imposes a 20% alternative minimum tax on the "alternative minimum taxable income" of a corporation, if the amount of such alternative minimum tax is greater than the amount of the corporation's regular income tax. Generally, a corporation's alternative minimum taxable income will include 75% of the amount by which a corporation's "adjusted current earnings" exceeds a corporation's alternative minimum taxable income. Because interest on tax-exempt obligations is included in a corporation's "adjusted current earnings," ownership of the Series 2004 Bonds could subject a corporation to alternative minimum tax consequences.

Original Issue Premium and Discount

Certain maturities of the Series 2004A Bonds (the "*Premium Bonds*") may be offered and sold to the public at a price in excess of their stated principal amounts. Such excess is characterized as a "bond premium." For federal income tax purposes, bond premium on the Premium Bonds must be amortized by an investor purchasing a Premium Bond on a constant yield basis over the remaining term of the Premium Bond in a manner that takes into account potential call dates and call prices. An investor cannot deduct amortized bond premium related to a tax-exempt bond for federal income tax purposes.

Certain maturities of the Series 2004A Bonds may be offered and sold at an original issue discount (the "*OID Bonds*"). The difference between the initial public offering price of the OID Bonds (as set forth on the front cover hereon) and their stated principal amount payable at maturity constitutes original issue discount treated as interest. OID on the OID Bonds is treated as interest that is excluded from gross income for federal income tax purposes and which is exempt from all taxation in the State subject to the caveats and provisions described above.

In the case of an owner of an OID Bond, the amount of original issue discount which is treated as having accrued with respect to such OID Bond is added to the cost basis of the owner in determining, for federal income tax purposes, gain or loss upon disposition of such OID Bond (including its sale, redemption or payment at maturity). Amounts received upon disposition of such an OID Bond which are attributable to accrued original issue discount will be treated as interest, rather than as taxable gain, for federal income tax purposes.

Original issue discount is treated as compounding semiannually, at a rate determined by reference to the yield to maturity of each individual OID Bond, on days which are determined by reference to the maturity date of such OID Bond. The amount treated as original discount on such OID Bond for a particular semiannual period is equal to (i) the product of (a) the yield to maturity for such OID Bond and (b) the amount which would have been the tax basis of such OID Bond at the beginning of the particular semiannual period if held by the original purchaser, (ii) less the amount of any payments on such OID Bond during the semiannual period. The tax basis is determined by adding to the initial public offering price on such OID Bond the sum of the amounts which would have been treated as original issue discount for such purposes during all prior periods. If such an OID Bond is sold between compounding dates, original issue discount which would have accrued for that semiannual compounding period for federal income tax purposes is to be apportioned in equal amounts among the days in such compounding period.

Investors who purchase an OID Bond should consult their own tax advisors with respect to the determination for federal income tax purposes of original issue discount accrued with respect to such OID Bonds as of any date, with respect to the accrual of original issue discount for such OID Bonds purchased on the secondary markets and with respect to the state and local tax consequences of owning such OID Bonds.

Non-Qualified Tax-Exempt Obligations for Financial Institutions

Section 265 of the Code provides, in pertinent part, that interest paid or incurred by a taxpayer, including a "financial institution," on indebtedness incurred or continued to purchase or carry tax-exempt obligations is not deductible by such taxpayer in determining taxable income. Section 265(b) of the Code provides an exception to the disallowance of such deduction for any interest expense paid or incurred on indebtedness of a taxpayer which is a "financial institution" allocable to tax-exempt obligations, other than "private activity bonds," which are designated by

an issuer as “qualified tax-exempt obligations.” Section 265(b) of the Code defines the term “financial institution” as referring to any corporation described in Section 585(a)(2) of the Code, or any person accepting deposits from the public in the ordinary course of such person's trade or business which is subject to federal or state supervision as a financial institution.

The principal amount of the Series 2004A Bonds and the Series 2004B Bonds exceeds \$10,000,000 in aggregate principal amount and thus the Authority cannot designate the Bonds as “qualified tax-exempt obligations” within the meaning of Section 265(b) of the Code.

Louisiana Taxes

In the opinion of Bond Counsel and in accordance with the Act, the Series 2004 Bonds together with interest thereof, income therefrom, and gain from the sale thereof are exempt from all State taxes and local taxes.

No Other Opinions

Except as stated above, Bond Counsel expresses no other opinions with respect to any tax consequences resulting from the ownership of, receipt of interest on, or disposition of the Series 2004 Bonds.

UNDERWRITING

The Authority is offering the Series 2004 Bonds through Morgan Keegan & Company, Inc., Nashville, Tennessee (the “*Underwriter*”), pursuant to two Bond Purchase Agreements, one relating to the Series 2004A Bonds and the Series 2004C Bonds and the other relating to the Series 2004B Bonds . The Corporation and the Developer will agree to indemnify the Underwriter against certain civil liabilities, including certain liabilities under federal securities laws. Under existing statutes, regulations, and court decisions, the enforceability of such an agreement to indemnify is uncertain.

RATING OF THE SERIES 2004 BONDS

Moody's Investors Service, Inc. (“*Moody's*”) is expected to assign the Series 2004 Bonds the long-term rating of “Aaa”, with the understanding that upon delivery of the Series 2004 Bonds, policies insuring the payment when due of the principal of and interest on the Series 2004 Bonds will be issued by the Bond Insurer. An explanation of the significance of such rating may be obtained from Moody's. Such rating reflects only the view of Moody's, and neither the Authority, the University, the Bond Insurer, nor the Underwriter makes any representation as to the appropriateness thereof.

There is no assurance that such rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely, if in the judgment of Moody's, circumstances so warrant. Any such downward revision or withdrawal of such rating may have an adverse affect on the market price of the Series 2004 Bonds.

- (c) the respective amounts to be paid;
- (d) the purpose by general classification for which each obligation to be paid was incurred;

(e) that obligations in the stated amounts have been incurred by the Corporation and are either (i) presently due and payable or (ii) have been paid by the Corporation and that each item thereof is a proper charge against the Project Fund and has not been the subject of any prior requisition;

(f) that such requisition contains no item representing payment on account of any retainage to which the Corporation is entitled at the date of such requisition; and

(g) a certification that all work, materials, supplies and equipment which are the subject of such requisition have been performed or delivered and are in accordance with the description of the Facilities.

Upon receipt of each requisition and accompanying certificate and information, the Trustee will pay the obligations set forth in such requisition out of the money in the Project Fund, and each such obligation will be paid by check signed by one or more officers or employees of the Trustee designated for such purpose by the Trustee or by wire transfer or credit to an account of the Corporation held by the Trustee or in such other manner as may be agreed on by the Corporation and the Trustee. In making such payments the Trustee may rely upon such requisitions. If for any reason the Corporation should decide prior to the payment of any item in a requisition not to pay such item, it shall give written notice of such decision to the Trustee and thereupon the Trustee shall not make such payment.

Application of Money in the Debt Service Reserve Fund

(a) The Debt Service Reserve Fund will be funded on the date of delivery of the Series 2004 Bonds in an amount equal to the Debt Service Reserve Fund Requirement. If any Additional Bonds that are Tax-Exempt Bonds shall be issued, the Authority will be required to cause to be deposited in the Debt Service Reserve Fund, an amount necessary to make the amount on deposit in the Debt Service Reserve Fund equal to the Debt Service Reserve Fund Requirement.

(b) The Trustee will be required to transfer money from the Debt Service Reserve Fund to the Interest Account and the Principal Account of the Debt Service Fund to pay interest on and principal of (whether at maturity, by acceleration or in satisfaction of the mandatory sinking fund redemption requirements therefor) the Series 2004A Bonds, the Series 2004B Bonds, and any Additional Bonds that are Tax-Exempt Bonds, whenever and to the extent that the money on deposit in said accounts (together with any amounts available therefor in the Surplus Fund and the Replacement Fund), is insufficient for such purposes. **Amounts in the Debt Service Reserve Fund will not be available to pay the principal of, or the interest on, the Series 2004C Bonds or any Additional Bonds that are not Tax-Exempt Bonds.** If the Trustee shall apply any moneys in the Debt Service Reserve Fund to the payment of principal of or interest on the Bonds, the Trustee will be required to give immediate notice to the Bond Insurer.

(c) If the money held in the Debt Service Reserve Fund, including interest earnings, exceeds the Debt Service Reserve Fund Requirement, an amount equal to such excess will be transferred by the Trustee to the Interest Account of the Debt Service Fund unless Additional Bonds have been issued, in which case, at the direction of the Authority, the excess moneys in the Debt Service Reserve Fund will, at any time prior to completion of construction of the Facilities, be transferred to the Project Fund. The Trustee will not be required to liquidate any investment before its maturity to make such transfer. Whenever the amount on deposit in the Debt Service Reserve Fund is less than the Debt Service Reserve Fund Requirement, the Trustee will be required to notify the Authority, the Bond Insurer, and the Corporation of the amount of such deficiency and such deficiency will be remedied, as provided in the Indenture. Upon notification the Corporation will be required to deliver to the Trustee an amount sufficient to cure the deficiency in accordance with the Indenture and the Loan Agreement.

(d) The Authority may, at the direction of the Corporation and as advised by the Board and with the prior written consent of the Bond Insurer, at any time, deposit with the Trustee, to replace cash in the Debt Service Reserve Fund (in which case the replaced cash shall be paid to the University) or to meet the requirements in the Indenture that it deposit additional amounts in the Debt Service Reserve Fund, a Debt Service Reserve Fund Investment. Any bank issuing a letter of credit must have a rating on its unsecured debt, or on debt secured by its

letters of credit and which ratings are based solely on the bank's letter of credit, of "AA-" or better by S&P and "Aa3" or better by Moody's. Any insurance company issuing a surety bond must have a claims-paying ability rating of "AAA" by S&P and "Aaa" by Moody's. If such Debt Service Reserve Fund Investment expires prior to fifteen (15) days after the final maturity of the Series 2004 Bonds, it must provide, that if not renewed within fifteen (15) days prior to its expiration date in an amount equal to the undrawn amount thereof (other than because of a reduction in the Debt Service Reserve Fund Requirement or the deposit of cash in the Debt Service Reserve Fund to replace it), the Trustee will be permitted to draw the full amount of such Debt Service Reserve Fund Investment. The Trustee will draw down the full amount of such Debt Service Reserve Fund Investment and deposit such amount in the Debt Service Reserve Fund fifteen (15) days prior to expiration of such Debt Service Reserve Fund Investment if it is not renewed as provided for in the preceding sentence. The Debt Service Reserve Fund Investment must be able to be drawn upon at any time that cash could be withdrawn from the Debt Service Reserve Fund. Prior to accepting any such Debt Service Reserve Fund Investment, the Trustee, the Corporation, the Board, the Authority, and the Bond Insurer must receive a Bond Counsel opinion that such acceptance and any payment of funds in the Debt Service Reserve Fund to the Corporation is authorized by the Indenture and will not adversely affect the exclusion of interest on the Series 2004A Bonds, the Series 2004B Bonds, or any Additional Bonds that are Tax-Exempt Bonds from gross income for purposes of federal income taxation. If a Debt Service Reserve Fund Investment shall be deposited in the Debt Service Reserve Fund in lieu of cash, the cash amount contained in the Debt Service Reserve Fund will be required to be transferred to the Replacement Fund.

If a disbursement shall be made under a surety bond deposited in the Debt Service Reserve Fund, the Corporation will be obligated to either reinstate the maximum limits of such surety bond immediately following such disbursement in twelve (12) equal monthly installments or as required by the Authority of the Debt Service Reserve Fund Investment in an amount equal to the Debt Service Reserve Fund Requirement or deposit into the Debt Service Reserve Fund funds in the amount of the disbursement made under the Debt Service Reserve Fund Investment, or a combination of such alternatives as shall equal the Debt Service Reserve Fund Requirement.

Application of Insurance Proceeds; Condemnation Award

If all or any portion of the Facilities shall be damaged or destroyed by a Casualty or shall be taken by Expropriation proceedings, the Corporation will be required, upon receipt of notice from the University and/or the Board instructing the Corporation to do so, as expeditiously as possible, to prosecute or cause to be prosecuted continuously and diligently the repair, restoration, or replacement thereof; provided however, that the Corporation will in no way be liable for any costs of the repair, restoration, or replacement of the Facilities in excess of the proceeds of any insurance or of any Expropriation award received because of such Casualty or Expropriation. The proceeds of any insurance, including the proceeds of any self-insurance through ORM, or of any Expropriation award or payment in lieu of Expropriation, received on account of any damage, destruction, or taking of all or any portion of the Facilities will be delivered to the Trustee and held by the Trustee in a special account to be established upon receipt of any such funds and held by the Trustee in trust or in the case of self insurance through ORM, as described in the second succeeding paragraph, and will be made available for, and to the extent necessary be applied to, such restoration, repair, and replacement. Any amounts so held by the Trustee will be disbursed to pay the costs of restoration, replacement, and repair of the Facilities with respect to which they are held, in each case promptly after receipt of a written request of the Corporation as advised by the Board, stating that the amount to be disbursed pursuant to such request will be used to pay costs of replacing, repairing, or restoring the Facilities and that no amount previously shall have been disbursed by the Trustee for payment of the costs to be so paid. In making such payments, the Trustee will be permitted to rely conclusively upon such written requests and will have no liability or responsibility to investigate any matter stated therein, or for any inaccuracy or misstatement therein. In no event will the Trustee be responsible for the adequacy of the plans and specifications or construction contract relating to the replacement, restoration, or repair of the Facilities, or for the improper use of moneys properly disbursed pursuant to request made under the Indenture. Any proceeds remaining on deposit with Trustee following completion of the repairs, restoration, or replacement of the Facilities will be paid by Trustee to the Board.

In the event the University shall decide not to repair, restore, or replace the Facilities for any reason, all insurance proceeds received or payable as a result of such Casualty, or all proceeds received or payable as a result of Expropriation proceedings (including payments received or payable in lieu of Expropriation and including any portion of such payments attributable to the Board's interest) will be paid to the Trustee and applied to the

prepayment of the Series 2004A Bonds, the Series 2004B Bonds, or any Additional Bonds that are Tax-Exempt Bonds in accordance with the terms of the Indenture.

In the event ORM shall insure the Facilities, the Board will be required to cause the Corporation to use the insurance proceeds received from ORM in accordance with policies and procedures of ORM (requiring invoices to be submitted to ORM for payment to vendors, or alternatively, production of invoices paid by the Board to ORM for reimbursement of vendor payments) to effect the repair, restoration, or replacement of the Facilities

Application of Money in the Replacement Fund

(a) The Replacement Fund will be funded on the Closing Date in the amount of the Replacement Fund Requirement from proceeds of the Series 2004 Bonds.

All moneys in the Replacement Fund will be held for the benefit of the Board through the Corporation, will not be pledged under the Indenture, and will be permitted to be drawn on and used by the Corporation or the Board to (i) replace any worn out, obsolete, inadequate, unsuitable, or undesirable property, furniture, equipment, fixtures, and other property owned by the Board or the Corporation and located on the Facilities, and (ii) maintain the Facilities and to make all alterations, repairs, restorations, and replacements to the Facilities as and when needed to preserve the Facilities in good working order, condition, and repair, each as required by the Facilities Lease. Withdrawals from the Replacement Fund for the purposes set forth above will be made by the Trustee upon its receipt of a requisition from the Board or the Corporation complying with the requirements of the Indenture. Moneys in the Replacement Fund will also be permitted to be drawn by the Trustee and transferred to the Debt Service Fund if amounts on deposit therein, together with amounts available therefor in the Surplus Fund, are insufficient to pay debt service on the Bonds on any Interest Payment Date or Principal Payment Date.

(b) Any moneys remaining in the Replacement Fund immediately prior to the time all of the Bonds are paid, or provision for their payment is made in accordance with the Indenture, will be paid to the University.

Events of Default and Remedies

Each of the following will be an "*Event of Default*" under the Indenture:

(a) Payment of any installment of interest, on any of the Bonds shall not be made when the same shall become due and payable;

(b) The payment of principal of or premium, if any, on any of the Bonds shall not be made when the same shall become due and payable, whether at maturity or by proceedings for redemption or by acceleration or otherwise;

(c) An "*Event of Default*" under the Loan Agreement shall have occurred;

(d) A default shall occur under the Facilities Lease;

(e) Default by the Authority in the due and punctual performance of any other of the covenants, conditions, agreements, or provisions contained in the Bonds or in the Indenture on the part of the Authority to be performed, if such default shall continue for thirty (30) days after written notice specifying such default and requiring the same to be remedied shall have been given to the Authority, the Board, the Bond Insurer, and the Corporation by the Trustee, which will be permitted to give such notice in its discretion and will be required to give such notice at the written request of the owners of not less than a majority in principal amount of the Bonds then outstanding. Such default shall not become an Event of Default if said default shall be of the nature that (i) it cannot be corrected within the thirty (30) day period after receipt of notice, but the Authority (or the Corporation pursuant to the provisions of the Indenture) shall promptly institute and diligently pursue corrective action until such default is cured, or (ii) the Trustee shall determine that such default is not curable but such default does not affect the validity or enforceability of the Bonds, the Indenture, or the Loan Agreement, an event of nonperformance shall not have occurred under the Loan Agreement (other than as a result of the cross-default provisions), and such default

shall not impair the security or the obligations provided for or under the Bonds, the Indenture, or the Loan Agreement, and (iii) the Bond Insurer shall have consented to such event not being an Event of Default.

For all purposes of the Indenture described hereunder (other than “**Notice of Defaults**” below), the Bond Insurer will be deemed to be the sole owner of the Bonds it has insured for so long as it has not failed to comply with its payment obligations under the Bond Insurance Policies, and the Bond Insurer will be entitled to (i) notify the Trustee of the occurrence of an Event of Default hereunder, (ii) request that the Trustee intervene in judicial proceedings that affect the Bonds or the security therefor, (iii) direct all remedies in the Event of Default, (iv) be recognized as the owner of each Bond that it insures for the purposes of exercising all rights and privileges available to Bondholders, (v) have the right to institute any suit, action, or proceeding at law or in equity under the same terms as a Bondholder in accordance with the provisions of the Indenture or each Bond for which it insures.

Upon the occurrence of an Event of Default, the Authority, the Trustee, and, subject to the provisions of the Indenture described below under the subheadings “**Majority of Bondholders Control Proceedings**” and “**Individual Bondholder Action Restricted**,” the Bondholders will have all the rights and remedies as may be allowed by law, the Indenture, the Mortgage, the Assignment of Agreements and Documents, or pursuant to the provisions of the Loan Agreement and/or the Facilities Lease by virtue of their assignment under the Indenture, including but not limited to, acceleration of the maturity of all Bonds, or suit at law or in equity to enforce or enjoin the action or inaction of parties under the provisions of the Indenture, the Mortgage, the Loan Agreement, or the Facilities Lease.

Upon the occurrence of an Event of Default, the Trustee will be permitted, with the prior written consent of the Bond Insurer, and upon the written request of the Bond Insurer will be required, by notice in writing to the Authority, the Board and the Corporation, to declare the Bonds then outstanding immediately due and payable, and such Bonds will become and be immediately due and payable, anything in such Bonds or in the Agreement or the Indenture to the contrary notwithstanding, and the Trustee will be permitted to exercise any remedies granted to it in the Indenture. In such event, there will be due and payable on the Bonds an amount equal to the principal amount of all the Bonds then outstanding plus all interest accrued thereon and which will accrue thereon to the date of payment. If the Bond Insurer shall be in default of its payment obligations under any of the Bond Insurance Policies, the owners of not less than a majority of the aggregate principal amount of Bonds outstanding, will be permitted to direct the Trustee to declare the Bonds then outstanding immediately due and payable.

At any time after the principal of the Bonds shall have been so declared to be due and payable and before the entry of final judgment or decree in any suit, action, or proceeding instituted on account of such Event of Default, or before the completion of the enforcement of any other remedy under the Indenture, the Loan Agreement, the Mortgage, the Assignment of Agreements and Documents, or the Facilities Lease, the Trustee will be permitted to annul such declaration and its consequences with respect to the Series 2004 Bonds if: (i) moneys shall have been deposited in the Debt Service Fund sufficient to pay all matured installments of principal (other than principal due solely because of acceleration) and interest; (ii) moneys shall be available sufficient to pay the charges, compensation, expenses, disbursements, advances, and liabilities of the Authority and the Trustee; (iii) all other amounts then payable by the Authority or the Corporation under the Indenture or the Loan Agreement shall have been paid or a sum sufficient to pay the same shall have been deposited with the Trustee; and (iv) every Event of Default known to the Authority or the Trustee (other than a default in the payment of the principal of the Bonds due only because of such declaration) shall have been remedied to the satisfaction of the Authority and the Trustee. No such annulment will extend to or affect any subsequent Event of Default or impair any right consequent thereon.

No waiver of any Event of Default will be effective without the written consent of the Bond Insurer.

Insufficiency in the Debt Service Fund and the Debt Service Reserve Fund; Application of Moneys

Anything in the Indenture to the contrary notwithstanding, if at any time the moneys in the Debt Service Fund and the Debt Service Reserve Fund shall not be sufficient to pay the interest on, premium, if any, or the principal of the Bonds as the same shall become due and payable (either by their terms or by acceleration of maturities), such moneys, together with any other moneys then available or thereafter becoming available for such

purpose, whether through the exercise of the remedies provided for in the Indenture or otherwise, including, without limitation, moneys paid by the Corporation to the Trustee pursuant to the Mortgage, shall be applied as follows:

(a) Unless the principal of all the Bonds shall have become or shall have been declared due and payable, all such moneys will be applied:

FIRST, to the payment to the persons entitled thereto of all installments of interest then due and payable in the order in which such installments became due and payable and, if the amount available shall not be sufficient to pay any particular installment, then to the payment thereof, ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds; then

SECOND, to the payment to the persons entitled thereto of the unpaid principal of any of the Bonds that shall have become due and payable (other than Bonds called for redemption for the payment of which moneys are held pursuant to the provisions of the Indenture) in the order of their due dates, with interest on the principal amount of such Bonds due and payable, and, if the amount available shall not be sufficient to pay in full the principal of the Bonds and the interest thereon, then to the payment thereof ratably, according to the amount of the interest due on such date, and next, to the payment of the principal, ratably, according to the amount of such principal due on such date, to the persons entitled thereto without any discrimination or preference; and then

THIRD, to the payment of the interest on and the principal of the Bonds, to the purchase and retirement of Bonds, and to the redemption of Bonds, all in accordance with the provisions of the Indenture.

(b) If the principal of all the Bonds shall have become or shall have been declared due and payable, all such moneys will be applied to the payment of the principal and interest then due and unpaid upon the Bonds, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference.

(c) If the principal of all the Bonds shall have been declared due and payable and if such declaration shall thereafter have been rescinded and annulled, then, subject to the provisions of the Indenture described in (b) above, in the event that the principal of all the Bonds shall later become or be declared due and payable, then all such moneys will be applied in accordance with the provisions of (a) above.

Whenever money is to be applied by the Trustee pursuant to the provisions of the Indenture, such money will be required to be applied by the Trustee at such times and from time to time as the Trustee in its sole discretion shall determine, having due regard to the amount of such money available for application and the likelihood of additional money becoming available for application in the future; the deposit of such money or otherwise setting aside such money in trust for the proper purpose will constitute proper application by the Trustee; and the Trustee will incur no liability whatsoever to the Authority, to any Bondholder, or to any other person for any delay in applying any such money, so long as the Trustee acts with reasonable diligence, having due regard to the circumstances, and ultimately applies the same in accordance with such provisions of the Indenture as may be applicable at the time of application by the Trustee. Whenever the Trustee shall exercise such discretion in applying such money, it will be required to fix the date (which will be an Interest Payment Date unless the Trustee shall deem another date more suitable) upon which such application is to be made and upon such date, interest on the amounts of principal to be paid on such date shall cease to accrue. The Trustee will give such notice as it may deem appropriate of the fixing of any such date and will not be required to make payment to the owner of any Bond until such Bond shall be surrendered to the Trustee for appropriate endorsement or for cancellation if fully paid.

Discontinuance of Proceedings

In case any proceeding taken by the Trustee on account of any Event of Default shall have been discontinued or abandoned for any reason, then and in every such case the Authority, the Trustee, and the Bondholders will be restored to their former positions and rights under the Indenture, respectively, and all rights, remedies, powers, and duties of the Trustee will continue as though no proceeding had been taken.

Appointment of Receiver

Upon the occurrence of an Event of Default, and upon filing of a suit or other commencement of judicial proceedings to enforce the rights of the Trustee and of the Bondholders under the Indenture, the Trustee will be entitled, as a matter of right, to the appointment of a receiver or keeper pending such proceedings, with such powers as the court making such appointment shall confer.

Remedies Not Exclusive

No remedy by the terms of the Indenture conferred upon or reserved to the Trustee or the Bondholders will be intended to be exclusive of any other remedy, but each and every remedy will be cumulative and will be in addition to every other remedy given under the Indenture or existing at law or in equity on or after the date of execution and delivery of the Indenture.

Remedies Vested In Trustee

All rights of action under the Indenture, the Loan Agreement, the Mortgage, the Assignment of Agreements and Documents, or under any of the Bonds will be permitted to be enforced by the Trustee without possession of the Bonds and without their production in any trial or other proceeding relating thereto. Any suit or proceeding instituted by the Trustee will be permitted to be brought in its name as Trustee without the necessity of joining as plaintiffs or defendants any owners of the Bonds.

Majority of Bondholders Control Proceedings

If an Event of Default shall have occurred and be continuing, subject to all rights granted to the Bond Insurer in the Indenture, the owners of at least a majority of the aggregate outstanding principal amount of Bonds then outstanding will have the right, after written notice delivered to the Trustee, at any time by an instrument or instruments in writing executed and delivered to the Trustee, together with security or indemnity satisfactory to the Trustee, to direct the method and place of conducting any proceeding to be taken in connection with the enforcement of the terms and conditions of the Indenture, provided the direction shall be in accordance with law and the provisions of the Indenture and, in the sole judgment of the Trustee, shall not be unduly prejudicial to the interest of Bondholders not joining in such direction, and provided further, that nothing in the Indenture described under this subheading shall impair the right of the Trustee in its discretion to take any other action under the Indenture that it may deem proper and that shall not be inconsistent with the direction by the Bondholders.

Individual Bondholder Action Restricted

No owner of any Bond will have any right to institute any suit, action, or proceeding for the enforcement of the Indenture or for the execution of any trust thereunder or for any remedy thereunder unless an Event of Default shall have occurred (other than a payment default) as to which the Trustee shall have actual notice or as to which the Trustee shall have been notified in writing, and the owners of at least a majority of the aggregate outstanding principal amount of Bonds shall have made written request to the Trustee to proceed to exercise the powers granted to it under the Indenture or to institute an action, suit, or proceeding in its own name; and these Bondholders shall have offered the Trustee such indemnity as may be satisfactory to the Trustee, and the Trustee shall have failed or refused to exercise the powers granted in the Indenture or to institute an action, suit, or proceeding in its own name for a period of sixty (60) days after receipt of the request and offer of indemnity.

No one or more owners of Bonds will have any right in any manner whatsoever to disturb or prejudice the security of the Indenture or to enforce any right thereunder except in the manner therein provided and then only for the equal benefit of the owners of all outstanding Bonds.

Waiver and Non-Waiver of Event of Default

No delay or omission of the Trustee or of any owner of Bonds to exercise any right or power accruing upon any Event of Default will impair the right or power or shall be construed to be a waiver of an Event of Default or an acquiescence therein. Every power and remedy given by the Indenture to the Trustee and to the owners of the Bonds, respectively, will be permitted to be exercised from time to time and as often as may be deemed expedient.

The Trustee, with Bond Insurer consent, will be permitted to waive any Event of Default that in its opinion shall have been remedied before the entry of final judgment or decree in any suit, action, or proceeding instituted by it under the provisions of the Indenture or before the completion of the enforcement of any other remedy under the Indenture.

Notwithstanding anything contained in the Indenture to the contrary, the Trustee, upon written request of the Bond Insurer or the Bond Insurer and the owners of at least a majority of the aggregate principal amount of the Bonds then outstanding, will be required to waive any Event of Default and its consequences; provided, however, that a default in the payment of the principal of, premium, if any, or interest on any Bond, when due and payable or upon call for redemption, will not be permitted to be waived after the date the same shall become due and payable without the written consent of the owners of all the Bonds at the time outstanding.

In case of a waiver by the Trustee of any Event of Default, the Authority, the Trustee, and the Bondholders will be restored to their former positions and rights under the Indenture, but no waiver will extend to any subsequent or other Event of Default or impair any right consequent thereon. The Trustee will not be responsible to anyone for waiving or refraining from waiving any Event of Default in accordance with the terms of the Indenture.

Notice of Defaults

Within thirty (30) days after the receipt of notice of an Event of Default or the occurrence of an Event of Default of which the Trustee shall be deemed to have notice, the Trustee will be required (unless the Event of Default shall already have been cured) to give written notice of the Event of Default to the owners of all Bonds then outstanding in the manner provided in the Indenture, provided that, except in the case of a default in the payment of principal, redemption price, or interest on any of the Bonds, the Trustee will be permitted to withhold the notice to the Bondholders if, in its sole judgment, it shall determine that the withholding of notice is not detrimental to the best interest of the Bondholders.

The Trustee will be required to notify, in writing, the Authority, the Board, the Bond Insurer, and the Corporation immediately of any Event of Default known to the Trustee.

The Trustee will be required to provide the Bond Insurer immediate notice of any default in the payment of principal of, premium, if any, or interest on the Bonds.

Opportunity of Corporation to Cure Certain Defaults

The Authority and the Trustee by the Indenture will grant the Corporation full authority on the account of the Board and/or the Authority to perform any covenant or obligation and to otherwise fulfill any condition the failure or non-performance of which shall be or shall be alleged to be an Event of Default under the provisions of the Indenture described in subsection (f) under the subheading “**Events of Default and Remedies**” above, and the Trustee will agree that performance by the Corporation will be deemed to be performance by the Board or the Authority.

Trustee

The obligations and duties of the Trustee will be described in the Indenture, the Loan Agreement, the Facilities Lease, the Mortgage, and the Assignment of Agreements and Documents, and the Trustee will undertake only those obligations and duties that are expressly set out and only upon such terms and conditions as set forth in the Indenture, the Loan Agreement, the Facilities Lease, the Mortgage, and the Assignment of Agreements and Documents. The Trustee will not independently pass upon the validity of the Bonds, the security thereof, the adequacy of the provisions for payment thereof, or the tax-exempt status of the interest on the Series 2004A Bonds, the Series 2004B Bonds, or any Additional Bonds that are Tax-Exempt Bonds. The Trustee will be permitted to rely upon the opinion of bond counsel for the validity of the Series 2004 Bonds and the tax-exempt status of the interest on the Series 2004A Bonds, the Series 2004B Bonds, and any Additional Bonds that are Tax-Exempt Bonds. The Indenture will expressly provide that the Trustee will not be responsible for any loss or damage resulting from any action or inaction taken in good faith in reliance upon an opinion of counsel.

Under the terms of the Indenture, the Trustee will be liable only for those damages caused by its negligence or willful misconduct. Under the Indenture, the Trustee will not be deemed to have notice of an Event of Default described in items (b) through (e) under the heading “**THE INDENTURE - Events of Default and Remedies**” unless the Trustee shall have actual knowledge of such Event of Default or shall have been given written notice of such Event of Default by the Bond Insurer or any Bondholder. All notices or other instruments required by the Indenture to be delivered to the Trustee will be required to be delivered to the principal corporate trust office of the Trustee. The summary of the Trustee's rights, duties, obligations, and immunities contained herein is not intended to be a complete summary, and references must be made to the Indenture for a complete statement of the Trustee's rights, duties, obligations, and immunities.

Qualification of the Trustee

There will at all times be a Trustee under the Indenture. Any successor Trustee thereunder will be required to be a trust company or commercial bank (having trust powers) organized and doing business under the laws of the United States of America or of any state, authorized under such laws to exercise corporate trust powers, having unimpaired capital and surplus of at least \$100,000,000, and subject to supervision or examination by federal or state authority. If such trust company or bank shall publish reports of condition at least annually, pursuant to law or to the requirements of the aforesaid supervising or examining authority, then for the purposes of the Indenture described under this subheading, the unimpaired capital and surplus of such association or corporation will be deemed to be its unimpaired capital and surplus as set forth in its most recent report of condition so published. If at any time the Trustee shall cease to be eligible in accordance with the provisions of the Indenture, it will be required to resign immediately in the manner and with the effect specified below.

Resignation and Removal of Trustee

No resignation or removal of the Trustee and no appointment of a successor Trustee will become effective until the acceptance of appointment by the successor Trustee under the Indenture and until notice of resignation or removal and appointment, as the case may be, shall have been provided to the Bond Insurer.

The Trustee will be permitted to resign at any time by giving written notice thereof to the Authority, the Bond Insurer, the Board, the Corporation, and the Bondholders. If an instrument of acceptance by a successor Trustee shall not have been delivered to the Trustee within thirty (30) days after the giving of such notice of resignation, the retiring Trustee will be permitted to petition any court of competent jurisdiction for the appointment of a successor Trustee.

The Trustee will be permitted to be removed with or without cause at any time by an instrument or instruments in writing to the Trustee, with copies to the Authority, the Bond Insurer, the Board, and the Corporation, signed by the owners of not less than a majority in aggregate principal amount of the Bonds then outstanding or by their attorneys, legal representatives, or agents and delivered to the Trustee, the Authority, the Bond Insurer, the Board, and the Corporation (such instruments to be effective only when received by the Trustee).

If at any time

(i) the Trustee shall cease to be eligible under the Indenture and shall fail to resign after written request therefor by the Corporation for the Board or by any Bondholder, or

(ii) the Trustee shall become incapable of acting or shall be adjudged a bankrupt or insolvent or a receiver of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation, or liquidation,

then, in any such case, (1) the Authority, in its discretion and without obligation, will be permitted or the Corporation, on behalf of the Board, will be permitted to remove the Trustee, or (2) any Bondholder will be permitted, on behalf of himself and all others similarly situated, to petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor but only, in each case, with the prior written approval of the Bond Insurer.

If the Trustee shall be removed or become incapable of acting, or if a vacancy shall occur in the office of Trustee for any cause other than resignation (it being understood that no vacancy may occur as a result of resignation since the Trustee will not be permitted to resign unless a successor shall have been appointed) or if the Trustee shall tender its resignation, the Authority with the approval of the Bond Insurer (so long as the Bond Insurer is not in default under the Bond Insurance Policies) will promptly appoint a successor provided the Authority shall be furnished with sufficient funds to pay all costs and expenses (including attorneys' fees) reasonably incurred by the Authority in connection therewith as such costs and expenses shall accrue. If, within one year after such resignation, removal, or incapability, or the occurrence of such vacancy, a successor Trustee shall be appointed by an instrument or concurrent instruments in writing executed by the owners of not less than a majority in aggregate principal amount of the Bonds then outstanding and delivered to the Corporation for the Board and the retiring Trustee, the successor Trustee so appointed will, forthwith upon its acceptance of such appointment, become the successor Trustee and supersede the successor Trustee appointed by the Authority. If no successor Trustee shall have been so appointed by the Authority or the Bondholders and accepted appointment in the manner hereinafter described, any Bondholder who shall have been a *bona fide* owner of a Bond for at least six (6) months will be permitted, on behalf of himself and all others similarly situated, to petition any court of competent jurisdiction for the appointment of a successor Trustee.

The Authority will be required to give notice of each resignation and each removal of the Trustee and each appointment of a successor Trustee by mailing written notice of such event by first-class mail, postage prepaid, to all Bondholders upon the written request of the Trustee and provided the Authority shall have been furnished with sufficient funds to pay all costs and expenses (including attorney's fees) reasonably incurred by the Authority in connection therewith as such costs and expenses shall accrue. Each notice will be required to include the name and address of the principal corporate trust office of the successor Trustee.

Successor Trustee

Every successor Trustee appointed under the Indenture will be required to execute, acknowledge, and deliver to its predecessor, and also to the Authority, the Bond Insurer, and the Corporation, for the Board, an instrument in writing accepting such appointment, and thereupon such successor Trustee, without any further act, will become fully vested with all the rights, immunities, powers, and trusts, and subject to all the duties and obligations, of its predecessors; but such predecessor will, nevertheless, on the written request of its successor or of the Authority and upon payment of the expenses, charges, and other disbursements of such predecessor that are payable pursuant to the provisions of the Indenture, execute and deliver an instrument transferring to such successor Trustee all the rights, immunities, powers, and trusts of such predecessor under the Indenture; and every predecessor Trustee will be required to deliver all property and moneys held by it under the Indenture to its successor, subject, nevertheless, to its preference, if any, provided for in the Indenture. Should any instrument in writing from the Authority be required by any successor Trustee for more fully and certainly vesting in such Trustee the rights, immunities, powers, and trusts by the Indenture vested or intended to be vested in the predecessor Trustee, any such instrument in writing will be executed, acknowledged, and delivered by the Authority upon the written request of

the Trustee and provided the Authority shall be furnished with sufficient funds to pay all costs and expenses (including attorneys' fees) reasonably incurred by the Authority in connection therewith as such costs and expenses accrue.

Notwithstanding any of the foregoing provisions of the Indenture, any bank or trust company having power to perform the duties and execute the trusts of the Indenture and otherwise qualified to act as Trustee under the Indenture with or into which the bank or trust company acting as Trustee may be merged or consolidated, or to which the corporate trust assets and corporate trust business of such bank or trust company may be sold, will be deemed the successor of the Trustee.

Supplemental Indentures

Subject to the conditions and restrictions in the Indenture, the Indenture may be amended or supplemented from time to time, without the consent of the registered owners of the Bonds, but with consent of the Bond Insurer, for one or more of the following purposes: (a) to cure any ambiguity or formal defect or omission in the Indenture; (b) to grant to or confer upon the Trustee for the benefit of the Bondholders any additional rights, remedies, powers, or authority that may be lawfully granted to or conferred upon the Bondholders or the Trustee or either of them; (c) to subject to the lien and pledge of the Indenture additional revenues, properties or collateral; (d) to provide for the issuance of Additional Bonds in conformity with the Indenture and to fix all details with respect thereto or to provide further conditions, limitations, or restrictions on the issuance of Additional Bonds; (e) to add to the provisions thereof in connection with a Variable Rate Conversion, (f) to modify, amend, or supplement the Indenture or any supplemental indenture in such manner as to permit the qualification thereof under any federal statute hereafter in effect or under any state Blue Sky Law, and, in connection therewith, if they so determine, to add to the Indenture or any indenture supplemental thereto such other terms, conditions, and provisions as may be permitted or required by any said federal statute or Blue Sky Law; provided that any such supplemental indenture shall not, in the judgment of the Trustee, which may rely on an opinion of counsel, be to the prejudice of the owners of the Bonds; or (g) to provide any other modifications that, in the sole judgment of the Trustee, are not prejudicial to the interests of the Bondholders.

The Indenture also may be amended from time to time with the consent of the registered owners of not less than a majority in aggregate principal amount of the Bonds then outstanding, and with the consent of the Bond Insurer, for the purpose of modifying, altering, amending, adding to, or rescinding, in any particular, any of the terms or provisions contained in the Indenture or in any supplemental indenture; provided, however, that no amendment will be permitted to be made, without the consent of the Bond Insurer and the owners of all the Bonds then outstanding, permitting: (a) an extension of the stated maturity or scheduled sinking fund redemption or reduction in the principal amount or premium of, or reduction in the rate or extension of the time of payment of interest on, any Bonds; or (b) the creation of any lien on the Trust Estate or any part thereof pledged under the Indenture prior to or on a parity with the lien of the Indenture; or (c) a reduction in the aforesaid aggregate outstanding principal amount of Bonds the owners of which shall be required to consent to any such supplemental indenture. No such amendment will modify the rights, duties, or immunities of the Trustee without the written consent of the Trustee.

Defeasance

When all of the Bonds shall have been paid and discharged and there shall have been paid all the fees and charges of the Trustee due or to become due through the date on which the last of the Bonds shall have been retired, then the Indenture will cease, terminate, and become null and void, and thereupon the Trustee will be required to release the Indenture including the cancellation and discharge of the lien thereof, and execute and deliver to the Authority such instruments in writing as shall be requisite to satisfy the lien thereof and, if necessary, to enter on the records such satisfaction and discharge and to re-convey to the Authority any property or interest therein or other rights thereby conveyed and such other instruments to evidence such release and discharge as may be reasonably required by the Authority, and the Trustee will be required to assign and deliver to the Authority any property at the time subject to the lien of the Indenture which may then be in its possession, except amounts in any Fund otherwise required to be paid by the Indenture and except such cash and investments as shall be held by the Trustee for the payment of interest and premium, if any, on and retirement of the Bonds.

Notwithstanding the foregoing, the obligation of the Board to pay the fees and expenses of the Trustee in accordance with the terms of the Indenture, will survive defeasance of the Bonds, the discharge of the Indenture, and the termination of the Loan Agreement.

Notwithstanding anything herein to the contrary, in the event that the principal and/or interest due on the Bonds shall be paid by the Bond Insurer pursuant to the Bond Insurance Policies, the Bonds will remain Outstanding for all purposes, not be defeased or otherwise satisfied and not be considered paid by the Authority, and the assignment and pledge of the Trust Estate and all covenants, agreements, and other obligations of the Authority to the registered owners will continue to exist and will run to the benefit of the Bond Insurer, and the Bond Insurer will be subrogated to the rights of such registered owners.

Provision for the payment of any Bond will be deemed to have been made and the Bonds deemed discharged if the Trustee, or an escrow trustee, shall hold, in trust for and irrevocably committed thereto, moneys or Defeasance Obligations of such maturities and interest payment dates and bearing such interest as will, without further investment or reinvestment of either the principal amount thereof or the interest earnings therefrom (likewise to be held in trust and committed, except as hereinafter provided), be sufficient for the payment of such Bonds, at their maturity or redemption date of the principal thereof, together with the redemption premium, if any, and interest accrued to the date of maturity or redemption, as the case may be, or if default in such payment shall have occurred on such date then to the date of the tender of such payment; provided, that if any Bonds are to be redeemed prior to the maturity thereof, notice of such redemption shall have been duly given or provisions satisfactory to the Trustee shall have been duly made for the giving of such notice.

THE LOAN AGREEMENT

Nature and Benefits

The Loan Agreement will be executed and delivered in part to induce concurrently therewith the purchase by others of the Series 2004 Bonds, and, accordingly, all covenants and agreements on the part of the Corporation and the Authority, as set forth therein and in the Loan Agreement, will thereby be declared to be for the benefit of the Trustee for the owners from time to time of the Series 2004 Bonds. The Corporation will consent and agree to the assignment by the Authority to the Trustee under the Indenture of all of the Authority's right, title, and interest (except for certain rights relating to exculpation, indemnification, and payment of expenses) in, to, and under the Loan Agreement, including the interest of the Authority in and to the Facilities Lease assigned by the Corporation to the Authority thereunder, and will agree that the provisions of the Loan Agreement may be enforced by the Trustee under the provisions of the Indenture. The Corporation will agree to do all things within its power in order to comply with, and to enable the Authority to comply with, all requirements and to fulfill, and to enable the Authority to fulfill, all covenants of the Indenture and the Series 2004 Bonds.

The Loan Agreement will be a limited obligation of the Corporation, payable solely from the Base Rental, and the Loan Agreement will remain in full force and effect until the Series 2004 Bonds and the interest therein have been fully paid or otherwise provided for or discharged.

Construction, Improvement and Equipping of the Facilities

The Corporation will lease the Land and will agree to demolish certain facilities, construct the New Facilities, and renovate the Renovated Facility with all reasonable dispatch and in accordance with the Facilities Documents to take all action necessary to enforce the provisions of the Facilities Documents. The New Facilities as constructed will be owned by the Board and subject to the Ground Lease.

Disbursements from Project Fund

The money in the Project Fund will be required to be applied by the Trustee, and in connection therewith requisitions will be required to be presented by the Corporation signed by an Authorized Corporation

Representative, for payment of the Costs of the Facilities in accordance with the Indenture and the Loan Agreement, and pending such application, such money will be invested and reinvested in accordance with the Indenture.

Use of Bond Proceeds

Under the Loan Agreement, proceeds of the sale of the Series 2004 Bonds, after the required transfers to the Bond Insurer, and to the Debt Service Reserve Fund, the Replacement Fund, the Capitalized Interest Fund, and the Bond Fund, will be deposited in the Project Fund and applied to the payment of the Costs of the Facilities. Costs of issuance will be retained in a special Costs of Issuance Account of the Bond Proceeds Fund for payment as specified in a request and authorization delivered pursuant to the Loan Agreement. Moneys in the Project Fund will be applied by the Trustee, upon presentation of requisitions by the Corporation by an Authorized Corporation Representative, for payment of the Costs of the Facilities, in accordance with the Loan Agreement. Pending such application, moneys in the Project Fund will be invested and reinvested in accordance with the Indenture.

Completion of Payment of Construction of the Facilities

At such time as the Corporation shall have notice that the funds initially deposited in the Project Fund on the Closing Date to finance the Facilities, together with the investment earnings thereon, are insufficient to pay the completion Costs of the Facilities, the Corporation will be required to deliver to the Trustee and the Authority written estimates by an architect and an Authorized Corporation Representative of the additional funds required to pay the completion Costs of the Facilities, and such additional information and data as may be reasonably requested by the Authority and the Trustee. The Corporation will be required to complete the demolition of certain existing facilities and the renovation, development, and construction of the Facilities and pay that portion of the completion Costs of the Facilities as may be in excess of the money available therefor in the Project Fund. The obligation of the Corporation to pay in full the completion Costs of the Facilities will be a limited obligation of the Corporation payable solely from the Base Rental.

Upon request of the Corporation, the Authority will use its best efforts to issue and sell, upon terms and at prices acceptable to the Authority and the Corporation, one or more series of Additional Bonds for the purpose of financing the completion Costs of the Facilities; provided, however, that failure of the Authority to issue such Additional Bonds will not relieve the Corporation of its obligation to provide the additional money required to pay the completion Costs of the Facilities. If, after exhaustion of the money in the Project Fund, the Corporation should pay any portion of the Costs of the Facilities, it will not be entitled to any reimbursement therefor from the Authority or from the Trustee and will not be entitled to any abatement, diminution, or postponement of payments required to be made by it under the Loan Agreement.

When the Facilities shall be substantially complete, the Corporation will detail all Costs of the Facilities, and other facilities necessary in connection with the Facilities, to the Authority and the Trustee, and will certify such Costs of the Facilities have been paid. The certification will provide that the Facilities are substantially complete in accordance with the Plans and Specifications.

Disbursement of Bond Proceeds

In order to provide funds for paying the Costs of the Facilities, the Authority, as soon as practicable after the execution of the Loan Agreement will proceed to issue, sell, and deliver the Series 2004 Bonds to the purchasers thereof and will deposit the proceeds thereof as provided by the Indenture with the Trustee for disbursement in accordance with the provisions of the Indenture.

Upon the terms and conditions of the Loan Agreement, the Authority will lend to the Corporation the proceeds of the sale of the Series 2004 Bonds. The proceeds of the Loan will be deposited with the Trustee and applied in accordance with the Indenture.

Loan Payments

The Corporation, for and in consideration of the issuance of the Series 2004 Bonds under the Indenture by the Authority and the application of the proceeds thereof by the Authority as provided in the Indenture for the benefit of the Corporation, will promise to repay the Loan, but solely from the Base Rental, by making the following payments to or for the account of the Authority in an amount sufficient for the payment in full of all Series 2004 Bonds from time to time issued under the Indenture and then outstanding, including (i) the total interest becoming due and payable on the Bonds to the date of payment thereof, and (ii) the total principal amount of and premium, if any, on the Bonds. The Payments with respect to the Bonds will be payable directly to the Trustee for the account of the Authority in installments as follows:

(i) With respect to the Series 2004A Bonds, the Series 2004B Bonds that are not Auction Rate Bonds, and the Series 2004C Bonds, on the twenty-fifth (25th) day of each month, commencing August 25, 2004, in an amount equal to one-sixth (1/6th) of the interest due and payable thereon on the next February 1 or August 1, or such lesser amount that, together with amounts already on deposit in the Interest Account of the Debt Service Fund will be sufficient to pay interest on such Series 2004 Bonds on such Interest Payment Date; and

(ii) With respect to the Auction Rate Bonds, two (2) Business Days prior to each Interest Payment Date, commencing on August 18, 2004, in an amount equal to the interest due and payable on the Auction Rate Bonds on such Interest Payment Date; and

(iii) With respect to the Variable Rate Bonds, two (2) Business Days prior to each Interest Payment Date commencing on the Interest Payment Date immediately succeeding the applicable Variable Rate Conversion Date, an amount equal to the interest due and payable on the Variable Rate Bonds on such Interest Payment Date; and

(iv) On the twenty-fifth (25th) day of each month, commencing August 25, 2005, in an amount equal to one-twelfth (1/12th) of the principal of the Series 2004 Bonds payable on the next Principal Payment Date; and

(v) On the dates required in the Indenture, into any of the funds established in the Indenture, including, without limitation, the Debt Service Reserve Fund and the Replacement Fund, an amount sufficient to make up any deficiency in any prior payment required to be made into such fund and to restore any loss resulting from investment or other causes from such fund and any other payment required to be made to such fund by the Indenture.

If the interest rate on Auction Bonds or Variable Rate Bonds is subject to adjustment pursuant to the Indenture after the date of such required payment deposit and prior to such Interest Payment Date, interest accruing on such Bonds from such adjustment date will be assumed to accrue at the rate in effect on such Bonds as of the date of such required deposit plus 100 basis points or at such other rate as the Bond Insurer may from time to time direct in writing to the Trustee, the Corporation, and the Issuer

Each installment of the Payments payable by the Corporation under the Loan Agreement will be required to be in an amount that, without regard to the payments required above, but including moneys in the Debt Service Fund then available, will be designed to provide for the timely payment in full of the principal of, premium, if any, and interest on the Bonds.

Notwithstanding anything to the contrary contained in the Loan Agreement, the Corporation will promise that it will pay the Payments from the Base Rentals at such times and in such amounts as to assure that no default in the payment of the principal of, premium, if any, or interest on the shall at any time occur.

Whenever the Corporation shall fail to pay the full amount of any installment of the Payments payable under the Loan Agreement by the day of the month in which such installment is due, the Trustee will be required to

give immediate telephonic notice thereof, promptly confirmed in writing, to an Authorized Corporation Representative.

The Corporation will also be required to cause the Board to pay promptly when due under the Facilities Lease all amounts of Additional Rental owed by the Board thereunder, including, but not limited to, all Default or Delay Rentals and Administrative Expenses owed to the Corporation, the Authority, and/or the Trustee thereunder.

The Corporation will be entitled to a credit against and reduction of the Payments from accrued interest, if any, derived from the sale of the Bonds, any capitalized interest from the proceeds of the Bonds, rents and any other moneys deposited with the Trustee in the Receipts Fund in accordance with the Indenture and the Management Agreement, surplus moneys (including investment earnings) contained in the Funds and Accounts held by the Trustee under the Indenture, including the Debt Service Fund, the Debt Service Reserve Fund, and the Replacement Fund.

Obligation to Make Payments

The obligation of the Corporation to repay the Loan by making the Payments from the Base Rental will be absolute and unconditional and will not be subject to, nor will the Corporation be entitled to assert, any rights of abatement, deduction, reduction, deferment, recoupment, setoff, offset, or counterclaim by the Corporation or any other person, nor will the same be abated, abrogated, waived, diminished, postponed, delayed, or otherwise modified under or by reason of any circumstance or occurrence that may arise or take place, irrespective of what statutory rights the Corporation may have to the contrary, including, but without limiting the generality of the foregoing:

- (i) Any damage to or destruction of part or all of the Facilities;
- (ii) The taking or damaging of part or all of the Facilities or any temporary or partial use thereof by any public authority or agency in the exercise of the power of eminent domain, sequestration, or otherwise;
- (iii) Any assignment, novation, merger, consolidation, transfer of assets, leasing, or other similar transaction of, by, or affecting the Corporation, except as otherwise provided in the Loan Agreement;
- (iv) Any change in the tax or other laws of the United States, the State, or any governmental authority;
- (v) The termination of the Ground Lease or the Facilities Lease, any failure of title or any lawful or unlawful prohibition of the Corporation's use of the Facilities or any portion thereof or the interference with such use by any person or any commercial frustration of purpose or loss or revocation of any permits, licenses, or other authorizations required for the operation of the Facilities; and
- (vi) Any failure of the Authority or the Trustee to perform and observe any agreement or covenant, expressed or implied, or any duty, liability, or obligation arising out of or in connection with the Loan Agreement, the invalidity, unenforceability, or disaffirmance of any of the Loan Agreement, the Indenture, or the Bonds or for any other cause similar or dissimilar to the foregoing.

Furthermore, the Corporation will covenant and agree that it will remain obligated under the Loan Agreement in accordance with its terms, and that it will not take or participate or acquiesce in any action to terminate, rescind, or avoid the Loan Agreement.

Tax Covenants of the Corporation

The Corporation will covenant to make such use of the proceeds of the Bonds, regulate investment of proceeds thereof, and take such other and further actions as may be required by the Code and applicable temporary, proposed, and final regulations and procedures, necessary to assure that interest on the Series 2004A Bonds, the

Series 2004B Bonds, and any Additional Bonds that are Tax-Exempt Bonds is excludable from gross income for federal income tax purposes.

The Corporation will covenant to restrict the use of the proceeds of the Series 2004 Bonds and take other actions as may be required by the Code and will reasonably expect that the proceeds will not be used to cause the Series 2004A Bonds, the Series 2004B Bonds, or any Additional Bonds that are Tax-Exempt Bonds to constitute “arbitrage bonds” under Section 148 of the Code.

The Corporation will also covenant to maintain its status as an exempt organization under Section 501(c)(3) of the Code organized and operated exclusively for religious, charitable, scientific, and educational purposes and not to perform any act or enter into any agreement that will adversely affect its ability to maintain such status.

Corporate Existence

Under the Loan Agreement, the Corporation will covenant not to merge into, or consolidate with, one or more corporations, or allow one or more of such corporation to merge into it, or sell or convey all or substantially all of its assets to any person or entity or acquire all or substantially all of the assets of any person or entity, unless: (a) any successor corporation shall be a 501(c)(3) corporation organized and existing under the laws of the United States of America or a state thereof and shall execute and deliver to the Trustee an appropriate instrument, satisfactory to the Bond Insurer, the Authority, and the Trustee, containing the agreement of such successor corporation to assume, jointly and severally and *in solido*, the due and punctual payment of the principal of, premium, if any, and interest on all obligations of the Corporation (including, without limitation, the Bonds) according to their tenor and the due and punctual performance and observance of all the covenants and conditions of the Indenture, the Loan Agreement, and the Mortgage to be kept and performed by the Corporation, accompanied by an opinion of counsel as to the validity and enforceability of such assumption (which counsel and opinion, including without limitation the scope, form, substance, and other aspects thereof, are acceptable to the Bond Insurer, the Authority, and the Trustee); (b) immediately after such merger there would not be a default in the performance or observance of any covenant or condition of the Indenture, the Loan Agreement, the Ground Lease, the Facilities Lease, or the Mortgage; and (c) there shall be delivered to the Bond Insurer, the Authority, and the Trustee an opinion of Bond Counsel to the effect that to the effect that under existing laws, the consummation of such merger, whether or not contemplated on the original date of delivery of the Series 2004 Bonds, would not adversely affect the validity of the Bonds or the exclusion otherwise available from gross income of interest on the Series 2004A Bonds, the Series 2004B Bonds, or any Additional Bonds that are Tax-Exempt Bonds for federal or state income tax purposes.

Defaults and Remedies

Each of the following will be an “Event of Default” under the Loan Agreement:

(i) failure by the Corporation to make timely payment of any Payment under the Loan Agreement;

(ii) the occurrence of an Event of Default under the Indenture, the Mortgage, the Facilities Lease, or the Tax Regulatory Agreement;

(iii) the termination of the Facilities Lease;

(iv) failure by the Corporation to perform, observe, or comply with any other covenant, condition, or agreement on its part under the Loan Agreement (other than a failure to make any payment required under the Loan Agreement), and such failure shall continue for a period of thirty (30) days after the date on which written notice of such failure, requiring the same to be remedied, shall have been given to the Corporation by the Trustee; provided, however, that if such performance, observance, or compliance shall require work to be done, action to be taken, or conditions to be remedied, that by their nature cannot reasonably be done, taken, or remedied, as the case may be, within such thirty (30) day period, no Event of

Default will be deemed to have occurred or to exist if, and so long as the Corporation shall commence such performance, observance, or compliance within such period and shall diligently and continuously prosecute the same to completion; or

- (v) certain events of dissolution, liquidation, insolvency, or bankruptcy of the Corporation.

Whenever any Event of Default shall have occurred and be continuing, , any one or more of the following remedial steps may be taken with the consent of the Bond Insurer and shall be taken at the direction of the Bond Insurer:

- (i) the Authority or the Trustee may declare all installments of Payments to be immediately due and payable, whereupon the same will become immediately due and payable;

- (ii) the Authority or the Trustee may take whatever action at law or in equity may appear necessary or desirable to collect the Payments then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement, or covenant of the Corporation under the Loan Agreement;

- (iii) the Authority or the Trustee may have access to and inspect, examine, and make copies of any and all books, accounts, and records of the Corporation;

- (iv) the Authority or the Trustee (or the owners of the Bonds in the circumstances permitted by the Indenture) may exercise any option and pursue any remedy provided by the Indenture; and/or

- (v) the Trustee may foreclose the lien of the Mortgage.

No Remedy Exclusive; Selective Enforcement

No remedy conferred upon or reserved to the Authority or the Trustee by the Loan Agreement will be intended to be exclusive of any other available remedy or remedies, but each and every such remedy will be cumulative and will be in addition to every other remedy given under the Loan Agreement and as existing at law or in equity. No delay or omission to exercise any right or power accruing upon any event of nonperformance will impair any such right or power or be construed to be a waiver thereof, but any such right and power will be permitted to be exercised from time to time and as often as may be deemed expedient. In order to entitle the Authority or the Trustee to exercise any remedy reserved to it in the Loan Agreement, it will not be necessary under the Loan Agreement to give any notice, other than such notice as may be expressly required therein. In the event the Authority or the Trustee shall elect to selectively and successively enforce its rights under the Loan Agreement, such action will not be deemed a waiver or discharge of any other lien, encumbrance, or security interest securing payment of the indebtedness secured by the Loan Agreement until such time that it shall have been paid in full all sums secured under the Loan Agreement. The foreclosure of any lien provided pursuant to the Loan Agreement without the simultaneous foreclosure of all such liens will not merge the liens granted that are not foreclosed with any interest that the Authority or the Trustee might obtain as a result of such selective and successive foreclosure.

Indenture Overriding

All of the provisions of the Loan Agreement will be subject to and subordinate to the rights and remedies of the Bond Insurer, the Bondholders, and the Trustee pursuant to the Indenture. The Authority will have no power to waive any Event of default under the Loan Agreement, except with respect to indemnification and its administrative payments, without the consent of the Trustee and the Bond Insurer to such waiver.

Amendment of Agreement; Amendment of Facilities Lease or Ground Lease

The Authority and the Corporation, with the consent of the Bond Insurer but without the consent of the owners of any of the Bonds outstanding under the Indenture, will be permitted to enter into supplements to the Loan Agreement which shall not be inconsistent with the terms and provisions thereof for any of the following purposes:

(a) to cure any ambiguity or formal defect, inconsistency, or omission in the Loan Agreement or to clarify matters or questions arising thereunder; (b) to add covenants and agreements for the purpose of further securing the obligations of the Corporation thereunder; (c) to confirm as further assurance any mortgage or pledge of additional property, revenues, securities, or funds; (d) to conform the provisions of the Loan Agreement in connection with the provisions of any supplements or amendments to the Indenture; (e) to provide any other modifications that, in the sole judgment of the Trustee, are not prejudicial to the interests of the Bondholders; or (f) to conform the covenants and provisions of the Corporation contained in the Loan Agreement to any different financial statement presentation required by the Financial Accounting Standard Board that is different than the presentation required as of the Closing Date so long as the effect of such conformed covenants and provisions shall be substantially identical to the effect of the covenants and provisions as in effect on the Closing Date.

The Loan Agreement will be permitted to be amended with the written consent of the Bond Insurer and the owners of not less than a majority of the aggregate principal amount of Bonds then outstanding; provided, however, that no such amendment will be permitted to be adopted that shall decrease the percentage of owners of Bonds required to approve an amendment or that shall permit a change in the date of payment of the principal of or interest on any Bonds or of any redemption price thereof or the rate of interest thereon without the consent of the owners of all of the aggregate principal amount of the Bonds then Outstanding.

Subject to the terms and provisions of the Loan Agreement, with the written consent of the Bond Insurer, the Facilities Lease or the Ground Lease will be permitted to be amended or modified in any manner not inconsistent with the terms and provisions of the Loan Agreement, for any one or more of the following purposes: (a) to cure any ambiguity or formal defect or omission in the Facilities Lease or the Ground Lease that does not have an adverse effect upon the interest of the Bondholders; (b) to grant to or confer upon the Authority or the Trustee, for the benefit of the Bondholders, any additional rights, remedies, powers, or authorities that lawfully may be granted to or conferred upon the Authority or the Trustee; (c) to more clearly identify the Facilities or to add to or subtract from the Facilities any property; (d) to amend or modify the Facilities Lease or the Ground Lease in any manner specifically required or permitted by the terms thereof, including as may be necessary to maintain the exclusion from gross income of interest on the Series 2004A Bonds, the Series 2004B Bonds, and any Additional Bonds that are Tax-Exempt Bonds for federal income tax purposes; (e) to make any amendment or modification required as a condition to obtaining any rating by Moody's or S&P with respect to the Bonds; (f) to make any amendment or modification required as a condition to the issuance of the Bond Insurance Policies; and (g) to amend or modify the Facilities or the Ground Lease in any other manner that, in the judgment of the Trustee, shall not be materially adverse to the interests of the owners of the Bonds, the Bond Insurer, or the Trustee and that does not involve a change described in the second succeeding paragraph.

In addition to amendments and modifications covered by the above paragraph, the Bond Insurer, the Authority, and the owners of not less than a majority in aggregate principal amount of the Bonds then outstanding, will have the right, from time to time, to consent to and approve any other amendment or modification of the Facilities Lease or the Ground Lease. Notice of the proposed modification or amendment will be required to be mailed by the Trustee to the Bond Insurer and to each of the owners of the Bonds at the address indicated on the registration books of the Trustee. If, within sixty (60) days, or such longer period as shall be prescribed by the Authority, as advised by the Corporation, following the mailing of such notice the owners of the requisite percentage in aggregate principal amount of the Bonds outstanding at the time of the execution of any such amendment or modification shall have consented to and approved such amendment or modification, no owner of any Bond will have any right to object to any of the terms and provisions contained therein or the operation thereof, or to enjoin or restrain the parties thereto from executing the same or from taking any action pursuant to the provisions of the Loan Agreement.

Nothing contained in the two preceding paragraphs will permit, or be construed as permitting, without the approval and consent of the Bond Insurer and all of the owners of the Bonds, (i) a reduction in the amount of, or the extension of the time for, any payment of Base Rental due under the Facilities Lease or any amount due under the Bond Insurance Policies; or (ii) the termination of the Facilities Lease or the Ground Lease prior to the expiration of its stated term.

(2) such principal amount or a lesser principal amount of Outstanding Auction Rate Bonds as set forth in clause (C) of paragraph (ii) of subsection (d) of this Section if Sufficient Clearing Bids do not exist.

(C) Subject to the provisions of subsection (b) of this Section, a Bid by a Potential Holder shall constitute an irrevocable offer to purchase:

(1) the principal amount of Outstanding Auction Rate Bonds specified in such Bid if the Auction Rate determined as provided in this Section shall be higher than the rate specified therein; or

(2) such principal amount or a lesser principal amount of Outstanding Auction Rate Bonds as set forth in clause (E) of paragraph (i) of subsection (d) of this Section if the Auction Rate determined as provided in this Section shall be equal to the rate specified therein.

Submission of Orders by Broker-Dealers to Auction Agent

(b) (i) Each Broker-Dealer shall submit in writing to the Auction Agent by the Submission Deadline on each Auction Date all Orders obtained by such Broker-Dealer and shall specify with respect to each Order:

(A) the name of the Bidder placing such Order;

(B) the aggregate principal amount of Auction Rate Bonds that are the subject of such Order;

(C) to the extent that such Bidder is an Existing Holder:

(1) the principal amount of Auction Rate Bonds, if any, subject to any Hold Order placed by such Existing Holder;

(2) the principal amount of Auction Rate Bonds, if any, subject to any Bid placed by such Existing Holder and the rate specified in such Bid; and

(3) the principal amount of Auction Rate Bonds, if any, subject to any Sell Order placed by such Existing Holder; and

(D) to the extent such Bidder is a Potential Holder, the rate specified in such Potential Holder's Bid.

(ii) If any rate specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent shall round such rate up to the next highest one thousandth (.001) of one percent (1%).

(iii) If an Order or Orders covering all Outstanding Auction Rate Bonds held by any Existing Holder shall not be submitted to the Auction Agent prior to the Submission Deadline, the Auction Agent shall deem a Hold Order to have been submitted on behalf of such Existing Holder covering the principal amount of Outstanding Auction Rate Bonds held by such Existing Holder and not subject to an Order submitted to the Auction Agent.

(iv) Neither the Authority, the Trustee, nor the Auction Agent shall be responsible for any failure of a Broker-Dealer to submit an Order to the Auction Agent on behalf of any Existing Holder or Potential Holder.

(v) If any Existing Holder submits through a Broker-Dealer to the Auction Agent one or more Orders covering in the aggregate more than the principal amount of Outstanding Auction Rate Bonds held by such Existing Holder, such Orders shall be considered valid as follows and in the following order of priority:

(A) all Hold Orders shall be considered valid, but only up to and including in the aggregate the principal amount of Auction Rate Bonds held by such Existing Holder, and, if the aggregate principal amount of Auction Rate Bonds subject to such Hold Orders exceeds the aggregate principal amount of Outstanding Auction Rate Bonds held by such Existing Holder, the aggregate principal amount of Auction Rate Bonds subject to each such Hold Order shall be reduced pro rata to cover the aggregate principal amount of Outstanding Auction Rate Bonds held by such Existing Holder;

(B) (1) any Bid shall be considered valid up to and including the excess of the principal amount of Outstanding Auction Rate Bonds held by such Existing Holder over the aggregate principal amount of Auction Rate Bonds subject to any Hold Orders referred to in clause (A) of this paragraph (v);

(2) subject to subclause (1) of this clause (B), if more than one Bid with the same rate is submitted on behalf of such Existing Holder and the aggregate principal amount of Outstanding Auction Rate Bonds subject to such Bids is greater than such excess, such Bids shall be considered valid up to and including the amount of such excess, and the principal amount of Auction Rate Bonds subject to each Bid with the same rate shall be reduced pro rata to cover the principal amount of Auction Rate Bonds equal to such excess;

(3) subject to subclauses (1) and (2) of this clause (B), if more than one Bid with different rates is submitted on behalf of such Existing Holder, such Bids shall be considered valid first in the ascending order of their respective rates until the highest rate is reached at which such excess exists and then at such rate up to and including the amount of such excess; and

(4) in any such event, the aggregate principal amount of Outstanding Auction Rate Bonds, if any, subject to Bids not valid under this clause (B) shall be treated as the subject of a Bid by a Potential Holder at the rate therein specified; and

(C) all Sell Orders shall be considered valid up to and including the excess of the principal amount of Outstanding Auction Rate Bonds held by such Existing Holder over the aggregate principal amount of Auction Rate Bonds subject to Hold Orders referred to in clause (A) of this paragraph (v) and valid Bids referred to in clause (B) of this paragraph (v).

(vi) If more than one Bid for Auction Rate Bonds is submitted on behalf of any Potential Holder, each Bid submitted shall be a separate Bid with the rate and principal amount therein specified.

(vii) Any Bid or Sell Order submitted by an Existing Holder covering an aggregate principal amount of Auction Rate Bonds not equal to Twenty-Five Thousand Dollars (\$25,000) or an integral multiple thereof shall be rejected and shall be deemed a Hold Order. Any Bid submitted by a Potential Holder covering an aggregate principal amount of Auction Rate Bonds not equal to Twenty-Five Thousand Dollars (\$25,000) or an integral multiple thereof shall be rejected.

Determination of Sufficient Clearing Bids, Winning Bid Rate, and Auction Rate

(c) (i) Not earlier than the Submission Deadline on each Auction Date, the Auction Agent shall assemble all valid Orders submitted or deemed submitted to it by the Broker-Dealers (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to individually as a “**Submitted Hold Order**,” a “**Submitted Bid**” or a “**Submitted Sell Order**,” as the case may be, or as a “**Submitted Order**” and collectively as “**Submitted Hold Orders**,” “**Submitted Bids**,” or “**Submitted Sell Orders**,” as the case may be, or as “**Submitted Orders**”) and shall determine:

(A) the excess of the total principal amount of Outstanding Auction Rate Bonds over the sum of the aggregate principal amount of Outstanding Auction Rate Bonds subject to Submitted Hold Orders (such excess being hereinafter referred to as the “**Available Auction Rate Bonds**”); and

(B) from the Submitted Orders whether the aggregate principal amount of Outstanding Auction Rate Bonds subject to Submitted Bids by Potential Holders specifying one or more rates equal to or lower than the Maximum Auction Rate; exceeds or is equal to the sum of:

(1) the aggregate principal amount of Outstanding Auction Rate Bonds subject to Submitted Bids by Existing Holders specifying one or more rates higher than the Maximum Auction Rate; and

(2) the aggregate principal amount of Outstanding Auction Rate Bonds subject to Submitted Sell Orders.

In the event such excess or such equality exists (other than because the sum of the principal amounts of Auction Rate Bonds in subclauses (A) and (B) above is zero because all of the Outstanding Auction Rate Bonds are the subject of Submitted Hold Orders), such Submitted Bids in this subclause (B) are hereinafter referred to collectively, as “**Sufficient Clearing Bids**,” and

(C) if Sufficient Clearing Bids exist, the lowest rate specified in such Submitted Bids (the “**Winning Bid Rate**”) which if:

(1) (aa) each such Submitted Bid from Existing Holders specifying such lowest rate and (bb) all other Submitted Bids from Existing Holders specifying lower rates were rejected, would entitle such Existing Holders to continue to hold the principal amount of Auction Rate Bonds subject to such Submitted Bids; and

(2) (aa) each such Submitted Bid from Potential Holders specifying such lowest rate and (bb) all other Submitted Bids from Potential Holders specifying lower rates were accepted, would result in such Existing Holders described in subclause (1) above continuing to hold an aggregate principal amount of Outstanding Auction Rate Bonds which, when added to the aggregate principal amount of Outstanding Auction Rate Bonds to be purchased by such Potential Holders described in this subclause (2), would equal not less than the Available Auction Rate Bonds.

(ii) Promptly after the Auction Agent has made the determinations pursuant to paragraph (i) of this subsection (c), the Auction Agent shall, by telecopy confirmed in writing, advise the Authority and the Trustee of the Maximum Auction Rate and the All-Hold Rate and the components thereof on the Auction Date and, based on such determinations, the Auction Rate for the next succeeding Auction Period as follows:

(A) if Sufficient Clearing Bids exist, that the Auction Rate for the next succeeding Auction Period shall be equal to the Winning Bid Rate so determined;

(B) if Sufficient Clearing Bids do not exist (other than because all of the Outstanding Auction Rate Bonds are subject to Submitted Hold Orders), that the Auction Rate for the next succeeding Auction Period shall be equal to the Maximum Auction Rate; or

(C) if all Outstanding Auction Rate Bonds are subject to Submitted Hold Orders, that the Auction Rate for the next succeeding Auction Period shall be equal to the All-Hold Rate.

Acceptance and Rejection of Submitted Sell Orders and Allocations of Auction Rate Bonds

(d) Existing Holders shall continue to hold the principal amount of Auction Rate Bonds that are subject to Submitted Hold Orders, and, based on the determinations made pursuant to paragraph (i) of subsection (c) above, Submitted Bids and Submitted Sell Orders shall be accepted or rejected and the Auction Agent shall take such other action as set forth below:

(i) If Sufficient Clearing Bids have been made, all Submitted Sell Orders shall be accepted and, subject to the provisions of paragraphs (iv) and (v) of this subsection (d), Submitted Bids shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids shall be rejected:

(A) Existing Holders' Submitted Bids specifying any rate that is higher than the Winning Bid Rate shall be accepted, thus requiring each such Existing Holder to sell the aggregate principal amount of Auction Rate Bonds subject to such Submitted Bids;

(B) Existing Holders' Submitted Bids specifying any rate that is lower than the Winning Bid Rate shall be rejected, thus entitling each such Existing Holder to continue to hold the aggregate principal amount of Auction Rate Bonds subject to such Submitted Bids;

(C) Potential Holders' Submitted Bids specifying any rate that is lower than the Winning Bid Rate shall be accepted, thus requiring such Potential Holder to purchase the aggregate principal amount of Auction Rate Bonds subject to such Submitted Bid;

(D) Each Existing Holder's Submitted Bid specifying a rate that is equal to the Winning Bid Rate shall be rejected, thus entitling such Existing Holder to continue to hold the aggregate principal amount of Auction Rate Bonds subject to such Submitted Bid, unless the aggregate principal amount of Outstanding Auction Rate Bonds subject to all such Submitted Bids shall be greater than the principal amount of Auction Rate Bonds (the "*remaining principal amount*") equal to the excess of the Available Auction Rate Bonds over the aggregate principal amount of Auction Rate Bonds subject to Submitted Bids described in clauses (B) and (C) of this paragraph (i), in which event such Submitted Bid of such Existing Holder shall be rejected in part, and such Existing Holder shall be entitled to continue to hold the principal amount of Auction Rate Bonds subject to such Submitted Bid, but only in an amount equal to the aggregate principal amount of Auction Rate Bonds obtained by multiplying the remaining principal amount by a fraction the numerator of which shall be the principal amount of Outstanding Auction Rate Bonds held by such Existing Holder subject to such Submitted Bid and the denominator of which shall be the sum of the principal amount of Outstanding Auction Rate Bonds subject to such Submitted Bids made by all such Existing Holders that specified a rate equal to the Winning Bid Rate; and

(E) Each Potential Holder's Submitted Bid specifying a rate that is equal to the Winning Bid Rate shall be accepted but only in an amount equal to the principal amount of Auction Rate Bonds obtained by multiplying the excess of the aggregate principal amount of Available Auction Rate Bonds over the aggregate principal amount of Auction Rate Bonds subject to Submitted Bids described in clauses (B), (C), and (D) of this paragraph (i) by a fraction the numerator of which shall be the aggregate principal amount of Outstanding Auction Rate Bonds subject to such Submitted Bid of such Potential Holder and the denominator of which shall be the sum of the principal amounts of Outstanding Auction Rate Bonds subject to Submitted Bids made by all such Potential Holders that specified a rate equal to the Winning Bid Rate.

(ii) If Sufficient Clearing Bids have not been made (other than because all of the Outstanding Auction Rate Bonds are subject to Submitted Hold Orders), subject to the provisions of paragraph (iv) of this subsection (d), Submitted Orders shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids shall be rejected:

(A) Existing Holders' Submitted Bids specifying any rate that is equal to or lower than the Maximum Auction Rate shall be rejected, thus entitling such Existing Holders to continue to hold the aggregate principal amount of Auction Rate Bonds subject to such Submitted Bids;

(B) Potential Holders' Submitted Bids specifying any rate that is equal to or lower than the Maximum Auction Rate shall be accepted, thus requiring such Potential Holders to purchase the aggregate principal amount of Auction Rate Bonds subject to such Submitted Bid; and

(C) each Existing Holder's Submitted Bid specifying any rate that is higher than the Maximum Auction Rate and the Submitted Sell Order of each Existing Holder shall be accepted, thus entitling each Existing Holder that submitted any such Submitted Bid or Submitted Sell Order to sell the Auction Rate Bonds subject to such Submitted Bid or Submitted Sell Order, but in both cases only in an amount equal to the aggregate principal amount of Auction Rate Bonds obtained by multiplying the aggregate principal amount of Auction Rate Bonds subject to Submitted Bids described in clause (B) of this paragraph (ii) by a fraction the numerator of which shall be the aggregate principal amount of Outstanding Auction Rate Bonds held by such Existing Holder subject to such Submitted Bid or Submitted Sell Order and the denominator of which shall be the aggregate principal amount of Outstanding Auction Rate Bonds subject to all such Submitted Bids and Submitted Sell Orders.

(iii) If all Outstanding Auction Rate Bonds are subject to Submitted Hold Orders, all Submitted Bids shall be rejected.

(iv) If, as a result of the procedures described in paragraphs (i) or (ii) of this subsection (d), any Existing Holder would be entitled or required to sell, or any Potential Holder would be entitled or required to purchase, a principal amount of Auction Rate Bonds that is not equal to Twenty-Five Thousand Dollars (\$25,000) or an integral multiple thereof, the Auction Agent shall, in such manner as, in its sole discretion, it shall determine, round up or down the principal amount of Auction Rate Bonds to be purchased or sold by any Existing Holder or Potential Holder so that the principal amount of Auction Rate Bonds purchased or sold by each Existing Holder or Potential Holder shall be equal to Twenty-Five Thousand Dollars (\$25,000) or any integral multiple thereof.

(v) If, as a result of the procedures described in paragraph (ii) of this subsection (d), any Potential Holder would be entitled or required to purchase less than Twenty-Five Thousand Dollars (\$25,000) principal amount of Auction Rate Bonds, the Auction Agent shall, in such manner as, in its sole discretion, it shall determine, allocate Auction Rate Bonds for purchase among Potential Holders so that only Auction Rate Bonds in principal amounts of Twenty-Five Thousand Dollars (\$25,000) or an integral multiple thereof are purchased by any Potential Holder, even if such allocation results in one or more such Potential Holders not purchasing any Auction Rate Bonds.

(vi) Based on the results of each Auction, the Auction Agent shall determine the aggregate principal amount of Auction Rate Bonds to be purchased by Potential Holders and the aggregate principal amount of Auction Rate Bonds to be purchased or sold by Existing Holders on whose behalf each Broker-Dealer submitted Bids or Sell Orders and, with respect to each Broker-Dealer, to the extent that such aggregate principal amount of Auction Rate Bonds to be sold differs from such aggregate principal amount of Auction Rate Bonds to be purchased, determine to which other Broker-Dealer or Broker-Dealers acting for one or more purchasers such Broker-Dealer shall deliver, or from which other Broker-Dealer or Broker-Dealers acting for one or more sellers such Broker-Dealer shall receive, as the case may be, Auction Rate Bonds.

(iii) in the case of a Broker-Dealer that is a Seller's Broker-Dealer, instruct each Existing Owner on whose behalf such Broker-Dealer submitted a Sell Order that was accepted, in whole or in part, or a Bid that was accepted, in whole or in part, to instruct such Existing Owner's Participant to deliver to such Seller's Broker-Dealer (or its Participant) through the Securities Depository the principal amount of Auction Rate Bonds to be sold pursuant to such Bid or Sell Order against payment therefor;

(f) If an Existing Owner selling Auction Rate Bonds in an Auction fails to deliver such Auction Rate Bonds (by authorized book-entry), a Broker-Dealer may deliver to the Potential Owner on behalf of which it submitted a Bid that was accepted a principal amount of Auction Rate Bonds that is less than the principal amount of Auction Rate Bonds that otherwise was to be purchased by such Potential Owner. In such event, the principal amount of Auction

Rate Bonds to be so delivered shall be determined solely by such Broker-Dealer (but only in Authorized Denominations). Delivery of such lesser principal amount of Auction Rate Bonds shall constitute good delivery. Notwithstanding the foregoing terms of this paragraph (f), any delivery or nondelivery of Auction Rate Bonds which shall represent any departure from the results of an Auction, as determined by the Auction Agent, shall be of no effect unless and until the Auction Agent shall have been notified of such delivery or nondelivery in accordance with the provisions of the Auction Agent and the Broker-Dealer Agreements. Neither the Trustee nor the Auction Agent will have any responsibility or liability with respect to the failure of a Potential Owner, Existing Owner or their respective Broker-Dealer or Participant to take delivery of or deliver, as the case may be, the principal amount of the Auction Rate Bonds purchased or sold pursuant to an Auction or otherwise.

Series 2004C

We have acted as bond counsel to the Louisiana Local Government Environmental Facilities and Community Development Authority (the "Issuer"), a political subdivision of the State of Louisiana (the "State"), in connection with the issuance by the Issuer of the captioned bonds (the "Bonds") pursuant to Chapter 10-D of Title 33 of the Louisiana Revised Statutes of 1950, as amended (La. R.S. 33:4548.1 through 33:4548.16, inclusive) (the "Act").

The Bonds have been issued by the Issuer pursuant to the Act and other constitutional and statutory authority and a Trust Indenture dated as of August 1, 2004 (the "Indenture") between the Issuer and The Bank of New York Trust Company, N.A., a national banking association having its principal corporate trust office in Jacksonville, Florida, as trustee (the "Trustee"). Capitalized terms used herein that are not otherwise defined have the meaning given them in the Indenture.

The Bonds are issuable as fully registered bonds, are dated, bear interest until paid at the rate per annum, mature in the principal amounts and on the dates, and are subject to redemption all as set forth in the Indenture and in the Bonds.

The Bonds are issued under and are secured as to principal, redemption premium, if any, and interest by the Indenture, which provides a description of the nature and extent of the security for the Bonds, a statement of the

terms and conditions under which the Bonds are issued and secured, the rights, duties and obligations of the Issuer, the rights, duties and immunities of the Trustee and the rights of the owners of the Bonds.

The Bonds are issued in order to provide funds to enable University Facilities, Inc., a Louisiana nonprofit corporation (the "Corporation") to (i) pay the Prior Debt, (ii) demolish certain existing facilities and renovate, develop and construct the Facilities, (iii) fund the costs of marketing the Facilities; (iv) provide working capital for the Facilities, (v) fund a deposit to the Debt Service Reserve Fund, (vi) pay capitalized interest on the Bonds; (vii) fund a deposit to the Replacement Fund; and (viii) pay costs of issuance of the Bonds, including the premium for any bond insurance policy insuring the Bonds.

The Issuer and the Corporation have entered into a Loan Agreement dated as of August 1, 2004 (the "Agreement"), pursuant to which the Issuer will loan the proceeds from the sale of the Bonds to the Corporation for the foregoing purposes. Pursuant to the Agreement, the Corporation has agreed to make loan payments (the "Payments") solely from the Base Rental (as defined in the Agreement) sufficient to pay the principal of, premium, if any, and interest on the Bonds. The rights of the Issuer under the Agreement (except for the rights of the Issuer relating to exculpation, indemnification and payment of expenses thereunder) have been pledged and assigned by the Issuer to the Trustee as security for the Bonds. The Corporation is leasing the property upon which the Facilities will be located from the Board of Supervisors for the University of Louisiana System pursuant to a Ground and Buildings Lease Agreement dated as of August 1, 2004 (the "Ground Lease").

The Bonds are also entitled to the benefits of the Act of Mortgage, Assignment of Leases and Security Agreement dated August 13, 2004 (the "Mortgage") executed by the Corporation in favor of the Trustee, pursuant to which the Corporation has mortgaged its leasehold interest in and to the Land and the improvements located thereon, granted a security interest in certain movable property and assigned its rights to all leases and rents relating to the Facilities; and an Assignment of Agreements and Documents dated as of August 1, 2004 (the "Assignment") executed by the Corporation in favor of the Trustee, pursuant to which the Corporation has assigned to the Trustee its rights, title and interest in and to certain Agreements and Documents (as defined in the Assignment).

We have examined: (i) the constitution and statutes of the State, including the Act; (ii) a certified transcript of the proceedings of the Issuer authorizing the issuance of the Bonds; (iii) the Indenture, the Agreement, the Tax Regulatory Agreement and Arbitrage Certificate dated the date of delivery and payment for the Bonds among the Issuer, the Corporation, the Board of Supervisors for the University of Louisiana System (the "Board") and the Trustee (the "Tax Regulatory Agreement"); and (iv) such other documents, instruments, proofs and matters of law as we have deemed relevant to the issuance of the Bonds and necessary for the purpose of this opinion.

As to questions of fact material to our opinion, we have relied upon representations of the Issuer, the Board and the Corporation contained in the Indenture, the Agreement and the Tax Regulatory Agreement, the certified proceedings and other certifications of public officials and others furnished to us, including certifications furnished to us by or on behalf of the Issuer, the Corporation and the Board, without undertaking to verify the same by independent investigation.

On the basis of the foregoing examinations, we are of the opinion, as of the date hereof and under existing law, that:

1. The Issuer is a validly existing political subdivision of the State and has the power and authority to enter into the Agreement and the Indenture and to issue and sell the Bonds.
2. The Bonds are valid and binding special and limited obligations of the Issuer secured by and entitled to the benefits of the Indenture and are payable solely from the revenues and other amounts pledged and assigned under the Indenture.
3. The Agreement and the Indenture have been duly authorized, executed and delivered by the Issuer and constitute valid and binding obligations of the Issuer, enforceable upon the Issuer in accordance with their terms, and all rights of the Issuer under the Agreement have been validly assigned to the Trustee under the

Indenture, with the exception of certain rights of the Issuer relating to notice, exculpation, indemnification and payment of expenses.

4. The Bonds and interest thereon do not constitute an indebtedness or pledge of the general credit of the Issuer within the meaning of any State constitutional or statutory provision and will not constitute a general obligation or a charge against any other revenues of the Issuer.

5. Interest on the Series 2004A Bonds and the Series 2004B Bonds (including the amount of original issue discount properly allocable to the owner thereof) is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, for the purpose of computing the alternative minimum tax imposed on certain corporations, such interest is taken into account in determining adjusted current earnings.

6. Interest on the Series 2004C Bonds is included in the gross income of the owners thereof for federal income tax purposes.

7. Under the Act, the Bonds, together with the interest thereof, income therefrom, and gain upon the sale thereof are exempt from all State taxes and local taxes.

In rendering the opinions expressed in paragraph 5 above, we have relied on representations of the Issuer, the Board and the Corporation with respect to matters solely within the knowledge of the Issuer, the Board and the Corporation, which we have not independently verified, and have assumed continuing compliance with the covenants in the Indenture, the Agreement and the Tax Regulatory Agreement pertaining to those sections of the Code that affect the exclusion from gross income of interest on the Bonds for federal income tax purposes. In the event that such representations are determined to be inaccurate or incomplete or the Issuer, the Board or the Corporation fails to comply with the foregoing covenants, interest on the Series 2004A Bonds and the Series 2004B Bonds could be includable in gross income for federal income tax purposes from the date of their original delivery, regardless of the date on which the event causing such inclusion occurs.

The accrual or receipt of interest on the Bonds may otherwise affect the federal income tax liability of certain recipients. The extent of these other tax consequences will depend upon the recipient's particular tax status or other items of income or deduction. We express no opinion regarding any such consequences and investors should consult their tax advisors regarding the tax consequences of purchasing or holding the Bonds.

It is to be understood that the rights of the owners of the Bonds and the enforceability of the Bonds, the Indenture, the Agreement and the other documents enumerated above may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and that their enforcement may also be subject to the exercise of the sovereign police powers of the State or its governmental bodies and the exercise of judicial discretion in appropriate cases.

In rendering this opinion, we have relied upon the opinion of even date herewith of Seale & Ross, counsel to the Borrower, with respect to: (i) the due organization of the Corporation; (ii) the good standing of the Corporation in the State; (iii) the corporate power of the Corporation to enter into, and the due authorization, execution and delivery by the Corporation of, the Agreement, the Ground Lease and the Mortgage and the valid and binding effect thereof on the Borrower; (iv) the Borrower being exempt from federal income tax under Section 501(c) of the Internal Revenue Code of 1986, as amended (the "Code") as an organization described in Section 501(c)(3) and the use of the Facilities not constituting an "unrelated trade or business" as such term is defined in Section 513(a) of the Code and (v) matters that might be disclosed as a result of an examination of the indentures, mortgages, deeds of trust, certifications of incorporation, by-laws, and other agreements or instruments to which the Corporation is a party or by which it or its properties are bound.

We have also relied on the opinion of McGlinchey Stafford, LLC, counsel to the Trustee, with respect to the corporate power of the Trustee to enter into and the due authorization, execution and delivery by the Trustee of the Indenture and the binding effect thereof on the Trustee. We have also relied upon the opinion of Decuir & Clark, L.L.P., counsel to the Board, with respect to the power of the Board to enter into and the due authorization,

execution and delivery by the Board of the documents to which it is a party and the binding effect thereof on the Board, and upon the opinion of Casten & Pearce, A.P.L.C., counsel to the Issuer, with respect to the power of the Issuer to enter into and the due authorization, execution and delivery by the Issuer of the documents to which it is a party, including the Agreement and Indenture and the binding effect thereof on the Issuer.

For purposes of this opinion, our services as bond counsel have not extended beyond the examinations and expressions of the conclusions referred to above. This opinion is given as of the date hereof and we assume no obligation to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in the law that may hereafter occur. Except as stated above, no opinion is expressed as to any federal or state tax consequences resulting from the ownership of, receipt of interest on, or disposition of, the Bonds.

Respectfully submitted,

II. The Prior Debt

1. Description of the Prior Debt. The Prior Debt that will be refunded with the proceeds of the Bonds on the Redemption Date is described on Exhibit H. The Prior Debt is comprised of amounts borrowed by the Corporation pursuant to two Loan Agreements, each dated June 1, 2000, as part of the Louisiana Public Facilities Authority Equipment and Capital Facilities Pooled Loan Program Revenue Bonds, Series 2000, of which a total of \$14,590,000 is currently outstanding.
2. Purpose of the Prior Debt.
 - a. Loan One.
 - i. The proceeds of one loan, in the original amount of \$8,265,000, were used to advance refund the Hammond-Tangipahoa Home Mortgage Authority Revenue Bonds (University Facilities, Inc. Project) Series 1998 (the "Original Debt").
 - ii. The proceeds of the Original Debt were used to finance the project described in the Official Statement relating to the Bonds.
 - b. Loan Two. The proceeds of the second loan, in the original amount of \$7,680,000, were used to finance the project described in the Official Statement relating to the Bonds.
 - c. Proceeds of the Prior Debt. Unspent Sale Proceeds of the Prior Debt in the amount of \$7,921,611 are held in the Prior Debt Escrow. There are no other unspent Sale Proceeds or Investment Proceeds of the Prior Debt.

III. Description, Ownership and Use of the Facilities

1. **General.** The Authority, the Board and the Corporation recognize and acknowledge that, to ensure that the interest on the Bonds remains excludable from the gross income of the bondholders, the Bonds must satisfy the requirements to be treated as "qualified 501(c)(3) bonds" under Code Section 145. To ensure that the Bonds are and remain qualified 501(c)(3) bonds, the Authority, the Board and the Corporation make the acknowledgments, representations, warranties and covenants as noted and contained in this Article III.
2. **The Facilities.** As more fully described in the Official Statement relating to the issuance of the Bonds, the Facilities will consist of housing and related facilities on the land leased under the Ground Lease. The student housing and related facilities improvements will be owned by the Board as constructed and leased to the Corporation pursuant to the Ground Lease.
3. **Ownership of the Facilities.** Pursuant to the terms of the Ground Lease, the Board will lease the land on which the Facilities will be constructed to the Corporation, and the Corporation will renovate or construct the Facilities thereon. Pursuant to the terms of the Facilities Lease, the Corporation will lease the Facilities to the Board. The Ground Lease and the Facilities Lease will terminate upon payment in full of the Bonds. At that time, full, unencumbered ownership of the Facilities will vest in the Board.
4. **Contracts.** The Corporation has disclosed to Bond Counsel all its contracts and agreements and those of the Board relating to the management, maintenance and operation of the Facilities on **Exhibit D**. Except for those contracts and agreements listed on **Exhibit D**, the Corporation represents that there are no contracts or agreements relating to the management, maintenance and operation of the Facilities and the Corporation does not expect to enter into any such contracts or agreements.
5. **Not Private Activity Bonds.** The Board and the Corporation will not use the Facilities or cause the Facilities to be used in a manner that will result in the Bonds not meeting the requirements imposed upon qualified 501(c)(3) bonds.
 - a. The Board and the Corporation acknowledge that the Bonds will be considered "private activity bonds" if more than 5% of the Facilities is used by a Private Person in a trade or business or by the Corporation or any other Exempt Entity in an Unrelated Business.
 - b. The Board and the Corporation acknowledge that in determining whether all or a portion of the Facilities is used, directly or indirectly, in the trade or business of a Private Person for purposes of the "private business use test" under Section 141(b)(1) of the Code, use of the Facilities or any portion thereof by a Private Person pursuant to any agreement, including any management or other service contract must be examined.

- c. Except for Permitted Contracts the Board and the Corporation will not enter into any contract or agreement with respect to any portion of the Facilities without first disclosing such contract to the Authority.
- d. None of the Authority, the Corporation nor the Board knows of any reason that the Facilities, or any part thereof, will not be used as described in this Tax Agreement in the absence of (i) supervening circumstances not anticipated by the Authority, the Corporation or the Board at the date of issue of the Bonds, (ii) adverse circumstances beyond their control or (iii) obsolescence of such insubstantial parts or portions thereof as may occur as a result of normal use thereof.

IV. General Tax Matters

1. Form 8038. To the best of the knowledge of the Authority, the Corporation and the Board, the information shown on IRS Form 8038 that is included in the transcript of proceedings relating to the issuance of the Bonds is true, accurate and complete.
2. No adverse actions. The Authority, the Corporation and the Board will not knowingly take or permit to be taken any action that would have the effect, directly or indirectly, of causing the interest on any of the Bonds to be included in the gross income of the holders thereof for federal income tax purposes.
3. Filings. The Authority will comply with and make all filings required by all effective rules, rulings or Regulations promulgated by the Department of Treasury or the IRS with respect to obligations described in Section 103 and Sections 141-150 of the Code.
4. Information Reporting. The Authority will comply with the information reporting requirements of Section 149(e)(2) of the Code.
5. Federal Guarantee. The Authority, the Corporation and Board will not cause the Bonds to be treated as "Federally Guaranteed Obligations" for purposes of Section 149(b) of the Code, as may be modified in any applicable rules, rulings, policies, procedures, regulations or other official statements promulgated or proposed by the Department of the Treasury or IRS with respect to Federally Guaranteed Obligations described in Section 149(b) of the Code. Unless otherwise excepted under Section 149(b) of the Code, the Bonds will be considered federally guaranteed obligations if (i) the payment of principal and interest with respect to the Bonds is guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof), (ii) 5% or more of the Bond Proceeds is (A) to be used in making loans, the payment of principal or interest with respect to which is to be guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof) or (B) to be invested (directly or indirectly) in federally insured deposits or accounts or (iii) the payment of principal or interest on the Bonds is otherwise indirectly guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof). For purposes of determining whether the Bonds are federally guaranteed, a guarantee by the Federal Housing Administration, the Veterans Administration, the Federal National Mortgage Association, the Federal Home Loan

Mortgage Insurance Corporation, the Government National Mortgage Association or the Resolution Funding Corporation is not considered a "federal guarantee".

6. **Not Hedge Bonds.** The Corporation and the Trustee covenant that not more than fifty percent (50%) of the Bond Proceeds will be invested in Nonpurpose Investments having a substantially guaranteed Yield for a period of 4 years or more.
7. **Payment of Costs of Issuance.** The Authority reasonably expects that at least 95% of the Costs of Issuance will have been paid by the date that is 180 days after the Date of Issue.
8. **Private Activity Bond Requirements Applicable to Qualified 501(c)(3) Bonds.**
 - a. At least 95% of the proceeds of the Bonds not used to refund the Prior Debt will be used to provide either land or property of a character subject to the allowance for depreciation under the Code, and substantially all amounts to be paid or incurred from the proceeds of the Bonds are, for federal income tax purposes, chargeable to a capital account related to the New Facilities or would be so chargeable either with a proper election by the Company (under Section 266 of the Code) or but for a proper election by the Company to deduct such amounts.
 - b. None of the proceeds of the Bonds will be used directly or indirectly to provide residential rental property for family units.
 - c. None of the proceeds of the Bonds will be used to provide a facility the primary purpose of which is retail food and beverage services, automobile sales or service, or the provision of recreation or entertainment and no portion of the proceeds of the Bonds will be used to provide any private or commercial golf course, country club, massage parlor, tennis club, skating facility (including roller skating, skateboard and ice skating), racquet sports facility (including any handball or racquetball court), hot tub facility, suntan facility, or racetrack. Furthermore, no portion of the proceeds of the Bonds will be used to provide any airplane, skybox or other private luxury box, health club facility, facility primarily used for gambling, or store the principal business of which is the sale of alcoholic beverages for consumption off premises.
 - d. No more than 2% of the proceeds of the Bonds will be used to pay Costs of Issuance of the Bonds.
 - e. The average maturity of the Bonds is 20.376 years, which does not exceed 120% of the average reasonably expected economic life of the Facilities financed with proceeds of the Bonds.
 - f. As required by Section 147(f) of the Code, the Bonds and the Facilities were the subject of a public hearing held on July 21, 2004, which was preceded by reasonable public notice, and were subsequently approved by the Louisiana Attorney General.

V. 501(c)(3) Status of the Corporation

1. General. The Corporation recognizes that it must be an organization described in Code section 501(c)(3) in order for the interest on the Bonds to be and remain excludable from the gross income of the bondholders.
2. Corporation Counsel Opinion. Attached hereto as **Exhibit I** is an opinion from Corporation Counsel that:
 - a. The Corporation is a not-for-profit corporation, duly organized and existing under the laws of the State of Louisiana;
 - b. The Corporation has received a written determination from the IRS that the Corporation is an organization that is described in Code section 501(c)(3) and not a private foundation as defined in Code section 509(a) (the "Corporation Determination Letter");
 - c. The Corporation Determination Letter has not been modified, limited or revoked and the Corporation is in compliance with all terms, conditions and limitations, if any, contained in the letter; and
 - d. The facts and circumstances that form the basis of the Corporation Determination Letter as represented to the IRS continue to exist and no material facts or circumstances have arisen that could affect the validity of the Corporation Determination Letter.
3. Representations, warranties and covenants. The Corporation hereby represents, warrants and covenants that:
 - a. The Corporation Counsel opinion referred to in Section V.2. of this Tax Agreement is based upon all material facts relating to the operations of the Corporation since the time of its organization.
 - b. The Corporation has not been audited by the Internal Revenue Service and the Corporation continues to be recognized as an organization described in Section 501(c)(3) of the Code.
 - c. Throughout the term of the Bonds, the Corporation shall do, or cause to be done, all things necessary to continue to be a not-for-profit corporation, duly organized and existing under the laws of the State of Louisiana.
 - d. The Corporation will not perform any act or enter into any agreement that adversely affects the federal income tax status of the Corporation, including its status as an organization described in Section 501(c)(3) of the Code and shall conduct its operations in a manner that will conform to the standards necessary to

continue to qualify the Corporation as an organization described in Section 501(c)(3) of the Code or any successor provision of federal income tax law.

- e. Throughout the term of the Bonds, the Corporation shall do, or cause to be done, all things necessary to continue to be classified as an organization described in Section 501(c)(3) of the Code that is not a private foundation as defined in Section 509(a) of the Code.
- f. The Corporation does not expect to perform any act, or enter into any agreement or transaction that would result in it no longer being an organization described in Section 501(c)(3) of the Code. To that end, the Corporation hereby covenants that it will follow all rulings and procedures outlined by the Regulations relating to organizations described in Section 501(c)(3) of the Code.
- g. The Corporation's ownership and operation of the Project is substantially related to and in furtherance of the Corporation's Exempt Purpose.

VI. Yield on the Bonds

- 1. Generally. For purposes of this Tax Agreement, Yield is calculated as set forth in Code section 148(b) and Treasury Regulations §§ 1.148-4 and 1.148-5. The Bonds are variable yield bonds under the Regulations. As provided in the Regulations, the Issuer hereby elects to compute the Yield on the Bonds separately for each Computation Period.
- 2. Issue Price.
 - a. Under Section 1.148-1(b) of the Treasury Regulations, the "issue price" of the Bonds is the first price at which a substantial amount of the Bonds is sold to the public. For this purpose, the term "public" does not include bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters or wholesalers.
 - b. The Underwriter has furnished a certificate, attached hereto as **Exhibit E**, which certifies (1) that all of the Bonds have been the subject of an initial bona fide offering to the public (exclusive of bond houses, brokers or similar persons acting in the capacity of underwriters or wholesalers) at prices equal to those amounts set forth on **Exhibit E**, (2) that such initial offering prices were established by a bona fide bid without regard to any amounts that would increase the Yield on any maturity of the Bonds above their market Yields, and (3) as to the prices (exclusive of accrued interest) at which a substantial amount of each maturity of Bonds were sold to the public (exclusive of bond houses, brokers or similar persons acting in the capacity of underwriters or wholesalers). Based on past financing practices, the Authority believes that the initial offering price of the Bonds is reasonable under customary standards applicable in the established tax-exempt market.
 - c. By reference to the Underwriter's certificate, the issue price of the Bonds is \$76,594,310.68.

3. **Bond Insurance Premiums; Qualified Guarantee.** In computing the Yield on the Bonds, the amount of the fees for the Bond Insurance is treated as qualified guarantee on the Bonds. This treatment is based upon representations made by the Underwriter on **Exhibit E** and the Bond Insurer on **Exhibit F** which together represent that the fees paid for the Bond Insurance were negotiated at arm's length and are within the normal range of charges charged by the Bond Insurer for the transfer of credit risk with respect to similar tax-exempt obligations, that the present value of interest saved as a consequence of the Bond Insurance exceeds the present value of the fees for the Bond Insurance, and that the fees for the Bond Insurance are not included in any direct or indirect payment for a cost, risk or other element that is not customarily borne by guarantors of tax-exempt bonds in transactions in which the Bond Insurer has no involvement other than as a guarantor. The Authority believes that the fees for the Bond Insurance are reasonable based on past financing practices.

VII. Arbitrage

1. **General.** The Corporation, as advised by the Board, is given the right under section 4.11 of the Indenture to direct the investment of Bond Proceeds while held in the funds and accounts established under the Indenture. The Corporation acknowledges that the continued exclusion of interest on the Bonds from gross income of the recipients thereof for purposes of federal income taxation depends, in part, upon compliance with the arbitrage limitations imposed by Section 148 of the Code. The Corporation hereby agrees and covenants that it shall not permit at any time or times any of the Bond Proceeds to be used in a manner that would cause the Bonds to be "arbitrage bonds" for purposes of Section 148 of the Code. The Corporation further agrees and covenants that it shall do and perform all acts and things necessary to ensure that the requirements of Section 148 of the Code are met.
2. **Reasonable Expectations.** This Article VII sets forth the reasonable expectations, statement of facts and representations of the Authority, the Board and the Corporation with respect to the amount, use and investment of the proceeds of the Bonds.
3. **Funds and Accounts.** The only funds and accounts relating to the Bonds are those listed below. Such funds and accounts are created under the Indenture and maintained with the Trustee:
 - a. Bond Proceeds Fund and a Costs of Issuance Account therein;
 - b. Debt Service Fund, and the following accounts therein:
 - (1) Interest Account
 - (2) Principal Account
 - c. Project Fund
 - d. Debt Service Reserve Fund

- e. Replacement Fund
 - f. Rebate Fund
 - g. Receipts Fund
 - h. Capitalized Interest Fund
 - i. Refunding Fund
 - j. Surplus Fund
4. Description of Funds. Under the terms of the Indenture, the funds listed above will be used as follows:
- a. The Bond Proceeds Fund. The Bond Proceeds Fund shall be used to receive the proceeds of the Bonds. On the Closing Date, the Trustee shall disburse amounts held in the Bond Proceeds Fund to the Refunding Fund, the Interest Account in the Debt Service Fund, the Capitalized Interest Fund, the Replacement Fund, the Project Fund and the Debt Service Reserve Fund the amount specified in the request and authorization delivered pursuant to Section 3.12 of the Indenture.
 - b. The Debt Service Fund.
 - (1) The Debt Service Fund is comprised of an Interest Account and a Principal Account.
 - (2) Moneys on deposit in the Debt Service Fund (and accounts therein) will be used solely and exclusively for the payment of debt service on the Bonds as it falls due at stated maturity or by redemption or upon acceleration, all as provided herein and in the Indenture.
 - c. The Project Fund. Moneys in the Project Fund will be applied to the payment of the Costs of the Facilities pursuant to the procedure established in Section 4.15 of the Indenture.
 - d. The Debt Service Reserve Fund. Moneys on deposit in the Debt Service Reserve Fund shall be maintained in an amount equal to the Debt Service Reserve Fund Requirement for the Bonds and will be transferred to the Interest Account or the Principal Account of the Debt Service Fund in such amount as shall be necessary to remedy any deficiency therein with respect to the Series 2004A Bonds, the Series 2004B Bonds or any Additional Bonds that are Tax-Exempt Bonds. Whenever the amount in the Debt Service Reserve Fund, together with the amount in the Debt Service Fund is sufficient to pay in full all outstanding Bonds in accordance with their terms, the funds on deposit in the Debt Service Reserve Fund shall be transferred to the Debt Service Fund and shall be available to pay all outstanding Bonds in accordance with their terms. If the balance of the Debt Service Reserve Fund is greater than the Debt Service Reserve Fund

Requirement, all amounts in the Debt Service Reserve Fund in excess of the Debt Service Reserve Fund Requirement shall be transferred to the Interest Account.

- e. The Replacement Fund. The Replacement Fund will be initially funded with proceeds of the Bonds in an amount equal to \$3,215,215.08. The use of moneys on deposit in the Replacement Fund will be restricted to use solely to fund the cost of replacing any worn out, obsolete, inadequate, unsuitable or undesirable property, furniture, fixtures or equipment placed upon or used in connection with the Facilities.
 - f. The Rebate Fund. Moneys deposited and held in the Rebate Fund will be used to make all rebate payments owed to the United States under the Code in accordance with the provisions of Article VII of this Tax Agreement.
 - g. The Receipts Fund. There shall be deposited into the Receipts Fund all funds (i) received from or paid on behalf of the Board under the Facilities Lease, including daily, all rents, charges, and other amounts held in the deposit amount maintained by the Management Company under the Management Agreement; and (ii) all Lawfully Available Funds from the Board used to make Base Rental Payments pursuant to the Facilities Lease. Moneys on deposit in the Receipts Fund on the twenty-fifth (25th) day of each month will be applied by the Trustee in accordance with Section 4.8 of the Indenture.
 - h. The Capitalized Interest Fund. The Capitalized Interest Fund shall be funded on the date of delivery of the Bonds from the proceeds thereof in the amount of \$2,712,406.36. On each date on which the Trustee is required to transfer moneys in the Receipts Fund to the Interest Account of the Debt Service Fund pursuant to the Indenture, prior to making any such transfer the Trustee shall transfer amounts on deposit in the Capitalized Interest Fund to the Interest Account of the Debt Service Fund in the amounts required by the Indenture or such lesser amount as shall then remain in the Capitalized Interest Fund. The Trustee shall reduce the amount required to be transferred from the Receipts Fund to the Interest Account of the Debt Service Fund pursuant to the Indenture by any amounts transferred to the Interest Account of the Debt Service Fund pursuant to the provisions of the Indenture. Earnings on amounts in the Capitalized Interest Fund shall be retained therein.
 - i. Refunding Fund. Amounts deposited in the Refunding Fund will be used to redeem the Prior Debt on the Refunding Date, which is within ninety (90) days of the Date of Issue.
 - j. Surplus Fund. Moneys deposited in the Surplus Fund will be transferred to the University upon satisfaction of the conditions set forth in Section 4.24 of the Indenture.
5. No other sinking or pledge fund. Except for the Debt Service Fund and the Debt Service Reserve Fund, there are no funds or accounts comprised of securities (within the meaning

of Section 165(g)(2)(A) or (B) of the Code), obligations, annuity contracts or investment-type property, established by or on behalf of the Authority, the Board or Corporation, that are reasonably expected to be used or generate earnings to be used to pay Debt Service on the Bonds, or that are reserved or pledged as collateral for payment of Debt Service on the Bonds, and for which there is reasonable assurance that amounts therein will be available to pay such Debt Service if the Board or the Corporation encounters financial difficulties; therefore, there is no other fund created or established or to be created or established that would be treated as a sinking fund in connection with the Bonds.

6. No Replacement Funds.

- a. Except for amounts in the Debt Service Fund and the Debt Service Reserve Fund, neither the Authority, the Board nor the Corporation expects to have on hand any property, including cash and securities, that is legally required or otherwise restricted (no matter where held or the source thereof) to be used, directly or indirectly, for the purposes for which the Bonds are being issued.
- b. No portion of the Bond Proceeds will be used as a substitute for other funds that were otherwise to be used as a source of financing for the Facilities or for the payment of Debt Service on the Bonds and that have been or will be used to acquire directly or indirectly securities producing a Yield in excess of the Yield on the Bonds.
- c. The term of the Bonds is no longer than is reasonably necessary for the purposes of the Bonds.

7. Use of Bond Proceeds. This section sets forth the reasonable expectations of the Authority with respect to the use of the Bond Proceeds from the Bonds.

- a. On the basis of the facts, estimates and circumstances in existence on the date hereof, the Authority reasonably expects that the proceeds derived from the sale of the Bonds will be equal to \$76,594,310.68, that the Underwriters will retain \$662,615 as underwriter's discount, and that the Authority will receive \$75,931,695.68 (for purposes of this section 7, the "Bond Proceeds").
- b. The Bond Proceeds, together with \$70,790.64 currently held in the Debt Service fund relating to the Prior Debt (for purposes of this section 7, the "Available Amounts") are expected to be needed and fully expended as follows:
 - (1) \$483,872.41 of Bond Proceeds will be retained in the Cost of Issuance Account of the Bond Proceeds Fund to pay the Costs of Issuance of the Bonds;
 - (2) \$2,267,000 of Bond Proceeds will be wired to the Bond Insurer to pay the premium on the insurance policy on the Bonds;

- (3) \$94,933.33 of Bond Proceeds will be deposited in the Interest Account in the Debt Service Fund to pay accrued interest on the Bonds, if any.
- (4) \$5,265,837.50 of Bond Proceeds will be deposited into the Debt Service Reserve Fund;
- (5) \$2,712,406.36 of Bond Proceeds will be deposited into the Capitalized Interest Fund;
- (6) \$46,814,981.47 of Bond Proceeds will be deposited into the Project Fund, and together with interest thereon, will be used by the Corporation to pay the Costs of the Facilities;
- (7) \$15,077,449.53 of Bond Proceeds will be deposited into the Refunding Fund and, together with \$70,790.64 of Available Amounts will be used to redeem the Prior Debt on the Refunding Date; and
- (8) \$3,215,215.08 of Bond Proceeds will be deposited into the Replacement Fund.

8. Investment and Disposition of Amounts in Funds.

- a. **General Rule.** No Nonpurpose Investment may be acquired with Gross Proceeds for an amount (including transaction costs, except as otherwise provided in §1.148-5(e) of the Regulations) in excess of the Fair Market Value of such Nonpurpose Investment. No Nonpurpose Investment may be sold or otherwise disposed of for an amount (including transaction costs, except as otherwise provided in §1.148-5(e) of the Treasury Regulations) less than the Fair Market Value of the Nonpurpose Investment.
- b. **Fair Market Value.** In general, the Fair Market Value of any Nonpurpose Investment is the price at which a willing buyer would pay to a willing seller to acquire the Nonpurpose Investment, with no amounts paid to artificially reduce or increase the Yield on such Nonpurpose Investment. **Exhibit C** to this Tax Agreement sets forth certain safe harbors for determining Fair Market Value. Other methods may be used to establish Fair Market Value, provided, however, that such methods comply with the requirements of §1.148-5(d)(6) of the Regulations.
- c. **Arm's Length Purchase and Sale.** If a Nonpurpose Investment is acquired pursuant to an arm's length transaction without regard to any amount paid to reduce the Yield on the Nonpurpose Investment, the Fair Market Value of the Nonpurpose Investment shall be the amount paid for the Nonpurpose Investment (without increase for transaction costs, except as otherwise provided in §1.148-5(e) of the Regulations). disposition of the Nonpurpose Investment (without reduction for transaction costs, except as otherwise provided in §1.148-5(e) of the Regulations).

- d. **Broker Compensation.** For purposes of computing the Yield on any Nonpurpose Investment which has been acquired through a broker or other intermediary obtaining bids for such Nonpurpose Investment, any compensation that is received by such broker or other intermediary, whether payable by or on behalf of the obligor or obligee under such Nonpurpose Investment, shall be treated as set forth in Regulations §1.148-5(e).

9. **Expectations with Regard to Certain Funds.**

10. Restrictions on Investments of Amounts in Certain Funds.

- a. The Project Fund. The Issuer hereby waives its right to invest the amounts deposited in the Project Fund in investments that have a Yield in excess of the Yield on the Bonds. Accordingly, the amounts deposited in the Project Fund may be invested only in Yield Restricted Obligations.

The Issuer hereby waives its right to invest the amounts deposited in the Capitalized Interest Fund in investments that have a Yield in excess of the Yield on the Bonds. Accordingly, the amounts deposited in the Capitalized Interest Fund may be invested only in Yield Restricted Obligations.

 - i. Yield Restricted Obligations. For purposes of this Tax Agreement, Yield Restricted Obligations shall mean Tax-Exempt Obligations or Nonpurpose Investments with a Yield not exceeding 0.125% above the Yield on the Bonds.
 - j. No Abusive Arbitrage Device. The Bonds are not and will not be part of a transaction or series of transactions that (i) attempts to circumvent the provisions of Section 148 of the Code and related regulations, enabling the Authority, the Corporation or any other person to exploit the difference between tax-exempt and taxable interest rates to gain a material financial advantage, or (ii) increases the burden on the market for tax-exempt obligations in any manner, including, without limitation, selling bonds that would not otherwise be sold, or selling more bonds, or issuing them sooner, or allowing them to remain outstanding longer, than would otherwise be necessary.
11. Transferred Proceeds of the Prior Debt.

VIII. REBATE

- 1. General. The Board and the Corporation acknowledge that the continued exclusion of interest on the Bonds from gross income of the recipients thereof for purposes of federal income taxation depends, in part, upon compliance with rebate requirement described in this section. To that end, the Board and the Corporation covenant to comply with the requirements of the Code relating to the rebate requirement as discussed in this Article

VIII. The Board and the Corporation acknowledge that the United States Department of the Treasury has issued regulations with respect to certain of these undertakings, including the proper method for computing whether any rebate amount is due the federal government under Section 148(f) of the Code. The Board and the Corporation covenant that they will undertake to determine what is required with respect to the rebate provisions contained in Section 148(f) of the Code and the regulations promulgated thereunder and will comply with any requirements that may be applicable to the Bonds. Except to the extent inconsistent with any requirements of the Code or the regulations, the Board and/or the Corporation will undertake the methodology described in this Tax Agreement.

2. The Rebate Fund. There is created under the Indenture the Rebate Fund held by the Trustee. The Authority and the Corporation have agreed to keep the Rebate Fund separate and apart from all other funds and moneys held by any of the Authority, the Corporation and the Trustee.
3. Record Keeping. The Corporation shall maintain, or cause the Trustee to maintain, detailed records with respect to each Nonpurpose Investment attributable to Gross Proceeds of the Bonds, including: (i) purchase price; (ii) information establishing Fair Market Value on the date such investment became a Nonpurpose Investment; (iii) any accrued interest due on its purchase date; (iv) face amount; (v) coupon rate; (vi) frequency of interest payments; (vii) disposition price; (viii) accrued interest due on its disposition date; and (ix) disposition date. These records are required to facilitate the calculation of the Rebate Amount.
4. Rebate Amount Calculation and Payment.
 - a. The Corporation will prepare, or cause to be prepared, a calculation of the Rebate Amount within 45 days after each Computation Date.
 - b. On or before 45 days following each Computation Date, the Corporation shall pay to and deposit in the Rebate Fund an amount such that the balance held in the Rebate Fund equals the aggregate Rebate Amount due as of the Rebate Payment Date following such Computation Date.
 - c. Not later than 60 days after each Installment Computation Date, the Corporation shall pay, or direct the Trustee to pay, to the United States, 90% of the Rebate Amount. The Corporation shall pay, or direct the Trustee to pay, to the United States, not later than 60 days after the Final Computation Date, 100% of the Rebate Amount.
 - d. Each payment required to be made hereto shall be mailed to the Internal Revenue Service Center, Ogden, Utah 84201. Each payment shall be accompanied by: (i) a copy of IRS Form 8038-T; (ii) the CUSIP number for the Bond with the latest maturity; and (iii) a statement summarizing the determination of the Rebate Amount. If such payment is made by the Corporation, the Corporation shall provide the Trustee with evidence of such payment and copies of the

accompanying materials required by this subsection. If such payment is to be made by the Trustee, the Corporation shall furnish to the Trustee the materials required by this subsection.

5. **Record Retention.** In connection with the calculation of the Rebate Amount, the Trustee shall maintain the following records:
 - a. The Trustee shall record all amounts paid to the United States pursuant to this Article. The Trustee shall furnish to the Authority and the Corporation copies of any materials filed with the IRS pertaining thereto and shall provide the Authority and the Corporation with all records in its possession that the Authority, the Corporation or the Rebate Analyst may request relating to the calculation of any Rebate Amount.
 - b. The Trustee or the Corporation shall retain records of the rebate calculations until six (6) years after the Final Computation Date.
 - c. The Trustee shall keep and record the data described in Section VI.3 herein pertaining to the investments of the Bond Proceeds.
6. **Rebate Analyst.**
 - a. A Rebate Analyst shall be appointed by the Corporation and retained by the Trustee to perform the rebate calculations required herein. The Rebate Analyst and each successor Rebate Analyst shall signify its acceptance of the duties imposed upon it hereunder by a written instrument of acceptance delivered to the Authority, the Corporation and the Trustee under which such Rebate Analyst will agree to discharge its duties pursuant to this Tax Agreement in a manner consistent with prudent industry practice. In lieu of the appointment of another party as Rebate Analyst, the Corporation and the Trustee may agree to have the Trustee serve as the Rebate Analyst hereunder.
 - b. The Trustee and the Authority may rely conclusively upon and shall be fully protected from all liability in relying upon the opinions, calculations, determination, directions and advice of the Rebate Analyst. The charges and fees for such Rebate Analyst shall be paid by the Corporation upon presentation of an invoice for services rendered in connection therewith.
7. **Spending Exceptions from Rebate Requirement.** Section 148(f)(4) of the Code and Section 1.148-7 of the Regulations provide for spending exceptions to the rebate requirement. These exceptions are the six-month exception, the eighteen-month exception, and the two-year exception. To the extent that Gross Proceeds of the Bonds are determined to have been allocated to expenditures in a manner which satisfies any of the spending exceptions, investment earnings allocable to such Proceeds need not be rebated to the United States.

IX. Tax Elections

2. Amendments. Notwithstanding any other provision hereof, any provision of this Tax Agreement may be amended or waived by an instrument in writing executed by the Authority, the Board, the Corporation and the Trustee, provided that there first shall have been provided to the Trustee a written opinion of Bond Counsel, in form and substance satisfactory to the Trustee and the Authority, that such amendment or waiver will not adversely affect the exclusion of interest on the Bonds from the gross income of the recipients thereof for purposes of federal income taxation.
3. Default; Remedies.
 - a. The failure of any party to this Tax Agreement to perform any of its required duties under any provision hereof shall constitute an event of default under this Tax Agreement.
 - b. Upon an occurrence of an event of default, the Authority or the Trustee may, in their discretion, proceed to protect and enforce their rights and the rights of the owners of the Bonds by pursuing any available remedy under and in accordance with the Indenture and the Loan Agreement, in addition to pursuing any other available remedy, including, but not limited to, a suit at law or in equity.

Yield shall be calculated in accordance with the Regulations. A short first compounding interval may be used. Yield is expressed as an annual percentage rate that is calculated to at least four decimal places. Other reasonable, standard financial conventions, such as the 30 days per month/360 days per year convention, may be used in computing Yield but must be consistently applied. The Yield on a fixed yield issue is the discount rate that, when used in computing the present Value as of the issue date of all unconditionally payable payments of principal, interest and fees for qualified guarantees on the issue and amounts reasonably expected to be paid as fees for qualified guarantees on the issue, produces an amount equal to the present Value, using the same discount rate, of the aggregate issue price of bonds of the issue as of the issue date. In the case of obligations purchased or sold at a substantial discount or premium or in the case of variable rate obligations, the Regulations prescribe certain special yield calculation rules. For purposes of determining the Yield on an Investment, the Yield computed under the Economic Accrual Method, using the same compounding interval and financial conventions used to compute the Yield on the Bonds should be used.

"Yield Reduction Payment" means a payment to the United States with respect to an Investment which is treated as a Payment for that Investment that reduces the Yield on that Investment in accordance with Section 1.148-5(c) of the Regulations. Yield Reduction Payments include Rebate Amounts paid to the United States.

Permitted Contracts

Certain Management Contracts described in Revenue Procedure 97-13.

Pursuant to Rev. Proc. 97-13, a management or other service contract between the Corporation and a Private Person will not result in the related portion of the Facilities being used in the trade or business of that Private Person if the guidelines listed in (1) through (4) below are satisfied:

1. The contract provides for reasonable compensation for services rendered and is not based, in whole or in part, on a share of net profits from the operation of the Facilities. Furthermore, the service provider may not receive an ownership interest in the Facilities. Reimbursement of the service provider for actual and direct expenses paid by the service provider to unrelated parties is not by itself to be treated as compensation. Permitted compensation arrangements include arrangements where:
 - (A) at least 95 percent of the compensation is based on a periodic fixed fee for each annual period during the term (a fee does not fail to qualify as a periodic fixed fee as a result of a one-time incentive award, equal to a single, stated dollar amount, under which compensation automatically increases when a gross revenue or expense target, but not both, is reached), provided, that a contract with this compensation arrangement must have a term not exceeding the lesser of (i) 15 years or (ii) 80 percent of the reasonably expected useful life of the related portion of the Facilities;
 - (B) at least 80 percent of the compensation is based on a periodic fixed fee for each annual period during the term, provided, that a contract with this compensation arrangement must have a term not exceeding the lesser of (i) 10 years or (ii) 80 percent of the reasonably expected useful life of the related portion of the Facilities;
 - (C) (i) at least 50 percent of the compensation is based on a periodic fixed fee, (ii) 100 percent of the compensation is based on a capitation fee, or (iii) 100 percent of the compensation is based on a combination of a capitation fee and a periodic fixed fee, for each annual period during the term, provided, that a contract with this compensation arrangement must have a term not exceeding 5 years and, in addition, the contract must be terminable by the Authority, the Board or Corporation on reasonable notice, without penalty or cause, at the end of the third year of the contract term;
 - (D) all compensation is based on (i) a per-unit fee or (ii) a combination of a per-unit fee and a periodic fixed fee, provided that a contract with this compensation arrangement must have a term not exceeding 3 years and, in addition, the contract must be terminable by the Authority, the Board or Corporation on reasonable notice, without penalty or cause, at the end of the second year of the contract term; or

(E) all compensation is based on (i) a percentage of fees charged, or (ii) a combination of a per-unit fee and a percentage of revenue or expense fee, provided, that a contract with this compensation arrangement must have a term not exceeding 2 years and, in addition, the contract must be terminable by the Authority, the Board or Corporation on reasonable notice, without penalty or cause, at the end of the first year of the contract term, and provided further that this compensation arrangement is available only for (i) contracts where the provider provides services to third parties, and (ii) management contracts for the Facilities during a start-up period where there are insufficient operations to estimate annual gross revenues and expenses.

2. Not more than 20 percent of the voting power of the Authority, the Board or Corporation is vested in the service provider, its directors, officers, shareholders and employees.
3. Overlapping board members of the Authority, the Board or Corporation and the service provider do not include the chief executive officers of the service provider or the Authority, the Board or Corporation or their respective governing bodies.
4. The Authority, the Board or Corporation and the service provider are not Related Parties.

Fair Market Value

The following describes certain safe harbors that apply for purposes of determining the Fair Market Value of the obligations described below:

1. **Certificates of Deposit.** The purchase of certificates of deposit with fixed interest rates, fixed payment schedules and substantial penalties for early withdrawal will be deemed to be an Investment purchased at its Fair Market Value on the purchase date if the Yield on the certificate of deposit is not less than:
 - (i) The Yield on reasonably comparable direct obligations of the United States; and
 - (ii) The highest Yield that is published or posted by the provider to be currently available from the provider on reasonably comparable certificates of deposit offered to the public.

2. **Guaranteed Investments Contracts.** A Guaranteed Investment Contract ("GIC") is a Nonpurpose Investment that has specifically negotiated withdrawal or reinvestment provisions and a specifically negotiated interest rate, and also includes any agreement to supply Investments on two or more future dates (*e.g.*, a forward supply contract). The purchase price of a GIC is treated at its Fair Market Value on the purchase date if all of the following conditions are satisfied:
 - (i) A bona fide solicitation in writing for a specified GIC, is timely forwarded to all potential providers. The solicitation must have specified the material terms of the GIC, including the collateral security requirements for the GIC, if any, and, unless the moneys invested pursuant to such investment will be held in a float fund or a debt service reserve fund, the Corporation's reasonably expected draw-down schedule for the moneys to be invested. The solicitation must also include a statement that the submission of a bid is a representation that the potential provider did not consult with any other potential provider about its bid, that the bid was determined without regard to any other formal or informal agreement that the potential provider has with the company or any other person (whether or not in connection with the Bonds), and that the bid is not being submitted solely as a courtesy to the Corporation or any other person for purposes of satisfying Treasury Regulations Section 1.148-5(d)(6)(iii)(B)(1) or (2).
 - (ii) All potential providers have an equal opportunity to bid, with no potential provider having the opportunity to review other bids before providing a bid.

- (iii) At least three reasonably competitive providers (i.e., having an established industry reputation as a competitive provider of the type of investments being purchased) are solicited for bids. At least three bids must be received from providers that have no material financial interest in the Bonds (e.g., a lead underwriter within 15 days of the Date of Issue or financial advisor with respect to the investment) and at least one of such three bids must be from a reasonably competitive provider. If the Corporation or Trustee uses an agent to conduct the bidding, the agent may not bid.
- (iv) The determination of the terms of the GIC takes into account the Corporation's reasonably expected drawdown schedule for the amounts to be invested.
- (v) The provider of the GIC certifies the administrative costs that it is paying, or expects to pay, to third parties in connection with the GIC and such administrative costs are Qualified Administrative Costs of Investment.
- (vi) The GIC has a Yield at least equal to the highest yielding of the qualifying bids received from the bidders that have no material financial interest in the Bonds. If the GIC is not the highest-yielding of the qualifying bids, the Authority or the Corporation must have significant non-tax reasons, such as creditworthiness of the bidder, for failure to purchase the highest-yielding GIC offered.
- (vii) The Yield on the GIC is no less than the Yield available from the provider thereof at the time such GIC was entered into on reasonably comparative investment contracts offered to other persons, if any, from a source of funds other than gross proceeds of an issue of tax-exempt obligations.
- (viii) The terms of the GIC, including collateral security requirements, are commercially reasonable.
- (ix) The Corporation retains, or directs the Trustee to retain, until three years after the last outstanding Bond is retired, (i) a copy of the GIC contract, (ii) a receipt or other record of the amount actually paid for the GIC and a copy of the provider's certification described in (vii), (iii) the name of the person and entity submitting each bid, the time and date of the bid, and the bid results.

3. United States Treasury Securities - State and Local Government Series. If a United States Treasury obligation is acquired directly from or disposed of directly to the United States Department of the Treasury (as in the case of the United States Treasury Securities - State and Local Government Series ("SLGS") obligations), such acquisition or disposition shall be treated as establishing a market for the obligation and as establishing the fair market value of the obligation

\$15,000,000 Louisiana Local Government Environmental Facilities and Community Development Authority, Revenue Bonds (Southeastern Louisiana University Student Housing/University Facilities, Inc. Project), Series 2004B
(the "Obligations")

Ladies and Gentlemen:

In connection with the issuance of the above-referenced obligations (the "Obligations"), MBIA Insurance Corporation (the "Insurer") is issuing financial guaranty insurance policies (the "Policies") securing the payment of principal and interest on the Obligations.

This is to advise you that:

1. The Policies are unconditional obligations of the Insurer to pay scheduled payments of principal and interest on the Obligations in the event of a failure to do so by the Southeastern Louisiana University (the "Issuer");
2. The insurance premiums in the amounts of \$1,697,000 for Series A and \$570,000 for Series B, represent the charge for a transfer of credit risk and were determined in arm's length negotiations and are required to be paid as a condition to the issuance of the Policies;
3. No portion of such premiums represent an indirect payment of costs related to the issuance of the Obligations other than for the transfer of credit risk;
4. The Insurer does not reasonably expect that it will be called upon to make any payment under the Policies; and
5. To the extent the Insurer is called upon to make any payment under the Policies, the Insurer reasonably expects to pursue all available legal remedies to secure reimbursement for such payment.

On the basis of the foregoing and an examination of such other documents and consideration of such matters of law as we have deemed appropriate to enable us to render this opinion, we are of the opinion that:

- (i) the Corporation has been duly organized, is validly existing as a nonprofit corporation under the laws of the State of Louisiana no part of the net earnings of which inures to the benefit of any person, private stockholder, or individual;
- (ii) the Corporation has all requisite power and authority to execute and deliver, and perform its obligations under, each of the Corporation Documents and to own its properties and carry on its business, and the Corporation has all licenses and permits necessary to conduct the operation of the Facilities (as such term is defined in the Loan Agreement) to the extent contemplated in the Corporation Documents;
- (iii) the Corporation is authorized to conduct business in each jurisdiction in which the failure so to qualify would materially adversely affect its business including the State;
- (iv) the execution and delivery of the Corporation Documents and the performance by the Corporation of its obligations thereunder have been duly authorized by all necessary action on the part of the Corporation, and the Corporation Documents constitute legal, valid, and binding agreements of the Corporation, enforceable against the Corporation in accordance with their respective terms, except as enforcement thereof may be limited by laws relating to bankruptcy, reorganization, insolvency, or other similar laws affecting the enforcement of creditors' rights generally or by usual limitations on the availability of equitable remedies;
- (v) the execution and delivery of the Corporation Documents by the Corporation and the performance by the Corporation of

its obligations thereunder do not violate any provision of law or any regulation applicable to the Corporation or any applicable judgment, writ, decree, order, or regulation of any court or of any public or governmental agency or authority having jurisdiction over the Corporation or any of its activities or property and do not conflict with or result in any breach of, or constitute a default under, any of the provisions of the Articles of Incorporation or the Bylaws of the Corporation or, to the best of our knowledge after due inquiry, any agreement or instrument to which the Corporation is a party or by which it is bound;

WHEREAS, the Corporation and the Developer have entered into a Development Agreement (the "*Development Agreement*") dated as of August 1, 2004, pursuant to which the Developer has agreed to build the New Facilities, renovate the Renovated Facility, and demolish the Old Facilities (collectively, the "*Project*"); and

WHEREAS, the Developer and Capstone Building Corp. (the "*General Contractor*") have entered into a Standard Form of Agreement Between Owner and Contractor dated as of February 24, 2004, and a Standard Form of Agreement Between Owner and Contractor dated as of May 20, 2004, and anticipate entering into a third contract pursuant to which the General Contractor has agreed to complete the Project (collectively, the "*Construction Contract*"); and

(the "*Architect*") have entered into a Standard Form of Agreement Between Owner and Architect (the "*Architect's Agreement*") dated as of December 1, 2003, pursuant to which the Architect has agreed to provide certain architectural and engineering services in connection with the construction of the New Facilities and the renovation of the Renovated Facility, including the provision of certain Plans and Specifications (together with any and all amendments thereof and/or supplements thereto, the "*Plans*") therefor;

WHEREAS, in order to secure its obligations under the Development Agreement, the Developer wishes to assign to the Corporation all of its right, title, and interest in and to the Construction Contract and the Architect's Agreement; and

NOW, THEREFORE, to induce the Corporation to enter into the Development Agreement and to secure the performance by the Developer of its agreements under the Development Agreement, and for and in consideration of the sum of One and No/100 Dollars (\$1.00) paid by the Authority to the Corporation this date, and for other valuable consideration, the receipt of which is acknowledged, the parties hereto agree as follows:

Section 1. Creation of Security Interest; Description of the Construction Documents. The Developer hereby grants to the Corporation a present and continuing security interest in the following collateral (the "**Construction Documents**"), and in its expectancy to acquire the Construction Documents in the ordinary course of business:

- (a) the Construction Contract;
- (b) the Architect's Agreement;
- (c) all accounts, books, records, and other property relating or referring to any of the foregoing; and

(d) all proceeds of any and all of the foregoing and, to the extent not otherwise included, all payments under insurance (whether or not the Corporation is the loss payee thereof), or any indemnity, warranty, or guaranty, payable by reason of damage to, loss with respect to, or otherwise with respect to, any of the foregoing.

Section 2. Present Assignment; Enforcement. **THIS INSTRUMENT IS A PRESENT ASSIGNMENT OF THE DEVELOPER'S RIGHTS IN THE CONSTRUCTION DOCUMENTS.** The Corporation shall have the right, power, and privilege (but shall be under no duty) immediately to exercise all of the rights and privileges of the Developer. Notwithstanding the foregoing, until the occurrence of a default or an event of default under the Development Agreement (an "**Event of Default**") or the occurrence of an event or circumstance which with the lapse of time or the giving of notice or both would constitute an Event of Default (a "**Default Condition**"), the Developer may exercise such rights and privileges. In the event of the occurrence of an Event of Default or a Default Condition, the Corporation may at its option, then or thereafter and subject to the provisions of the Construction Documents do any one or more of the following: make, control, or modify either of the Construction Documents upon such terms and for such periods of time and upon such conditions as the Corporation may deem fit and proper; enforce or cancel either of the Construction Documents now in effect or hereafter in effect; collect, demand, sue for, attach, levy, recover and receive, compromise and adjust, and execute and deliver receipts and releases for all amounts payable under the Construction Documents; from or out of any other funds of the Developer deposited with the Corporation, pay and discharge all expenses or charges in the satisfaction of any obligation of the Developer under either of the Construction Documents or that it may be advisable for the Corporation to pay or expend in order to prevent or cure a default under either of the Construction Documents, including, but without limitation, reasonable attorneys' fees and costs for any other services that may be required; and otherwise do whatsoever ought to be done with respect to the Construction Documents as fully as the Developer could do if personally present. The Corporation shall, after payment of all of the foregoing charges and expenses, credit the net amount of income which it may receive by virtue of this Assignment to any amounts due the Corporation from the Developer, with all the rights, powers, privileges, and authority so created, shall not, prior to exercise or enforcement thereof by the Corporation, be deemed or construed to obligate the Corporation to appear in or defend any action or proceeding relating to the Construction Documents, to take any action hereunder, or to expend any money or incur any expenses or perform or discharge any obligation, duty, or liability under the Construction Documents.

Section 3. Power of Attorney. The Developer does hereby irrevocably constitute and appoint the Corporation the true and lawful attorney, coupled with an interest, of the Developer and in the name, place, and stead of the Developer to undertake its enforcement rights under the Construction Documents and to collect and/or pay all amounts payable under the Construction Documents. This Assignment shall constitute a direction to and full authority to such other party or parties to the Construction Documents to render performance to or for the Corporation and/or to pay all such amounts to the Corporation or its appointed agent. A written demand by the Corporation on each such person for such performance and/or payment shall be sufficient to warrant such person's rendering all future performance and/or make all future payments of such amounts directly to the Corporation or its appointed agent without the necessity for further consent by the Developer. Each such person shall be entitled to rely upon a written demand by the Corporation for such performance and/or payment and shall be fully protected from any claims by the Developer for all performance rendered and/or payments made to the Corporation or its appointed agent after receipt of such written demand. The foregoing rights, powers, and privileges are to be irrevocable and continuing, and shall be exclusive in the Corporation so long as any part of the Development Agreement shall remain unperformed.

Section 4. Term of Assignment. Upon completion of the Project, this Assignment shall become null and void and of no further force and effect, but the affidavit, certificate, letter, or statement of any officer, agent, or attorney of the Corporation indicating that any part of the Development Agreement remains unperformed shall be and constitute

conclusive evidence of the validity, effectiveness, and continuing force of this Assignment, and any person may, and is hereby authorized to, rely thereon. The Developer hereby authorizes and directs the parties named in the Construction Documents or any other or future party, upon receipt from the Corporation of written notice to the effect that the Developer is in default under the Development Agreement, to render performance to the Corporation or its appointed agent and to continue so to do until otherwise notified by the Corporation.

Section 5. Representations and Warranties. The Developer hereby represents and warrants to the Corporation that (a) the Developer is the sole owner of the "Owner's" interest under the Construction Documents and has the full and complete right, title, and authority to sell, assign, transfer, and set over the same and to grant and confer upon the Corporation the rights, interests, liens, power, and authorities herein granted and conferred; (b) the Developer has not executed any prior assignment of the Construction Documents; (c) the Developer has not performed any act or executed any other instrument which might prevent the Corporation from enjoying and exercising any of its rights and privileges evidenced hereby; (d) the Developer has not executed or granted any modifications to any existing Construction Documents except as previously disclosed to the Corporation; (e) all existing Construction Documents are valid and in full force and effect; (f) there are no defaults or events of default now existing under either of the Construction Documents and no event has occurred which with the passage of time or the giving of notice, or both, would constitute such a default or event of default.

Section 6. No Additional Encumbrances, Amendments, etc. The Developer agrees that, so long as any part of the Developer agreement shall remain unperformed, the Developer will make no further assignment, pledge, or disposition either of the Construction Documents or any part of either thereof; nor will the Developer cancel or terminate either of the Construction Documents so as to effect directly or indirectly, proximately or remotely, a termination or diminution of the obligations of the other party or parties thereunder; nor will the Developer, except to the extent required by the terms of either of the Construction Documents, consent to an assignment of the interest and estate of the other party or parties under either of the Construction Documents; and any such acts, if done or permitted to be done without the prior written consent of the Corporation, shall be null and void and shall constitute an Event of Default.

Section 7. Performance of Corporation's Obligations Under the Construction Documents; Further Assurances. The Developer covenants with the Corporation to observe and perform all the obligations imposed upon it under the Construction Documents and not to do or permit to be done anything to impair the security thereof; to exercise any option or election contained in or relating to either of the Construction Documents which the Corporation shall require; at the Corporation's request, to assign and transfer to the Corporation by specific assignment of rights and documents, in the form of this Assignment any and all subsequent Construction Documents (it being understood and agreed that no such specific assignment shall be required for such subsequent Construction Documents to be covered by and included within this Assignment as provided herein); and to execute and deliver at the request of the Corporation all such further assurances and assignments in the rights and documents covered by the Construction Documents as the Corporation shall from time to time require.

Section 8. Corporation Not Liable for Losses; Indemnification. The Corporation shall not be liable for any loss sustained by the Developer resulting from any act or omission of the Corporation in exercising its rights and remedies under this Assignment unless such loss is caused by the willful misconduct and bad faith of the Corporation, nor shall the Corporation be obligated to perform or discharge any obligation, duty, or liability under the Construction Documents or under or by reason of this Assignment or the exercise of rights or remedies hereunder. The Developer shall and does hereby agree to indemnify the Corporation for, and to hold the Corporation harmless from, any and all liability, loss, or damage which may or might be incurred under either of the Construction Documents or under or by reason of this Assignment or the exercise of rights or remedies hereunder and from any and all claims and demands whatsoever which may be asserted against the Corporation by reason of any alleged obligations or undertakings on its part to perform or discharge any of the terms, covenants, or agreements contained in either of the Construction Documents. Should the Corporation incur any such liability under either of the Construction Documents or under or by reason of this Assignment or the exercise of rights or remedies hereunder or in defense of any such claims or demands, the amount thereof, including costs, expenses, and reasonable attorneys' fees, shall be secured hereby, and the Developer shall reimburse the Corporation therefor immediately upon demand. This Assignment shall not operate to place responsibility upon the Corporation for the carrying out of any of the terms and conditions of either of the Construction Documents.

Section 9. No Waiver by the Corporation. Nothing contained herein and no act done or omitted by the Corporation pursuant to the powers and rights granted it hereunder shall be deemed to be a waiver by the Corporation of its rights and remedies under the Development Agreement or a waiver or curing of any Event of Default, and this Assignment is made and accepted without prejudice to any of the rights and remedies possessed by the Corporation under the terms of the Development Agreement. The right of the Corporation to enforce any other security for the Development Agreement held by it may be exercised by the Corporation either prior to, simultaneously with, or subsequent to any action taken by it hereunder.

Section 10. Corporation Deemed a Creditor of Other Parties to the Construction Documents. The Corporation shall be and is deemed to be the creditor of the other party or parties under the Construction Documents in respect of any and all claims for damages, assignments for the benefit of creditors, and bankruptcy, reorganization, insolvency, dissolution, or receivership proceedings affecting such party or parties (without obligation on the part of the Corporation, however, to file or make timely filings in such proceeding or otherwise to pursue creditor's rights therein). The Developer hereby assigns to the Corporation any and all damages and any and all money received in connection with such assignment for the benefit of creditors or in any such bankruptcy, reorganization, insolvency, dissolution, or receivership proceeding with option to the Corporation to apply such damages or any money received by the Corporation as such creditor in reduction of any obligations owed to the Corporation under the Development Agreement in such order as the Corporation, in its sole and absolute discretion, may determine. The Developer hereby appoints the Corporation its attorney-in-fact to appear in any action and/or to collect any such money or payment.

Section 11. Effect of Waivers and Consents by the Corporation. The Corporation may at any time and from time to time in writing (a) waive compliance by the Developer with any covenant herein made by the Developer to the extent and in the manner specified in such writing; (b) consent to the Developer's doing any act which hereunder the Developer is prohibited from doing, or consent to the Developer's failing to do any act which hereunder the Developer is required to do, to the extent and in the manner specified in such writing; or (c) release any part of the Construction Documents, or any interest therein from this Assignment. No such act shall in any way impair the rights of the Corporation hereunder except to the extent specifically agreed to by the Corporation in such writing.

Section 12. Corporation's Rights Not Impaired. The rights and remedies of the Corporation hereunder shall not be impaired by any indulgence, including but not limited to (a) any renewal, extension, or modification which the Corporation may grant with respect to the Development Agreement, or (b) any surrender, compromise, release, renewal, extension, exchange, or substitution which the Corporation may grant in respect of either of the Construction Documents or any part thereof or any interest therein.

Section 13. Parties Included. Whenever one of the parties hereto is named or referred to herein, the heirs, representatives, successors, endorsees, and assigns of such party shall be included, and all covenants and agreements contained in this Assignment, by or on behalf of the Developer or the Corporation, shall bind and inure to the benefit of their respective heirs, representatives, successors, endorsees, and assigns, whether so expressed or not.

Section 14. Headings. The headings of the articles, sections, paragraphs, and subdivisions of this Assignment are for convenience of reference only, are not to be considered a part hereof, and shall not limit or expand or otherwise affect any of the terms hereof.

Section 15. Invalid Provisions to Affect No Others. A determination that any provision of this Assignment is unenforceable or invalid shall not affect the enforceability or validity of any other provision hereof, and any determination that the application of any provision of this Assignment to any person or circumstance is illegal or unenforceable shall not affect the enforceability or validity of such provision as it may apply to any other persons or circumstances.

Section 16. Changes, etc. Neither this Assignment nor any term hereof may be changed, waived, discharged, or terminated orally, or by any action or inaction, but only by an instrument in writing signed by the party against which enforcement of the change, waiver, discharge, or termination is sought. Any agreement hereafter made by the Developer and the Corporation relating to this Assignment shall be superior to the rights of the holder of any intervening lien or encumbrance.

Section 17. Addresses for Notices, etc. All notices and other communications provided for hereunder shall be in writing and shall be deemed given or furnished when mailed certified mail, return receipt requested, to the Corporation at SLU Box 10709, Hammond, Louisiana 70402 (Attention: Executive Director) and to the Developer at 431 Office Park Drive, Birmingham, Alabama 35223 (Attention: President). Either party hereto may change the address for said notice by appropriately notifying the other party in writing.

Section 18. Governing Law. This Assignment is made by the Developer and accepted by the Corporation in the State, with reference to the laws of the State, and shall be construed, interpreted, enforced, and governed by and in accordance with such laws (excluding the principles thereof governing conflicts of law).

Section 19. Entire Agreement. This Assignment and the documents expressly referred to herein embody the entire agreement and understanding between the parties hereto with respect to the subject matter hereof and supersede all prior agreements and understandings relating to the subject matter.

Section 20. Required Consents to Amendments. The Developer covenants and agrees not to amend, modify, or supplement this Assignment, the Development Agreement, or any of the Construction Documents without the prior written consent of the Corporation, the Trustee, and MBIA Insurance Corporation (the "**Bond Insurer**").

Section 21. Third Party Beneficiary. The Bond Insurer shall be and is hereby explicitly recognized as being a third-party beneficiary hereunder and may enforce any right, remedy, or claim conferred, given, or granted hereunder.

Section 22. Limitation on Rights of the Bond Insurer. Notwithstanding anything contained in this Assignment to the contrary, all rights of the Bond Insurer hereunder to receive notices, to give approvals, to make requests, or to consent or give instruction or direction with respect to declarations, extensions, remedies, waivers, rescissions, actions, or amendments shall be suspended for so long as the Bond Insurer shall be in default under any of its obligations under its bond insurance policies insuring the payment of the Series 2004 Bonds.

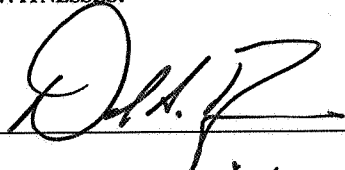

Section 23. Enforceability. The Developer represents and warrants to the Corporation that this Assignment and each of the Construction Documents is valid and enforceable against the Developer in accordance with its terms.

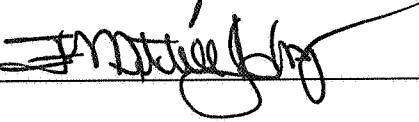

Section 24. Counterparts. This Assignment may be executed in any number of counterparts, each of which shall be an original and all of which, when taken together, shall constitute but one and the same instrument.

IN WITNESS WHEREOF, the Developer has caused these presents to be executed as of the day and year first hereinabove written.

Section 2.2 Preparation for Each Auction; Maintenance of Existing Owner Registry.

(a) A list of Broker-Dealers is attached as Exhibit A hereto. Not later than seven days prior to any Auction Date for which any change in such list of Broker-Dealers is to be effective, the Trustee, at the direction of an Authorized Issuer Officer, will notify the Auction Agent in writing of such change and, if any such change is the addition of a Broker-Dealer to such list, shall cause to be delivered to the Auction Agent, for execution by the Auction Agent, a Broker-Dealer Agreement signed by such Broker-Dealer. (iii) The Auction Agent shall be required to register in the Existing Owner Registry a transfer of Series 2004B from an Existing Owner to another Person only if (A) such transfer is made to a Person through a Broker-Dealer and if (B)(i) such transfer is pursuant to an Auction or (ii) the Auction Agent has been notified in writing (1) in a notice substantially in the form of a Notice of Transfer by such Existing Owner, the Participant of such Existing Owner or the Broker-Dealer of such Existing Owner of such transfer or (2) in a notice substantially in the form of a Notice of Failure to Deliver or Make Payment by the Broker-Dealer of any Person that purchased or sold Series 2004B in an Auction of the failure of such Series 2004B to be transferred as a result of the Auction. Except as permitted by Section 2.10 hereof, the Auction Agent shall keep confidential any such information and shall not disclose any such information so provided to any Person other than the relevant Broker-Dealer, the Issuer and the Trustee, provided that the Auction Agent reserves the right to disclose any such information if (i) it is ordered to do so by a court of competent jurisdiction or a regulatory body, judicial or quasi judicial agency or authority having the authority to compel such disclosure, (ii) it is advised by counsel that its failure to do so would be unlawful or (iii) failure to do so would expose the Auction Agent to liability, loss, claim or damage for which the Auction Agent has not received indemnity satisfactory to it.

(e) The Auction Agent shall send by telecopy or other means a copy of any Notice of Bonds Outstanding received from the Trustee to each Broker-Dealer in accordance with Section 4.3 of the applicable Broker-Dealer Agreement.

The rate of interest on the Series 2004B shall be the Non-Payment Rate on the Auction Date for (A) each subsequent Auction Period commencing after such occurrence and during the continuance of such a Payment Default, and (B) any subsequent Auction Period commencing less than two Business Days after the cure or waiver of any Payment Default in accordance with the Indenture. The Auction Rate on the Series 2004B for each Interest Accrual Period commencing at least two Business Days after any waiver or cure of a Payment Default shall be determined through implementation of the Auction Procedures.

(iv) If a proposed Fixed Rate Conversion under Section 3.21 of the Indenture or a proposed Variable Rate Conversion under Section 3.22 of the Indenture under the circumstances described in Section 4(A) (iii) – (v) of the Notice of Conversion to a Variable Rate attached as Exhibit L to the Indenture shall have failed, then the rate of interest for the Series 2004B shall be the Maximum Auction Rate as of the failed Conversion Date for the Interest Accrual Period commencing on such date, and the Auction Agent shall provide written notice thereof, by delivery or telecopy or similar means, to the Trustee no later than 12:00 noon on the Business Day immediately following such failed Fixed Rate Conversion Date or Variable Rate Conversion Date.

(a) The Auction Agent is acting solely as agent of the Issuer hereunder and owes no duties, fiduciary or otherwise, to any other Person by reason of this Agreement and no implied duties, fiduciary or otherwise, shall be read into this Agreement.

(b) The Auction Agent undertakes to perform such duties and only such duties as are expressly set forth in this Agreement, and no implied covenants or obligations shall be read into this Agreement against the Auction Agent. In no event shall the Auction Agent be liable for special, indirect or consequential loss or damage of any kind whatsoever.

(d) The Auction Agent shall not agree to any amendment to a Broker-Dealer Agreement without the prior written consent of the Issuer, which consent shall not be unreasonably withheld.

(e) The Auction shall not be: (i) required to, and does not, make any representations or have any responsibilities as to the validity, accuracy, value or genuineness of any signatures, endorsements, other than its own, on any document delivered pursuant to or as contemplated by this Agreement; (ii) obligated to take any legal action hereunder that might, in its judgment, involve any expense or liability, unless it has been furnished with indemnity satisfactory to the Auction Agent; and (iii) responsible for or liable in any respect on account of the identity, authority or rights of any Person executing or delivering or purporting to deliver any document under this Agreement, any Broker-Dealer Agreement, or any other instrument executed in connection with the transactions contemplated herein.

The Auction Agent shall not be liable for acting upon any such communication authorized hereby (including but not limited to, any telephone communication or other electronic communication acceptable to the parties) authorized by this Agreement which the Auction Agent believes in good faith to have been given by the Trustee, the Issuer or by a Broker-Dealer or any agent thereof. The Auction Agent may record telephone communications with the Trustee, the Issuer or with any of the Broker-Dealers.

(b) The Auction Agent may consult with counsel of its choice, and the advice of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon.

(c) The Auction Agent shall not be required to advance, expend or risk its own funds or otherwise incur or become exposed to financial liability in the performance of its duties hereunder.

(e) The Auction Agent shall have no obligation to enforce or monitor or liability in respect of the registration or exemption therefrom of the Series 2004B (or any beneficial ownership

Section 4.5 Compensation of Broker-Dealers.

(a) Unless the Series 2004B are no longer maintained in the Book-Entry System, not later than 2:00 p.m. on each Business Day following each (i) Auction Rate Adjustment Date with respect to each Auction Period of not greater than 180 days, or (ii) calendar quarter when the Auction Period is greater than 180 days, the Trustee shall pay to the Auction Agent solely from moneys available in the Operating Fund an amount (the "Broker-Dealer Fee") equal to the product of (A) a fraction, the numerator of which is the number of days since the latter of the closing date or the date the fee was last paid and the denominator of which is 360 times (B) the Broker-Dealer Fee Rate times (C) the aggregate principal amount of Outstanding Series 2004B at the close of business on the first Business Day of such period. The Auction Agent shall advise the Trustee of the Broker-Dealer Fee not later than 4:00 p.m. on the Business Day prior. The Auction Agent shall apply such monies as set forth in the Broker-Dealer Agreements.

(b) The Auction Agent shall pay the Broker-Dealer Fee as provided in Section 4.5(a) above solely out of amounts received by the Auction Agent pursuant to the Indenture. The "Broker-

If so requested, the Auction Agent shall advise the Issuer and the Trustee at least annually of the prevailing rate. The Broker-Dealer Fee Rate may be adjusted from time to time with the approval of an Authorized Issuer Officer upon a written request of the Broker-Dealer delivered to the Trustee and the Issuer. The initial Broker-Dealer Fee Rate shall be 0.25 of 1% per annum. If the Broker-Dealer Fee Rate is changed pursuant to the terms hereof, the Trustee shall notify the Auction Agent thereof in writing. Section 4.6 Representations and Warranties of the Auction Agent. The Auction Agent hereby represents and warrants that:

(a) this Agreement has been duly and validly authorized, executed and delivered by the Auction Agent and constitutes the legal, valid and binding limited obligation of the Auction Agent;

(b) to the best of its knowledge, neither the execution and delivery of this Auction Agreement, the consummation of the transactions contemplated hereby nor the fulfillment of or compliance with the terms and conditions of this Auction Agreement will conflict with, or violate or result in a breach of the terms, conditions or provisions of, or constitute a default under the organizational documents of the Auction Agent, any law or regulation, or any order or decree of any court or public Issuer having jurisdiction over the Auction Agent, or any mortgage, resolution, contract, agreement or undertaking to which the Auction Agent is a party or by which it is bound; and

(c) any approvals, consents and orders of any governmental issuer, legislative body, board, agency or commission having jurisdiction over the Auction Agent which would constitute a condition precedent to or the absence of which would materially adversely affect the due performance by the Auction Agent of its obligations under this Agreement have been obtained.

THE AUCTION

Section 2.1. Purpose; Incorporation by Reference of Auction Procedures and Settlement Procedures.

(a) The Auction Agent shall conduct Auctions on each Auction Date in accordance with the Auction Procedures for the purpose of determining the Auction Rate for the Series 2004B during each Interest Accrual Period after the Initial Period.

(b) All of the provisions contained in the Auction Procedures and the Settlement Procedures are incorporated herein by reference in their entirety and shall be deemed to be a part of this Agreement to the same extent as if such provisions were fully set forth herein.

(c) BD agrees to act as, to assume the obligations of and to be subject to the limitations and restrictions placed upon a Broker-Dealer under this Agreement. BD understands that other Persons meeting the requirements of a Broker-Dealer contained in the Auction Agency Agreement may execute Broker-Dealer Agreements and participate as Broker-Dealers in Auctions.

Section 2.2. Preparation for Each Auction.

(a) Not later than 9:30 a.m. on each Auction Date, the Auction Agent shall calculate the All-Hold Rate and the Maximum Auction Rate and shall provide notice by telephone or other electronic communication acceptable to the parties thereof to the Broker-Dealers, the Authority and the Trustee.

(b) In the event that the Auction Date for any Auction shall be changed after the Auction Agent has given the notice of such Auction, the Auction Agent, by such means as the Auction Agent deems practicable, shall give notice of such change to BD not later than 9:15 a.m. on the earlier of the new Auction Date or the old Auction Date. Thereafter, BD shall use its best efforts to promptly notify its customers who are Existing Owners of such change in the Auction Date.

(c) From time to time upon request of the Auction Agent, BD shall provide the Auction Agent with a statement in writing of the aggregate amount of Series 2004B held by BD as an Existing Owner for its own account or otherwise.

(d) The Auction Agent shall send to BD by telecopy or other means a copy of any Notice of Bonds Outstanding received from the Trustee in the manner prescribed under Section 4.3 hereof.

Section 2.3. Auction Schedule; Method of Submission of Orders.

(a) The Auction Agent shall conduct Auctions in accordance with the schedule set forth below. Such schedule shall be changed by the Auction Agent if directed in writing by the Trustee and the Market Agent, to reflect then currently accepted market practices for similar auctions. The

Auction Agent shall give written notice of any such change to BD. Such notice shall be given prior to the close of business on the Business Day next preceding the first Auction Date on which any such change shall be effective. Notwithstanding the foregoing, the Auction Agent will follow The Bond Market Association's Market Practice U.S. Holiday Recommendations for shortened trading days for bond markets (the "BMA Recommendation") unless the Auction Agent is instructed otherwise to the Market Agent or the Trustee. In the event of a BMA Recommendation on an Auction Date, the Submission Deadline will be 11:30 A.M. instead of 1:00 P.M. and as a result the notice of Auction results will occur at an earlier time.

<u>Time</u>	<u>Event</u>
By 9:30 A.M.	Auction Agent advises the Trustee, the Authority and the Broker-Dealers of the All-Hold Rate and the Maximum Auction Rate to be used in determining the Auction Rate under the Auction Procedures, the Indenture and the Auction Agency Agreement.
9:30 A.M. - 1:00 P.M.	Auction Agent assembles information communicated to it by Broker-Dealers as provided in Section 3.15(c)(i) of the Indenture. Submission Deadline is 1:00 P.M.
As soon as practical after 1:00 P.M.	Auction Agent makes determinations pursuant to Section 3.15(c)(i) of the Indenture. Auction Agent then advises the Corporation and the Broker-Dealers of the Auction Rate as provided in Section 3.15(c)(ii).
By approximately 3:00 P.M. but not later than the close of business	Auction Agent advises the Trustee of results of the Auction as provided in Section 3.15(c)(ii) of the Indenture. Submitted Bids and Submitted Sell Orders are accepted and rejected as provided in Section 3.15(d) of the Indenture.

The Auction Agent shall follow the notification procedures set forth in paragraph (a) of the Settlement Procedures. The Auction Agent, unless instructed otherwise in writing by the Market Agent or the Trustee, is authorized to release the Winning Bid Rate after each Auction for public dissemination.

(b) BD agrees to maintain a list of Potential Owners and to contact such Potential Owners on such list on or prior to each Auction Date for the purpose of participating in the Auction on such Auction Date.

(c) BD shall submit Orders to the Auction Agent in writing by delivering an Order Form. BD shall submit a separate Order to the Auction Agent for each Potential Owner or Existing

Owner on whose behalf BD is submitting an Order and shall not net or aggregate the Orders of any such Potential Owners or Existing Owners.

(d) BD shall deliver to the Auction Agent (i) a Notice of Transfer with respect to any transfer of Series 2004B made through BD by an Existing Owner to another Person other than in connection with an Auction, and (ii) a Notice of Failure to Deliver or Make Payment with respect to (A) a seller's failure to deliver any of the Series 2004B to any Person that purchased Series 2004B through BD pursuant to a prior Auction, or (B) a purchaser's failure to make payment to any Person that sold and delivered Series 2004B through BD pursuant to a prior Auction; provided, however, the Auction Agent shall not be required to accept any such notice(s) delivered by BD in connection with an Auction unless received prior to 3:00 p.m. on the Business Day next preceding the related Auction Date.

(e) BD agrees to handle its customers' Orders in accordance with its duties under applicable securities laws and rules.

Section 2.4. Notices.

(a) On each Auction Date, the Auction Agent shall provide notification to BD of the information set forth in paragraph (a) of the Settlement Procedures. Upon the request by BD, by approximately 10:30 a.m. on the Business Day next succeeding each Auction Date, the Auction Agent shall notify BD in writing of the disposition of all Orders submitted by BD in the Auction held on such Auction Date.

(b) BD shall provide notification to each Existing Owner or Potential Owner (on whose behalf BD submitted an Order) of the information set forth in paragraph (b) of the Settlement Procedures and take such other action as is required of BD pursuant to the Settlement Procedures.

(c) The Auction Agent shall deliver to BD all notices and certificates that the Auction Agent is required to deliver to BD at such times and in such manner set forth in the Auction Agency Agreement.

Section 2.5. Service Charge To Be Paid To BD.

(a) Not later than 2:00 p.m. on the Business Day following each (i) Auction Rate Adjustment Date with respect to each Auction Period of not greater than 180 days, or (ii) calendar quarter when the Auction Period is greater than 180 days, the Auction Agent shall pay to BD a fee, in immediately available funds, from monies received from the Trustee, in an amount equal to the product of (A) a fraction, the numerator of which is the number of days since the latter of the closing date or the date the fee was last paid and the denominator of which is 360, times (B) the Broker-Dealer Fee Rate (as defined in Section 4.5 of the Auction Agency Agreement), times (C) the aggregate principal amount of Series 2004B placed by BD in such period that were (x) the subject of Submitted Bids of Existing Owners submitted by BD and continued to be held as a result of such submission and (y) the subject of Submitted Bids of Potential Owners submitted by BD and purchased as a result of such submission, plus (I) the aggregate principal amount of Series 2004B subject to valid Hold Orders submitted to the Auction Agent by BD, plus (II) the aggregate principal

amount of Series 2004B that were covered by Hold Orders deemed to have been submitted by Existing Owners that were acquired by such Existing Owners through BD.

(b) For purposes of subparagraph (a) above, if any Existing Owner who acquired Series 2004B through the BD transfers those Series 2004B to another Person other than in connection with an Auction, then BD shall continue to be the Broker-Dealer through which the Series 2004B so transferred were acquired; provided, however, that if the transfer was effected by, or if the transferee is a Broker-Dealer other than BD, then such other Broker-Dealer shall be the Broker-Dealer through which such Series 2004B were acquired.

Section 2.6. Settlement.

(a) If BD fails to instruct its Participant to deliver the Series 2004B against payment therefore with respect to a Bid or Sell Order submitted on behalf of any Existing Owner that was accepted, BD may deliver to a Potential Owner on whose behalf BD submitted a Bid that was accepted, the Series 2004B in a principal amount less than such amount specified in such Bid. Notwithstanding the foregoing terms of this Section 2.6(a), any delivery or nondelivery of Series 2004B which departs from the results of an Auction (as determined by the Auction Agent) shall have no effect unless and until notice in writing of such delivery or nondelivery shall have been provided to the Auction Agent in accordance with Section 2.3(e) hereof. The Auction Agent shall have no duty or liability with respect to enforcement of this Section 2.6(a).

(b) None of the Auction Agent, the Trustee or the Issuer shall have any duty or liability with respect to the failed delivery or nonpayment of Series 2004B sold or purchased by an Existing Owner, a Potential Owner or its respective Participant pursuant to the Auction Procedures or otherwise. The Auction Agent shall have no responsibility for any adjustment of the fees paid pursuant to Section 2.5 hereof as a result of any failed delivery or nonpayment described in this Section 2.6(b).

The Auction Agent may record telephone communications with BD.

(b) The Auction Agent may consult with counsel of its choice, and the advice of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon.

(c) The Auction Agent shall not be required to advance, expend or risk its own funds or otherwise incur or become exposed to financial liability in the performance of its duties hereunder.

(d) The Auction Agent may perform its duties and exercise its rights hereunder either directly or by or through agents, attorneys, nominees or custodians and shall not be responsible for any misconduct or negligence on the part of, or for the supervision of, any agent, attorney, nominee or custodian appointed by it with due care hereunder.

God; earthquakes; fires; floods; wars; civil or military disturbances; acts of terrorism; sabotage; epidemics; riots; interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; and acts of civil or military authority or governmental actions; it being understood that the Auction Agent shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

(f) The Auction Agent shall have no obligation to enforce or monitor or liability in respect of the registration or exemption therefrom of the Series 2004B (or any beneficial ownership interest therein) under any federal or state securities laws or in respect of any transfer of the Series 2004B (or any beneficial ownership interest therein) pursuant to the terms of this Agreement, any Broker-Dealer Agreement or any other document contemplated by any thereof, including, but not limited to, compliance with any such laws in regards to any such registration, exemption or transfer or in respect of any of the DTC's procedures applicable to transactions between itself and its agent members or others.

Section 3.3. The Auction Agent's Disclaimer.

Section 3.4. Representations and Warranties of BD.

BD represents and warrants to the Auction Agent that:

(a) This Agreement has been duly and validly authorized, executed and delivered by BD and, assuming due authorization, execution and delivery by the Auction Agent, constitutes the legal, valid and binding obligation of BD, enforceable in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium and other laws relating to or affecting creditors' rights generally and by general equity principles;

(b) The execution, delivery and performance of this Agreement by BD do not and will not conflict with, or result in a violation of, the terms, conditions or provisions of, or constitute a default under any law, decree, order, rule or regulation of any court or governmental agency having jurisdiction over the Trustee, or any agreement, indenture, instrument, mortgage or undertaking to which BD is a party or by which it is bound; and

(c) All approvals, consents and orders of any governmental authority, legislative body, board, agency or commission having jurisdiction over BD which would constitute a condition precedent to or the absence of which would materially adversely affect the due performance by BD of its obligations under this Agreement have been obtained.

(ii) in the case of a Broker-Dealer that is a Buyer's Broker-Dealer, advise each Potential Owner on whose behalf such Buyer's Broker-Dealer submitted a Bid that was accepted, in whole or in part, to instruct such Potential Owner's Participant to pay to such Buyer's Broker-Dealer (or its Participant) through the Securities Depository the amount necessary to purchase the principal amount of Series 2004B to be purchased pursuant to such Bid against receipt of such principal amount of Series 2004B;

(iii) in the case of a Broker-Dealer that is a Seller's Broker-Dealer, instruct each Existing Owner on whose behalf such Broker-Dealer submitted a Sell Order that was accepted, in whole or in part, or a Bid that was accepted, in whole or in part, to instruct such Existing Owner's Participant to deliver to such Seller's Broker-Dealer (or its Participant) through the Securities Depository the principal amount of Series 2004B to be sold pursuant to such Bid or Sell Order against payment therefor;

(iv) advise each Existing Owner on whose behalf such Broker-Dealer submitted an Order and each Potential Owner on whose behalf such Broker-Dealer submitted a Bid of the Auction Rate for the next Interest Accrual Period;

(v) advise each Existing Owner on whose behalf such Broker-Dealer submitted an Order of the next Auction Date, including, without limitation, Existing Owners deemed to have submitted Hold Orders pursuant to the Indenture; and

(vi) advise each Potential Owner on whose behalf such Broker-Dealer submitted a Bid that was accepted, in whole or in part, of the next Auction Date.

(c) On the basis of the information provided to it pursuant to paragraph (a) above, each Broker-Dealer that submitted a Bid or Sell Order in an Auction is required to allocate any funds received by it pursuant to paragraph (b)(ii) above, and any Series 2004B received by it pursuant to paragraph (b)(iii) above, among the Potential Owners, if any, on whose behalf such Broker-Dealer submitted Bids, the Existing Owners, if any, on whose behalf such Broker-Dealer submitted Bids or Sell Orders in such Auction, and any Broker-

(d) On each Auction Date:

(i) each Potential Owner and Existing Owner with an Order in the Auction on such Auction Date shall instruct its Participant as provided in (b)(ii) or (b)(iii) above, as the case may be;

(ii) each Seller's Broker-Dealer that is not a Participant in the Securities Depository shall instruct its Participant to deliver such Series 2004B through the Securities Depository to a Buyer's Broker-Dealer (or its Participant) identified to such Seller's Broker-Dealer pursuant to (a)(v) above against payment therefor; and

(iii) each Buyer's Broker-Dealer that is not a Participant in the Securities Depository shall instruct its Participant to pay through the Securities Depository to a Seller's Broker-Dealer (or its Participant) identified following such Auction pursuant to (a)(vi) above the amount necessary to purchase the Series 2004B to be purchased pursuant to (b)(ii) above against receipt of such Series 2004B.

(e) On the Business Day following each Auction Date:

(i) each Participant for a Bidder in the Auction on such Auction Date referred to in (d)(i) above shall instruct the Securities Depository to execute the transactions described under (b)(ii) or (b)(iii) above for such Auction, and the Securities Depository shall execute such transactions;

(ii) each Seller's Broker-Dealer or its Participant shall instruct the Securities Depository to execute the transactions described in (d)(ii) above for such Auction, and DTC shall execute such transactions; and

(iii) each Buyer's Broker-Dealer or its Participant shall instruct DTC to execute the transactions described in (d)(iii) above for such auction, and DTC shall execute such transactions.

(f) If an Existing Owner selling Series 2004B in an Auction fails to deliver such Series 2004B (by authorized book-entry), a Broker-Dealer may deliver to the Potential Owner on behalf of which it submitted a Bid that was accepted a principal amount of Series 2004B that is less than the principal amount of Series 2004B that otherwise was to be purchased by such Potential Owner. In such event, the principal amount of Series 2004B to be so delivered shall be determined solely by such Broker-Dealer (but only in Authorized Denominations). Delivery of such lesser principal amount of Series 2004B shall constitute good delivery. Notwithstanding the foregoing terms of this paragraph (f), any delivery or nondelivery of Series 2004B which shall represent any departure from the results of an Auction, as determined by the Auction Agent, shall be of no effect unless and until the Auction Agent shall have been notified of such delivery or nondelivery in accordance with

the provisions of the Auction Agent and the Broker-Dealer Agreements. Neither the Trustee nor the Auction Agent will have any responsibility or liability with respect to the failure of a Potential Owner, Existing Owner or their respective Broker-Dealer or Participant to take delivery of or deliver, as the case may be, the principal amount of the Series 2004B purchased or sold pursuant to an Auction or otherwise.

Section 2.5. Service Charge To Be Paid To BD.

(a) Not later than 2:00 p.m. on the Business Day following each (i) Auction Rate Adjustment Date with respect to each Auction Period of not greater than 180 days, or (ii) calendar quarter when the Auction Period is greater than 180 days, the Auction Agent shall pay to BD a fee, in immediately available funds, from monies received from the Trustee, in an amount equal to the product of (A) a fraction, the numerator of which is the number of days since the latter of the closing date or the date the fee was last paid and the denominator of which is 360, times (B) the Broker-Dealer Fee Rate (as defined in Section 4.5 of the Auction Agency Agreement), times (C) the aggregate principal amount of Series 2004B placed by BD in such period that were (x) the subject of Submitted Bids of Existing Owners submitted by BD and continued to be held as a result of such submission and (y) the subject of Submitted Bids of Potential Owners submitted by BD and purchased as a result of such submission, plus (I) the aggregate principal amount of Series 2004B subject to valid Hold Orders submitted to the Auction Agent by BD, plus (II) the aggregate principal

Notwithstanding the foregoing terms of this Section 2.6(a), any delivery or nondelivery of Series 2004B which departs from the results of an Auction (as determined by the Auction Agent) shall have no effect unless and until notice in writing of such delivery or nondelivery shall have been provided to the Auction Agent in accordance with Section 2.3(e) hereof. The Auction Agent shall have no duty or liability with respect to enforcement of this Section 2.6(a).

(b) None of the Auction Agent, the Trustee or the Issuer shall have any duty or liability with respect to the failed delivery or nonpayment of Series 2004B sold or purchased by an Existing Owner, a Potential Owner or its respective Participant pursuant to the Auction Procedures or otherwise. The Auction Agent shall have no responsibility for any adjustment of the fees paid pursuant to Section 2.5 hereof as a result of any failed delivery or nonpayment described in this Section 2.6(b).

ARTICLE III

AGREEMENT TO INDEMNIFY

Subject to the provisions of Article IX hereof, the Issuer shall indemnify MBIA against any and all liability, claims, loss, costs, damages, fees of attorneys and other expenses that MBIA may sustain or incur by reason of or in consequence of:

(a) the failure of the Issuer to perform or comply with the covenants or conditions of the Issuer in this Agreement or the Related Documents;

(b) enforcing any covenants or conditions of the Issuer in the Related Documents or this Agreement, including, but not limited to, sums paid, liabilities incurred or expenses paid or incurred in connection with:

(i) settlement of claims, suits or judgments under the Insurance Policy with respect to the Bonds,

(ii) enforcing the terms of the Insurance Policy with respect to the Bonds,

(iii) procuring or attempting to procure release from liability with respect to the Bonds, or

(iv) recovering or attempting to recover losses or expenses paid or incurred in connection with (A) the Bonds, (B) the Related Documents or this Agreement, (C) or the transactions contemplated hereby and thereby; or

(c) reliance by MBIA upon representations made by the Issuer regarding defenses to claims made against the Insurance Policy.

(d) any amendment, waiver or other action with respect to this Agreement or the Financing Agreements, or related thereto, whether or not executed or completed;

(e) the violation by Issuer of any law, rule or regulation, or any judgment, order or decree applicable to it;

(f) any litigation or other dispute in connection with this Agreement or the Financing Agreements or the transactions contemplated thereby, other than amounts resulting from the failure of MBIA to honor its obligations under the Insurance Policy.

An itemized statement of payments, with particularity as to the computation and derivation of such payments, made by MBIA for any of the purposes specified in this Article III, certified by an officer of MBIA and accompanied by the voucher or vouchers for such payment, shall be prima facie evidence of the liability of the Issuer and, if the Issuer fails to reimburse MBIA within two business days of receipt of such statement of payments, interest shall be computed on such amount from the date of the payment made by MBIA at the rate set out in Article IV, clause (d) hereof.

ARTICLE IV

REIMBURSEMENT RIGHTS OF MBIA

The Issuer agrees to make the following payments to MBIA, subject to the provisions of Article IX hereof:

(a) the premium, as required to be paid pursuant to paragraph 1 of the MBIA Commitment to the extent such payment is not otherwise timely made;

(b) the reimbursement of all payments made by MBIA under the terms of the Insurance Policy;

(c) all other amounts required to be paid to MBIA pursuant to the terms of this Agreement, in connection with the transactions contemplated by the Bonds, the Related Documents, this Agreement and the Insurance Policy upon written notice from MBIA of the amounts so owed with particularity as to the computation and derivation of such amounts; and

(d) interest on the amounts owed in clauses (a), (b) or (c) of this Article IV from the date of any payment due or paid as described in clauses (a) or (b) and from the date of receipt of written notice from MBIA, as provided in clause (c), at Citibank's prime rate plus 3% per annum, said "prime rate" being the rate of interest publicly announced from time to time by Citibank, in New York, New York, as its prime or base rate. The rate charged by MBIA pursuant to the immediately preceding sentence shall change and take effect on the date specified in Citibank's announcement of its change of its prime rate. The rate of interest shall be calculated on the basis of a 365 or 366-day year as the case may be for the actual number of days accrued. If the interest provisions of this clause (d) shall result in an effective rate of interest which, for any period, transcends the limit of the usury or any other laws applicable to the indebtedness created herein, then all sums in excess of those lawfully collectible as interest for the period in question shall, without further agreement or notice between or by any party hereto, be applied (i) as additional interest for any later periods of time when amounts are outstanding hereunder to the extent that interest otherwise due hereunder for such periods plus such additional interest would not transcend the limit of the usury or such other laws, (ii) any excess shall be applied upon principal immediately upon receipt of such moneys by MBIA, with the same force and effect as if the Issuer had specifically designated such extra sums to be so applied and MBIA had agreed to accept such extra payment(s) as additional interest for such later periods (iii) any remaining excess shall forthwith be refunded to Issuer. In no event shall any agreed-to or actual exaction as consideration for the indebtedness created herein transcend the limits imposed or provided by the law applicable to this transaction for the use or detention of money or for forbearance in seeking its collection.

ARTICLE V

SUBROGATION RIGHTS OF MBIA

To the extent of payments made and expenses incurred by MBIA that pertain to the Bonds and are made in connection with the Insurance Policy or this Agreement, MBIA shall be fully subrogated to the Issuer's rights under the Related Documents to which the Issuer is a party, but shall not be obligated to assume (but has the right to assume) any of the Issuer's obligations, in respect of such documents. The Issuer will at any time, and from time to time at the request of MBIA, execute any reasonable instrument, document or agreement, and take any other reasonable action, that MBIA may consider necessary or desirable to affect this right of subrogation. Nothing herein shall be construed to place MBIA in a security position superior to that of the Trustee or the Bondholders.

ARTICLE VI

EVENTS OF DEFAULT

Section 6.01. *Events of Default Described.* The happening of any one or more of the following events shall constitute an "Event of Default" and, upon the occurrence of any such Event of Default, MBIA may exercise the remedies specified herein:

- (a) failure by the Issuer to make any payment required by Article IV hereof;
- (b) other than as permitted by the terms of the Financing Agreements, the dissolution or liquidation of the Issuer or the voluntary initiation by the Issuer of any proceeding under any federal or state law relating to bankruptcy, insolvency, arrangement, reorganization, readjustment of debt or any other form of debtor relief, or the initiation against the Issuer of any such proceeding, or failure by the Issuer to promptly have discharged any execution, garnishment or attachment of such consequence as would materially impair the ability of the Issuer to carry on its operations, or assignment by the Issuer for the benefit of creditors, or the entry by the Issuer into an agreement of composition with creditors or the failure generally by the Issuer to pay its debts as they become due;
- (c) any representation of or warranty by the Issuer made in this Agreement or the Related Documents is untrue in any material respect;
- (d) the failure of the Issuer to observe or perform in any material respect any covenant, condition or provision of this Agreement;
- (e) the occurrence and continuation of an event of default by the Issuer (however defined) under any of the Related Documents;
- (f) any material amendment to the Related Documents shall have been made without the prior written consent of MBIA; or

(g) any material provision of this Agreement or the Related Documents to which the Issuer is a party shall at any time for any reason cease to be valid and binding, unless by their terms they cease to be valid and binding, on the Issuer, or shall be declared to be null and void, or the validity or enforceability of any thereof shall be contested by the Issuer or any governmental agency or authority or if the Issuer shall deny that it has any further liability or obligation under this Agreement or the Related Documents to which it is a party, except to the extent that such further liability or obligation is limited under this Agreement or the Related Documents.

Section 6.02. Remedies. Whenever an Event of Default referred to in Section 6.01 hereof shall have happened and be continuing, MBIA may take any one or more of the following remedial steps:

(a) exercise its rights of subrogation pursuant to Article V hereof;

(b) exercise any rights of subrogation with respect to the Issuer that it may have under the Insurance Policy;

(c) take whatever other action at law or in equity as may appear necessary or desirable to collect the amounts then due and thereafter to become due under this Agreement or to enforce performance and observance of any obligation, agreement or covenant of the Issuer under this Agreement; or

(d) pursue any remedy it may have with respect to the Issuer under any of the Related Documents.

Section 6.03. No Remedy Exclusive. Unless otherwise expressly provided, no remedy herein conferred upon or reserved is intended to be exclusive of any other available remedy, but each remedy shall be cumulative and shall be in addition to other remedies given under this Agreement or existing at law or in equity. No delay or omission to exercise any right or power accruing under this Agreement upon the happening of any Event of Default set forth in Section 6.01 hereof shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle MBIA to exercise any remedy reserved to it in this Article VI, it shall not be necessary to give any notice, other than such notice as may be required in this Article VI.

ARTICLE VII

SETTLEMENT

MBIA shall have the exclusive right to decide and determine whether any claim, liability, suit or judgment made or brought on the Insurance Policy shall or shall not be paid, compromised, resisted, defended, tried or appealed, and MBIA's decision thereon, if made in good faith, shall be final and binding upon the Issuer.

ARTICLE VIII

OBLIGATIONS OF ISSUER ABSOLUTE

Subject to the provisions of Article IX hereof, the obligations of the Issuer to make payments under this Agreement shall be absolute, unconditional and irrevocable and shall be paid strictly in accordance with the terms of this Agreement under all circumstances whatsoever, including, without limitation, the following circumstances:

- (a) any lack of validity or enforceability of any of the Related Documents;
- (b) any amendment or waiver of or any consent to departure from all or any of the Related Documents;
- (c) the existence of any claim, setoff, defense or other right which the Issuer may have at any time against the Trustee or any other person or entity other than MBIA, whether in connection with this Agreement, the transactions contemplated herein or in the Related Documents or any unrelated transactions;
- (d) any statement made or any other document presented by Issuer, under or in connection with the Insurance Policy or the MBIA Commitment proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein with respect to the Issuer being untrue or inaccurate in any respect whatsoever; or
- (e) payment by MBIA under the Insurance Policy under circumstances, which do not comply with the terms of the Insurance Policy, *provided* that such payment shall not have constituted gross negligence or willful misconduct on the part of MBIA.

ARTICLE IX

LIMITED RECOURSE

The owners, members, shareholders, officers, partners, directors, agents, representatives, attorneys, employees of the Issuer shall have no personal, corporate, partnership and/or company liability, as applicable, for the obligations, indebtedness or liabilities hereunder for any claim or demand based thereon or otherwise in respect thereof or based on or in respect of this Agreement; provided, however, that nothing herein shall (a) be deemed to prevent recourse to or enforcement against Corporation's leasehold interest in the Facilities for all liabilities, obligations and undertakings contained in the Financing Agreements; (b) limit or otherwise prejudice in any way the rights of Trustee, MBIA or any Bondholder under the Mortgage and other Related Documents; or (c) limit the ability of MBIA to seek injunctive or other equitable relief against the owners, members, shareholders, officers, partners, directors, agents, representatives, employees of the Issuer to compel the Issuer to comply with the obligations of the Issuer under the Related Documents and this Agreement.

The purpose of this Management Agreement (the "Agreement") is to set forth the understanding by and between UFI, Agent, and University relative to the management of existing student housing and student housing currently under development, on the University campus in Hammond, LA.

Scope of Work

- A. The Agent shall provide management of student housing facilities, resident student life programs, and administration of student housing operations to include: staffing, marketing and rental of the facilities, enforcement of leases, administration of ongoing maintenance and capital improvements of student housing facilities, and operation of the resident student life programs.
- B. With the primary objective of ensuring the excellence of SLU's student housing program, the Agent will design a student housing operation including resident student life programs that attracts students to live on campus, enhances student's quality of life, enhances the retention of students and contributes significantly to their educational experience.
- C. The Agent's services will consist of management of student housing facilities owned or operated by UFI wherein the quality, the manner of service, and the economy of price to the consumer are the primary considerations, and must be satisfactory and subject to the supervision and control of UFI. UFI shall have no direct supervision of employees of the Agent, and any communication of employee matters shall be through the designated representatives of the parties.

Recitals

In consideration of the mutual promises and covenants herein contained, UFI and Agent agree as follows:

Section 1. Appointment and Acceptance. UFI appoints the Agent as exclusive agent for the management of the on campus student housing facilities at Southeastern Louisiana University, and the Agent accepts the appointment, subject to the terms and conditions set forth in this Agreement.

Section 2. Description of Project. The property to be managed by the Agent under this Agreement is the existing and proposed on campus student housing facilities located on the campus of Southeastern

Louisiana University, located within the city of Hammond, Louisiana and hereafter referred to as “the Project”.

Section 3. Management Services of the Project. The Agent will be responsible for all management operations as well as Residence Life programming. As a directive from UFI, provision of services as enumerated in Section 3.2 below will be contracted with the University by the Agent.

Section 3.1 Provision of Services by Agent:

(a) **Staffing.** Agent will employ an adequate staff to manage the Project and will have full authority and complete supervision over the employment, discharge and performance of duties of all personnel used in the management of the Project. The Agent shall use its commercially reasonable best efforts in the management of the Project and to collect the rents and other income due and to become due there from and to otherwise perform the manager functions, as may be determined jointly by UFI and Agent. Management of the Project includes practices that are specific requirements for student residences owned by UFI. These specific requirements are set forth in this Agreement and exhibit thereto, including, but not limited to, the following minimum staffing requirements for on-site professional personnel:

1. A General Manager (GM) preferably with residence life experience at the college or university level or requisite work experience in student housing. The compensation package for the GM may include a rent-free Apartment in the Project and an annual salary and benefits to be reasonably determined by Agent and approved by UFI upon approval of the annual operating budget. Agent will conduct a thorough background check on the General Manager in order to determine whether the applicant has a good work history, and is free from criminal convictions and civil suits which would reflect adversely on his suitability as a General Manager, which background check shall be provided to UFI upon its completion. In the event that UFI and University are not reasonably satisfied with the qualifications or performance of the GM, UFI or University may request that Agent replace the GM. UFI and University reserve the right to participate in the annual review and evaluation of the General Manager. UFI and University reserve the right (but does not have a duty) to require the replacement of any on-site management personnel because of operating difficulties reasonably determined to be the result of inferior on-site management.
2. An Assistant General Manager (AGM) preferably with residence life experience at the college or university level or requisite work experience in student housing. The compensation package for the AGM may include a rent-free Apartment in the Project and an annual salary and benefits to be reasonably determined by Agent and approved by UFI upon approval of the annual operating budget. Agent will conduct a thorough background check on the AGM in order to determine whether the applicant has a good work history, and is free from criminal convictions and civil suits which would reflect adversely on his suitability as an AGM, which background check shall be provided to UFI upon its completion. In the event that UFI and University are not reasonably satisfied with the qualifications or performance of the AGM, UFI or University may request that Agent replace the AGM. UFI and University reserve the right to participate in the annual review and

evaluation of the AGM. UFI and University reserve the right (but does not have a duty) to require the replacement of any on-site management personnel because of operating difficulties reasonably determined to be the result of inferior on-site management.

3. At least one Community Assistant (CA) per 75 residents within the Project. The CA(s) must be students in good standing enrolled at Southeastern Louisiana University. The CA will be required to serve the following primary functions:
 - (i) monitoring to assure resident personal safety and fire safety,
 - (ii) developing personal acquaintances with all residents over which they have supervision,
 - (iii) advising a resident association,
 - (iv) monitoring conduct problems occurring within the Project and responding to resident complaints concerning such conduct problems, including enforcement of policies established by UFI and SLU.
 - (v) providing orientation of incoming students residing in the Project,
 - (vi) assisting with the resolution of interpersonal conflicts among residents of the Project,
 - (vii) responding to and processing resident maintenance complaints and reporting needed repairs to the GM,
 - (viii) assisting the GM in planning and programming social activities and special events for residents of the Project, and
 - (ix) performing administrative functions as needed to assist with the operation of the property, including working regularly scheduled desk and on-call shifts, mail delivery, and other duties as assigned and necessary.
4. UFI and Agent will add or subtract additional staff upon mutual agreement.
5. The Agent will assign for duty at the Project only employees acceptable to UFI. Assignment of management personnel must be approved by UFI, said approval of the employees not to be unreasonably withheld by UFI and the University. In the event of a proposed change in management personnel, the Agent will provide UFI and the University adequate and timely notice and will endeavor to expeditiously fill the management position. Management personnel are defined as the General Manager and Assistant General Manager (s).
 - (b) **Marketing.** The Agent will supervise the marketing activities for the Project. Advertising expenses will be paid out of the Operating Fund as defined in Section 3.2. (b) and treated as Project expenses. The Agent shall implement a Student Life Plan and a University Housing Marketing Plan subject to approval by UFI and the University, in effect pursuant to the terms of this Agreement.
 - (c) **Rentals.** The Agent will supervise the on-site staff in the renting of the dwelling units. Incident thereto, the following provisions will apply:
 1. The Agent will coordinate the initial leasing activities with the designated Southeastern Louisiana University liaison.

2. The Agent will follow the tenant selection policies as prescribed from time to time by the designated Southeastern Louisiana University liaison.
3. The Agent will train the on-site staff to show the Project to prospective tenants and to learn other leasing procedures as specified in the leasing plan.
4. The Agent will supervise the taking and processing of applications for student rentals.
5. The Agent will prepare all student housing leases on the best terms available for UFI but in all events subject to the terms hereof, and will cause them to be executed by the resident; and Agent, the General Manager, or such other person as designated by Agent.

(d) **Enforcement of Leases.** The Agent will use its commercially reasonable best efforts to secure full compliance by each tenant with the terms of his lease. Voluntary compliance will be emphasized. The Agent, General Manager or any Assistant General Manager may lawfully terminate any tenant when, in their reasonable judgment, sufficient cause (including but not limited to nonpayment of rent) for such termination occurs under the terms of such tenant's lease. For this purpose, the Agent and/or the General Manager and/or the Assistant General Manager is authorized to bring action for eviction and to execute notice to vacate and judicial proceedings incident to such actions in the name of and on behalf of UFI. Agent will inform University of incidents concerning lease violations and pending resident evictions by notifying the designated Southeastern Louisiana University liaison. Further, the Agent is authorized to sue for a recovery of rents, upon prior approval of UFI, and when appropriate, to settle, compromise and release such actions or suits, or reinstate such tenancies. The Agent shall keep UFI informed of such actions as requested and follow reasonable instructions as UFI may prescribe for the conduct of any such action. Attorney's fees and other necessary costs incurred in connection with such actions will be paid out of the Operating Fund as Project expenses and will be reflected in the annual operating budget as such.

(e) **Capital Improvements.**

1. Agent will prepare a Student Housing Capital Budget Plan (the "Capital Budget Plan") and periodically advise UFI **and the University** of the status of the Plan. The Agent is authorized at the Project's expense to make contracts for all renovations, repairs, additions, or improvements falling under the category of Capital Improvements and outlined in the Capital Budget Plan, subject to the prior written approval of UFI.
2. Agent shall provide UFI with advance written notification (hereinafter "Work Notification") of any proposed work done in accordance with the Capital Budget Plan. The Work Notification shall be provided to UFI as far in advance of the work as possible, shall be coordinated with UFI to assure the minimum disruption to the student tenants occupying the Project (including reasonable notice to such student tenants) and shall consist of a general description of the work, when it will occur, its location by building and room, and building materials which the work may contact or disturb. Agent shall cooperate with UFI personnel to provide any other pertinent information they may request with regard to the Work Notification.

- (f) **Noninterrupted Services.** The Agent will have provisions in place for non-interrupted services in case of the loss of student housing facilities for any reason; for both short and long-term periods. Agent will have a designated representative(s) as part of the university's Emergency Response Team.

Project) Series 2004A, Series 2004B and Series 2004C (the "Bonds"). The Bonds are being issued pursuant to a certain

To the extent Agent is required to remit any portion of the Management Fee for any particular Fiscal Year to cause the Debt Service Coverage Ratio for such Fiscal Year to be not less than 1.10, such portion of the Management Fee so remitted shall accrue and be paid out of

<i>Weight</i>	<i>Measure for Management and Operation of the Project</i>	<i>Raw Score</i>	<i>Weighted Score</i>
<i>.50</i>	<i>Property Manager Staffing was maintained at levels indicated by the Management Agreement</i>		
<i>1.0</i>	<i>Resident Satisfaction is assessed, reported and, if necessary, concerns are addressed</i>		
<i>1.5</i>	<i>Marketing efforts are Successful</i>		
<i>2.0</i>	<i>Rental/Leasing Activity is performed according to the Management Agreement</i>		
<i>1.0</i>	<i>Records are maintained and activities are reported according to the Management Agreement and bond documents.</i>		
<i>1.0</i>	<i>The Property is adequately Maintained and Repaired</i>		
<i>2.0</i>	<i>The Budget was submitted and followed according to the bond documents and Capital Improvements are addressed accordingly</i>		
<i>1.0</i>	<i>Manager's actions have been within the granted authority</i>		
<i>10.00</i>	<i>Total Score</i>		

The Executive Director and three Policy Committee Members not representing the Property Manager will score each of the above 8 measures from 1-4. The raw scores will be combined and will result in a total possible raw score in each area between 4 and 16. A raw score of less than 75% of the total eligible raw score for that factor will be considered a deficiency. An action plan may be developed by the Property Manager to address any deficiencies. The total Weighted Score will then be calculated with a total possible score between 40 and 160 to measure overall performance. An overall score of less than 120 will be considered a deficiency.

In the event any such inspections or monitoring shall cause any delays in the progress of the development of the Project, the Guaranteed Date of completion of the applicable Project Phase shall be extended by the number of days of such delay, provided that any such claimed delays must be noticed by Developer to the Foundation within fourteen (14) days after the event causing any such delay.

III. Developer's Turnkey Services.

- A. In return for the Foundation's commitment in this Agreement to pay Developer the Guaranteed Maximum Price for each Project Phase, Developer shall perform the Services and deliver each finished Project Phase to the Foundation on a turnkey basis at a total cost to the Foundation not greater than the Guaranteed Maximum Price for each such Project Phase, subject to change orders as contemplated in Section XXI and as otherwise provided herein.
- B. Developer shall provide the Services generally described in Exhibit 9, which shall include all design, development and construction services necessary to complete the Project, the services the Foundation is obligated to cause the Developer to perform under the Ground Lease, any other services specifically contemplated to be performed by the Foundation under the Ground Lease (to the extent they pertain directly to the design, development and construction of the Project) and other services directly related to the Project which are customarily and reasonably within the general scope of the Services and Developer's responsibilities.
- C. Developer may contract with any qualified Consultant to perform any one or more of the Services, provided, however, regardless of how Developer may contract for or obtain any services, labor or materials in connection with the development of the Project, the Developer has responsibility for the completion of the Project as set forth in the Plans and Specifications, within the time period set forth herein, and at a cost not to exceed the Guaranteed Maximum Price for each Project Phase, except as specifically provided herein.
- D. Developer shall perform the Services in accordance with the standard of care and expertise normally employed by development firms performing similar services, and all duties under this Agreement shall be measured and interpreted in accordance with such standard of performance.
- E. Developer shall cause to be warranted by the General Contractor that each completed Project Phase will be of first class quality, will be in conformity with the Construction Documents, and free of material defects in workmanship and materials for 12 months after Final Completion of such Project Phase, and Developer shall cause the General Contractor to repair or replace any defective part of the applicable Project Phase discovered during that 12-month period, all without cost or expense to the Foundation. For purposes of this Section, "material defects in workmanship and materials" shall not include ordinary wear and tear, misuse, abuse, or improper maintenance. In no event shall the warranty period for any Project Phase extend beyond 12 months after Final Completion of such Project Phase.
- F. Developer shall assist the Foundation in conducting a one year warranty inspection of each Project Phase prior to the expiration of the twelve month warranty period as identified in the Construction Documents to be executed between Developer and the General Contractor for construction of the Project. Developer shall also assist the Foundation in enforcement of warranties and coordinate all warranty work until all provisions of the one year warranty period are satisfied. Developer shall be entitled to reimbursement from the Foundation for all reasonable

costs incurred in conducting such warranty inspection, in enforcement of warranties and in the coordination of all warranty work, including without limitation, travel, lodging, professional fees incurred to third parties, and the like.

- G. Prior to Final Completion of each Project Phase, the Developer will obtain and submit to the Foundation all certifications by Developer, the Architect, the General Contractor and others, together with schedules, documents and copies of documents, permits and approvals, application for payment, monthly progress reports, and any other information required under the Indenture, as the case may be.

IV. The Term; Project Schedule; Time of Essence.

- A. The term of this Agreement begins on the Effective Date and ends on the Termination Date or otherwise as provided in this Agreement (the "Term"). The Parties recognize that Developer has performed some Services prior to the Effective Date.
- B. The Foundation may, at the direction of SELU, at any time prior to the financial closing for the Project-Phase III, elect in writing to terminate this Agreement with respect to the Project-Phase III. Upon the election of the Foundation to terminate this Agreement with respect to the Project-Phase III, Developer shall have no further rights hereunder to develop and construct the Project-Phase III, provided however, that Developer shall be entitled to receive from the Foundation, within thirty (30) days of receipt of the Foundation's election to terminate this Agreement, reimbursement for all expenditures reasonably incurred by Developer in furtherance of the Project-Phase III. Further, if such election to terminate this Agreement with respect to the Project - Phase III shall be received by Developer on or after March 1, 2005, Developer shall be entitled to receive thirty-three percent (33%) of the Development Fee-Phase III, which shall be paid to Developer at the time Developer is reimbursed for its expenditures reasonably incurred with respect to the Project-Phase III. In no event shall the Foundation have any right to terminate this Agreement with respect to any Project Phase after the Commencement Date for such Project Phase, other than upon the occurrence of Developer Default that is not cured within the applicable cure periods contained herein. In the event that this Agreement is terminated due to Developer Default that is not cured within the applicable cure periods contained herein, in no event shall Developer be entitled to receive any portion of the Development Fee not applicable to the Project Phase under construction at the time of the occurrence of such Event of Default.

- C. The Project Schedule-Phase I as approved by SELU is attached as Exhibit 13. The Project Schedule-Phase II shall be finalized, agreed to by SELU and the Parties, and attached hereto as Exhibit 14 prior to the commencement of construction on the Project-Phase II, and the Project Schedule-Phase III shall be finalized, agreed to by SELU and the Parties, and attached hereto as Exhibit 15 prior to the commencement of construction on the Project-Phase III. In no event shall the number of days in the Construction Phase of any Project Phase be less than that contemplated in Exhibit 1, unless Developer shall specifically consent to any such reduction(s) in writing. The Project Schedule for any Project Phase will be revised as needed to reflect changes to such Project Phase approved by the Foundation. The parties acknowledge that the Project Schedule

for any Project Phase shall be preliminary until the time of financial close for such Project Schedule.

- D. Time is of the essence in the performance of this Agreement.
- E. Developer acknowledges that its failure to complete any Project Phase in a timely manner will result in substantial damages to the Foundation which are extremely difficult and impractical to ascertain or compute at the outset of this Agreement. In lieu of all other damages related to timely completion, the Foundation and Developer, desiring to stipulate a measure of damages reasonably proportionate to the amount of actual damages that would be sustained by the Foundation in the event of Developer's delay in performance, agree that, as liquidated damages and not as a penalty, Developer shall, for each day after the Guaranteed Date for any Project Phase, during which students who are parties to signed, valid lease agreements for such Project Phase are unable to occupy their dwelling units in such Project Phase, and to the extent that such students cannot be housed in any existing residence halls on the campus on SELU due to such residential halls being occupied by other SELU students or such residence halls then being unfit for human occupancy due to reasonable health and safety concerns, pay the direct costs incurred to place such students in temporary housing accommodations selected by Developer and reasonably approved by the Foundation and SELU, such as extended stay motel or hotel rooms, alternative dormitories or similar accommodations. Further, Developer shall make reasonably available to such students placed in temporary housing some form of mass transportation to the campus of SELU if such temporary housing is located further than one-half (1/2) mile from the campus of SELU. In no event shall Developer pay any temporary housing costs or mass transportation costs in excess of actual costs incurred.

V. Limitations and Restrictions.

- A. Developer shall comply with the Ground Lease, and shall comply with the Management Agreement to the extent not inconsistent with this Agreement. Developer shall not take or allow any action within its control to be taken which would, with the passage of time or the giving of notice, cause an Event of Default under the Ground Lease or the Management Agreement. As between the Foundation and Developer, if a conflict exists between the Ground Lease as compared to this Agreement, then this Agreement then the Ground Lease will control. As between the Foundation and Developer, if a conflict exists between the Management Agreement as compared to this Agreement, then this Agreement will control.
- B. Developer, Consultants, and their respective contractors, subcontractors, subconsultants, agents, employees, and others supplying labor, equipment, or material by or through them to the Project may not do any of the following without the Foundation's prior written consent:
1. Make any expenditure or incur any obligation on behalf of the Foundation unless otherwise permitted by this Agreement; or
 2. Make any change to the Project affecting quality, function or appearance, the Guaranteed Date for Substantial Completion of any Project Phase or the date for Final Completion of any Project Phase. The Parties understand and agree that the General Contractor may adjust near-term schedules from time to time in order for Developer to achieve Substantial Completion by the Guaranteed Date of any Project Phase and/or Final Completion by the date for Final Completion of any Project Phase.

- C. Notwithstanding Section V(B), Developer may act, if Developer in its reasonable, good faith judgment considers that such action is necessary to preserve the structural integrity of any Project Phase, to protect the safety and welfare of people or property, to comply with the requirements of a governmental authority, or to avoid an Event of Default under the Ground Lease and/or the Use Agreement (an "Emergency"). If Developer takes such Emergency action, Developer will immediately notify the Foundation of the action taken, and any appropriate Project change order (see Section XXI) shall be issued in connection with such Emergency action.
- D. Although SELU is not a party to this Agreement, it is understood and agreed between Parties that the Foundation seeks to act in accordance with the intentions of SELU regarding the development, design, construction and equipping of the Project and that the Ground Lease in some instances requires SELU's consent or approval. In order to effectuate any such required approval, Developer agrees to furnish SELU with copies of all notices furnished to the Foundation under this Agreement, to the address and in the manner specified in the Ground Lease, and to recognize SELU's right to approve or consent to any such matters as provided therein.
- E. Notwithstanding anything contained in this Agreement to the contrary, it is understood that the Ground Lease places certain requirements on the Foundation relating to the development, design, construction and equipping of the Project. Developer's attention is specifically directed to all of the provisions of the Ground Lease setting such forth such requirements, and Developer assumes toward the Foundation to the same obligations that the Foundation has assumed toward SELU under the Ground Lease, except to the extent expressly limited or as otherwise provided to the contrary in this Agreement.

VI. Development Team.

- A. Developer shall supply qualified staff and employ qualified Consultants to perform all of Developer's responsibilities and obligations under this Agreement in a prompt and timely manner. All such qualified staff shall be paid by the Developer from the Development Fee, and all such qualified Consultants shall be paid out of the Development Budget.
- B. In the performance of this Agreement, Developer and Consultants (including, but not limited to, the General Contractor) shall comply with all applicable laws and regulations, including those affecting employees.
- C. Developer, Consultants and all personnel used or employed by Developer and Consultants to perform the Services shall have and keep all required or necessary licenses, permits, and insurance coverages.

VII. Development Budget.

- A. The Parties have negotiated the Development Budget-Phase I and Phase II (set forth on Exhibit 10) (which does not include the "Project Costs Outside Development Budget", if any). It is the total budget for all costs related to the Project - Phase I and the Project - Phase II design, development and construction. Portions of such budget applicable to the Project - Phase II have yet to be finalized. The Development Budget - Phase III (which shall be set forth on Exhibit 12) shall be finalized, agreed to by the Parties and attached hereto prior to the Commencement Date for the Project - Phase III, respectively. For each Project Phase:

1. the Total Construction Budget Amount plus the Total Soft-Cost Budget Amount plus the Development Fee equals the Guaranteed Maximum Price.
 2. the component line item costs of the Total Construction Budget Amount and the Total Soft-Cost Budget Amount are the Development Costs.
- B. The Development Budget for any Project Phase will be revised as needed to reflect changes to such Project Phase approved by the Foundation, and to reflect modifications in the costs, financing or otherwise, for each Project Phase based upon prevailing market conditions and Credit Enhancer requirements as of the date of the applicable Project Phase closing. The Parties acknowledge that such Development Budgets, including financing costs, shall be preliminary estimates until such time.
- C. With respect to any particular Project Phase, Developer may reallocate demonstrated costs savings in any component line items of the Development Costs to other component line items of the Development Costs so long as the Guaranteed Maximum Price for such Project Phase is unaffected.

VIII. The Project Development Account.

- A. Within ten days after the execution of this Agreement and prior to the Commencement Date-Phase I, Developer shall open and thereafter keep open until Final Completion of the Project-Phase I and the Project-Phase II, one operating account for the Project-Phase I and the Project-Phase II. Prior to the Commencement Date-Phase III, Developer shall open and thereafter keep open one separate operating account for the Project-Phase III (the operating account for the Project-Phase I and the Project-Phase II, and the operating account for the Project-Phase III are sometimes hereinafter referred to singularly as a "Project Development Account" and collectively as the "Project Development Account"). The Project Development Account shall be at a bank or other financial institution in Birmingham, Alabama approved by the Foundation. The Project Development Account shall be opened and maintained in the name of the Developer, and only the signature of Developer shall be required on checks drawn on the Project Development Account.
- B. Developer shall deposit all Draws and Development Fee installments into the applicable Project Development Account.
- C. Developer shall make all Project payments to itself, Consultants, and Suppliers from the Project Development Account.
- D. Developer shall make, keep, and furnish to the Foundation upon request accurate records of all deposits and withdrawals from the Project Development Account. Each withdrawal record made by Developer shall indicate the associated Draw Request, the payee, the amount, the date, the type of Development Cost involved, and any other information that the Foundation reasonably requires.
- E. Developer shall send to the Foundation full and accurate copies of each month's Foundation Project Development Account statement showing all deposits, payments, and withdrawals from the Foundation Project Development Account.

- F. All funds in the Project Development Account shall be separate from all other funds of Developer. Developer may not commingle any of Developer's funds with funds in the Project Development Account.
 - G. If there exists an Event of Default by Developer, then the Foundation may assume sole control of the Foundation Project Development Account after five business days' notice to Developer.
 - H. Subject to Section XVI(D), upon Final Completion of any Project Phase the funds remaining in the Foundation Project Development Account, including any interest earned, shall be allocated to the Foundation and Developer, but only if:
 - 1. All Development Costs owed to others have been paid; and
 - 2. No Default by Developer has occurred that has not been cured in all respects.
 - I. A single Project Development Account shall be opened for the Project-Phase I and the Project-Phase II, and a separate Project Development Account shall be opened for the Project-Phase III. Funds in the Project Development Account with respect to the Project-Phase I and the Project-Phase II may not be commingled with funds from the Project-Phase III except as may be expressly consented to by the Foundation or SELU, or as may be reasonably necessary to coordinate the financings for the various Project Phases. Savings from the Project – Phase I and the Project – Phase II, if any, will be held for use on the Project – Phase III if necessary.
- IX. Draw Requests and Draws.**
- A. For each Project Phase Developer shall make all requests (“Draw Requests”) for payments (“Draws”) of Development Costs in writing to the Foundation and provide a copy to SELU.
 - 1. Only one Draw Request may be made in any 30-day period.
 - 2. Each Draw Request shall be made at least 15 days prior to the date funds are requested to be made available.
 - 3. Draws may only be used to pay for Development Costs incurred.
 - 4. Draw Requests shall comply with the Indenture.
 - B. Draw Requests in each Project Phase shall include the following and any other information reasonably required by the Foundation and/or SELU:

 - (a) Supporting Documentation - A copy of all schedules of values for amounts of at least \$10,000 (and, if requested by the Foundation and/or SELU for lesser

amounts for particular items) or other documentation supporting the total amount of the current Draw Request, including:

- (i) An Application and Certificate of Payment (AIA Document G702), or other document acceptable to the Foundation. That document shall include certifications by the Architect, the General Contractor and Developer that construction to the date of the Draw Request is in substantial compliance with the Construction Documents.
 - (ii) A copy of the General Contractor's application for payment, including its conditional lien waivers on progress payments.
 - (iii) Contractors' duly executed unconditional lien waivers (in form capable of being recorded), for progress payments made from the previous Draw.
 - (iv) Other documents reasonably necessary to support Development Costs to be paid by the Draw.
- (b) General Ledger Detail Report - A cash-basis general ledger reflecting all activity from the date of the most recent Draw Request to the date of the current Draw Request.
 - (c) Statement of Cash Receipts and Disbursements - A listing of all sources and uses of cash from the date of the most recent Draw Request to the date of the current Draw Request.
 - (d) Other Supporting Documentation - All other documents and information reasonably required by the Foundation and/or SELU.

C. All Draw Requests shall be submitted to the Foundation with a copy to SELU. All Monthly Progress Reports shall be submitted to the Credit Enhancer.

D. Developer has included Developer's Project Contingency in the Development Budget for each Project Phase. The Foundation and SELU acknowledge that this Developer's Project Contingency is for Developer's exclusive use for costs that are incurred in performing the work required to complete the applicable Project Phase that are not included in a specific line item or the basis for a Project change order under the Contract Documents. By way of example, and not as a limitation, such costs include acceleration, design errors, design omissions, costs in correcting defective, damaged, or nonconforming work, or Subcontractor defaults. No portion of the Developer's Project Contingency shall be available to the Foundation or SELU for any reason (including changes in scope or any other item which might cause the Development Budget for the applicable Project Phase to be exceeded) until after a final accounting of all construction costs and final payment to Developer. Any portion of the Developer's Project Contingency for any particular Project Phase remaining after the Final Completion and a final accounting of all construction costs for such Project Phase may be utilized with respect to any other Project Phase(s) and shall, at the election of Developer, constitute Developer's Project Contingency for such other Project Phase(s). Developer shall provide the Foundation and SELU with a monthly itemization of charges against Developer's Project Contingency, but the consent or approval of the Foundation or SELU to utilization of the Developer's Project Contingency shall not be

required so long as the Developer's Project Contingency is utilized in accordance with this Agreement in furtherance of the Project.

- E. The Foundation and Developer acknowledge and agree that written approval of a particular Draw Request by the Foundation is a prerequisite to funding of such Draw Request or any portion thereof.
- (a) If the Foundation disputes a Draw Request, the Foundation will notify Developer in writing within five (5) business days of Foundation's receipt of the Draw Request, and any failure to reject a Draw Request by such time shall be deemed to constitute acceptance of such Draw Request by the Foundation.
 - (b) Thereafter, Developer may immediately provide any additional information or documentation to the Foundation to satisfy the Foundation of the nature and propriety of the amount in question. If the Foundation continues to dispute a Draw Request after receiving such additional information or documentation, the Foundation will notify Developer in writing within five (5) business days of Foundation's receipt of such additional information, and any failure to continue to reject a Draw Request by such time shall be deemed to constitute acceptance of such Draw Request by the Foundation.
- F. Amounts payable under all Draw Requests for items contained in the Total Construction Budget Amount only for any particular Project Phase (but not for bonding costs of the General Contractor, and not for items contained in the Total Soft Cost Budget Amount or the Development Fee) shall be reduced by a retainage of ten percent (10%) until such time as fifty percent (50%) completion of the applicable Project Phase has been achieved, as mutually determined by Developer and the Foundation. Thereafter, all amounts payable pursuant to Draw Requests for items contained in the Total Construction Budget Amount only for any particular Project Phase (but not for bonding costs of the General Contractor and the first-tier Contractors, and not for items contained in the Total Soft Cost Budget Amount or the Development Fee) shall be reduced by a retainage of five percent (5%) until such time as Substantial Completion of the applicable Project Phase has been achieved. At the time of Substantial Completion of the applicable Project Phase, all retainage shall be released to Developer except for such amount of retainage as is equal to one hundred fifty percent (150%) of the value of all remaining punch list items to be completed to achieve Final Completion of the applicable Project Phase, as mutually determined by Developer and the Foundation. Upon the occurrence of Final Completion of the applicable Project Phase, all remaining retainage shall be released to Developer. These requirements concerning retainage shall be set forth in the applicable Construction Documents.
- G. Developer shall discharge or cause to be discharged of record by bond or otherwise, within twenty (20) days following the date whereupon Developer receives actual knowledge of the filing, of any mechanics' or similar lien filed against any Project Phase for work or materials claimed to have been furnished at Developer's request to or for the benefit of Developer and/or the applicable Project Phase. If Developer shall fail to cause such lien or claim or lien to be so discharged or bonded within such period, in addition to any other right or remedy the Foundation may have, the Foundation may, but shall not be obligated to, discharge such lien or claim or lien by procuring the discharge of such lien or claim or lien by the deposit in a court or by bonding, and, in any event, the Foundation shall be entitled, if the Foundation so elects, to compel the prosecution of any action for the foreclosure of such lien or claim by the lienor or claimant and to pay the amount of the judgment, if any, in favor of the lienor, with interest, costs and allowances. Developer shall be liable to the Foundation, on demand and from time to time, for

any sum or sums so paid by or on behalf of the Foundation and all costs or expenses incurred by the Foundation, including, but not limited to, reasonable attorney's fees actually incurred in prosecuting such discharge or in defending any such action. Developer agrees to provide the Foundation with written notice of any lien filed against any Project Phase promptly following Developer's obtaining actual knowledge of such lien.

X. Developer Records.

- A. Developer shall make and keep records and accounts on a cash basis. They shall be sufficient for financial statements in accordance with generally accepted accounting principles, consistently applied, to be prepared from them.
- B. All books and records made or kept by Developer pertaining to the Project shall be accessible or present at Developer's office in Birmingham, Alabama during the Term; and:
 - 1. They shall be available for and subject to audit, inspection, and copying by the Foundation, the Foundation's Representative, or SELU's Representative during normal business hours, after reasonable notice; and
 - 2. Within 15 days after the Foundation's written request to audit or inspect Developer's books and records, Developer shall as a Development Cost for the applicable Project Phase provide originals or copies of those books and records to the Foundation at the location requested by the Foundation.

XI. Protecting Tax-Exempt Status of Bonds.

The Foundation intends to finance the Development Budget using tax-exempt financing for the Bonds. Developer may not act or allow others within its control to act in any way that would cause the tax-exempt status of the Bonds to be revoked.

- A. All Developer and Services Agreements shall comply with Section 141 of the Internal Revenue Code of 1986, as amended, the Income Tax Regulations promulgated by the Department of Treasury thereunder, and Revenue Procedure 97-13.
- B. If this Agreement is revised or modified, the Foundation, as an expense of the Project, may seek an opinion of Counsel, in form and substance satisfactory to the Foundation:
 - 1. That the revision or modification will not adversely affect the exclusion of interest on the Bonds from gross income of the bondholders; or
 - 2. That without the deletion or modification the Bonds will be fully or partially taxable for purposes of federal income taxation.
- C. To the extent amendments, modifications, or changes to this Agreement are required by law to maintain the tax-exempt status of the Bonds, Developer will consent to and execute such amendments, modifications, and changes; provided, however, that Developer's reasonable costs actually incurred in connection therewith shall be reimbursed by issuing a Project change order with appropriate modification to the compensation provisions of this Agreement.

XII. Project Site Safety and Access; Utilities.

- A. Developer will have full and exclusive responsibility for Project Site safety during the course of performance of this Agreement. Access to the Project Site by the Foundation, SELU and the Trustee shall be as set forth in Section II. Developer, and all persons acting, by, through, under, or at the direction of, Developer, shall have unfettered access to the Project Site beginning on the Effective Date and continuing throughout the Term so as to allow construction activities to occur on a 24 hour, 7 day a week basis. Neither Developer nor any other person or entity engaged in the construction and development of the Project shall be required to spend any funds in improving or upgrading such access. Any limitations or restrictions on such access during the course of construction of any particular Project Phase shall cause the Guaranteed Date for such Project Phase to be extended on a day-for-day basis equal to the length of such limitation on access.
- B. SELU will have full and exclusive responsibility for the provision of all utilities to the Project Site in a timely manner for purposes of enabling Developer to perform the Services in accordance with this Agreement. SELU shall also be responsible for providing primary electrical service from the property line of the Project Site to transformers on the Project Site. Such utilities shall include electricity, water, gas, telephone and fiberoptic cable. Such utilities shall be provided on the various dates specified in the Project Schedule for each Project Phase so that Developer may perform the Services in a timely manner. Alternatively, SELU may direct Developer to provide utilities to any Project Phase; provided, however, the cost of same shall be at the expense of SELU or shall be an increase in the Guaranteed Maximum Price for such Project Phase in the event such utility provision is not anticipated in the Development Budget for such Project Phase. Any delay in provision of the utilities to Project Site in accordance with this Agreement shall cause the Guaranteed Date to be extended on a day-for-day basis equal to the length of such period of time that the applicable utilities are not provided to the Project Site.

XIII. Developer Insurance; Title Insurance.

- A. Throughout the Term Developer shall acquire and maintain in force "Developer Insurance" as provided in Exhibit 16.
- B. The Foundation and Developer waive all rights against each other, and the contractors, subcontractors, consultants, agents, and employees of each other, for damages caused by fire or any other peril to the extent covered by any property insurance obtained under this Section or any other property insurance applicable to the Project work, except rights to proceeds of that insurance.
- C. The Foundation shall obtain and maintain leasehold title insurance for the Project Phases.

XIV. Environmental Matters.

- A. Except for its employees fully qualified to do so, Developer may not:
 - 1. Direct, suffer, or permit any of its Project employees to handle, use, manufacture, store, or dispose of any Hazardous Materials by or under Environmental Laws in or about the Project Site; or
 - 2. Knowingly or negligently suffer or permit:

- (a) Any Hazardous Materials to be used by any third party in any manner not fully in compliance with all Environmental Laws; or
 - (b) The Project Site to become contaminated with any Hazardous Materials.
- B. "Hazardous Materials" are flammables, explosives, radioactive materials, hazardous wastes or materials, toxic wastes or materials, or other similar substances, petroleum products, or derivatives, or any substance subject to regulation by or under Environmental Laws.
- C. "Environmental Laws" are all Federal, state, and local laws and ordinances relating to the protection of the environment or the keeping, use, or disposition of Hazardous Materials, substances, or wastes, presently in effect or adopted after the Effective Date. This includes all amendments to Environmental Laws, and all rules and regulations under any Environmental Laws.
- D. However, Developer may handle, store, use, or dispose of Hazardous Materials to the extent customary and necessary for the performance of Developer's duties under this Agreement. Developer shall always handle, store, use, and dispose of those Hazardous Materials in a safe and lawful manner. Developer shall also take reasonable precautions to prevent those Hazardous Materials from contaminating the land or the environment or violating any applicable laws, regulations, or ordinances of any federal, state, or local governmental authority.
- E. Developer shall promptly provide the Foundation with complete and accurate copies of all disposal tickets for materials (hazardous or not) from the Project Site that are disposed of off the Project Site.
- F. The Developer will provide copies of all MSDS (Material Safety Data Sheets) to the Office of Safety and Materials Management at SELU associated with the delivery of any materials on the campus that would require such MSDS information.

XV. Indemnities.

- A. Developer will indemnify, defend, and hold harmless the Foundation and SELU, and their respective members, designated members, officers, directors, agents, and employees from and against any and all claims, demands, losses, liabilities, actions, lawsuits, and other proceedings, judgments, awards, costs, and expenses (including reasonable attorneys' fees and disbursements) related to the Project arising out of the breach of this Agreement by Developer, its agents, employees, or Consultants, except for:
 - 1. Such claims, demands, losses, liabilities, actions, lawsuits, and other proceedings, judgments, awards, costs, and expenses (including reasonable attorneys' fees and disbursements) as are caused directly by the negligence of the Foundation and/or SELU, or their officers, designated members, members, directors, or employees; and
 - 2. Such claims, demands, losses, liabilities, actions, lawsuits, and other proceedings, judgments, awards, costs and expenses (including reasonable attorneys' fees and disbursements) as are caused, directly or indirectly, by the Existing Site Conditions.

The Foundation will indemnify, defend, and hold harmless Developer, and its officers, directors, agents, and employees from and against any and all claims, demands, losses, liabilities, actions, lawsuits, and other proceedings, judgments, awards, costs, and expenses (including reasonable attorneys' fees and disbursements) to the extent directly related to any Foundation Default, except for such claims, demands, losses, liabilities, actions, lawsuits, and other proceedings, judgments, awards, costs, and expenses (including reasonable attorneys' fees and disbursements) as are caused directly by the negligence of Developer, or its officers, designated members, members, directors, or employees.

B. This Section's provisions survive termination of this Agreement, Final Completion of the Project, and all Services and other activities contemplated by this Agreement.

XVI. Compensation.

As full compensation for Finally Completing each Project Phase and performing the Services under this Agreement with respect to such Project Phase, Developer will be paid by the Foundation the Guaranteed Maximum Price for such Project Phase, consistent with the Development Budget for such Project Phase.

A. Project-Phase I and Project-Phase II

1. The Guaranteed Maximum Price – Phase I equals \$23,336,752 and the Guaranteed Maximum Price-Phase II equals \$22,640,917 (excluding the renovation allowance for Cardinal Newman Hall as reflected on Exhibit 10). To the extent that Developer does not itself provide Services covered by the Total Construction Budget or the Total Soft-Cost Budget for the Project-Phase I and the Project-Phase II, Developer will act as a pass-through to each Consultant and Supplier who provides those Services.
2. The Development Fee – Phase I and Phase II is \$1,680,000.00.
 - (a) The Development Fee – Phase I and Phase II will be paid as follows:
 - (i) thirty-three percent (33%) of the Development Fee – Phase I and Phase II (\$554,400.00) is due upon the closing of the Bond Financing for the Project – Phase I and Phase II; and
 - (ii) sixty-seven percent (67%) of the Development Fee – Phase I and Phase II (\$1,125,600.00) will be paid in monthly installments during the Project Schedule – Phase I and Project Schedule – Phase II, with the first monthly installment due on the first day of the month following the Commencement Date-Phase I. The amount of each monthly installment of that portion of the Development Fee – Phase I and II to be paid during the Project Schedule – Phase I and Project Schedule – Phase II shall be separately calculated monthly, and shall be an amount equal to the Development Fee Completion Portion – Phase I and II (as defined in Exhibit 1).

3. The Finance Coordination Fee – There will be a \$75,000.00 Finance Coordination Fee for the Project-Phase I and the Project-Phase II, due and payable upon the closing of the Bond Financing for the Project – Phase I and Phase II.

B. Project-Phase III

1. The Guaranteed Maximum Price–Phase III shall be mutually determined and agreed upon by the Parties with the consent of SELU, prior to the Commencement Date for the Project - Phase III. To the extent that Developer does not itself provide Services covered by the Total Construction Budget or the Total Soft-Cost Budget for the Project-Phase III, Developer will act as a pass-through to each Consultant and Supplier who provides those Services.
2. The Development Fee – Phase III is \$270,000.00.
 - (a) The Development Fee – Phase III will be paid as follows:

The amount of each monthly installment of that portion of the Development Fee – Phase III to be paid during the Project Schedule – Phase III shall be separately calculated monthly, and shall be an amount equal to the Development Fee Completion Portion – Phase III (as defined in Exhibit 1).
3. The Finance Coordination Fee – Phase III shall be \$29,200.00, and shall be due and payable upon the closing of the Exempt Bond Financing for the Project – Phase III.

C. Development Fee payments may be delayed or withheld in whole or in part if:

1. Developer is not diligently and timely rendering the Services under this Agreement (including providing in the field office, available for inspection by the Foundation or SELU at any time, a complete set of all Construction Documents, including all change orders, supplementary drawings, current as-built Construction Drawings, clarifications, contracts, and purchase orders with Consultants and Suppliers); or
2. Developer Default has occurred and is continuing.

- D. For any Project delay occasioned by the failure of Developer to comply with the terms and conditions of this Agreement, Development Fee installments will be withheld by the Foundation during the delay. The installment schedule will be recalculated based on a revised Development Schedule (prepared by Developer to reflect the delay), and subject to approval by the Foundation. Development Fee installments will not be withheld and the installment schedule will not be**

recalculated for any Project delay occasioned for any reason other than the failure of Developer to comply with the terms and conditions of this Agreement. All remaining Development Fee payments for any Project Phase will be due on Final Completion of such Project Phase.

- E. The Foundation's liability to Developer for payment of the Guaranteed Maximum Price and the Development Fee for each Project Phase will be limited to the proceeds of the Bonds. (The proceeds of the Bonds will equal or exceed the Guaranteed Maximum Price for each Project Phase).
- F. Developer will not be reimbursed for any expenses, except as provided in the Development Budget for each Project Phase or as contemplated herein.
- G. If the actual Development Costs for any Project Phase are less than as provided in the Development Budget for such Project Phase, such savings shall be held and applied, if necessary, to mitigate Development costs in subsequent Project Phases that exceed the Development Budgets for such Project Phases. If upon Final Completion of the Project – Phase III there shall remain any savings, Developer will receive as additional compensation its negotiated portion, if any, of such savings as outlined in Exhibit 21.

XVII. Payment Bonds and Performance Bonds.

For each Project Phase Developer shall cause to be provided the Performance Bond and Payment Bond attached as Exhibit 18, with the General Contractor as contractor and principal; Capstone Development Corp., acting as Developer for the Foundation as the Owner/Obligee; together with a dual obligee rider, naming the Foundation, SELU, and the Credit Enhancer as dual obligees. The Performance Bond and Payment Bond surety shall be obligated to perform all obligations of the General Contractor for each Project Phase.

XVIII. Force Majeure; Termination; Default.

- A. Neither party shall be in default to the extent that any of the following delays its performance or makes its performance impossible ("Force Majeure"): act of God, war, act of terrorism, civil commotion, governmental action, fire, storm, flood, explosion, strike, walkout, other industrial disturbance, Existing Site Conditions, Abnormal Weather Conditions (as defined herein), the delay or inability to obtain any necessary permits for any portion of the Project after using commercially reasonable efforts to obtain same, or any other cause beyond its reasonable control. Developer shall not incur any cost or expense as a result of Force Majeure, and time frames required for performance under this Agreement shall be extended, on a day-to-day basis, during the pendency of any events of Force Majeure. For purposes of this Agreement, "Abnormal Weather Conditions" shall consist of weather conditions that deviate from the average of the proceeding five (5) year climatic range during the same time interval based on National Oceanic and Atmospheric Administration National Weather Service statistics for the locality of the Project Site and based on weather logs kept at the Project Site reflecting the effect of the weather on the progress in completing the Project.
- B. This Agreement will remain in effect until Developer fulfills all of the Services and its obligations under this Agreement, and each Project Phase is Finally Completed (including punch list items), or as otherwise provided in this Agreement.

C. The Foundation may terminate this Agreement (subject to Developer's right to cure) for any default ("Developer Default") by Developer (a Developer Default, after expiration of any applicable grace or cure period hereunder, shall constitute an "Event of Default"). Developer Default includes any one or more of the following:

- 1. Developer files a voluntary proceeding under any bankruptcy or insolvency laws, or is the subject of an order of relief under any present or future law relating to bankruptcy, insolvency, or other relief for debtors;**
- 2. Developer seeks, consents to, or acquiesces in the issuance of an order of relief, appointment of any trustee, receiver, custodian, conservator, or liquidator of Developer, for all or any substantial part of its properties ("acquiesce" includes the failure to file a petition or motion to vacate or discharge any order of relief, judgment, or decree providing for that appointment within the time specified by law);**
- 3. A court of competent jurisdiction enters an order of relief, judgment, or decree approving an involuntary bankruptcy proceeding filed against Developer;**
- 4. Developer seeks any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under any present or future law relating to bankruptcy, insolvency, or other relief for debtors, or Developer consents to or acquiesces (as defined above) in the entry of an order of relief, judgment, or decree, or it is not vacated and not stayed for an aggregate of 60 days after its entry;**
- 5. Any trustee, receiver, custodian, conservator, or liquidator of Developer or of all or any substantial part of its properties is appointed without the consent or acquiescence of Developer and that appointment is not vacated and not stayed for an aggregate of 60 days;**
- 6. Developer materially fails or refuses to provide any of the Services or to perform any other obligation under this Agreement in the manner and within the time required by this Agreement;**
- 7. Developer or a Consultant commits or permits a material breach of any of Developer's duties, liabilities, or obligations under this Agreement without full and timely cure or remedy; or**
- 8. Any act by Developer or any Consultant or other third party employed by or claiming through Developer that causes, or with the passage of time or the giving of notice would cause, an Event of Default under the Ground Lease.**

D. The Foundation shall provide Developer with a written notice of Developer Default that describes the nature of the Developer Default, after which:

- 1. Developer will have 30 days to cure the Developer Default.**
- 2. However, Developer can cure a Developer Default not reasonably capable of being cured within 30 days, if Developer begins the cure within 30 days and then diligently pursues the cure thereof to completion to the reasonable satisfaction of the Foundation.**

- E. Developer may terminate this Agreement (subject to the Foundation's right to cure) for any default ("Foundation Default") by the Foundation (a Foundation Default, after expiration of any applicable grace or cure period hereunder, shall constitute an "Event of Default"). Foundation Default includes any one or more of the following:
1. The Foundation materially fails or refuses to pay Development Costs or otherwise perform any obligation under this Agreement in a manner and within the time required by this Agreement;
 2. The Foundation or a Foundation Representative commits or permits a material breach of any of the Foundation's duties, liabilities or obligations under this Agreement without full and timely cure or remedy;
 3. Any act by the Foundation, any Foundation Representative or any third party employed or claiming through the Foundation that causes, or with the passage of time or the giving of notice would cause, an Event of Default under the Ground Lease and/or the Management Agreement; or
 4. The Foundation unreasonably refuses to approve Project work or otherwise cooperate with Developer hereunder.
- F. Developer shall provide the Foundation with a written Notice of Default that describes the nature of the Foundation Default, after which:
1. The Foundation shall have thirty (30) days to cure the Foundation Default;
 2. However, the Foundation can cure a Foundation Default not reasonably capable of being cured within thirty (30) days, if Foundation begins to cure within thirty (30) days and then diligently pursues the cure thereof to completion to the reasonable satisfaction of Developer.

XIX. Project Completion.

- A. For purposes of this Agreement, each Project Phase will be deemed substantially complete ("Substantially Complete" or "Substantial Completion") when the Services have been substantially performed and the applicable Project Phase's improvements are:
1. Substantially completed as required by the Construction Documents for such Project Phase and the Indenture, as applicable, including all life safety systems, all required temporary certificates of occupancy are issued, the applicable Project Phase housing is reasonably capable of being occupied for its intended purposes, and a punch list of unfinished items has been prepared by Developer and provided to the Foundation; and
 2. All governmental authorities having jurisdiction over occupancy prior to the Final Completion, including the State Fire Marshal, if applicable, have given their approval to occupancy of the applicable Project Phase on a temporary basis pending the occurrence of Final Completion of such Project Phase.

- B.** For purposes of this Agreement, each Project Phase will be deemed finally complete (“Finally Complete” or “Final Completion”) when all Services are fully performed and the applicable Project Phase’s improvements are:
1. Fully completed as required by the Construction Documents for such Project Phase and the Construction Loan or the Indenture, as applicable (including all punch list items) and all required final certificates of occupancy are issued; and
 2. The applicable Project Phase is fully paid for and free from all liens of Developer, Consultants, Suppliers, and Project laborers, and Developer has obtained (at the Foundation’s cost as a Development Cost) an endorsement to the Foundation’s leasehold title insurance policy insuring such lien-free completion (or similar title insurance coverage); and
 3. All governmental authorities with jurisdiction, including the State Fire Marshal, have given their final approval of the applicable Project Phase.
- C.** Substantial Completion of each Project Phase shall occur on or before the Guaranteed Date for such Project Phase, which may be extended at no expense to or obligation of Developer due to (i) Force Majeure, (ii) limitations on access to the Project Site, (iii) monitoring or inspections by the Foundation, SELU and/or the Trustee that cause delays in the applicable Project Phase’s progress, (iv) the Existing Site Conditions, (v) Project change orders, (vi) failure of SELU to provide utilities to the Project Site in a timely manner, and (vii) failure or refusal by Foundation to perform its obligations hereunder that results in a delay in the progress of the applicable Project Phase. Extension of the Guaranteed Date for Substantial Completion of any Project Phase as contemplated in this Section XIX.C. may result in a delay in the financing, Commencement Date, Substantial Completion and/or Final Completion of subsequent Project Phase(s), at no expense to or obligation of Developer; provided however, in no event shall this Agreement require the Substantial Completion or Final Completion of any Project Phase as a condition precedent to the consummation of financing for, or the occurrence of the Commencement Date and initiation of construction activities for, any other Project Phase.
- D.** Final Completion of each Project Phase shall occur within a reasonable time (but in no event less than one hundred fifty (150) days) after the occurrence of Substantial Completion of such Project Phase; provided however, if one or more of the above conditions to Final Completion of such Project Phase is unfulfilled 30 days after written notice thereof from Developer to the Foundation because of any Foundation Default, then Developer may disregard that condition and declare such Project Phase completed under this Agreement.

XX. Related Contracts.

- A.** Developer shall use commercially reasonable efforts to include in all Services Agreements and contracts it executes in connection with the Project an indemnity provision requiring the other contracting party to indemnify and save harmless the Foundation, SELU, and their respective members, designated members, officers, directors, shareholders, agents, and employees (“the Foundation Indemnified Parties”) from and against all claims, losses, and liability resulting from any damage to, injury to, or death of, people or property caused by, occasioned by, in connection with, or arising out of the performance of the Services or work of that contracting party, its employees, or agents, and from and against all related fees, costs, and attorneys’ fees and costs.

- B. Before allowing any Consultant to enter the Project Site to begin any Project work, and for the duration of the Term, Developer shall obtain and deliver to the Foundation and the Bond Insurer copies of the "Principal Consultants' Insurance" as required in Exhibit 17.
- C. Upon Substantial Completion of each Project Phase, the Foundation shall provide the general liability coverage required by the Ground Lease.
- D. Notwithstanding anything contained herein to the contrary, Developer shall not be entitled to obligate the Foundation for any liability beyond its interest in the Project.

XXI. Other SELU Development; Change Orders.

- A. The Foundation and/or SELU may further develop or improve portions of the SELU campus not included within the Project as they or any of them may wish, without Developer's interference or hindrance; provided, however, in no event shall any such development or improvement interfere with the development of the Project or limit access by Developer, General Contractor, any Contractor, Consultant or Supplier to the Project Site.
- B. The Foundation may modify the Project by issuing Project change orders with appropriate modifications to the cost, time, scope of work, or compensation provisions of this Agreement, in all such cases subject to written approval of the Trustee or the Credit Enhancer, if applicable; provided, however, that Developer may raise reasonable timely objection to the issuance of any such change order that does not include an appropriate modification of the cost, time, scope of work, or compensation provisions of this Agreement, as the case may be. If the Project is thus modified, Developer will perform the Project as changed, change the Construction Documents as needed, and consent to and execute any modifications of this Agreement and the Services Agreements related to it as may be reasonably required.
- C. Project change orders shall be implemented in accordance with the following:
 - 1. The Foundation will use a Construction Change Directive ("CCD") for Developer to proceed with changes in the work or project scope. Changes which do not affect time or cost may be handled using the Request for Information ("RFI") format initiated by Developer. In addition, Developer may initiate Change Order Requests without the issuance by the Foundation of a Construction Change Directive.
 - 2. Each Change Order Request shall be initiated by Developer in a format acceptable to SELU and the Foundation, containing all information necessary to evaluate the proposed change. Each Change Order Request for time, cost, or both shall be submitted by Developer to SELU and the Foundation within 30 days after the occurrence of the event that prompts the request, and SELU and the Foundation shall respond within the time requested (no less than five (5) business days) in the Change Order Request.
 - 3. Developer shall include with each Change Order Request the following information.
 - (a) State the proposed change in any component of Development Costs (if any) for the applicable Project Phase.
 - (b) State the proposed change (if any) in the date for Substantial Completion for the applicable Project Phase. If the request is for an extension of time, Developer

shall provide a critical path schedule indicating the date of Substantial Completion before the change, identifying activities impacted by the change and the new date of Substantial Completion of the applicable Project Phase. Developer shall also provide a recovery plan indicating methods and costs for maintaining the date of Substantial Completion of the applicable Project Phase.

- (c) Include all supportive information for cost and time including detailed, itemized proposals from all affected Consultants. Information shall be broken down into the following components:
 - (i) Labor classification, rate, and hours.
 - (ii) Equipment rate and hours.
 - (iii) Material quantities and costs.
 - (iv) Applicable taxes, insurance, and bond.
 - (v) Credit for work deleted (similarly documented).
 - (vi) Overhead and profit (cumulative markup for all levels of Consultants other than the Principal Consultants shall not exceed 20%, and such cap shall not apply to the Principal Consultants).
 - (vii) Justification for any change in time, as described above.

D. Notwithstanding the foregoing, in the event any change order shall not result in any modification of the Guaranteed Maximum Price of the applicable Project Phase, any modification in the Guaranteed Date for Substantial Completion of the applicable Project Phase and will not alter any substantive component of the applicable Project Phase (as to quality or function), the approval of the Foundation and/or SELU of such change order shall not be required regardless of whether such change order shall be paid out of Developer's Project Contingency, or otherwise; provided however, Developer shall provide written notice to the Foundation and SELU of each such change order in lieu of issuing a Change Order request.

E. In the event that, in the solicitation of Project work bids to, and bids from, prospective Consultants or Suppliers, there is any inconsistency between the bid and the estimated amount in the Construction Budget or Soft-Cost Budget, the Developer's Project Contingency for the applicable Project Phase may be used to make up any difference; provided, however, that this shall not apply to the extent of Project work approved by SELU and the Foundation and actually performed that was not included as part of the work covered by such bid.

XXII. Developer's Duties in Case of Loss.

A. Developer shall promptly notify SELU and the Foundation of any fire or other damage to the Project or any portion of the Project Site. Developer will arrange for an insurance adjuster to view the Project Site or the Project before repairs are started. Developer may not settle any losses, complete loss reports, adjust losses, or endorse loss drafts without the Foundation's and the Bond Insurer's, as applicable, prior written consent.

- B. Developer shall promptly notify SELU and the Foundation of any personal injury or property damage occurring to the Project or on the Project Site.

XXIII. Taxes and Contributions; Sales Tax Exemption.

- A. Developer has full and exclusive responsibility and liability for withholding and paying, as may be required by law:
 - 1. All federal, state, and local taxes and contributions concerning, assessed against, or measured by:
 - (a) Developer's earnings under this Agreement, or
 - (b) Salaries, other contributions, or benefits paid or made available to anyone employed by Developer in connection with the Services; and
 - 2. All other taxes and contributions applicable to the Services for which Developer may be responsible.
- B. Developer shall file all returns and reports required in connection with those laws, taxes, contributions, and benefits.
- C. Developer shall assist and cooperate with the Foundation in the Foundation's preparation of federal, state, or local governmental tax or other corporate or non-profit reports or forms.

XXIV. Ownership of Information and Materials.

- A. On termination of this Agreement, Developer shall deliver to the Foundation originals of written data and information generated by or for Developer in connection with the Project; provided, however, (i) the Foundation shall have provided Developer during the Project with the required compensation for such generated data and information, and (ii) Developer shall, for the purposes of Developer's post-termination obligations and dispute resolution, be permitted to retain copies of the written data and information generated by or for Developer in connection with the Project. This includes:
 - 1. Data and information supplied to Developer by the Foundation or the Foundation's contractors or agents;
 - 2. All drawings, plans, logs, photographs, books, records, contracts, agreements, documents, and writings in Developer's possession or control relating to the Services or the Project; and
 - 3. Plans, specifications, and drawings (including as-built Construction Drawings) for the Project or any other element of the Project.
- B. The Foundation may use that data and information without further compensation to Developer or any of its Consultants and their respective contractors, subcontractors, subconsultants, agents, employees and their supplying labor, equipment, or material by or through them to the Project.

- C. Developer may use that data and information (except the Foundation's and any other's proprietary financial information) in marketing its services to other owners or governmental agencies.
- D. Developer may identify itself as the developer of the Project on any sign, advertisement, promotional publication, commercial, or other dissemination of any information about the Project (generically, "Publication").

XXV. Notices.

Each notice, request, and communication required under this Agreement (other than those under Section II.C.) shall be in writing. It will be deemed to have been received: (i) on personal delivery; (ii) on the second business day after its deposit for overnight delivery with a recognized overnight delivery service; (iii) if by facsimile, on receipt of electronic confirmation of its receipt (but only if the facsimile is followed by delivery by United States mail); or (iv) if mailed, on actual receipt (but only if sent by registered or certified mail, with return receipt requested, addressed to the other Party's address below):

Developer will not deny the benefits of this Agreement to any person, or discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, age, or other applicable protected classification. Developer will ensure that the evaluation and treatment of employees are free from such discrimination. Developer, unless exempt, will abide by the terms of all applicable Federal and state non-discrimination provisions.

XXVII. Dispute Resolution.

The Parties will resolve all disputes as provided in Exhibit 20.

XXVIII. Agent for Service of Process; Venue.

- A. If Developer is not a resident of the State of Louisiana, is an association or partnership without a member or partner resident in the State of Louisiana, or is a foreign corporation, Developer will appoint an agent for service of process in the State of Louisiana.
- B. If Developer fails to appoint that agent, the Secretary of State of the State of Louisiana will be Developer's agent for the purpose of service of process in any court action involving Developer, the Foundation, SELU, the City, or the Parish arising out of or based on this Agreement. Service will be made as provided by the State of Louisiana's laws for service on a non-resident. If, for any reason, service of that process is not possible, as an alternative method of service of process, Developer may be personally served with that process out of the State of Louisiana by the registered mailing of the complaint and process to Developer at its address stated in this Agreement. Any such service out of the State of Louisiana will constitute valid service on Developer as of the seventh day after the date of mailing. Developer will not object to the process so served, and will submit to jurisdiction. Developer waives all protests to such service, despite any laws to the contrary.
- C. Subject to the dispute resolution provisions of this Agreement, venue for any litigation between the Foundation and Developer which relates to or arises out of this Agreement or its breach will be exclusively in a trial court in the City or Parish or in the Federal District Court that includes within it the Parish, with Developer expressly waiving any rights to begin, defend, or remove any such litigation in any other forum or venue.

XXIX. Attorneys' Fees.

- A. In any lawsuit, arbitration, or injunctive proceeding between the Parties concerning any part of this Agreement or the rights and duties of either Party, the Party prevailing in that matter (as determined by the court or arbitral panel) will be entitled to recover its reasonable attorneys' fees and court costs, to the extent permitted by applicable law. This includes its reasonable attorneys' fees and costs related to any post-judgment collection or enforcement proceedings.
- B. Those attorneys' fees and costs will be recoverable separately from and in addition to any other amount included in such judgment.

XXX. Independent Contractor.

In providing Services, Developer will be an independent contractor of the Foundation, not its employee or agent.

XXXI. Severability.

Each part of this Agreement is intended to be severable. If an arbitral panel or court of competent jurisdiction finds any part of this Agreement to be unenforceable or invalid for any reason, that finding will not invalidate or adversely affect the rest of this Agreement. But if that finding would result in unjust enrichment or extreme hardship to either of the Parties, or make performance of either Party's obligations under this Agreement unreasonable or impossible, the remaining portions of this Agreement may be invalidated or modified, in whole or in part, as determined by the arbitral panel or the court of law.

XXXII. Waiver; Consents.

No consent or waiver to a Default may be deemed or construed to be a consent or waiver to any other Default.

XXXIII. Governing Law.

This Agreement is entered into in the State of Louisiana, and is governed by its laws, without regard to its principles of conflicts of laws. However, the arbitration procedures and provisions of this Agreement shall be governed by the Federal Arbitration Act, 9 U.S.C. 1, et seq.

XXXIV. Assignment.

Developer may not assign its rights or obligations without the Foundation's prior written consent (not to be unreasonably withheld). All of the rights, benefits, duties, liabilities, and obligations of the Parties will inure to the benefit of and be binding on their respective successors and assigns. Developer acknowledges the collateral assignment under the Indenture of the Foundation's rights hereunder to Bond Trustee (the Bond Trustee, together with any successor in title to the Project prior to completion thereof as described herein, "Permitted Assignees"). Developer consents to such assignment, recognizes the Bond Trustee as the party entitled to exercise or enforce such rights (including consent rights), and agrees to make payment of all sums assigned by the Foundation directly to the Bond Trustee. Nothing herein or in the Indenture shall be construed, however, to require the Bond Trustee to perform any obligations of the Foundation under this Agreement. Provided that the actual Development Costs and the Development Fee are paid to Developer as provided in this Agreement: (i) subject to Section XVI(D), Developer agrees to perform all obligations of this Agreement for or for the benefit of any one or more of the Permitted Assignees; and (ii) Developer shall cause the General Contractor to cause the General Contractor's Performance Bond and Payment Bond surety to perform all obligations of the General Contractor for the benefit of any one or more of the Permitted Assignees.

XXXV. Modification of Agreement.

To be effective, any modification of this Agreement shall be in writing and signed by both Parties and by the Bond Insurer.

XXXVI. Headings.

The headings are inserted for convenience only. They may not affect the construction or meaning of anything in this Agreement.

All references to Articles, Sections, Paragraphs, Recitals, Preamble, and Exhibits mean designated parts of this Agreement.

XXXVIII. Further Assistance.

Each Party will execute other documents and take other actions as may be reasonably required by the other Party to carry out the purposes of this Agreement.

XXXIX. Counterparts.

This Agreement may be executed in two or more counterparts, each of which will be deemed an original, but all of which taken together will constitute one and the same instrument.

XL. Entire Agreement.

This Agreement and its exhibits contain the entire agreement between the Parties concerning its subject matter. Neither Party nor its agents have made representations or promises concerning this Agreement except as expressly stated in this Agreement. No claim or liability may arise for any representations or promises not expressly stated in this Agreement.

XLI. Credit Enhancer as Third Party Beneficiary.

As to the provisions hereof benefiting the Credit Enhancer, the Credit Enhancer shall be a third party beneficiary hereof, for so long as the Credit Enhancer is the "Credit Provider" under the Indenture.

XLII. SELU as Third Party Beneficiary; Consent and Agreement of SELU

As to the provisions hereof benefiting SELU, SELU shall be a third party beneficiary hereof. Further, any right, duty or obligation of the Foundation hereunder may require the consent or agreement of SELU, at the election of SELU and/or as required by the Ground Lease. SELU, by its execution of this Agreement, does hereby consent and agree to the provisions hereof in all respects.

Except as permitted in Section 8.02 hereof the Corporation shall not suffer or permit any mechanics' liens or other liens to be enforced against the Board's ownership interest in the Land or the Facilities nor against the Corporation's leasehold interest in the Land or the Facilities by reason of a failure to pay for any work, labor, services, or materials supplied or claimed to have been supplied to the Corporation or to anyone holding the Land or Facilities or any part thereof through or under the Corporation.

Section 8.02 Release of Recorded Liens. If any such mechanics' liens or materialmen's liens shall be recorded against the Land or Facilities, the Corporation shall cause the same to be released of record or, in the alternative, if the Corporation in good faith desires to contest the same, the Corporation shall be privileged to do so, but in such case the Corporation hereby agrees to indemnify and save the Board harmless from all liability for damages occasioned

thereby and shall in the event of a judgment of foreclosure on said mechanics' lien, cause the same to be discharged and released prior to the execution of such judgment. In the event the Board reasonably should consider the Board's interest in the Land or the Facilities endangered by any such liens and should so notify the Corporation and the Corporation should fail to provide adequate security for the payment of such liens, in the form of a surety bond, cash deposit or cash equivalent, or indemnity agreement reasonably satisfactory to the Board within thirty (30) days after such notice, then the Board, at the Board's sole discretion, may discharge such liens and recover from the Corporation immediately as additional Rent under this Ground Lease the amounts paid, with interest thereon from the date paid by the Board until repaid by the Corporation at the rate of ten percent (10%) per annum.

Section 8.03 Memorandum of Recitals. The memorandum of lease to be filed pursuant to Section 18.04 of this Ground Lease shall state that any third party entering into a contract with the Corporation for improvements to be located on the Land, or any other party claiming under said third party, shall be on notice that neither the Board nor the Board's property shall have any liability for satisfaction of any claims of any nature in any way arising out of a contract with the Corporation.

ARTICLE NINE OPERATION AND MANAGEMENT OF FACILITIES

Section 9.01 Management of Facilities. For as long as the Facilities Lease is in effect, the University, at the direction of the Board, shall operate and manage the Facilities or cause the Facilities to be operated and managed in accordance with the Section 7 of the Facilities Lease. The Corporation, as approved by the Board, will initially contract with Capstone On-Campus Management, LLC to provide operations and management services for the Facilities. In the event the Facilities Lease is terminated, the Corporation will be responsible for the operations and management of the Facilities and the Board will no longer have the right to operate or manage the Facilities.

Section 9.02 Books and Records. The Corporation shall keep, or cause to be kept, accurate, full and complete books, including bank statements, and accounts showing exclusively its assets and liabilities, operations, transactions and the financial condition of the Corporation.

Section 9.03 Audits. The Board may, at its option and at its own expense, and during customary business hours, conduct internal audits of the books, bank accounts, records and accounts of the Corporation. Audits may be made on either a continuous or a periodic basis or both, and may be conducted by employees of the Board, by the Louisiana Legislative Auditor or by independent auditors retained by the Board desiring to conduct such audit, but any and all such audits shall be conducted without materially or unreasonably or unnecessarily interrupting or interfering with the normal conduct of business affairs by the Corporation.

ARTICLE TEN INDEMNIFICATION

Section 10.01 Indemnification by the Corporation. Excluding the acts or omissions of the Board, its employees, agents or contractors, the Corporation shall and will indemnify and save harmless the Board, its agents, officers, and employees, from and against any and all liability, claims, demands, damages, expenses, fees, fines, penalties, suits, proceedings, actions, and causes of action of any and every kind and nature arising or growing out of or in any way connected with the Corporation's construction of the Facilities. This obligation to indemnify shall include reasonable fees of legal counsel and third-party investigation costs and all other reasonable costs, expenses, and liabilities from the first notice that any claim or demand has been made; however, the Corporation and the Board shall use the same counsel if such counsel is approved by the Board, which approval shall not be unreasonably withheld or delayed. If the Board does not approve such counsel then the Board may retain independent counsel at the Board's sole cost and expense. It is expressly understood and agreed that the Corporation is and shall be deemed to be an independent contractor and operator responsible to all parties for its respective acts or omissions and that the Board shall in no way be responsible therefor.

Section 10.02 Contributory Acts. Whenever in this Ground Lease any party is obligated to pay an amount or perform an act because of its negligence or misconduct (or that of its agents, employees, contractors, guests, or invitees), such obligations shall be mitigated to the extent of any comparative fault or misconduct of the other party (or that of its agents, employees, contractors, guests, or invitees) as determined by a court of law, and in any disputes damages shall be apportioned based on the relative amounts of such negligence or willful misconduct as determined by a court of law.

ARTICLE ELEVEN TERMINATION, DEFAULT AND REMEDIES

Section 11.01 Events Of Default. Any one of the following events shall be deemed to be an "Event of Default" by the Corporation under this Ground Lease.

- A. The Corporation shall fail to pay any sum required to be paid to the Board under the terms and provisions of this Ground Lease and such failure shall not be cured within thirty (30) days after the Corporation's receipt of written notice from the Board of such failure.
- B. The taking by execution of the Corporation's leasehold estate (other than a foreclosure of the Mortgage) for the benefit of any Person.
- C. The Corporation shall fail to perform any other covenant or agreement, other than the payment of money, to be performed by the Corporation under the terms and provisions of this Ground Lease, other than the covenant set forth in Section 5.01. E. hereof, and such failure shall not be cured within ninety (90) days after receipt of written notice from the Board of such failure; provided that if during such ninety (90) day period, the Corporation takes action to cure such failure but is unable, by reason of the nature of the

work involved, to cure such failure within such period and continues such work thereafter diligently and without unnecessary delays, such failure shall not constitute an Event of Default hereunder until the expiration of a period of time after such ninety (90) day period as may be reasonably necessary to cure such failure.

- D. A court of competent jurisdiction shall enter an order for relief in any involuntary case commenced against the Corporation, as debtor, under the Federal Bankruptcy Code, as now or hereafter constituted, or the entry of a decree or order by a court having jurisdiction over the Facilities appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator, or other similar official of or for the Corporation or any substantial part of the properties of the Corporation or ordering the winding up or liquidation of the affairs of the Corporation, and the continuance of any such decree or order unstayed and in effect for a period of ninety (90) consecutive days.
- E. The commencement by the Corporation of a voluntary case under the Federal Bankruptcy Code, as now or hereafter constituted, or the consent or acquiescence by the Corporation to the commencement of a case under such Code or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator, or other similar official of or for the Corporation or any substantial part of the properties of the Corporation.
- F. The Corporation, after Commencement of Construction but prior to substantially completing construction of the Facilities, abandons (with no intent to continue) demolition, renovation or construction for a period of forty-five (45) consecutive days.

Section 11.02 The Board's Rights Upon Default. Upon the occurrence and during the continuance of an Event of Default, the Board may at its option seek any and all damages occasioned by the Event of Default or may seek any other remedies available at law or in equity, including specific performance.

Section 11.03 Termination of Right of Occupancy. Notwithstanding any provision of law or of this Ground Lease to the contrary, except as set forth in Section 1.03 hereof, the Board shall not have the right to terminate this lease prior to the Expiration Date hereof. However, in the event there is an Event of Default by the Corporation hereunder, the Board shall have the right to terminate the Corporation's right to occupancy of the Land and the Facilities, except that the Facilities, at the option of the Board, shall remain thereon. The Board shall have the right upon ninety (90) days' written notice and opportunity to cure provided to the Bond Insurer and the Trustee, to take possession of the Land and the Facilities and to re-let the Land and the Facilities or take possession in its own right for the remaining Term of the Ground Lease upon such terms and conditions as the Board is able to obtain. Upon such re-letting, the Corporation hereby agrees to release its leasehold interest and all of its rights under this Ground Lease and the Facilities Lease to the new lessee of the Land (or to the Board, if the Board wishes to remain in possession on its own behalf) in consideration for the new lessee (or the Board, as applicable) agreeing to assume all of the Corporation's obligations under the Ground Lease, the Facilities Lease and under any debt incurred by the Corporation in connection with the construction of the Facilities.

Section 11.04. Rights of The Board Cumulative. All rights and remedies of the Board provided for and permitted in this Ground Lease shall be construed and held to be cumulative, and no single right or remedy shall be exclusive of any other which is consistent with the former. The Board shall have the right to pursue any or all of the rights or remedies set forth herein, as well as any other consistent remedy or relief which may be available at law or in equity, but which is not set forth herein. No waiver by the Board of a breach of any of the covenants, conditions or restrictions of this Ground Lease shall be construed or held to be a waiver of any succeeding or preceding breach of the same or of any other covenant, condition or restriction herein contained. The failure of the Board to insist in any one or more cases upon the strict performance of any of the covenants of this Ground Lease, or to exercise any option herein contained, shall not be construed as a waiver or relinquishment of future breaches of such covenant or option.

ARTICLE TWELVE TITLE TO THE FACILITIES

Section 12.01 Title to Facilities. Title to the existing Facilities and any new Facilities as they are constructed or placed in service upon completion thereof shall be vested in the Board. The Board's right to obtain title to the Facilities unencumbered by the leasehold interest of the Corporation granted hereunder shall be as set forth in the Facilities Lease. All furniture, fixtures, equipment and furnishings permanently affixed to the Facilities shall be the property of the Board upon termination of this Ground Lease whether such termination be by expiration of the Term or an earlier termination under any provision of this Ground Lease.

Section 12.02 The Board's Option to Require Demolition. Upon the Expiration Date of the Term or earlier termination hereof, in the event the Facilities are no longer suitable for the Board's purposes, the Board in its sole discretion may require the Corporation to demolish the Facilities and remove the Facilities from the Land, and restore the Land to substantially the same condition as it existed on the date of this Ground Lease, to be accomplished within one hundred eighty (180) days of such Expiration Date or earlier termination hereof. However, such demolition and removal of the Facilities shall be at the Board's sole cost and expense. In the event of such election upon the expiration of the Term, the Board shall notify the Corporation no later than six (6) months prior to the expiration of the Term. If this Ground Lease is terminated earlier, the Board shall notify the Corporation within thirty (30) days after the termination.

Section 12.03 Termination of Facilities Lease. Upon the termination of the Facilities Lease as a result of the Board's exercise of its option to purchase the Facilities granted under the Facilities Lease, all right and interest of the Corporation in and to this Ground Lease, the Facilities Lease and the Facilities shall be transferred to the Board, and the Corporation hereby agrees to execute any documents necessary to effectuate such transfer, or the Board may require the demolition of the Facilities as set forth in Section 12.02 above.

Section 12.04 Insurance Proceeds. Notwithstanding the fact that title to the Facilities is vested in the Board, if the Facilities Lease is no longer in force and effect, and all or any portion of the Facilities is damaged or destroyed by acts of God, fire, flood, natural disaster, the elements, casualties, thefts, riots, civil strife, lockout, war, nuclear explosion or otherwise

(collectively "Casualty"), the proceeds of any insurance received on account of any such Casualty shall be disbursed in accordance with the provisions of the Bond Documents, or if the Bond Documents are no longer in effect shall be disbursed to the Corporation as though the Corporation were the owner of the Facilities.

Section 12.05 Condemnation, Casualty and Other Damage. The risk of loss or decrease in the enjoyment and beneficial use of the Facilities due to any damage or destruction thereof by acts of God, fire, flood, natural disaster, the elements, casualties, thefts, riots, civil strife, lockout, war, nuclear explosion or otherwise (collectively "Casualty") or in consequence of any foreclosures, attachments, levies or executions; or the taking of all or any portion of the Facilities by condemnation, expropriation, or eminent domain proceedings (collectively "Expropriation") is expressly assumed by the Board. The Corporation and the Trustee shall in no event be answerable, accountable or liable therefor, nor shall any of the foregoing events entitle the Board to any abatements, set-offs or counter claims with respect to its Base Rental, Additional Rental or any other obligation hereunder.

ARTICLE THIRTEEN CONDEMNATION

Section 13.01 Condemnation. If the Facilities Lease has been terminated, upon the permanent Taking of all the Land and the Facilities, this Ground Lease shall terminate and expire as of the date of such Taking, and both the Corporation and the Board shall thereupon be released from any liability thereafter accruing hereunder except for Rent and all other amounts secured by this Ground Lease owed to the Board apportioned as of the date of the Taking or the last date of occupancy, whichever is later. The Corporation shall receive notice of any proceedings relating to a Taking and shall have the right to participate therein.

Section 13.02 Partial Condemnation if Facilities Lease is No Longer in Effect. Upon a temporary Taking or a Taking of less than all of the Land and the Facilities and if the Facilities Lease is no longer in effect, the Corporation, at its election, may terminate this Ground Lease by giving the Board notice of its election to terminate at least sixty (60) days prior to the date of such termination. Upon any such termination, the Rent accrued and unpaid hereunder shall be apportioned to the date of termination. In the event there is a partial condemnation of the Land and the Corporation decides not to terminate this Ground Lease, the Board and the Corporation shall either amend this Ground Lease or enter into a new lease so as to cover an adjacent portion of property, if necessary to restore or replace any portion of the Land and/or Facilities.

Section 13.03 Partial or Total Condemnation if Facilities Lease is in Effect. If this Ground Lease is terminated under Section 13.01 or in the event of a Taking of less than all of the Land and the Facilities while the Facilities Lease is in force and effect, and the Board decides to restore or replace the Facilities in accordance with the Facilities Lease, the Board and the Corporation agree to enter into a new lease (in form and substance substantially the same as this Ground Lease) of a portion of property necessary to place thereon the Facilities and to enter into a new Facilities Lease (in form and substance substantially the same as the Facilities Lease) covering such replacement Facilities.

Section 13.04 Payment of Awards - If Facilities Lease is in Effect. Upon the Taking of all or any portion of the Land or the Facilities while the Facilities Lease remains in full force and effect (a) the proceeds of the Award allocable to the value of the Facilities shall be disbursed in accordance with the provisions of the Facilities Lease and the Bond Documents, and (b) the Board shall be entitled (free of any claim by the Corporation) to the Award for the value of the Board's Interest (such value to be determined as if this Ground Lease were in effect and continuing to encumber the Board's Interest); and (c) the Corporation shall be entitled to the Award for the value of the Corporation's interest in the Land under this Ground Lease that is the subject of the Taking.

Section 13.05 Payment of Awards - If Facilities Lease is not in Effect. Upon the Taking of all or any portion of the Land or the Facilities at any time after the Facilities Lease is no longer in force and effect, (a) the proceeds of the Award allocable to the value of the Facilities shall be disbursed in accordance with the provisions of the Bond Documents, or if the Bond Documents are no longer in effect shall be disbursed to the Corporation, (b) the Board shall be entitled (free of any claim of the Corporation) to the Award for the value of the Board's Interest in the Land (such value to be determined as if this Ground Lease were in effect and continuing to encumber the Board's Interest) and (c) the Corporation shall be entitled to the Award for the value of the Corporation's interest in the Land under this Ground Lease that is the subject of the Taking.

Section 13.06 Bond Documents Control. Notwithstanding anything in this Ground Lease to the contrary, in the event of a Casualty or a Taking of all or any portion of the Facilities, the provisions in the Bond Documents shall control the division, application and disbursement of any insurance proceeds or Award paid as a result thereof for so long as the Bond Documents remain in effect.

ARTICLE FOURTEEN ASSIGNMENT, SUBLETTING, AND TRANSFERS OF THE CORPORATION'S INTEREST

Section 14.01 Assignment of Leasehold Interest. Except as expressly provided for in Article Six and in this Article Fourteen, the Corporation shall not have the right to sell or assign the leasehold estate created by this Ground Lease, or the other rights of the Corporation hereunder to any Person without the prior written consent of the Board.

Section 14.02 Subletting. The Corporation is not authorized to sublet the leasehold estate to any entity other than the Board; provided, however, that if the Facilities Lease terminates, the Corporation shall have the right to sublease the Facilities to University students, faculty and staff and Permitted Sublessees.

Section 14.03 Transfers of the Corporation's Interest. Except as otherwise expressly provided herein, any Person succeeding to the Corporation's interest as a consequence of any permitted conveyance, transfer or assignment shall succeed to all of the obligations of the Corporation hereunder and shall be subject to the terms and provisions of this Ground Lease.

ARTICLE FIFTEEN COMPLIANCE CERTIFICATES

Section 15.01 The Corporation Compliance. The Corporation agrees, at any time and from time to time upon not less than thirty (30) days prior written notice by the Board, to execute, acknowledge and deliver to the Board or to such other party as the Board shall request, a statement in writing certifying (a) that this Ground Lease is unmodified and in full force and effect (or if there have been modifications, that the same is in full force and effect as modified and stating the modifications), (b) to the best of its knowledge, whether or not there are then existing any offsets or defenses against the enforcement of any of the terms, covenants or conditions hereof upon the part of the Corporation to be performed (and if so specifying the same), (c) the dates to which the Rent and other charges have been paid, and (d) the dates of commencement and expiration of the Term, it being intended that any such statement delivered pursuant to this Section may be relied upon by any prospective purchaser of the Board's Interest or by any other Person.

Section 15.02 The Board's Compliance. The Board agrees, at any time and from time to time, upon not less than thirty (30) days prior written notice by the Corporation, to execute, acknowledge and deliver to the Corporation a statement in writing addressed to the Corporation or to such other party as the Corporation shall request, certifying (a) that this Ground Lease is unmodified and in full force and effect (or if there have been modifications that the same is in full force and effect as modified and stating the modifications); (b) the dates to which the Rent and other charges have been paid; (c) to the best of its knowledge after due inquiry, whether an Event of Default has occurred and is continuing hereunder (and stating the nature of any such Event of Default; (d) during the construction period, the status of construction of the Facilities and the estimated date of completion thereof; and (e) the dates of commencement and expiration of the Term, it being intended that any such statement delivered pursuant to this Section may be relied upon by any prospective (and permitted) assignee, sublessee or mortgagee of this Ground Lease or by any assignee or prospective assignee of any such permitted mortgage or by any undertenant or prospective undertenant of the whole or any part of the Facilities, or by any other Person.

ARTICLE SIXTEEN TAXES AND LICENSES

Section 16.01 Payment of Taxes. The Board shall pay, and, upon request by the Corporation, shall provide evidence of payment to the appropriate collecting authorities of, all federal, state and local taxes and fees, which are now or may hereafter be, levied upon the Corporation's interest in the Land or in the Facilities or upon any of the Corporation's property used in connection therewith or upon the Board or the Board's Interest. The Board may pay any of the above items in installments if payment may be so made without penalty other than the payment of interest. The obligations of the Board to pay taxes and fees under this Section 16.01 shall apply only to the extent that the Board or the Corporation are not exempt from paying such taxes and fees and to the extent that such taxes and fees are not otherwise abated. The Board and the Corporation agree to cooperate fully with each other to the end that tax exemptions available

with respect to the Land and the Facilities under applicable law are obtained by the party or parties entitled thereto.

Section 16.02 Contested Tax Payments. The Board shall not be required to pay, discharge or remove any such taxes or assessments so long as the Board is contesting the amount or validity thereof by appropriate proceeding which shall operate to prevent or stay the collection of the amount so contested. The Corporation shall cooperate with the Board in completing such contest and the Corporation shall have no right to pay the amount contested during the contest. The Corporation, at the Board's expense, shall join in any such proceeding if any law shall so require.

ARTICLE SEVENTEEN FORCE MAJEURE

Section 17.01 Discontinuance During Force Majeure. Whenever a period of time is herein prescribed for action to be taken by the Corporation, the Corporation shall not be liable or responsible for, and there shall be excluded from the computation for any such period of time, any delays due to Force Majeure. The Board shall not be obligated to recognize any delay caused by Force Majeure unless the Corporation shall within ten (10) days after the Corporation is aware of the existence of an event of Force Majeure, notify the Board thereof.

ARTICLE EIGHTEEN MISCELLANEOUS

Section 18.01 Nondiscrimination, Employment and Wages. Any discrimination by the Corporation or its agents or employees on account of race, color, sex, age, religion, national origin or handicap, in employment practices or in the performance of the terms, conditions, covenants and obligations of this Ground Lease, is prohibited.

Section 18.02 Notices. Notices or communications to the Board or the Corporation required or appropriate under this Ground Lease shall be in writing, sent by (a) personal delivery, or (b) expedited delivery service with proof of delivery, or (c) registered or certified United States mail, postage prepaid, or (d) prepaid telecopy if confirmed by expedited delivery service or by mail in the manner previously described, addressed as follows:

Section 18.03 Relationship of Parties. Nothing contained herein shall be deemed or construed by the parties hereto, or by any third party, as creating the relationship of principal and agent, partners, joint venturers, or any other similar such relationship, between the parties hereto. It is understood and agreed that no provision contained herein nor any acts of the parties hereto creates a relationship other than the relationship of Lessor and Lessor hereunder.

Section 18.04 Memorandum of Lease. Neither the Board nor the Corporation shall file this Ground Lease for record in Tangipahoa Parish, Louisiana or in any public place without the written consent of the other. Section 18.07 Warranty of Peaceful Possession. The Board covenants that the Corporation, on paying the Rent and performing and observing all of the covenants and agreements herein contained and provided to be performed by the Corporation, shall and may peaceably and quietly have, hold, occupy, use, and enjoy the Land and the Facilities during the Term, subject to the Facilities Lease, and may exercise all of its rights hereunder; and the Board agrees to warrant and forever defend the Corporation's right to such occupancy, use, and enjoyment and the title to the Land against the claims of any and all persons whomsoever lawfully claiming the same, or any part thereof subject only to the provisions of this Ground Lease, the Facilities Lease, and the matters listed on **Exhibit B** attached hereto.

Section 18.08 Curative Matters. Except for the express representations and warranties of the Board set forth in this Ground Lease, any additional matters necessary or desirable to make the Land useable for the Corporation's purpose shall be undertaken, in the Corporation's sole discretion, at no expense to the Board. The Corporation shall notify the Board in writing of all

additional matters (not contemplated by the Plans and Specifications) undertaken by the Corporation to make the Land usable for the Corporation's purpose.

Section 18.09 Nonwaiver. No waiver by the Board or the Corporation of a breach of any of the covenants, conditions, or restrictions of this Ground Lease shall constitute a waiver of any subsequent breach of any of the covenants, conditions or restrictions of this Ground Lease. The failure of the Board or the Corporation to insist in any one or more cases upon the strict performance of any of the covenants of the Ground Lease, or to exercise any option herein contained, shall not be construed as a waiver or relinquishment for the future of such covenant or option. A receipt by the Board or acceptance of payment by the Board of Rent with knowledge of the breach of any covenant hereof shall not be deemed a waiver of such breach. No waiver, change, modification or discharge by the Board or the Corporation of any provision of this Ground Lease shall be deemed to have been made or shall be effective unless expressed in writing and signed by the party to be charged.

Section 18.10 Terminology. Unless the context of this Ground Lease clearly requires otherwise, (a) pronouns, wherever used herein, and of whatever gender, shall include natural persons and corporations and associations of every kind and character; (b) the singular shall include the plural wherever and as often as may be appropriate; (c) the word "includes" or "including" shall mean "including without limitation"; (d) the word "or" shall have the inclusive meaning represented by the phrase "and/or"; (e) the words "hereof," "herein," "hereunder," and similar terms in this Ground Lease shall refer to this Ground Lease as a whole and not to any particular section or article in which such words appear. The section, article and other headings in this Ground Lease and the Table of Contents to this Ground Lease are for reference purposes and shall not control or affect the construction of this Ground Lease or the interpretation hereof in any respect. Article, section and subsection and exhibit references are to this Ground Lease unless otherwise specified. All exhibits attached to this Ground Lease constitute a part of this Ground Lease and are incorporated herein. All references to a specific time of day in this Ground Lease shall be based upon Central Standard Time (or the other standard of measuring time then in effect in Hammond, Louisiana).

Section 18.11 Counterparts. This agreement may be executed in multiple counterparts, each of which shall be declared an original.

Section 18.12 Severability. If any clause or provision of this Ground Lease is illegal, invalid or unenforceable under present or future laws effective during the term of this Ground Lease, then and in that event, it is the intention of the parties hereto that the remainder of Ground Lease shall not be affected thereby.

Section 18.13 Authorization. By execution of this Ground Lease, the Corporation and the Board each represent to the other that they are entities validly existing, duly constituted and in good standing under the laws of the jurisdiction in which they were formed and in which they presently conduct business; that all acts necessary to permit them to enter into and be bound by this Ground Lease have been taken and performed; and that the persons signing this Ground Lease on their behalf have due authorization to do so.

Section 18.14 Ancillary Agreements. In the event it becomes necessary or desirable for the Board to approve in writing any ancillary agreements or documents concerning the Land or concerning the construction, operation or maintenance of the Facilities or to alter or amend any such ancillary agreements between the Board and the Corporation or to give any approval or consent of the Board required under the terms of this Ground Lease, all agreements, documents or approvals shall be forwarded to the Board Representative.

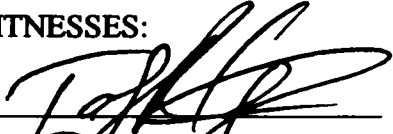

Section 18.15 Amendment. No amendment, modification, or alteration of the terms of this Ground Lease shall be binding unless the same be in writing dated on or subsequent to the date hereof and duly executed by the parties hereto and consented to the extent required by Article VIII of the Agreement. No such amendment to this Ground Lease shall alter the obligations of the parties hereto in any manner inconsistent with the scope of their obligations as contemplated by the RFP.

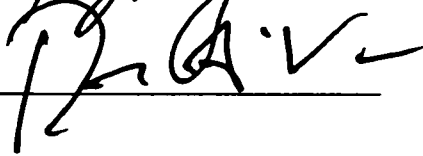

Section 18.16 Successors and Assigns. All of the covenants, agreements, terms and conditions to be observed and performed by the parties hereto shall be applicable to and binding upon their respective successors and assigns including any successor by merger or consolidation of the University into another educational institution or the Board into another educational management board.

Section 18.17 Entire Agreement. This Ground Lease, together with the exhibits attached hereto, contains the entire agreement between the parties hereto with respect to the Land and contains all of the terms and conditions agreed upon with respect to the lease of the Land, and no other agreements, oral or otherwise, regarding the subject matter of this Ground Lease shall be deemed to exist or to bind the parties hereto; it being the intent of the parties that neither shall be bound by any term, condition, or representations not herein written.

1 The Contractor and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

2 If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except to participate in conferences as provided in Subparagraph 3.1.

3 If there is no Owner Default, the Surety's obligation under this Bond shall arise after:

3.1 The Owner has notified the Contractor and the Surety at its address described in Paragraph 10 below that the Owner is considering declaring a Contractor Default and has requested and attempted to arrange a conference with the Contractor and the Surety to be held not later than fifteen days after receipt of such notice to discuss methods of performing the Construction Contract. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default; and

3.2 The Owner has declared a Contractor Default and formally terminated the Contractor's right to complete the contract. Such Contractor Default shall not be declared earlier than twenty days after the Contractor and the Surety have received notice as provided in Subparagraph 3.1; and

3.3 The Owner has agreed to pay the Balance of the Contract Price to the Surety in accordance with the terms of the Construction Contract or to a contractor selected to perform the Construction Contract in accordance with the terms of the contract with the Owner.

4 When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

4.1 Arrange for the Contractor, with consent of the Owner, to perform and complete the Construction Contract; or

4.2 Undertake to perform and complete the Construction Contract itself, through its agents or through independent contractors; or

4.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and the contractor selected with the Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Paragraph 6 in excess of the Balance of the Contract Price incurred by the Owner resulting from the Contractor's default; or

4.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:

.1 After investigation, determine the amount for

which it may be liable to the Owner and, as soon as practicable after the amount is determined, tender payment therefor to the Owner; or

.2 Deny liability in whole or in part and notify the Owner citing reasons therefor.

5 If the Surety does not proceed as provided in Paragraph 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond fifteen days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Subparagraph 4.4, and the Owner refuses the payment tendered or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

6 After the Owner has terminated the Contractor's right to complete the Construction Contract, and if the Surety elects to act under Subparagraph 4.1, 4.2, or 4.3 above, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. To the limit of the amount of this Bond, but subject to commitment by the Owner of the Balance of the Contract Price to mitigation of costs and damages on the Construction Contract, the Surety is obligated without duplication for:

6.1 The responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;

6.2 Additional legal, design professional and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Paragraph 4; and

6.3 Liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

7 The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators or successors.

8 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

9 Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation avail-

able to sureties as a defense in the jurisdiction of the suit shall be applicable.

10 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page.

11 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

12 DEFINITIONS

1 The Contractor and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference.

2 With respect to the Owner, this obligation shall be null and void if the Contractor:

2.1 Promptly makes payment, directly or indirectly, for all sums due Claimants, and

2.2 Defends, indemnifies and holds harmless the Owner from claims, demands, liens or suits by any person or entity whose claim, demand, lien or suit is for the payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, provided the Owner has promptly notified the Contractor and the Surety (at the address described in Paragraph 12) of any claims, demands, liens or suits and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety, and provided there is no Owner Default.

3 With respect to Claimants, this obligation shall be null and void if the Contractor promptly makes payment, directly or indirectly, for all sums due.

4 The Surety shall have no obligation to Claimants under this Bond until:

4.1 Claimants who are employed by or have a direct contract with the Contractor have given notice to the Surety (at the address described in Paragraph 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and, with substantial accuracy, the amount of the claim.

4.2 Claimants who do not have a direct contract with the Contractor:

- .1 Have furnished written notice to the Contractor and sent a copy, or notice thereof, to the Owner, within 90 days after having last performed labor or last furnished materials or equipment included in the claim stating, with substantial accuracy, the amount of the claim and the name of the party to whom the materials were furnished or supplied or for whom the labor was done or performed; and
- .2 Have either received a rejection in whole or in part from the Contractor, or not received within 30 days of furnishing the above notice any communication from the Contractor by which the Contractor has indicated the claim will be paid directly or indirectly; and
- .3 Not having been paid within the above 30 days, have sent a written notice to the Surety (at the address described in Paragraph 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and enclosing a copy of the previous written notice furnished to the Contractor.

5 If a notice required by Paragraph 4 is given by the Owner to the Contractor or to the Surety, that is sufficient compliance.

6 When the Claimant has satisfied the conditions of Paragraph 4, the Surety shall promptly and at the Surety's expense take the following actions:

6.1 Send an answer to the Claimant, with a copy to the Owner, within 45 days after receipt of the claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed.

6.2 Pay or arrange for payment of any undisputed amounts.

7 The Surety's total obligation shall not exceed the amount of this Bond, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

8 Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any Construction Performance Bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and the Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

9 The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. 11 No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the location in which the work or part of the work is located or after the expiration of one year from the date (1) on which the Claimant gave the notice required by Subparagraph 4.1 or Clause 4.2.3, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. IMPORTANT DISCLOSURE NOTICE OF TERRORISM INSURANCE COVERAGE

On November 26, 2002, President Bush signed into law the Terrorism Risk Insurance Act of 2002 (the "Act"). The Act establishes a short-term program under which the Federal Government will share in the payment of covered losses caused by certain acts of international terrorism. We are providing you with this notice to inform you of the key features of the Act, and to let you know what effect, if any, the Act will have on your premium.

Under the Act, insurers are required to provide coverage for certain losses caused by international acts of terrorism as defined in the Act. The Act further provides that the Federal Government will pay a share of such losses. Specifically, the Federal Government will pay 90% of the amount of covered losses caused by certain acts of terrorism which is in excess of Travelers' statutorily established deductible for that year. The Act also caps the amount of terrorism-related losses for which the Federal Government or an insurer can be responsible at \$100,000,000,000.00, provided that the insurer has met its deductible.

Please note that passage of the Act does not result in any change in coverage under the attached policy or bond (or the policy or bond being quoted). Please also note that no separate additional premium charge has been made for the terrorism coverage required by the Act. The premium charge that is allocable to such coverage is inseparable from and imbedded in your overall premium, and is no more than one percent of your premium.

EXHIBIT 20

DISPUTE RESOLUTION

1. In the event a claim, dispute, or controversy (defined for the purposes of this Exhibit as "Claim") arises out of or relates to this Agreement, Developer's performance under this Agreement, or the relationship or obligations of the Parties, Developer and the Foundation agree that, as a condition precedent to mediation or arbitration under this Agreement, the Developer's Representative and the Foundation's Representative shall meet and attempt to resolve the matter. If the matter is not resolved by these representatives within 15 days after the date the Claim arose, then Developer and the Foundation shall each designate a senior representative (with similar or equivalent organizational stature). Each designated senior representative shall have the authority to settle or compromise the Claim, and they shall meet at a mutually agreeable time and place within 30 days after the date the Claim arose, and thereafter as often as they deem reasonably necessary to exchange relevant information and to attempt to resolve the Claim.
2. If the Claim has not been resolved within 15 days after the date on which the senior representatives first meet, then either Party may request a non-binding mediation of the Claim by providing the other written notice of the desire to mediate the Claim. Once such a mediation notice is issued by one of the Parties, the following mediation procedures shall be mandatory unless the Parties agree in writing to waive mediation. All such mediations shall occur before a single mediator. The mediator shall be selected by the senior representatives referred to in Paragraph 1 above, but if they are unable to agree upon an acceptable mediator within ten days after the date the written notice of desire to mediate is received, either Party may petition the Atlanta Regional Office of the American Arbitration Association ("AAA") for the appointment of a mediator, and the mediation, including the selection of the mediator, shall occur pursuant to the AAA's Construction Industry Mediation Rules then in effect. Notwithstanding the above, demand for mediation shall be made within a reasonable time after the Claim has arisen, but in no event after the date when notification of legal or equitable proceedings would be barred by the applicable statute of limitations.
3. If the Claim has not been resolved pursuant to mediation within 60 days after initiation of the mediation procedure, then either Party may submit such Claim to final and binding arbitration to be conducted in accordance with the Construction Industry Dispute Resolution Rules of the AAA as in effect on the date of the commencement of the arbitration proceeding. Unless otherwise agreed by the Parties, the situs of the arbitration under this Agreement shall be Atlanta, Georgia, and all arbitration hearings shall be transcribed by court reporter, with transcripts thereof promptly available to the Parties. Judgment on the award of the arbitral tribunal may be entered in any court of competent jurisdiction. The arbitration is to be conducted by three neutral arbitrators, with each Party to select one neutral arbitrator, and such two arbitrators to select the third neutral arbitrator who shall be the arbitral panel's chair.
4. The arbitral panel may grant interim measures including injunctions, attachments, and conservation orders in appropriate circumstances, which measures the Parties agree may be immediately enforced by the arbitral panel or by court order. Hearings on requests for interim measures may be held in person, by telephone, or by video conference, and requests for relief, responses, briefs, or memorials may be sent to, and orders or awards received from, the arbitral panel by facsimile or other similar means which include a confirmation of delivery. Notwithstanding the requirements for alternative dispute resolution procedures in this Exhibit, prior to the constitution of the arbitral panel and thereafter as necessary to enforce the arbitral

panel's rulings or in the absence of the jurisdiction of the arbitral panel to rule on interim measures in a given jurisdiction, either Party may apply to a court for interim measures, and the Parties agree that seeking and obtaining such measures shall not waive the right to arbitration.

5. The Parties expressly agree that any court with jurisdiction may order the consolidation of any Claim subject to arbitration under this Agreement with any related arbitral claim, controversy, or dispute, as the court may deem necessary in the interest of justice, efficiency, or on such other grounds as the court may deem appropriate.

Notwithstanding any Claim between the Foundation and Developer or any claim or controversy between Developer and any Consultant, or any claim or controversy between or among such Consultants, and so long as the Draws, pursuant to Article IX, and the Development Fee, pursuant to Article XVI, are being timely paid, then it shall be the responsibility of Developer to continue to perform all of its Services diligently in a good and workmanlike manner in conformity with this Agreement.

- B. - C. The Agent's services will consist of management of student housing facilities owned or operated by UFI wherein the quality, the manner of service, and the economy of price to the consumer are the primary considerations, and must be satisfactory and subject to the supervision and control of UFI. UFI shall have no direct supervision of employees of the Agent, and any communication of employee matters shall be through the designated representatives of the parties.

Recitals

In consideration of the mutual promises and covenants herein contained, UFI and Agent agree as follows:

Section 1. Appointment and Acceptance. UFI appoints the Agent as exclusive agent for the management of the on campus student housing facilities at Southeastern Louisiana University, and the Agent accepts the appointment, subject to the terms and conditions set forth in this Agreement.

Section 2. Description of Project. The property to be managed by the Agent under this Agreement is the existing and proposed on campus student housing facilities located on the campus of Southeastern

Louisiana University, located within the city of Hammond, Louisiana and hereafter referred to as “the Project”.

Section 3. Management Services of the Project. The Agent will be responsible for all management operations as well as Residence Life programming. As a directive from UFI, provision of services as enumerated in Section 3.2 below will be contracted with the University by the Agent.

Section 3.1 Provision of Services by Agent:

- (a) **Staffing.** Agent will employ an adequate staff to manage the Project and will have full authority and complete supervision over the employment, discharge and performance of duties of all personnel used in the management of the Project. The Agent shall use its commercially reasonable best efforts in the management of the Project and to collect the rents and other income due and to become due there from and to otherwise perform the manager functions, as may be determined jointly by UFI and Agent. Management of the Project includes practices that are specific requirements for student residences owned by UFI. These specific requirements are set forth in this Agreement and exhibit thereto, including, but not limited to, the following minimum staffing requirements for on-site professional personnel:
1. A General Manager (GM) preferably with residence life experience at the college or university level or requisite work experience in student housing. The compensation package for the GM may include a rent-free Apartment in the Project and an annual salary and benefits to be reasonably determined by Agent and approved by UFI upon approval of the annual operating budget. Agent will conduct a thorough background check on the General Manager in order to determine whether the applicant has a good work history, and is free from criminal convictions and civil suits which would reflect adversely on his suitability as a General Manager, which background check shall be provided to UFI upon its completion. In the event that UFI and University are not reasonably satisfied with the qualifications or performance of the GM, UFI or University may request that Agent replace the GM. UFI and University reserve the right to participate in the annual review and evaluation of the General Manager. UFI and University reserve the right (but does not have a duty) to require the replacement of any on-site management personnel because of operating difficulties reasonably determined to be the result of inferior on-site management.
 2. An Assistant General Manager (AGM) preferably with residence life experience at the college or university level or requisite work experience in student housing. The compensation package for the AGM may include a rent-free Apartment in the Project and an annual salary and benefits to be reasonably determined by Agent and approved by UFI upon approval of the annual operating budget. Agent will conduct a thorough background check on the AGM in order to determine whether the applicant has a good work history, and is free from criminal convictions and civil suits which would reflect adversely on his suitability as an AGM, which background check shall be provided to UFI upon its completion. In the event that UFI and University are not reasonably satisfied with the qualifications or performance of the AGM, UFI or University may request that Agent replace the AGM. UFI and University reserve the right to participate in the annual review and

evaluation of the AGM. UFI and University reserve the right (but does not have a duty) to require the replacement of any on-site management personnel because of operating difficulties reasonably determined to be the result of inferior on-site management.

3. At least one Community Assistant (CA) per 75 residents within the Project. The CA(s) must be students in good standing enrolled at Southeastern Louisiana University. The CA will be required to serve the following primary functions:
 - (i) monitoring to assure resident personal safety and fire safety,
 - (ii) developing personal acquaintances with all residents over which they have supervision,
 - (iii) advising a resident association,
 - (iv) monitoring conduct problems occurring within the Project and responding to resident complaints concerning such conduct problems, including enforcement of policies established by UFI and SLU.
 - (v) providing orientation of incoming students residing in the Project,
 - (vi) assisting with the resolution of interpersonal conflicts among residents of the Project,
 - (vii) responding to and processing resident maintenance complaints and reporting needed repairs to the GM,
 - (viii) assisting the GM in planning and programming social activities and special events for residents of the Project, and
 - (ix) performing administrative functions as needed to assist with the operation of the property, including working regularly scheduled desk and on-call shifts, mail delivery, and other duties as assigned and necessary.
4. UFI and Agent will add or subtract additional staff upon mutual agreement.
5. The Agent will assign for duty at the Project only employees acceptable to UFI. Assignment of management personnel must be approved by UFI, said approval of the employees not to be unreasonably withheld by UFI and the University. In the event of a proposed change in management personnel, the Agent will provide UFI and the University adequate and timely notice and will endeavor to expeditiously fill the management position. Management personnel are defined as the General Manager and Assistant General Manager (s).
 - (b) **Marketing.** The Agent will supervise the marketing activities for the Project. Advertising expenses will be paid out of the Operating Fund as defined in Section 3.2. (b) and treated as Project expenses. The Agent shall implement a Student Life Plan and a University Housing Marketing Plan subject to approval by UFI and the University, in effect pursuant to the terms of this Agreement.
 - (c) **Rentals.** The Agent will supervise the on-site staff in the renting of the dwelling units. Incident thereto, the following provisions will apply:
 1. The Agent will coordinate the initial leasing activities with the designated Southeastern Louisiana University liaison.

2. The Agent will follow the tenant selection policies as prescribed from time to time by the designated Southeastern Louisiana University liaison.
 3. The Agent will train the on-site staff to show the Project to prospective tenants and to learn other leasing procedures as specified in the leasing plan.
 4. The Agent will supervise the taking and processing of applications for student rentals.
 5. The Agent will prepare all student housing leases on the best terms available for UFI but in all events subject to the terms hereof, and will cause them to be executed by the resident; and Agent, the General Manager, or such other person as designated by Agent.
- (d) **Enforcement of Leases.** The Agent will use its commercially reasonable best efforts to secure full compliance by each tenant with the terms of his lease. Voluntary compliance will be emphasized. The Agent, General Manager or any Assistant General Manager may lawfully terminate any tenant when, in their reasonable judgment, sufficient cause (including but not limited to nonpayment of rent) for such termination occurs under the terms of such tenant's lease. For this purpose, the Agent and/or the General Manager and/or the Assistant General Manager is authorized to bring action for eviction and to execute notice to vacate and judicial proceedings incident to such actions in the name of and on behalf of UFI. Agent will inform University of incidents concerning lease violations and pending resident evictions by notifying the designated Southeastern Louisiana University liaison. Further, the Agent is authorized to sue for a recovery of rents, upon prior approval of UFI, and when appropriate, to settle, compromise and release such actions or suits, or reinstate such tenancies. The Agent shall keep UFI informed of such actions as requested and follow reasonable instructions as UFI may prescribe for the conduct of any such action. Attorney's fees and other necessary costs incurred in connection with such actions will be paid out of the Operating Fund as Project expenses and will be reflected in the annual operating budget as such.
- (e) **Capital Improvements.**
1. Agent will prepare a Student Housing Capital Budget Plan (the "Capital Budget Plan") and periodically advise UFI **and the University** of the status of the Plan. The Agent is authorized at the Project's expense to make contracts for all renovations, repairs, additions, or improvements falling under the category of Capital Improvements and outlined in the Capital Budget Plan, subject to the prior written approval of UFI.
 2. Agent shall provide UFI with advance written notification (hereinafter "Work Notification") of any proposed work done in accordance with the Capital Budget Plan. The Work Notification shall be provided to UFI as far in advance of the work as possible, shall be coordinated with UFI to assure the minimum disruption to the student tenants occupying the Project (including reasonable notice to such student tenants) and shall consist of a general description of the work, when it will occur, its location by building and room, and building materials which the work may contact or disturb. Agent shall cooperate with UFI personnel to provide any other pertinent information they may request with regard to the Work Notification.

- (f) **Noninterrupted Services.** The Agent will have provisions in place for non-interrupted services in case of the loss of student housing facilities for any reason; for both short and long-term periods. Agent will have a designated representative(s) as part of the university's Emergency Response Team.
- (g) **Employees.** *Capstone Employees* – All on-site personnel will be employees of the Agent. UFI and Agent will make any additional employee contractual arrangements only upon mutual agreement in writing. The Agent or General Manager will hire, pay, supervise and discharge such personnel, subject to the following conditions:
- a. The Agent will coordinate activities in the interest of good overall management.
 - b. The compensation, including fringe benefits, of the Agent and all other Capstone employees performing on-site functions will be determined by Agent. Compensation of bookkeeping, clerical, and other managerial personnel will be within the Agent's sole discretion. The anticipated compensation, including fringe benefits, of all Capstone employees expected to perform on-site functions will be included in the annual operating budget provided to and approved by UFI, however Agent reserves the right to modify this compensation schedule within the confines of the Operating Budget in order to recruit and retain qualified staff for the facility.
 - c. UFI will reimburse the Agent for compensation, including fringe benefits, payable to all employees performing on-site functions, and for all local, state and Federal taxes, assessments (including but not limited to Social Security taxes, unemployment insurance, and worker's compensation insurance) and other expenses incident to the employment of such personnel to the extent that such are expenses that are described in Section 5.02(1) of Revenue Procedure 97-13 (the "Permitted Expenses"). Such reimbursements will be payable solely out of the Operating Fund and constitute Project expenses and will not be paid out of the Agent's fee or any funds of UFI.
 - d. The rental value of any dwelling units furnished rent-free to any employees of the Project will be treated as a cost of the Project.
 - e. Agent shall be an equal opportunity employer and shall conform to all applicable laws regarding employment. Agent further agrees to provide full information concerning its employment practices and procedures to any government agency having jurisdiction over such matters. Agent shall not engage in or permit discrimination against any person or groups of persons on the grounds of race, color, handicap, religion, national origin, age, or sex in any manner prohibited by the laws of the United States, or the State of Louisiana.
 - f. Agent and its employees will strictly adhere to all policies, procedures, and regulations of UFI and the University made applicable to the Project (including but not limited to parking, smoking, security and drug and alcohol policies) while on either UFI or University premises.
- (h) **Disbursements From Operating Fund.** Rental proceeds shall be applied to the Operating Fund (as defined in the Trust Indenture) in accordance with Section 3.2(b). From the funds in the Operating Fund, the Agent will make (to the extent funds are

available and that such are Permitted Expenses) the following disbursements promptly when payable in the following priority:

1. Reimbursement to the Agent for compensation payable to the employees and for the taxes and assessments payable to local, state and Federal governments and other expenses in connection with the employment of such personnel, and
2. All sums otherwise due and payable by UFI as expenses of the Project authorized to be incurred by the Agent under the terms of this Agreement, and
3. Compensation payable to the Agent pursuant to Section 10 below.

To the extent Agent is required to remit any portion of the Management Fee for any particular Fiscal Year to cause the Debt Service Coverage Ratio for such Fiscal Year to be not less than 1.10, such portion of the Management Fee so remitted shall accrue and be paid out of

1.0	<i>Manager's actions have been within the granted authority</i>		
10.00	Total Score		

The Executive Director and three Policy Committee Members not representing the Property Manager will score each of the above 8 measures from 1-4. The raw scores will be combined and will result in a total possible raw score in each area between 4 and 16. A raw score of less than 75% of the total eligible raw score for that factor will be considered a deficiency. An action plan may be developed by the Property Manager to address any deficiencies. The total Weighted Score will then be calculated with a total possible score between 40 and 160 to measure overall performance. An overall score of less than 120 will be considered a deficiency.

SECTION 3. Amendments to Bylaws

These bylaws may be amended in writing at any time by the concurrence of no less than two thirds (2/3) of the voting members of the Board of Directors present at a duly called meeting at which a quorum is present. The notice of such meeting must state that one of the purposes of the meeting is to consider the amendment of these bylaws and must generally state the substance of such proposed amendment. These bylaws may not be amended so as to permit the diversion or application of any of the assets of the Authority for any purpose other than those specified herein or in the Act or which would impair any contractual obligations. The Board of Directors, upon adoption of or amendment to these bylaws, shall send a copy of any such amendment to the participating political subdivisions of the Authority.

SECTION 4. Termination of Membership in the Authority.

Except as noted below, an Authority member may terminate its participation in the Authority upon thirty (30) days written notice to the Chairman of the Board of Directors. An Authority member shall not be permitted to terminate its participation in the Authority so long as such Authority member is obligated to repay an outstanding obligation to the Authority; provided such obligation has been lawfully approved by such member.

SECTION 5. Principal Office of the Authority

The books and records pertaining to the Authority and its administration shall be kept and maintained at the office of the Authority.

SECTION 6. Additional Committees

The Executive Committee may from time to time appoint such other committees with such membership as the Executive Committee may determine necessary or appropriate. Such committees may be composed in whole or in part of persons who are not members of the Board of Directors.

SECTION 7. Notices

Whenever under the Act or these bylaws notice is required or permitted to be given to the Directors or officers of the Authority, such notice may be given in writing by regular mail or by facsimile or electronic transmission, in either case addressed to such Director or officer at his address as shown on the books of the Authority. The time when such notice is so mailed or delivered via facsimile shall be deemed the time of the giving of such notice.

SECTION 8. Contracting for Services

The Authority was created to lower the borrowing costs of political subdivisions and beneficiaries through participation in Authority financings. By sharing the costs of professional and other services negotiated at reasonable rates by the Authority, smaller financings undertaken through participation in Authority transactions can benefit directly and immediately. The Authority further recognizes the merit of independent review of proposed financial transactions to avoid self-dealing by professionals serving the Authority or its beneficiaries.

- A. The Executive Committee shall have the authority to contract with and hire professionals for the purpose of rendering legal, accounting, financial advisory, management and other services to the Authority and to pay such professionals for such services rendered to the Authority.

- B. The Executive Committee shall evaluate and determine fair and equitable compensation for legal services by reference to the Rules of Professional Conduct of the Louisiana State Bar Association, particularly, Rule 1.5 Fees. The fee schedules promulgated by the Attorney General of the State of Louisiana which describe the maximum fees allowed for services of bond counsel shall be complied with, but shall not be used to define or determine the amount of compensation for bond counsel services to the Authority.
- C. The Executive Committee shall evaluate and determine fair and equitable compensation for non-legal professionals in accordance with relevant industry standards, criteria and practice.

SECTION 9. Preliminary Review of Authority Transactions

The Executive Committee shall establish a procedure to review proposed Authority transactions for merit and shall have the authority to contract with independent financial advisors and such other professionals as it deems fit to evaluate and provide preliminary findings regarding the relative benefits of transactions proposed to the Authority, its members or to the beneficiaries of such transactions.

SECTION 10. Severability

Should any provision of these By-Laws be declared invalid or unlawful by a court of competent jurisdiction, the remaining provisions hereof shall remain in full force and effect and to that end, such invalid or unlawful provisions are hereby declared to be severable.

**ARTICLE VI - DISTRIBUTION OF ASSETS
UPON FINAL DISSOLUTION**

Upon final dissolution of the Authority, all assets shall be sold as determined by the Executive Committee, all debts and obligations of the Authority shall be paid, and all funds then remaining shall be distributed to the then current Authority members on an equal share basis.

A REPORT ON RECENT ACTIONS TAKEN BY THE LOUISIANA STUDENT FINANCIAL ASSISTANCE COMMISSION TO MAXIMIZE AID TO STUDENTS

Mr. Jack Guinn, Executive Director of the Office of Student Financial Assistance, delivered a power point presentation on recent actions by the Louisiana Student Financial Assistance Commission to maximize aid to Louisiana's students.

He informed the Board that Louisiana's students annually borrow almost \$700 million under the Federal Family Education Loan Program (FFELP). He noted that eligible lenders make the loans to students, which are secured against default by a guarantee agency. Mr. Guinn said that under federal law, guarantee agencies may charge students a fee up to 1% of the principal amount borrowed. He continued to say that since 1999, most guarantee agencies have waived the fee, leaving more than \$6 million annually in the pockets of Louisiana's students.

However, Mr. Guinn said that in April 2004, USA Funds, the state's major competitor as a guarantor of student loans, will impose a guarantee fee of one-half percent of the principal loaned,

followed by another one-half percent in November 2004. He emphasized that the Commission will not impose a fee on loans it guarantees for students during school year 2004-05.

Mr. Guinn said that during this fiscal year, the Commission has authorized \$400,000 from its Operating Fund, which are revenues of the federal student loan program, to be returned to schools for use as need-based student aid during school year 2004-05. He said that the Commission is proposing an interagency agreement with the Board of Regents for the purpose of awarding monetary grants to needy students. He said students must meet certain criteria to be granted an award and future availability of the funds will be subject to the generation of excess revenues in the Commission's Operating Fund and subsequent appropriation by legislative act.

Ms. Melanie Amrhein from the Office of Student Financial Assistance spoke briefly about the Student Tuition Assistance Revenue Trust (START) Program. She said that it is an innovative college savings plan designed to help families contend with the future cost of their children's postsecondary education. Ms. Amrhein mentioned that a savings account may be opened on behalf of a child by any person, and participants in the program are able to save at their own pace, in amounts they can afford, and still have their money professionally managed. She further added that as an incentive to save, the State of Louisiana will match a portion of the deposits made to your account, depending upon the amount you deposit, your adjusted gross income and the category of account. Ms. Amrhein noted that up to \$2,400 per year deposited in the program can be deducted from your Louisiana income taxes.

INTRODUCTION OF DR. TIMOTHY RYAN, CHANCELLOR AND MR. FREDRICK
BARTON, VICE CHANCELLOR FOR ACADEMIC AFFAIRS AND PROVOST, UNIVERSITY

He said that Chancellor Ryan received his Ph.D. in Economics from Ohio State University and, with his background, will play a vital role in advancing the economy of New Orleans through UNO.

Next, Dr. Jenkins introduced to the Board Mr. Fredrick Barton, Vice Chancellor for Academic Affairs and Provost at the University of New Orleans. He mentioned that Vice Chancellor Barton is an award winning fiction writer and is pleased to have him in this position to lead UNO to new heights.

Chancellor Ryan stated that he appreciated the opportunity to appear before the Board of Regents and looked forward to working with the Board. He remarked that Vice Chancellor Barton's background and skills will have a strong place in the New Orleans community.

Vice Chancellor Barton remarked that it was a privilege to work with the new Chancellor and the LSU System. He said that the implementation of the new admission standards set by the Regents for UNO for fall 2005 will strengthen the UNO campus.

M. Report of Board Chair's Business

M.1. Board Chairman's Report

- Mr. Woods highlighted some outstanding activities taking place on System university campuses:

Grambling State University has partnered with universities in Arkansas and Mississippi to enhance the quality of life for the Mississippi Delta. The Mid-South Leaders Program, funded with a \$1.2 million grant from The W. K. Kellogg Foundation, will offer classes, learning retreats, and study travel tours to leaders and potential leaders in the 55-county/parish area. The goal is to help residents help themselves through practical application of knowledge and resources that will not only improve their quality of life, but also that of future generations.

A Louisiana Tech University forestry class teamed up with the City of Ruston to use Global Positioning Systems (GPS) to map the city drainage systems. The drainage systems had not been updated since the 1940s and the new technology and manpower of the students helped the public works department towards completing this task. This project allows students to get hands-on job experience by using the knowledge learned in the classroom and at the same time improving the community.

Nicholls State University is the beneficiary of five area hospitals this summer who have joined together to fund an extra semester for nursing students. This allows the University to admit 50 percent more students this year to its Bachelor of Science in Nursing program, a program that is in great demand.

University of Louisiana at Lafayette's Manufacturing Extension Partnership of Louisiana is part of a national program that was heralded for its creativity and vision by Harvard University's John F. Kennedy's School of Government. The national program was one of fifteen finalists for Harvard's Innovations in American Government Award (the "Oscar" for government programs). The program, charged with stimulating manufacturing in individual states, offers small business support services, advice, and technical support and is funded in part by the University.

- Mr. Woods stated that the Board will vote on two Bylaw additions at the August 27, 2004 Board Meeting. If approved, System universities will find it simpler to respond as they prepare for the Commission on Colleges (COC) of SACS reaffirmation under the new *Principles of Accreditation* approved in December 2001. (*Bylaw additions attached to minutes*)
- Mr. Woods gave a brief overview of the June 2, 2004 meeting with Judge Engelhardt regarding the Desegregation Settlement Agreement. He stated the purpose of the meeting was to provide an update on Grambling State University following its successful reaffirmation of COC/SACS accreditation, its two consecutive unconditional fiscal audits, and the appointment of a new President. Mr. Woods stated that an update report on three selected items was requested by Mr. Marshall and is due July 30, 2004. He also stated that the next meeting with Judge Engelhardt is June 1, 2005.
- Mr. Woods asked for comments from Mr. Long, who attended the May Board of Regents meeting, and from Mr. Sibille, who attended the June Board of Regents meeting. Mr. Long and Mr. Sibille each reported on items affecting the UL System.
- Mr. Woods stated the tentative 2005 Board Meeting Schedule, which was handed out to Board Members, will be voted on for adoption at the August 27, 2004 Board Meeting. INDEMNIFICATION OF OFFICERS AND DIRECTORS

The Corporation shall indemnify and hold harmless any person who was or is party or is threatened to be made party to any action, suit or proceeding, whether civil, criminal, administrative or investigative (including any action by or in the right of the Corporation) by reason of the fact that the person is or was:

- a) A Director, Officer, employee, incorporator or agent of the Corporation; and/or,
- b) Serving at the request of the Corporation as a Director, Officer, employee, incorporator or agent of another business, foreign or nonprofit corporation, partnership, joint venture or other enterprise,

(collectively “**Protected Group**”) against expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action,

suit, or proceeding if the person acted in good faith and in a manner reasonably believed to be in or not opposed to the best interest of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe that their conduct was unlawful; provided that in case of actions by or in the right of the Corporation, the indemnity shall be limited to expenses (including attorneys' fees and amounts paid in settlement not exceeding, in the judgment of the Board, the estimated expense of litigating the action to conclusion) actually and reasonably incurred in connection with the defense or settlement of such action.

No indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of their duty to the Corporation unless and only to the extent that the court shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, they are fairly and reasonably entitled to indemnity for such expense which the court shall deem proper.

The termination of any action, suit or proceeding by judgment, order settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which they reasonably believed to be in or not opposed to the best interest of the Corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that their conduct was unlawful.

To the extent that a member of the Protected Group has been successful on the merits or otherwise in defense of any such action, suit or proceeding, or in defense of any claim, issue or matter therein, they shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by them in connection therewith.

This indemnification (unless ordered by the court) shall be made by the Corporation only as authorized in a specific case upon a determination that the applicable standard of conduct has been met. Such determination shall be made by (a) the Board by a majority vote of a quorum consisting of Directors who were not parties to such action, suit or proceeding, or (b) if such a quorum is not obtainable or a quorum of disinterested Directors so directs, by independent legal counsel.

The expenses incurred in defending such an action, suit or proceeding shall be paid by the Corporation in advance of the final disposition thereof if authorized by the Board in the manner provided above, upon receipt of an undertaking by or on behalf of the member of the Protected Group to repay such amount unless it shall ultimately be determined that they are entitled to be indemnified by the Corporation as authorized hereunder.

The foregoing indemnification shall not be exclusive of other rights to which any member of the Protected Group may be entitled as a matter of law, and shall inure to the benefit of any member of the Protected Group's heirs and legal representatives.

The Corporation may procure insurance on behalf of any member of the Protected Group against any liability asserted against or incurred by the person in any such capacity, or arising out

the person's status as such, whether or not the Corporation would have the power to indemnify the person against such liability under the laws of the State of Louisiana.

ARTICLE XII

SEAL

SECTION 1: Corporation Seal. The Corporation may use a seal of such design as may be adopted by the Board.

SECTION 2: Necessity of Seal. Failure to affix the seal shall not affect the validity of any instrument.

ARTICLE XIV

On dissolution of the Corporation, any funds remaining shall be distributed to the University.

**MEETING OF THE BOARD OF DIRECTORS AND MEMBERS
OF UNIVERSITY FACILITIES, INC.**

HELD ON THE 10th DAY OF AUGUST, 2004

11

A meeting of the Board of Directors and Members of University Facilities, Inc., ("Corporation") was held in Room 157 of Luther Dyson Hall, on the Southeastern Louisiana University Campus, on the above-mentioned date.

Present: Board Members: Mr. Phil Livingston, Mr. Stephen Smith, Mr. Jack Gautier, and Executive Director, Dr. Brad O'Hara.

Mr. Stephen Smith, President, called the meeting to order at 3:45 p.m.

- 1.) **Clarifying Minutes:** The review of the Minutes of the March 16, 2004, Meeting (specifically including the resolution adopted concerning finance options to assist Southeastern Louisiana University in the construction and/or renovation of student housing on campus) revealed that one of the several legal entities referred to in such resolution is identified only as "the Board". In interest of completeness and to clarify that entity, Mr. Livingston made a motion, seconded by Mr. Gautier, to adopt the following resolution, said resolution was passed unanimously:

RESOLVED, that the Resolution adopted by the Corporation in the March 16, 2004, Meeting be amended by replacing the second paragraph of said Resolution on Page 2 of the Minutes with the following:

BE IT FURTHER RESOLVED, that the Corporation is authorized to enter into, execute and deliver, (i) the Ground Building Lease Agreement (the "Ground Lease"), by and between the Board (Board of Supervisors of the University of Louisiana System) as Lessor and the Corporation, as Lessee, pursuant to which the Board will lease to the Corporation certain land on which will be constructed the Project, (ii) an Agreement to Lease with Option to Purchase (the "Facilities Lease") by and between the Corporation, as Lessor, and the Board, as Lessee, pursuant to which the Corporation is leasing back to the Board the completed Project, which Project will be financed by the issuance of the Bonds, and (iii) the Loan Agreement whereby the Corporation assigns its interest in the Lease and Base Rents (as defined therein) derived from the Facilities Lease to the Issuer, are hereby approved substantially in the forms attached hereto respectively and filed in the official minutes of the Corporation, with such changes as shall be approved by bond counsel to the Issuer and counsel to the Corporation.

BE IT FURTHER RESOLVED, that Phil K. Livingston is authorized to execute all documentation on behalf of the Corporation in furtherance of the purposes of this Resolution.

- 2.) **Board Member Term:** A review of the corporate documents reveal that Stephen Smith's term as a Board Member has expired. Stephen Smith is the university representative on the Board and the corporation has been notified by the President of the university, the university members nominating authority, that he desires Mr. Smith to be re-appointed. Therefore, on motion of Mr. Gautier, and seconded by Mr. Livingston, and carried, it was unanimously:

RESOLVED, that Mr. Stephen Smith be elected and appointed to the Board of Directors of the Corporation for the period July 1, 2004, through June 30, 2007.

- 3.) **Revise By-Laws:** A review of the By-Laws of the Corporation by the Board of Directors reveals that the By-Laws of the Corporation are difficult to interpret and in certain instances, ambiguous as to the terms for the Directors and the method of staggering said terms. The current By-Law term calls for a five-year term of office and it is difficult to stagger terms with the current three Board Member composition of the Corporation's Board of Directors. The By-Laws may be amended in accordance with Article XIII of the By-Laws and the Board Members noted that amendments may be made at this meeting, provided that "no change of the time or place of the election of Directors" was accomplished by these amendments. Accordingly, upon motion of Mr. Livingston, seconded by Mr. Gautier, and carried, it was unanimously:

RESOLVED, that Sections 4 and 5 of the By-Laws be amended by deleting the current Section 4 and Section 5 and replacing said sections with the following:

SECTION 4: Terms:

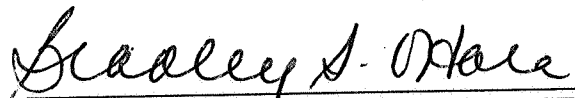

- (A) **Three-Year Terms.** The Directors shall serve three (3) year terms.
- (B) **The Term for University Seats.** Directors holding university seats shall serve for the term for which they are elected as determined according to these By-Laws; provided, however, that they shall vacate their seats on the Board in the event that they are no longer employed by the university. Such vacancy shall be filled in accordance with Section 8 below.

SECTION 5: Staggered Terms:

- (A) Directors shall serve on a staggered term basis, with one new Director to be elected each year.

Ladies and Gentlemen:

The LOUISIANA LOCAL GOVERNMENT ENVIRONMENTAL FACILITIES AND COMMUNITY DEVELOPMENT AUTHORITY (the "*Authority*"), UNIVERSITY FACILITIES, INC. (the "*Corporation*"), and MORGAN KEEGAN & COMPANY, INC. (the "*Underwriter*") have entered to and are entering into two Bond Purchase Agreements (collectively, the "*Bond Purchase Agreement*") relating to the purchase by the Underwriter and the sale by the Authority of its \$60,985,000 in aggregate principal amount of its Revenue Bonds (Southeastern Louisiana University Student Housing/University Facilities, Inc. Project) Series 2004A (the "*Series 2004A Bonds*"), its \$15,000,000 in aggregate principal amount of its Revenue Bonds (Southeastern Louisiana University Student Housing/University Facilities, Inc. Project) Series 2004B (the "*Series 2004B Bonds*"), and its \$925,000 in aggregate principal amount of its Taxable Revenue Bonds (Southeastern Louisiana University Student Housing/University Facilities, Inc. Project) Series 2004C (the "*Series 2004C Bonds*" and together with the Series 2004A Bonds and the Series 2004B Bonds, the "*Series 2004 Bonds*") to be issued under and pursuant to a Trust Indenture dated as of August 1, 2004, between the Authority and The Bank of New York Trust Company, N.A., as Trustee, the proceeds of which will be used to provide funds to (a) finance the cost of (i) acquiring, constructing, furnishing, and equipping two student housing facilities containing 1,514 beds, including the buildings, furniture, fixtures, and equipment therefor and related facilities (collectively, the

"*New Facilities*"), (ii) renovating an existing student housing facility (the "*Renovated Facility*"), (iii) demolishing four existing student housing facilities (the "*Old Facilities*"), all located on the campus of Southeastern Louisiana University (the "*University*") in Tangipahoa Parish, Hammond, Louisiana, and (iv) repaying certain indebtedness of the Corporation (the "*Prior Debt*"), (b) fund the costs of marketing the New Facilities and the Renovated Facility (collectively, the "*Facilities*"), (c) provide working capital for the Facilities, (d) fund interest on the Series 2004 Bonds during the period of construction and renovation of the New Facilities, (d) fund the Debt Service Reserve Fund for the Series 2004A Bonds and the Series 2004B Bonds, and (e) pay the costs of issuance of the Series 2004 Bonds. The land on which the Facilities will be constructed (the "*Land*") and the Renovated Facility will be leased to the Corporation pursuant to a Ground and Buildings Lease (the "*Ground Lease*") dated as of August 1, 2004, between the Board of Supervisors for the University of Louisiana System (the "*Board*"), as lessor, and the Corporation, as lessee, and the Facilities will be leased back to, and operated by, the Board pursuant to an Agreement to Lease With Option to Purchase (the "*Facilities Lease*") dated as of August 1, 2004, between the Corporation, as lessor, and the Board, as lessee. The Authority will lend the proceeds of the Series 2004 Bonds to the Corporation pursuant to a Loan and Assignment Agreement (the "*Loan Agreement*") dated as of August 1, 2004, between the Authority and the Corporation. The Corporation has furnished certain information relating to itself for inclusion in the Preliminary Official Statement (the "*Preliminary Official Statement*") dated July 30, 2004, and in the final Official Statement (the "*Official Statement*") relating to the Series 2004 Bonds and upon which the Authority and the Underwriter have relied.

MBIA Insurance Corporation (the "*Bond Insurer*") has agreed to issue its bond insurance policies (the "*Policies*") with respect to the payments of principal of and interest on the Series 2004 Bonds.

In order to induce the Authority and the Underwriter to enter into the Bond Purchase Agreement and to rely upon the information furnished by the Corporation, the Corporation represents, warrants, and covenants to and with the Authority, the Underwriter, and the Bond Insurer as follows:

1. The Corporation agrees to indemnify and hold harmless the Authority, the Underwriter, the Bond Insurer, each official, employee, member, and agent of the Authority and the Underwriter, the Bond Insurer, and each person, if any, who controls the Authority, the Underwriter, and the Bond Insurer within the meaning of §15 of the Securities Act of 1933, as amended, or §20 of the Securities Exchange Act of 1934, as amended (collectively, the "*Indemnified Parties*" and each, an "*Indemnified Party*"), from and against any and all losses, claims, damages, liabilities, or expenses whatsoever (including but not limited to reasonable attorneys' fees and any and all expenses whatsoever reasonably incurred in investigating, preparing, or defending against any litigation, commenced or threatened, or any claim whatsoever) arising out of or based upon any untrue statement or misleading statement or alleged untrue or misleading statement of a material fact contained in the Official Statement under the headings "**THE CORPORATION,**" "**LITIGATION - The Corporation,**" and, with respect to the Corporation and its counsel, "**CONFLICTS OF INTEREST, RELATIONSHIPS**" or arising out of or based upon any omission or alleged omission under such headings of any material fact necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading.

2. The Corporation further covenants and agrees to pay interest to the Indemnified Party or Indemnified Parties upon all amounts paid, advanced, or disbursed by such Indemnified Party for which it is entitled to reimbursement or indemnity hereunder at the lesser of the maximum contract rate of interest lawfully chargeable by applicable law or fifteen percent (15%) per annum.

3. In case any action shall be brought against one or more of the Indemnified Parties based upon the Official Statement pursuant to paragraph 1 above and in respect of which indemnity may be sought from the Corporation, the Indemnified Parties shall promptly notify the Corporation in writing, and the Corporation shall promptly assume the defense thereof, including the employment of counsel acceptable to the Indemnified Parties, the payment of all expenses and the right to negotiate and consent to settlement; provided, however, that the omission or failure in good faith to notify the Corporation shall not relieve the Corporation from any liability that it may have to the Authority or otherwise hereunder. Any one or more of the Indemnified Parties shall have the right to employ separate counsel in any such action and to participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of such Indemnified Party or Indemnified Parties unless (a) employment of such counsel and payment of the fees and expenses thereof by the Corporation has been specifically authorized by the Corporation, or (b) in the reasonable judgment of such Indemnified Party, employment of such counsel is necessary because the claim or defense for which such counsel is employed is inconsistent or in conflict with the claims or defenses of the Corporation, or (c) the Indemnified Party shall have reasonably concluded that there may be claims or defenses available to it that are different from or in addition to those available to the Corporation, in any of which events such fees and expenses shall

be borne by the Corporation, but in any such event, the Corporation shall not have the right to direct the defense of such action on behalf of the Indemnified Party. The Corporation shall not be liable for any settlement of any such action effected without the Corporation's consent by any of the Indemnified Parties, but if settled with the consent of the Corporation, or if there shall be a final judgment for the plaintiff in such action against the Corporation, or any of the Indemnified Parties with or without the consent of the Corporation, the Corporation agrees to indemnify and hold harmless the Indemnified Parties to the extent provided in this Indemnity Letter.

4. If the indemnification provided for in this Indemnity Letter is unavailable to or insufficient to hold harmless the Authority, the Underwriter, or the Bond Insurer with respect to any losses, claims, damages, or liabilities (or actions with respect thereto) referred to herein, then the Corporation shall contribute to such amount paid or payable by the Authority, the Underwriter, and/or the Bond Insurer in such proportion as is appropriate to reflect the relative fault of the Corporation on the one hand and the Authority, the Underwriter, and/or the Bond Insurer on the other in connection with the statements or omissions which resulted in such losses, claims, damages, or liabilities (or actions in respect thereof), as well as any other relevant equitable considerations. The relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Corporation on the one hand or the Authority, the Underwriter, and/or the Bond Insurer on the other and the parties' relative intent, knowledge, access to information, and the opportunity to correct or prevent such statement or omission.

5. The Corporation, the Authority, the Underwriter, and the Bond Insurer agree that it would not be just and equitable if contribution pursuant to paragraph 4 above were determined by *pro rata* allocation or by any other method of allocation which does not take account of the equitable considerations referred to above in paragraph 4. The amount paid or payable by the Authority, the Underwriter, and/or the Bond Insurer as a result of the losses, claims, damages, or liabilities (or action with respect thereto) referred to above in paragraph 4 shall be deemed to include any legal or other expenses reasonably incurred by the Authority, the Underwriter, and/or the Bond Insurer in connection with investigating or defending any such action or claim. Notwithstanding the provisions of paragraph 4, the Underwriter shall not be required to contribute any amount to any person or entity in excess of the amount by which the total price at which the Series 2004 Bonds underwritten by it were sold exceeds the amount of any damages which the Underwriter has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No person guilty of fraudulent misrepresentation (within the meaning of §11(f) of the Securities Act of 1933, as amended) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation.

6. Any notice or other communication to be given to the Authority hereunder may be given by mailing the same in writing to the Louisiana Local Government Environmental Facilities and Community Development Authority, 8712 Jefferson Highway, Suite A, Baton Rouge, Louisiana 70809 (Attention: Chairman); any notice or other communication to be given to the Underwriter hereunder may be given by mailing or delivering the same in writing to Morgan Keegan & Company, Inc., 150 4th Avenue North, Nashville, Tennessee 37219-2434 (Attention: Hugh C. Tanner); any notice or other communication to be given to the Corporation hereunder may be given by mailing or delivering the same in writing to University Facilities, Inc., SLU Box 10709, Hammond, Louisiana 70402 (Attention: Executive Director); and any notice or other communication to be given to the Bond Insurer hereunder may be given by mailing or delivering the same in writing to MBIA Insurance Corporation, 113 King Street, Armonk, New York 10504 (Attention: Insured Portfolio Management-PF).

7. This Indemnity Letter shall be governed by the laws of the State of Louisiana and may be executed in several counterparts, each of which shall be regarded as the original and all of which shall constitute one and the same agreement.

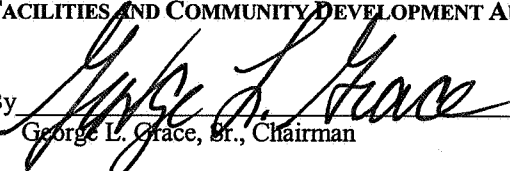

8. If any term or provision of this Indemnity Letter is declared by a court of competent jurisdiction to be invalid or unenforceable, the remaining terms and provisions of this Indemnity Letter shall continue to be valid and enforceable.

The Developer has furnished certain information relating to itself for inclusion in the Preliminary Official Statement dated July 30, 2004 (the "**Preliminary Official Statement**"), and in the final Official Statement (the "**Official Statement**") relating to the Series 2004 Bonds and upon which the Authority, the Underwriter, and the Corporation have relied.

MBIA Insurance Corporation (the "**Bond Insurer**") has agreed to issue its bond insurance policies (the "**Policies**") with respect to the payments of principal of and interest on the Series 2004 Bonds.

In order to induce the Authority, the Underwriter, the Corporation, and the Bond Insurer to rely upon the information furnished by the Developer, the Developer agrees as follows:

1. The Developer agrees to indemnify and hold harmless the Authority, the Underwriter, the Corporation, the Bond Insurer, each official, employee, director, and agent of the Authority, the Underwriter, the Corporation, and the Bond Insurer, and each person, if any, who controls the Authority, the Underwriter, the Corporation, and the Bond Insurer within the meaning of §15 of the Securities Act of 1933, as amended, or §20 of the Securities Exchange Act of 1934, as amended (collectively, the "**Indemnified Parties**" and each, an "**Indemnified Party**"), from and against any and all losses, claims, damages, liabilities, or expenses whatsoever (including but not limited to reasonable attorneys' fees and any and all expenses whatsoever reasonably incurred in investigating, preparing, or defending against any litigation, commenced or threatened, or any claim whatsoever) arising out of or based upon any untrue statement or misleading statement or alleged untrue or misleading statement of a material fact contained in the Official Statement furnished by the Developer for use in the Official Statement or arising out of or based upon any omission or alleged omission from the Official Statement of any material fact necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading, which omission or alleged omission relates to the Developer, the Facilities the Developer's role with respect to the Facilities, or the General Contractor or the Architect (as both of such terms are defined in the Official Statement).

2. The Developer further covenants and agrees to pay interest to the Indemnified Party or Indemnified Parties upon all amounts paid, advanced, or disbursed by such Indemnified Party for which it is entitled to reimbursement or indemnity hereunder at the lesser of the maximum contract rate of interest lawfully chargeable by applicable law or fifteen percent (15%) per annum.

3. In case any action shall be brought against one or more of the Indemnified Parties based upon the Official Statement pursuant to paragraph 1 above and in respect of which indemnity may be sought from the Developer, the Indemnified Parties shall promptly notify the Developer in writing, and the Developer shall promptly assume the defense thereof, including the employment of counsel acceptable to the Indemnified Parties, the payment of all expenses and the right to negotiate and consent to settlement; provided, however, that the omission or failure in good faith to notify the Developer shall not relieve the Developer from any liability that it may have to the Authority or otherwise hereunder. The relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Developer on the one hand or the Authority, the Underwriter, the Corporation, and/or the Bond Insurer on the other and the parties' relative intent, knowledge, access to information, and the opportunity to correct or prevent such statement or omission.

5. The Developer, the Authority, the Corporation, the Underwriter, and the Bond Insurer agree that it would not be just and equitable if contribution pursuant to paragraph 4 above were determined by *pro rata* allocation or by any other method of allocation which does not take account of the equitable considerations referred to above in paragraph 4. The amount paid or payable by the Authority, the Underwriter, the Corporation, and/or the Bond Insurer as a result of the losses, claims, damages, or liabilities (or action with respect thereto) referred to above in paragraph 4 shall be deemed to include any legal or other expenses reasonably incurred by the Authority, the Underwriter, the Corporation, and/or the Bond Insurer in connection with investigating or defending any such action or claim. Notwithstanding the provisions of paragraph 4, the Underwriter shall not be required to contribute any amount to any person or entity in excess of the amount by which the total price at which the Series 2004 Bonds underwritten by it were sold exceeds the amount of any damages which the Underwriter has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No person guilty of fraudulent misrepresentation (within the meaning of §11(f) of the Securities Act of 1933, as amended) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation.

Nothing herein contained, however, shall be construed as authorizing this Corporation to carry on the business of banking or that of a trust company, or the business of insurance.

Bylaws, and may be increased or decreased from time to time by amendment to, or in the manner provided in, the Bylaws, but no decrease shall have the effect of shortening the term of any incumbent director. The name and address of each person who is to serve as a director until the first annual meeting of shareholders or until his successor shall be elected and qualified is as follows:

Section 8. Issuance and Disposition of Stock.

(a) Issuance of Stock. The Corporation may from time to time issue its shares of stock for such consideration (not less than the par value respecting shares having a par value) as may be fixed from time to time by the Board of Directors and may receive in payment thereof, in whole or in part, money, labor done, services actually performed, or real or personal property (tangible or intangible). In the absence of fraud in the transaction, the judgment of the Board of Directors as to the value of the consideration received for shares shall be conclusive. Any and all shares so issued for which the consideration so fixed shall have been paid or delivered shall be deemed fully-paid stock and shall not be liable to any further call or assessment thereon, and the holders of such shares shall not be liable for any further payment in respect thereof.

(b) Restrictions on Transfer of Shares. The Corporation may, from time to time, lawfully enter into any agreement to which all, or less than all, of the holders of record of the issued and outstanding shares of its capital stock shall be parties, restricting the transfer of any or all shares of its capital stock represented by certificates therefor upon such reasonable terms and conditions as may be approved by the Board of Directors of this Corporation.

(c) Stock Rights and Options. The Corporation may create and issue, whether or not in connection with the issuance and sale of any of its shares or other securities, rights or options entitling

the holders thereof to purchase from the Corporation shares of any class or classes of its stock.

(d) Payment of Dividends From Depletion Reserves. If at any time the Corporation is engaged in the business of exploiting natural resources, dividends may be declared and paid in cash out of the depletion reserves, but each such dividend shall be identified as a distribution of such reserves and the amount per share paid from such reserves shall be disclosed to the shareholders receiving the same concurrently with the distribution thereof.

(e) Waiver of Shareholders' Preemptive Rights. No holder of the common stock of the Corporation shall have the preemptive right to purchase his pro rata portion of the issuance of any class of stock, including treasury stock.

(f) Lien on Shares. The Corporation shall have a lien on the shares of its shareholders for any debt or liability incurred to it by such shareholders before notice of transfer of or levy on such shares, which lien may be exercised by cancellation, forfeiture, or public or private sale, upon reasonable notice, of such shares, which remedies are cumulative to an action to enforce payment or other remedies provided by law.

(g) Right of Corporation to Acquire and Dispose of its Own Shares. The Corporation shall have the right to purchase, take, receive or otherwise acquire, hold, own, pledge and transfer or otherwise dispose of its own shares, but purchases of its own shares, whether direct or indirect, shall be made only to the extent of unreserved and unrestricted earned surplus and unreserved and unrestricted capital surplus available therefor.

(h) Acquisition of Stock. All persons who shall acquire stock in this Corporation shall acquire it subject to the provisions of these Articles of Incorporation. So far as not otherwise expressly provided by the laws of the State of Alabama, the Corporation shall be entitled to treat the person or entity in whose name any share of its stock is registered as the owner thereof for all purposes and shall not be bound to recognize any equitable or other claim to or interest in said share on the part of any other person, whether or not the Corporation shall have notice thereof.

Section 9. Board of Directors.

(a) Powers. Except as may be otherwise provided by law or in these Articles of Incorporation, all corporate powers of the Corporation shall be exercised by or under authority of, and the business and affairs of the Corporation shall be managed under the direction of, the Board of Directors. In furtherance and not in

limitation of the powers conferred by statute, the Board of Directors shall have the following powers:

(1) The power to alter, amend or repeal the Bylaws or adopt new Bylaws shall be vested in the Board of Directors and the shareholders, or either of them, provided, however, that the Board of Directors may not alter, amend or repeal any Bylaw establishing what constitutes a quorum at shareholders' meetings or which was adopted by the shareholders and specifically provides that it cannot be altered, amended or repealed by the Board of Directors, or which is not otherwise permitted by applicable law to be altered, amended or repealed solely by the action of the Board of Directors;

(2) To fix and determine and to vary the amount of working capital of the Corporation; to determine whether any, and if any, part of any accumulated profits shall be declared and paid as dividends; to determine the date or dates for the declaration and payment of dividends; and to direct and determine the use and disposition of any surplus or net profits over and above the capital stock paid in;

(3) To authorize the issue and sale of warrants, in bearer or registered form, or other instruments for the purchase of shares of stock of any class of the Corporation within such period of time, or without limit as to time, for such aggregate number of shares, and at such price or prices per share, as the Board of Directors may determine. Such warrants or other instruments may be issued separately or in connection with the issue of any bonds, debentures, notes or other evidences of indebtedness or shares of the capital stock of any class of the Corporation and for such consideration and on such terms and conditions as the Board of Directors may determine to be desirable;

(4) To take any action required or permitted to be taken by the Board of Directors at a meeting without a meeting if a consent in writing, setting forth the action so taken, is signed by all of the directors.

(5) To ratify and approve any action taken by or on behalf of the Corporation's employees, agents, officers, directors or any other party, and, upon such ratification and approval, any such actions so taken shall be effective for and as the act of the Corporation as though such act had been adopted and approved by the Board of Directors at the time such action was taken.

The Corporation may, in its Bylaws, confer powers upon its Board of Directors in addition to the foregoing, and in addition to the powers and authorities expressly conferred upon directors by statute.

(b) Conflicts of Interest. No contract or other transaction between the Corporation and one or more of its directors or any other corporation, firm, association or entity in which one or more of its directors are directors or officers or are financially interested, shall be either void or voidable because of such relationship or interest or because such director or directors are present at the meeting of the Board of Directors or a committee thereof which authorizes, approves or ratifies such contract or transaction, if the contract or transaction is fair and reasonable to the Corporation and if either:

(1) The fact of such relationship or interest is disclosed to the Board of Directors or committee which authorizes, approves or ratifies the contract or transaction by a vote or consent sufficient for the purpose without counting the votes or consents of such interested directors; or

(2) The fact of such relationship or interest is disclosed to the shareholders entitled to vote and they authorize, approve or ratify such contract or transaction by vote or written consent.

Common or interested directors may not be counted in determining the presence of a quorum at a meeting of the Board of Directors or a committee thereof which authorizes, approves or ratifies such contract or transaction.

Section 10. Power of President to Execute Documents. The President shall have authority to execute all deeds, mortgages, bonds and other contracts requiring a seal, under the seal of the Corporation, and the Secretary or any Assistant Secretary shall have authority to affix such seal to instruments requiring it, and to attest the same.

Section 11. Indemnification of Officers, Directors, Employees and Agents.

(a) The Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed claim, action, suit or proceeding, whether civil, criminal, administrative or investigative, including appeals (other than an action by or in the right of the Corporation), by reason of the fact that he is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request

of the Corporation as a director, officer, partner, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such claim, action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any claim, action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Corporation, and with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

(b) The Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed claim, action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, partner, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his duty to the Corporation unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

(c) To the extent that a director, officer, employee or agent of the Corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in Section 11(a) and 11(b) or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith, notwithstanding that he has not been successful on any other claim, issue or matter in any such action, suit or proceeding.

(d) Any indemnification under paragraphs (a) and (b) of this Section 11 (unless ordered by a court) shall be made by the

Corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in paragraphs (a) and (b) of this Section 11. Such determination shall be made (1) by the Board of Directors by a majority vote of a quorum consisting of directors who were not parties to, or who have been wholly successful on the merits or otherwise with respect to, such claim, action, suit or proceeding, or (2) if such a quorum is not obtainable, or, even if obtainable, a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (3) by the shareholders.

(e) Expenses (including attorneys' fees) incurred in defending a civil or criminal claim, action, suit or proceeding may be paid by the Corporation in advance of the final disposition of such claim, action, suit or proceeding as authorized in the manner provided in paragraph (d) of this Section 11 upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount if and to the extent that it shall be ultimately determined that he is not entitled to be indemnified by the Corporation as authorized in this Section 11.

(f) The indemnification authorized in and provided by this Section 11 shall not be deemed exclusive of and shall be in addition to any other right to which those indemnified may be entitled under any statute, rule of law, provisions of articles of incorporation, bylaw, agreement, vote of shareholders or disinterested directors, or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Section 12. Subsequently Adopted Corporation Laws. Any and every statute of the State of Alabama hereinafter enacted whereby the rights, powers and privileges of the shareholders of corporations organized under the general laws of the State of Alabama are increased, diminished or in any way affected, or whereby effect is given to the action taken by any part but less than all of the shareholders of any such corporation, shall apply to this Corporation and to every shareholder thereof, to the same extent as if such statute had been in force at the date of the making and filing of these Articles of Incorporation.

Section 13. Amendment. The Corporation reserves the right to amend, alter, change or repeal any provision contained in these Articles of Incorporation in the manner now or hereafter provided by law, and all rights conferred upon officers, directors and

shareholders herein are granted subject to this reservation; provided, however, that no such amendment, alteration, change or repeal shall be effective without approval of a majority of the holders of the common stock and that no such amendment, alteration, change or repeal upon which the holders of any class of common stock shall be entitled to vote as a class shall be effective without the approval of a majority of the holders of that class of common stock.

IN WITNESS WHEREOF, the undersigned Incorporator has hereunto subscribed his name to these Articles of Incorporation on this the 26th day of February, 1990.

Unless otherwise required by law, written notice of shareholder meetings, stating the place, day and hour of the meeting and, in case of a special meeting, the purpose or purposes for which the meeting is called, shall, unless otherwise prescribed by statute, be delivered not less than ten nor more than fifty days before the date of the meeting, either personally or by mail, by or at the direction of the chairman of the board, the president, the secretary, or the officer or other persons calling the meeting, to each shareholder of record entitled to vote at such meeting. If mailed, such notice shall be deemed to be delivered when deposited in the United States mail, addressed to the shareholder at his address as it appears on the stock transfer books of the corporation, with postage thereon prepaid. Notwithstanding the provisions of this section, the stock or bond indebtedness of the corporation shall not be increased at a meeting unless notice of such meeting shall have been given as may be required by Section 234 of the Constitution of Alabama as the same may be amended from time to time.

Section 2.5 Closing of Transfer Books or Fixing of Record Date

For the purpose of determining shareholders entitled to notice of or to vote at any meeting of shareholders or any adjournment thereof, or shareholders entitled to receive payment of any dividend, or in order to make a determination of shareholders for any other proper purpose, the board of directors of the corporation may provide that the stock transfer books shall be closed for a stated period not to exceed fifty days. If the stock transfer books shall be closed for the purpose of determining shareholders entitled to notice of or to vote at a meeting of shareholders, such books shall be closed for at least ten days immediately preceding such meeting. In lieu of closing the stock transfer books, the board of directors may fix in advance a date as the record date for any such determination of shareholders, such date to be not more than fifty days and, in case of a meeting of shareholders, not less than ten days prior to the date on which the particular action, requiring such determination of shareholders, is to be taken. If the stock transfer books are not closed and no record date is fixed

for the determination of shareholders entitled to notice of or to vote at a meeting of shareholders, or shareholders entitled to receive payment of a dividend, the date on which notice of the meeting is mailed or the date on which the resolution of the board of directors declaring such dividend is adopted, as the case may be, shall be the record date for such determination of shareholders. When a determination of shareholders entitled to vote at any meeting of shareholders has been made as provided in this section, such determination shall apply to any adjournment thereof except where the determination has been made through the closing of the stock transfer books and the stated period of closing has expired.

Section 2.6 Voting Record

The officer or agent having charge of the stock transfer books for shares of the corporation shall make, at least ten days before each meeting of shareholders, a complete list of the shareholders entitled to vote at such meeting or any adjournment thereof, arranged in alphabetical order with the address of and the number of shares held by each. Such list shall be kept on file at the principal office of the corporation for a period of ten days prior to such meeting of shareholders and shall be subject to inspection by any shareholder making written request therefor at any time during usual business hours. Such list shall also be produced and kept open at the time and place of the meeting and shall be subject to the inspection of any shareholder during the whole time of the meeting. The original stock transfer books shall be prima facie evidence as to who are the shareholders entitled to examine such list or transfer books or to vote at any meeting of shareholders. Failure to comply with the requirements of this section shall not affect the validity of any action taken at such meeting.

Section 2.7 Proxies

At all meetings of shareholders, a shareholder may vote in person or by proxy executed in writing by the shareholder or by his duly authorized attorney-in-fact. Such proxy shall be filed with the secretary of the corporation before or at the time of the meeting. No proxy shall be valid after eleven months from the date of its execution, unless otherwise provided in the proxy.

Section 2.8 Quorum

Unless otherwise provided in the articles of incorporation, a majority of the shares of the corporation entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of shareholders. If a quorum is not present at a meeting, a majority of the shares so represented may adjourn the meeting from time to time without further notice, other than announcement at the meeting. At such adjourned meeting at which a quorum shall be present, any business may be transacted which might have been

transacted at the meeting as originally noticed. The shareholders present at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough shareholders to leave less than a quorum.

Section 2.9 Voting of Shares

Subject to the provisions of the next sentence of this Section 2.9, each outstanding share entitled to vote shall be entitled to one vote upon each matter submitted to a vote at a meeting of shareholders. At each election for directors every shareholder entitled to vote shall be entitled to one vote upon each matter submitted to a vote at a meeting of shareholders. At each election for directors every shareholder entitled to vote at such election shall have the right to vote, in person or by proxy, the number of shares owned by him for as many persons as there are directors to be elected and for whose election he has a right to vote, or, if cumulative voting is authorized by the articles of incorporation, to cumulate his votes by giving one candidate as many votes as the number of such directors multiplied by the number of his shares shall equal, or by distributing such votes on the same principle among any number of such candidates. If a quorum is present, the affirmative vote of the majority of the shares represented at the meeting and entitled to vote on the subject matter shall be the act of the shareholders, unless the vote of a greater number or voting by classes is required by the Constitution of Alabama, the Alabama Business Corporation Act, the articles of incorporation or these bylaws.

Section 2.10 Voting of Shares by Certain Holders

(a) Shares standing in the name of another corporation, domestic or foreign, may be voted by such officer, agent or proxy as the bylaws of such other corporation may prescribe, or, in the absence of such provision, as the board of directors of such other corporation may determine.

(b) Shares held by an administrator, executor, guardian or conservator may be voted by him, either in person or by proxy, without a transfer of such shares into his name. Shares standing in the name of a trustee may be voted by him, either in person or by proxy, but no trustee shall be entitled to vote shares held by him without a transfer of such shares into his name and no corporate trustee shall be entitled to vote in the election of directors shares held by it solely in a fiduciary capacity if such shares are shares issued by the corporate trustee itself.

(c) Shares standing in the name of a receiver may be voted by such receiver, and shares held by or under the control of a receiver may be voted by such receiver without the transfer thereof into his name if authority to do so is contained in an appropriate order of the court by which such receiver was appointed.

(d) A shareholder whose shares are pledged shall be entitled to vote such shares until the shares have been transferred into the name of the pledgee, and thereafter the pledgee shall be entitled to vote the shares so transferred.

(e) Neither treasury shares of its own stock held by the corporation, nor shares held by another corporation if a majority of the shares entitled to vote for the election of directors of such other corporation is held by the corporation, shall be voted at any meeting or counted in determining the total number of outstanding shares at any given time.

Section 2.11 Action Without a Meeting

Any action required or permitted to be taken at a meeting of the shareholders may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by all of the shareholders entitled to vote with respect to the subject matter thereof. Such consent shall have the same effect as a unanimous vote of shareholders.

ARTICLE III

BOARD OF DIRECTORS

Section 3.1 General Powers

All corporate powers shall be exercised by or under authority of, and the business and affairs of the corporation shall be managed under the direction of, its board of directors. In furtherance and not in limitation of the powers confirmed by statute, the board of directors shall have the power to ratify and approve any action by or on behalf of the corporation by the corporation's employees, agents, officers, directors or any other party, and, upon such ratification and approval, any such actions so taken shall be effective for and as the act of the corporation as though such act had been adopted and approved by the board of directors at the time such action was taken.

Section 3.2 Number, Tenure and Qualifications

The number of directors constituting the initial board of directors is set forth in the articles of incorporation, and the members of the first board shall hold office until the first annual meeting of shareholders and until their successors shall have been elected and qualified. Thereafter, the number of directors constituting the board of directors shall be not less than one nor more than ten, the exact number to be determined by resolution of the board of directors. The minimum and maximum number of directors may be increased or decreased from time to time in the

manner provided by these bylaws for the amendment thereof, but no decrease shall have the effect of shortening the term of any incumbent director. Directors shall hold office until the next succeeding annual meeting of shareholders and until their successors shall have been elected and qualified. Directors need not be shareholders or residents of the State of Alabama.

Section 3.3 Vacancies

Any vacancy occurring in the board of directors may be filled by the affirmative vote of a majority of the remaining directors though less than a quorum of the board of directors. A director elected to fill a vacancy shall be elected to serve until the next annual meeting of shareholders. Any directorship to be filled by reason of an increase in the number of directors shall be filled by election at an annual meeting or at a special meeting of shareholders called for that purpose.

Section 3.4 Meetings

Meetings of the board of directors, regular or special, may be held either within or without the State of Alabama. A regular meeting of the board of directors shall be held without notice either during or immediately after, and at the same place as, the annual meeting of shareholders. Other regular meetings may be held upon such notice and at such time and place as shall be determined by the board. Special meetings of the board of directors may be called by the chairman of the board, the president or by any two directors on no less than three days written notice to each director, delivered personally, or mailed or delivered by overnight courier to each director at either his business or residence address or by telegram. The secretary, at the request in writing of the chairman of the board, the president or any two directors, shall send such written notice on his or their behalf. If mailed, such notice shall be deemed to be delivered when deposited in the United States mail, so addressed, with postage thereon prepaid. If by telegram, such notice shall be deemed to be delivered when the telegram is delivered to the telegraph company. If by overnight courier service, such notice shall be deemed to be delivered when deposited with such courier service. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the board of directors need be specified in the notice of such meeting.

Section 3.5 Meeting by Telephone

Members of the board of directors or any committee designated thereby may participate in a meeting of such board or committee by means of a conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other at the same time and participation by such means shall constitute presence in person at a meeting.

Section 3.6 Quorum

A majority of the whole number of directors of the board shall constitute a quorum for the transaction of business at any meeting of the board of directors. If less than a majority is present at a meeting, a majority of the directors present may adjourn the meeting from time to time without further notice. If a quorum is present when the meeting is convened, the directors present may continue to do business, taking action by a vote of a majority of a quorum, until adjournment, notwithstanding the withdrawal of enough directors to leave less than a quorum present or the refusal of any director present to vote.

Section 3.7 Acts of the Board

The act of a majority of the directors present at a meeting at which a quorum is present shall be the act of the board of directors.

Section 3.8 Presumption of Assent

A director of the corporation who is present at a meeting of the board of directors at which action on any corporate matter is taken shall be presumed to have assented to the action taken unless his dissent shall be entered in the minutes of the meeting or unless he shall file his written dissent to such action with the person acting as the secretary of the meeting before the adjournment thereof or shall forward such dissent by registered mail to the secretary of the corporation immediately after the adjournment of the meeting. Such right to dissent shall not apply to a director who voted in favor of such action.

Section 3.9 Action Without a Meeting

Any action required or permitted to be taken by the board of directors or a committee thereof at a meeting may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by all of the directors or all of the members of the committee, as the case may be. Such consent shall have the same effect as a unanimous vote of the directors or the members of such committee.

Section 3.10 Committees

The board of directors, by resolution passed by a majority of the whole board of directors, may designate from among its members one or more committees, each committee to consist of one or more of the directors of the corporation. Each such committee, to the extent provided in the resolutions of the board of directors, shall have and may exercise all the powers and authority of the board of directors, except that no such committee shall have the authority

of the board in reference to declaring a dividend or distribution from capital stock, issuing capital stock, amending the articles of incorporation, adopting a plan of merger or consolidation, recommending to the shareholders the sale, lease, mortgage, exchange or other disposition of all or substantially all of the property and assets of the corporation other than in the usual and regular course of business, recommending to the shareholders a voluntary dissolution of the corporation or a revocation of a dissolution, filling vacancies in the board of directors, or amending the bylaws of the corporation. Such committee or committees shall have such name or names as may be determined from time to time by resolution adopted by the board of directors. Each committee shall keep regular minutes of its meetings and report the same to the board of directors when required.

Section 3.11 Compensation

By resolution of the board of directors, each director may be paid his expenses, if any, of attendance at each meeting of the board of directors, and may be paid a stated salary as director or a fixed sum for attendance at each meeting of the board of directors or both. No such payment shall preclude any director from serving the corporation in any other capacity and receiving compensation therefor.

Section 3.12 Conflicts of Interest

(a) No contract or other transaction between the corporation and one or more of its directors or any other corporation, firm, association or entity in which one or more of its directors are directors or officers or are financially interested, shall be either void or voidable because of such relationship or interest or because such director or directors are present at the meeting of the board of directors or a committee thereof which authorizes, approves or ratifies such contract or transaction, if the contract or transaction is fair and reasonable to the corporation and if either the fact of such relationship or interest is disclosed to the board of directors or committee which authorizes, approves or ratifies the contract or transaction by a vote or consent sufficient for the purpose without counting the votes or consents of such interested directors or the fact of such relationship or interest is disclosed to the shareholders entitled to vote and they authorize, approve or ratify such contract or transaction by vote or written consent.

(b) Common or interested directors may not be counted in determining the presence of a quorum at a meeting of the board of directors or a committee thereof which authorizes, approves or ratifies such contract or transaction.

Section 3.13 Loans to Employees and Directors

The corporation shall not lend money to or use its credit to assist its directors without authorization in the particular case by its shareholders, but may lend money to and use its credit to assist any employee of the corporation or of a subsidiary, including any such employee who is a director of the corporation, if the board of directors decides that such loan or assistance may benefit the corporation.

ARTICLE IV

WAIVER OF NOTICE

Section 4.1 Directors

Whenever any notice is required to be given to any director of the corporation under the provisions of the Constitution of Alabama, the Alabama Business Corporation Act, the articles of incorporation, or these bylaws, a waiver thereof in writing signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be deemed equivalent to the giving of such notice. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the board of directors or any committee designated thereby need be specified in the waiver of notice. The attendance of a director at a meeting shall constitute a waiver of notice of such meeting, except where a director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened.

Section 4.2 Shareholders

Whenever any notice is required to be given to any shareholder of the corporation under the provisions of the Constitution of Alabama, the Alabama Business Corporation Act, the articles of incorporation, or these bylaws, a waiver thereof in writing signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be deemed equivalent to the giving of such notice.

ARTICLE V

OFFICERS

Section 5.1 Positions

The officers of the corporation shall be elected by the board of directors and shall consist of a president, a secretary, and such other officers and assistant officers as may be deemed

necessary by the board of directors. Any two or more offices may be held by the same person.

Section 5.2 Election and Term of Office

The first officers of the corporation shall be elected by the board of directors at the first meeting of the board of directors. Each officer shall hold office at the pleasure of the board of directors or until his death or he shall resign or shall have been removed in the manner hereinafter provided.

Section 5.3 Vacancies

A vacancy in any office may be filled by the board of directors.

Section 5.4 Removal

Any officer or agent of the corporation may be removed by the board of directors whenever in its judgment the best interests of the corporation will be served thereby, but such removal shall be without prejudice to the contract rights, if any, of the person so removed. Election or appointment of an officer or agent shall not of itself create contract rights.

Section 5.5 Duties

The officers of the corporation, if and when elected by the board of directors of the corporation, shall have the following duties:

(a) Chairman of the Board. The chairman of the board, who must be a member of the board of directors, shall have such powers and perform such duties as may be prescribed and assigned to him from time to time by the board of directors.

(b) President. The president shall be the chief administrative officer of the corporation and shall have general and active management of such areas and divisions of the business of the corporation as may be designated by the board of directors. The president may sign certificates for shares of the corporation and deeds, mortgages, bonds, contracts or other instruments on behalf of the corporation except where required by law to be otherwise signed and executed and except where the signing and execution thereof shall be expressly delegated by the board of directors to some other officer or agent of the corporation. In general, he shall perform all duties incident to the office of president, except as specifically limited by resolution of the board of directors. The president shall have such other powers

and perform such other duties as may be prescribed and assigned to him from time to time by the board of directors.

(c) Vice-President. In the absence of the president or in the event of his death or inability to act, the vice-president (or in the event there be more than one vice-president, the vice-presidents in the order determined by the board of directors) shall perform the duties of the president, and when so acting, shall have all the powers of and be subject to all the restrictions upon the president. Any vice-president may sign certificates for shares of the corporation and shall perform such other duties as from time to time may be prescribed and assigned to him by the president or the board of directors.

(d) Secretary. The secretary shall keep the minutes of the proceedings of the shareholders and of the board of directors in one or more books provided for that purpose; see that all notices are duly given in accordance with the provisions of these bylaws or as required by law; be custodian of the corporate records and of the seal of the corporation; see that the seal of the corporation is affixed to all documents, the execution of which on behalf of the corporation under its seal is duly authorized; keep a register of the post office address of each shareholder which shall be furnished to the secretary by each shareholder; sign with the president, any vice-president, or the treasurer certificates for shares of the corporation, the issuance of which shall have been authorized by resolution of the board of directors; have general charge of the stock transfer books of the corporation; and in general perform all duties incident to the office of secretary and such other duties as from time to time may be assigned to him by the president or the board of directors. If there is no treasurer of the corporation, the secretary shall assume the authority and duties of the treasurer.

(e) Treasurer. The treasurer shall have charge and custody of and be responsible for all funds and securities of the corporation, receive and give receipts for moneys due and payable to the corporation from any course whatsoever, and deposit all such moneys in the name of the corporation in such banks, trust companies or other depositories as may be designated by the board of directors, and in general perform all of the duties incident to the office of treasurer and such other duties as from time to time may be assigned to him by the president or the board of directors. The treasurer may sign certificates for shares of the corporation. If

required by the board of directors, the treasurer shall give a bond for the faithful discharge of his duties in such sum and with such surety or sureties as the board of directors shall determine.

(f) Assistant Secretaries and Assistant Treasurers. The assistant secretary, or if there shall be more than one, the assistant secretaries in the order determined by the board of directors, shall, in the absence or disability of the secretary, perform the duties and exercise the powers of the secretary. The assistant treasurer, or, if there shall be more than one, the assistant treasurers in the order determined by the board of directors, shall, in the absence or disability of the treasurer, perform the duties and exercise the powers of the treasurer. The board of directors may require any assistant treasurer to give a bond for the faithful discharge of his duties in such sums and with such surety or sureties as the board of directors shall determine. The assistant secretaries and assistant treasurers shall all perform such other duties as shall be assigned to them by the secretary and treasurer, respectively, or by the president or the board of directors.

Section 5.6 Compensation

The compensation of the officers shall be fixed from time to time by the board of directors, and no officer shall be prevented from receiving such compensation by reason of the fact that he is also a director of the corporation.

ARTICLE VI

INDEMNIFICATION OF DIRECTORS, OFFICERS AND EMPLOYEES

Section 6.1 Indemnity; Generally

The corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed claim, action, suit or proceeding, whether civil, criminal, administrative or investigative, including appeals (other than an action by or in the right of the corporation), by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, partner, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such claim, action,

suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any claim, action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, and with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

Section 6.2 Indemnity; Action by Corporation

The corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed claim, action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, partner, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his duty to the corporation unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

Section 6.3 Expenses Upon Successful Defense

To the extent that a director, officer, employee or agent of the corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in either Section 6.1 or 6.2 of this Article VI, or in defense or any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith, notwithstanding that he has not been successful on any other claim, issue or matter in any such action, suit or proceeding.

Section 6.4 Authorization

(a) Any indemnification under Sections 6.1 and 6.2 of this Article VI (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in Section 6.1 and 6.2 of this Article VI. Such determination shall be made (a) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to, or who have been wholly successful on the merits or otherwise with respect to, such claim, action, suit or proceeding, or (b) if such a quorum is not obtainable, or, even if obtainable, a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (c) by the shareholders.

(b) Expenses (including attorneys' fees) incurred in defending a civil or criminal claim, action, suit or proceeding may be paid by the corporation in advance of the final disposition of such claim, action, suit or proceeding as authorized in the manner provided in paragraph (a) of this Section 6.4 upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount if and to the extent that it shall be ultimately determined that he is not entitled to be indemnified by the corporation as authorized in this Article VI.

Section 6.5 Nonexclusive Right

The indemnification authorized in and provided by this Article VI shall not be deemed exclusive of and shall be in addition to any other right to which those indemnified may be entitled under any statute, rule of law, provisions of articles of incorporation, bylaw, agreement, vote of shareholders or disinterested directors, or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Section 6.6 Indemnity Insurance

The corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, partner, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity or arising out of his status as such, whether or not the corporation is required or permitted to indemnify him against such liability under the provisions of this Article VI or any statute.

ARTICLE VII

CERTIFICATES REPRESENTING SHARES

Section 7.1 Certificates Representing Shares

Certificates representing shares of the corporation shall be in such form as shall be determined by the board of directors. Such certificates shall be signed by the president, any vice-president, or the treasurer, and by the secretary, an assistant vice-president, an assistant secretary, or an assistant treasurer, and sealed with the corporate seal or a facsimile thereof. The signatures of both of such officers upon a certificate may be facsimiles if the certificate is countersigned by a transfer agent or registered by a registrar, other than the corporation itself or one of its employees. In case any officer who has signed or whose facsimile signature has been placed upon such certificate shall have ceased to be such officer before such certificate is issued, it may be issued by the corporation with the same effect as if he were such officer at the date of its issue. Each certificate of shares shall be consecutively numbered or otherwise identified. The name and address of the person to whom the shares represented thereby are issued, with the number and class of shares and date of issue, shall be entered on the stock transfer books of the corporation. All certificates surrendered to the corporation for transfer shall be cancelled and no new certificate shall be issued until the former certificate for a like number of shares shall have been surrendered and cancelled, except that in case of a lost, destroyed or mutilated certificate, a new one may be issued therefor upon such terms and indemnity to the corporation as the board of directors may prescribe.

Section 7.2 Legends on Certificates

Any written restriction on the transfer of shares of the corporation must be noted conspicuously on the certificate representing such shares. In addition, if the corporation is authorized to issue shares of more than one class, there shall be set forth upon the face or back of every certificate, or every certificate shall have a statement that the corporation will furnish to any shareholder upon request and without charge, a full statement of the designations, preferences, limitations, and relative rights of the shares of each class authorized to be issued, and if the corporation is authorized to issue any preferred or special class in series, the variations in the relative rights and preferences between the shares of each such series so far as the same have been fixed and determined and the authority of the board of directors to fix and determine the relative rights and preferences of subsequent series.

Section 7.3 Transfer of Shares

Transfer of shares of the corporation shall be made only on the stock transfer books of the corporation by the holder of record thereof or by his legal representative, who shall furnish proper evidence of authority to transfer, or by his attorney thereunto authorized by power of attorney duly executed and filed with the secretary of the corporation, and on surrender for cancellation of the certificate for such shares. The person in whose name shares stand on the books of the corporation shall be deemed by the corporation to be the owner thereof for all purposes.

Section 7.4 Lost, Stolen, Destroyed, or Mutilated Certificates

The board of directors may direct a new certificate to be issued in place of any certificate theretofore issued by the corporation alleged to have been lost or destroyed. When authorizing such issue of a new certificate, the board of directors, in its discretion and as a condition precedent to the issuance thereof, may prescribe such terms and conditions as it deems expedient, and may require such indemnities as it deems adequate, to protect the corporation from any claim that may be made against it with respect to any such certificate alleged to have been lost or destroyed.

ARTICLE VIII

GENERAL

Section 8.1 Fiscal Year

The fiscal year of the corporation shall be fixed by resolution of the board of directors.

Section 8.2 Dividends

Section 8.5 Right of Corporation to Acquire its Own Shares

The corporation shall have the right to purchase, take, receive or otherwise acquire, hold, own, pledge and transfer or otherwise dispose of its own shares. Purchases by the corporation of its own shares, whether direct or indirect, may be made to the extent of unreserved and unrestricted earned surplus available therefor and, if permitted by the articles of incorporation of the corporation (or, if not so permitted by the articles of incorporation of the corporation, with the affirmative vote of the holders of two-thirds of all shares entitled to vote thereon), to the extent of unreserved and unrestricted capital surplus of the corporation available therefor.

Section 8.6 Voting of Corporation's Securities

Unless otherwise ordered by the board of directors, the chairman of the board, the president or any vice-president, or such other officer as may be designated by the board of directors to act in the absence of the chairman of the board, the president or any vice-president, shall have full power and authority on behalf of the corporation to attend and to act and to vote, and to execute a proxy or proxies empowering others to attend and to act and to vote, at any meetings of security holders of any corporation in which the corporation may hold securities, and at such meetings the chairman of the board, or such other officer of the corporation, or such proxy shall possess and may exercise any and all rights and powers incident to the ownership of such securities, and which as the owner thereof the corporation might have possessed and exercised, if present. The secretary or any assistant secretary may affix the corporate seal to any such proxy or proxies so executed by the chairman of the board, or such other officer, and attest the same. The board of directors by resolution from time to time may confer like powers upon any other person or persons.

ARTICLE IX

We have acted as bond counsel to the Louisiana Local Government Environmental Facilities and Community Development Authority (the "Issuer"), a political subdivision of the State of Louisiana (the "State"), in connection with the issuance by the Issuer of the captioned bonds (the "Bonds") pursuant to Chapter 10-D of Title 33 of the Louisiana Revised Statutes of 1950, as amended (La. R.S. 33:4548.1 through 33:4548.16, inclusive) (the "Act").

BATON ROUGE HOUSTON LAFAYETTE MIAMI NEW ORLEANS WASHINGTON, D.C.

The Bonds have been issued by the Issuer pursuant to the Act and other constitutional and statutory authority and a Trust Indenture dated as of August 1, 2004 (the "Indenture") between the Issuer and The Bank of New York Trust Company, N.A., a national banking association having its principal corporate trust office in Jacksonville, Florida, as trustee (the "Trustee"). Capitalized terms used herein that are not otherwise defined have the meaning given them in the Indenture.

The Bonds are issuable as fully registered bonds, are dated, bear interest until paid at the rate per annum, mature in the principal amounts and on the dates, and are subject to redemption all as set forth in the Indenture and in the Bonds.

The Bonds are issued under and are secured as to principal, redemption premium, if any, and interest by the Indenture, which provides a description of the nature and extent of the security for the Bonds, a statement of the terms and conditions under which the Bonds are issued and secured, the rights, duties and obligations of the Issuer, the rights, duties and immunities of the Trustee and the rights of the owners of the Bonds.

The Bonds are issued in order to provide funds to enable University Facilities, Inc., a Louisiana nonprofit corporation (the "Corporation") to (i) pay the Prior Debt, (ii) demolish certain existing facilities and renovate, develop and construct the Facilities, (iii) fund the costs of marketing the Facilities; (iv) provide working capital for the Facilities, (v) fund a deposit to the Debt Service Reserve Fund, (vi) pay capitalized interest on the Bonds; (vii) fund a deposit to the Replacement Fund; and (viii) pay costs of issuance of the Bonds, including the premium for any bond insurance policy insuring the Bonds.

The Issuer and the Corporation have entered into a Loan Agreement dated as of August 1, 2004 (the "Agreement"), pursuant to which the Issuer will loan the proceeds from the sale of the Bonds to the Corporation for the foregoing purposes. Pursuant to the Agreement, the Corporation has agreed to make loan payments (the "Payments") solely from the Base Rental (as defined in the Agreement) sufficient to pay the principal of, premium, if any, and interest on the Bonds. The rights of the Issuer under the Agreement (except for the rights of the Issuer relating to exculpation, indemnification and payment of expenses thereunder) have been pledged and assigned by the Issuer to the Trustee as security for the Bonds. The Corporation is leasing the property upon which the Facilities will be located from the Board of Supervisors for the

University of Louisiana System pursuant to a Ground and Buildings Lease Agreement dated as of August 1, 2004 (the "Ground Lease").

The Bonds are also entitled to the benefits of the Act of Mortgage, Assignment of Leases and Security Agreement dated August 13, 2004 (the "Mortgage") executed by the Corporation in favor of the Trustee, pursuant to which the Corporation has mortgaged its leasehold interest in and to the Land and the improvements located thereon, granted a security interest in certain movable property and assigned its rights to all leases and rents relating to the Facilities; and an Assignment of Agreements and Documents dated as of August 1, 2004 (the "Assignment") executed by the Corporation in favor of the Trustee, pursuant to which the Corporation has assigned to the Trustee its rights, title and interest in and to certain Agreements and Documents (as defined in the Assignment).

We have examined: (i) the constitution and statutes of the State, including the Act; (ii) a certified transcript of the proceedings of the Issuer authorizing the issuance of the Bonds; (iii) the Indenture, the Agreement, the Tax Regulatory Agreement and Arbitrage Certificate dated the date of delivery and payment for the Bonds among the Issuer, the Corporation, the Board of Supervisors for the University of Louisiana System (the "Board") and the Trustee (the "Tax Regulatory Agreement"); and (iv) such other documents, instruments, proofs and matters of law as we have deemed relevant to the issuance of the Bonds and necessary for the purpose of this opinion.

As to questions of fact material to our opinion, we have relied upon representations of the Issuer, the Board and the Corporation contained in the Indenture, the Agreement and the Tax Regulatory Agreement, the certified proceedings and other certifications of public officials and others furnished to us, including certifications furnished to us by or on behalf of the Issuer, the Corporation and the Board, without undertaking to verify the same by independent investigation.

On the basis of the foregoing examinations, we are of the opinion, as of the date hereof and under existing law, that:

1. The Issuer is a validly existing political subdivision of the State and has the power and authority to enter into the Agreement and the Indenture and to issue and sell the Bonds.

2. The Bonds are valid and binding special and limited obligations of the Issuer secured by and entitled to the benefits of the Indenture and are payable solely from the revenues and other amounts pledged and assigned under the Indenture.

3. The Agreement and the Indenture have been duly authorized, executed and delivered by the Issuer and constitute valid and binding obligations of the Issuer, enforceable upon the Issuer in accordance with their terms, and all rights of the Issuer under the Agreement have been validly assigned to the Trustee under the Indenture, with the exception of certain rights of the Issuer relating to notice, exculpation, indemnification and payment of expenses.

4. The Bonds and interest thereon do not constitute an indebtedness or pledge of the general credit of the Issuer within the meaning of any State constitutional or statutory provision and will not constitute a general obligation or a charge against any other revenues of the Issuer.

5. Interest on the Series 2004A Bonds and the Series 2004B Bonds (including the amount of original issue discount properly allocable to the owner thereof) is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, for the purpose of computing the alternative minimum tax imposed on certain corporations, such interest is taken into account in determining adjusted current earnings.

6. Interest on the Series 2004C Bonds is included in the gross income of the owners thereof for federal income tax purposes.

7. Under the Act, the Bonds, together with the interest thereof, income therefrom, and gain upon the sale thereof are exempt from all State taxes and local taxes.

In rendering the opinions expressed in paragraph 5 above, we have relied on representations of the Issuer, the Board and the Corporation with respect to matters solely within the knowledge of the Issuer, the Board and the Corporation, which we have not independently verified, and have assumed continuing compliance with the covenants in the Indenture, the Agreement and the Tax Regulatory Agreement pertaining to those sections of the Code that

affect the exclusion from gross income of interest on the Bonds for federal income tax purposes. In the event that such representations are determined to be inaccurate or incomplete or the Issuer, the Board or the Corporation fails to comply with the foregoing covenants, interest on the Series 2004A Bonds and the Series 2004B Bonds could be includable in gross income for federal income tax purposes from the date of their original delivery, regardless of the date on which the event causing such inclusion occurs.

The accrual or receipt of interest on the Bonds may otherwise affect the federal income tax liability of certain recipients. The extent of these other tax consequences will depend upon the recipient's particular tax status or other items of income or deduction. We express no opinion regarding any such consequences and investors should consult their tax advisors regarding the tax consequences of purchasing or holding the Bonds.

It is to be understood that the rights of the owners of the Bonds and the enforceability of the Bonds, the Indenture, the Agreement and the other documents enumerated above may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and that their enforcement may also be subject to the exercise of the sovereign police powers of the State or its governmental bodies and the exercise of judicial discretion in appropriate cases.

In rendering this opinion, we have relied upon the opinion of even date herewith of Seale & Ross, counsel to the Borrower, with respect to: (i) the due organization of the Corporation; (ii) the good standing of the Corporation in the State; (iii) the corporate power of the Corporation to enter into, and the due authorization, execution and delivery by the Corporation of, the Agreement, the Ground Lease and the Mortgage and the valid and binding effect thereof on the Borrower; (iv) the Borrower being exempt from federal income tax under Section 501(a) of the Internal Revenue Code of 1986, as amended (the "Code") as an organization described in Section 501(c)(3) and the use of the Facilities not constituting an "unrelated trade or business" as such term is defined in Section 513(a) of the Code and (v) matters that might be disclosed as a result of an examination of the indentures, mortgages, deeds of trust, certifications of incorporation, by-laws, and other agreements or instruments to which the Corporation is a party or by which it or its properties are bound.

We have also relied on the opinion of McGlinchey Stafford, LLC, counsel to the Trustee, with respect to the corporate power of the Trustee to enter into and the due authorization, execution and delivery by the Trustee of the Indenture and the binding effect thereof on the Trustee. We have also relied upon the opinion of Decuir & Clark, L.L.P., counsel to the Board, with respect to the power of the Board to enter into and the due authorization, execution and delivery by the Board of the documents to which it is a party and the binding effect thereof on the Board, and upon the opinion of Casten & Pearce, A.P.L.C., counsel to the Issuer, with respect to the power of the Issuer to enter into and the due authorization, execution and delivery by the Issuer of the documents to which it is a party, including the Agreement and Indenture and the binding effect thereof on the Issuer.

For purposes of this opinion, our services as bond counsel have not extended beyond the examinations and expressions of the conclusions referred to above. This opinion is given as of the date hereof and we assume no obligation to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in the law that may hereafter occur. Except as stated above, no opinion is expressed as to any federal or state tax consequences resulting from the ownership of, receipt of interest on, or disposition of, the Bonds.

Respectfully submitted,

This opinion speaks as of its date and we are under no obligation to provide any updates of this opinion. This opinion is given solely for the use and benefit of the addressees hereof, and only in connection with the issuance and delivery of the Bonds pursuant to the Bond Purchase Agreement, and may not be used or relied upon by any other person or in connection with any other transaction, except with express consent of this firm.

2004C Bonds")

Ladies and Gentlemen:

We have acted as counsel for the Louisiana Local Government Environmental Facilities and
Community Development Authority (the "Authority") in connection with the issuance and delivery of
the above-captioned bonds (the "Series 2004 Bonds") and for the purpose of rendering this opinion, we
have examined the following:

1. The resolutions (the "Bond Resolution") adopted by the Authority on February 12, 2004 and May 13, 2004 authorizing, among other things, the following:

(aa) the execution, delivery, and performance of the Trust Indenture (the "Indenture") dated as of August 1, 2004, by and between the Authority and The Bank of New York Trust Company, N.A., as Trustee (the "Trustee"); the Loan Agreement dated as of August 1, 2004, by and between the Authority and University Facilities, Inc. (the "Corporation"); the Bond Purchase Agreement dated as of August 5, 2004 and August 13, 2004, among the Authority, the Corporation, and Morgan Keegan & Company, Inc. (the "Underwriter"), Tax Regulatory Agreement and Arbitrage Certificate (the "Tax Agreement") executed by the Authority, the Corporation, the Board of Supervisors for the University of Louisiana System, and the Trustee on and as of the date hereof, the Auction Agency Agreement (the "Auction Agency Agreement") dated as of August 1, 2004, by and among the Authority, the Trustee, and The Bank of New York Trust Company, as Auction Agent and the Reimbursement and Indemnity Agreement between the Authority and MBIA Insurance Corporation dated as of August 1, 2004 (collectively, the "Authority Documents");

(bb) the distribution by the Underwriters of the Official Statement (the "Official Statement") dated August 10, 2004, relating to the Series 2004 Bonds; and

(cc) the issuance and delivery of the Series 2004 Bonds.

2. Constitution and statutes of the State of Louisiana, including , but not limited to Sections 33:4548.1 to 4548.16, inclusive, of the Louisiana Revised Statutes of 1950, as amended.

3. Executed counterparts of the Authority Documents.

4. The form of the Series 2004 Bonds.

On the basis of the foregoing and an examination of such other documents and consideration of such matters of law we have deemed appropriate to enable us to render this opinion, we are of the opinion that:

(i) the Authority is a political subdivision of the law of the State of Louisiana (the "State") duly organized and validly existing under the constitution and laws of the State and has full power and authority to issue and deliver the Series 2004 Bonds, and to execute and deliver, and to perform its obligations under, the Series 2004 Bonds and the Authority Documents;

(ii) the Bond Resolution has been duly adopted by the Authority, duly adopted at meetings of the Executive Committee, and is legal, valid, binding, and in full force and effect on the date hereof; the officers of the Authority who have executed the Series 2004 Bonds, and the Authority Documents have been duly appointed and are qualified to serve as such officers;

(iii) no additional or further approval, consent, or authorization of any governmental or public agency or authority is required by the Authority in connection with the issuance and delivery of the Series 2004 Bonds, the execution, delivery of the Authority Documents, or the performance by the Authority of its obligations thereunder;

(iv) the Authority has taken all corporate action legally necessary in connection with the authorization of the execution, delivery, and performance of the Series 2004 Bonds and the Authority Documents, and the execution, delivery, and performance of the Series 2004 Bonds and the Authority Documents are within the power of the Authority;

(v) the Series 2004 Bonds have been duly authorized, issued, and delivered by the Authority and constitute legal, valid, and binding limited obligations of the Authority, enforceable in accordance with their terms and the terms of the Bond Resolution, except as enforcement thereof may be limited by laws relating to bankruptcy, reorganization, insolvency, or other similar laws affecting the enforcement of creditors' rights generally or by usual limitations on the availability of equitable remedies;

(vi) the Authority Documents have been duly authorized, executed, and delivered by the Authority and the Authority Documents constitute legal, valid, and binding agreements of the Authority, enforceable in accordance with their respective terms, except as enforcement thereof may be limited by laws relating to bankruptcy, reorganization, insolvency, or other similar laws affecting the enforcement of creditors' rights generally;

(vii) the execution and delivery by the Authority of the Series 2004 Bonds and the Authority Documents and the performance by the Authority of its obligations under the Series 2004 Bonds and the Authority Documents do not violate any provision of law or any regulation applicable to it or any applicable judgment, writ, decree, order, or regulation of any court or of any public or governmental agency or authority having jurisdiction over the Authority or any of its activities or property and do not conflict with or result in any breach of, or constitute a default or result in the creation of a lien under, any agreement or instrument to which the Authority is a party or by which it is bound;

(viii) there is no action, suit, proceeding, inquiry, or investigation, at law or in equity, or before or by any court, public board or body, pending or, to our knowledge, threatened against or affecting the Authority, not to the best of our knowledge is there any basis therefore, wherein an unfavorable decision, ruling or finding would adversely affect the validity of, or materially adversely affect the transactions contemplated by, the Series 2004B Bonds, the Authority Documents, or the Official Statement;

(ix) neither the existence of the Authority nor the title of any of the officials or members of the Authority to their offices is being contested and none of the proceedings heretofore taken to authorize the issuance and delivery of the Series 2004 Bonds, to provide the security therefore, or to authorize the execution and delivery of the Authority Documents and the Official Statement have been repealed, revoked, or rescinded;

(x) all meetings of the Authority at which action was taken in connection with the Bond Resolution, the Authority Documents, and the authorization, sale, and issuance of the Series 2004 Bonds were duly and legally called and held, and notice of the time and place of each such meeting was given as required by the laws of the State and the procedural rules of the Authority;

(xi) the information and statements contained in the Official Statement under the headings "The Authority" and "Litigation – The Authority," (the "Authority Information"), are accurate statements or summaries of the matter therein set forth and fairly present the

information purported to be shown, and, with respect to the Authority Information, the Official Statement does not, as of the date hereof, contain any untrue statement of a material fact or omit to state a material fact required to be stated therein, in light of the circumstances under which they were made, not misleading; and

(xii) nothing has come to our attention which would lead us to believe that the Official Statement (except for financial and statistical data included therein, as to which no opinion is expressed) contains any untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading;

Only the addressees (the "Opinion Recipients") are entitled to rely upon or to assert any legal rights created by this opinion letter and the Opinion Recipients' reliance on the opinions expressed herein shall be only for the purpose contemplated by the Authority Documents. This opinion letter may not be used or relied upon by any other person for any purpose whatsoever, other than in connection with regulatory requirements or in response to court order, without our prior written consent.

The Ground Lease, the Facilities Lease, the Loan Agreement, the Mortgage, the Assignment of Agreements and Documents, the Development Agreement, the Management Agreement, the Tax Agreement, the Bond Purchase Agreement, and the Corporation Indemnity Letter are hereinafter referred to collectively as the "*Corporation Documents*."

On the basis of the foregoing and an examination of such other documents and consideration of such matters of law as we have deemed appropriate to enable us to render this opinion, we are of the opinion that:

- (i) the Corporation has been duly organized, is validly existing as a nonprofit corporation under the laws of the State of Louisiana no part of the net earnings of which inures to the benefit of any person, private stockholder, or individual;
- (ii) the Corporation has all requisite power and authority to execute and deliver, and perform its obligations under, each of the Corporation Documents and to own its properties and carry on its business, and the Corporation has all licenses and permits necessary to conduct the operation of the Facilities (as such term is defined in the Loan Agreement) to the extent contemplated in the Corporation Documents;
- (iii) the Corporation is authorized to conduct business in each jurisdiction in which the failure so to qualify would materially adversely affect its business including the State;
- (iv) the execution and delivery of the Corporation Documents and the performance by the Corporation of its obligations thereunder have been duly authorized by all necessary action on the part of the Corporation, and the Corporation Documents constitute legal, valid, and binding agreements of the Corporation, enforceable against the Corporation in accordance with their respective terms, except as enforcement thereof may be limited by laws relating to bankruptcy, reorganization, insolvency, or other similar laws affecting the enforcement of creditors' rights generally or by usual limitations on the availability of equitable remedies;
- (v) the execution and delivery of the Corporation Documents by the Corporation and the performance by the Corporation of

its obligations thereunder do not violate any provision of law or any regulation applicable to the Corporation or any applicable judgment, writ, decree, order, or regulation of any court or of any public or governmental agency or authority having jurisdiction over the Corporation or any of its activities or property and do not conflict with or result in any breach of, or constitute a default under, any of the provisions of the Articles of Incorporation or the Bylaws of the Corporation or, to the best of our knowledge after due inquiry, any agreement or instrument to which the Corporation is a party or by which it is bound;

- (vi) neither the issuance and sale of the Series 2004 Bonds, nor the consummation of any other of the transactions contemplated in the Corporation Documents, nor the fulfillment of the terms thereof will result in the creation of any lien, pledge, charge, or encumbrance upon any of the assets of the Corporation other than those expressly contemplated by such documents;
- (vii) the Corporation has duly approved the Indenture and has duly approved, executed, and authorized the use of the Official Statement by the Underwriter in connection with the offering and sale of the Series 2004 Bonds;

Dear Ladies & Gentlemen;

We have acted as counsel to the Board of Supervisors for the University of Louisiana System, formerly known as the Board of Trustees for State Colleges and Universities, a public constitutional corporation duly created and existing under the constitution and laws of the State of Louisiana (the "Board"), in connection with the entering into and execution by the Board, on behalf of Southeastern Louisiana University (the "University"), of the Ground and Buildings Lease Agreement (the "Ground Lease"), dated as of August 1, 2004, by and between the Board, as lessor, and University Facilities, Inc., a Louisiana private non-profit corporation (the "Corporation"), as lessee, pursuant to which the Board has leased to the Corporation property located on the campus of Southeastern Louisiana University (the "Land"), and the entering into and execution of the Agreement to Lease with Option to Purchase (the "Facilities Lease") dated as of August 1, 2004, by and between the Corporation, as lessor, and the Board, as lessee,

pursuant to which the Corporation will renovate and/or construct certain facilities (the "Facilities"), financed by issuance of the above referenced bonds (the "Bonds") of the Louisiana Local Government Environmental Facilities and Community Development Authority (the "Authority") and lease back to the Board the Facilities.

Pursuant to a Request for Proposals (RFP) by the University, evaluation of submitted proposals and determination of the best project submitted, the University requested and received Board approval to award the Project to Capstone Development Corporation.

In that connection, we have examined the Board's current Bylaws and Regulations, the actions and Resolutions adopted by the Board on December 5, 2003 and June 25, 2004 approving the award, approving the financing and authorizing Dr. Moffett to execute any and all documents necessary with respect to the project and the financing thereof (the "Resolutions"), the approval by the Board of Regents on January 22, 2004, the Ground and Buildings Lease Agreement (the "Ground Lease") dated August 1, 2004, the Agreement to Lease with Option to Purchase (the "Facilities Lease") dated August 1, 2004, the Bond Purchase Agreement dated August 5, 2004 and the Bond Purchase Agreement dated August 13, 2004 (collectively, the "Bond Purchase Agreement"), the Tax Regulatory Agreement and Arbitrage Certificate (the "Tax Agreement") dated August 13, 2004, the Continuing Disclosure Agreement (the "Continuing Disclosure Agreement"), dated August 1, 2004, and such other documents and records of the Board (collectively, the "Additional Documents") as deemed necessary to enable us to render this opinion. All capitalized terms used and not otherwise defined herein shall have the same meanings ascribed to such terms in the hereinafter defined Board Documents unless the context shall clearly indicate otherwise.

Based on the foregoing, it is our opinion that:

1. The Board is a public constitutional corporation duly created and validly existing under the laws of the State of Louisiana with full power and authority to own its own properties and to conduct its business and affairs, particularly, to adopt the Resolution authorizing the Ground Lease and the Facilities Lease, to execute, deliver and perform its obligations under the Ground Lease and Facilities Lease, to acknowledge and approve the entering into and execution of the Management Agreement by the Corporation and to conduct the business now being conducted by it having taken all requisite action required to authorize the execution and delivery thereof and consummation of the transactions contemplated thereby.
2. The Ground Lease, the Facilities Lease, the Tax Agreement and the Continuing Disclosure Agreement delivered in connection with the issuance of the Bonds (referred herein collectively as the "Board Documents") have been duly authorized, executed and delivered by the Board and constitute legal, valid and binding obligations of the Board enforceable in accordance with their respective terms except insofar as the enforcement thereof may be limited by applicable bankruptcy, reorganization, moratorium, insolvency, liquidation or other laws affecting creditors' rights generally, by general principles of equity and as otherwise set forth herein.
3. To the best of our knowledge and after reasonable inquiry, there is no action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, public board or body, pending or, to our knowledge, threatened, against or affecting the Board, other than that previously listed and disclosed wherein an unfavorable decision, ruling or finding would adversely affect its financial condition, the results of its operation or the transactions contemplated by the Board Documents, or the validity of the Board Documents. Please be advised that while there may be lawsuits pending involving the Board itself, it is not possible for us to confer with every attorney handling such matters. Furthermore, it would be impossible to predict outcomes of such cases. However, to the extent that there are adverse judgments in excess

of any Board insurance policy limit, such judgments could be satisfied only through an appropriation by the Louisiana Legislature because Board assets are not available to satisfy such judgments.

4. To the best of our knowledge, after due and reasonable inquiry and based upon certifications and representations of officials of the Board, the adoption of the Resolution and the execution and delivery of the Board Documents and compliance with the provisions thereof under the circumstances contemplated thereby, do not and will not in any material respect conflict with or constitute on the part of the Board a material breach of or material default under any material indenture, mortgage, agreement or other instrument to which the Board is a party by which it is bound or any existing law, regulation, court order or consent decree to which the Board is subject.

5. No approval or other action by any governmental authority or agency, other than approvals or actions already obtained, is required in connection with the execution or performance by the Board of the Board Documents.

6. Based upon our participation in the preparation of the Board Documents regarding this transaction, and without having undertaken to determine independently the accuracy or the completeness of the statements contained therein, we have no reason to believe that the statements with respect to the Board contained in the Board Documents contain any untrue statement of a material fact or fails to state a material fact necessary in order to make the statements contained therein, in light of the circumstances under which they were made, misleading.

This opinion is rendered solely to the addressees hereof in connection with the captioned transaction and may not be relied upon by any person for any other purpose without our prior written consent. Further, copies of this letter may not be circulated or furnished to any party, and neither this letter nor the opinions set forth herein may be quoted or referred to in any report or document furnished to any other party without our prior written consent. The opinions set forth herein are subject to the following qualifications and limitations.

(a) The opinions set forth in this letter are given as of the date hereof and we do not undertake to report or advise you or any other person of any changes in law, statutes or jurisprudence in any matter set forth herein. The opinion is limited to the matters expressly stated herein and no opinion may be inferred or implied beyond the matters expressly stated herein.

(b) We are qualified to practice law in the State of Louisiana and the foregoing opinions are limited exclusively to the presently effective laws of the State and the Federal Laws of the United States of America in effect on and as of the date hereof and no opinion is expressed herein as to any matter governed by the laws of other jurisdictions.

SERIES 2004**

Ladies and Gentlemen:

We have acted as counsel for The Bank of New York Trust Company, N.A., Jacksonville, Florida (the "Bank") in connection with said Bank serving as Trustee (the "Trustee") under a Trust Indenture dated as of August 1, 2004 (the "Indenture"), between the Louisiana Local Government Environmental Facilities and Community Development Authority (the "Issuer") and the Trustee, relating to the issuance of the Issuer's \$76,910,000 Revenue Bonds (Southeastern Louisiana University Student Housing/University Facilities, Inc. Project) Series 2004 (the "Bonds"). Unless otherwise expressly provided herein, capitalized terms used herein have the respective meanings assigned to them in the Indenture.

In our capacity as counsel for the Trustee, we have examined originals or copies, certified or otherwise identified to our satisfaction, of the Articles of Association and By-Laws of the Trustee, as amended, and such other corporate records of the Trustee as we have deemed advisable for the opinion we are expressing hereunder. As to questions of fact we have relied upon certificates of officers of the Trustee.

We have examined an executed counterparts of the following:

1. The Indenture;
2. The Tax Regulatory Agreement and Arbitrage Certificate dated August 13, 2004 (the "Tax Regulatory Agreement"), among the Board of Supervisors for the

University of Louisiana System (the "Board"), the Trustee, the Corporation and the Issuer;

3. The Continuing Disclosure Agreement dated as of August 1, 2004 (the "Continuing Disclosure Agreement") between the Board and the Trustee;
4. The Market Agent Agreement dated as of August 1, 2004 (the "Market Agent Agreement"), between the Trustee and Morgan Keegan & Company, Inc., as Market Agent; and
5. The Auction Agency Agreement dated as of August 1, 2004 (the "Auction Agency Agreement") among the Issuer, the Trustee and The Bank of New York, as Auction Agent.

We have also examined such other documents and matters as we have deemed relevant, together with such matters of law which we have considered necessary or appropriate for the purposes of this opinion. The Indenture, the Tax Regulatory Agreement, the Continuing Disclosure Agreement, the Market Agent Agreement and the Auction Agency Agreement are herein referred to as the "Trustee Documents."

In rendering the opinions hereinafter expressed, we have assumed the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as certified or photostatic copies, the authenticity of all signatures on executed documents, the execution of all documents submitted to us unsigned and the legal capacity of all persons (other than representatives of the Trustee) executing such documents.

Based upon the foregoing, and subject to the qualifications and exclusions otherwise stated herein, we are of the opinion that:

1. The Bank is a national banking association with fiduciary powers, duly organized, validly existing and in good standing under the laws of the United States of America, and authorized to serve as a corporate trustee in the State of Louisiana.

2. The Trustee Documents have been duly authorized, executed and delivered by the Trustee and constitute the valid, legal and binding obligations of the Trustee, enforceable against the Trustee in accordance with their respective terms, except as such enforcement may be limited by bankruptcy, reorganization, insolvency, moratorium or other similar laws of general application in effect from time to time relating to or affecting the enforcement of creditors' rights.

3. The Trustee has all necessary trust powers required to carry out the duties of the Trustee provided under the Trustee Documents.

4. The acceptance by the Trustee of the duties and obligations under the Trustee Documents and compliance with the provisions thereof does not conflict with or constitute on the part of the Trustee a breach of, violation or default under any existing law, rule or administrative regulation, or, to the best of our knowledge, any judgment, order, consent decree, agreement,

indenture, mortgage, lease or other instrument to which the Trustee is subject or by which it is bound.

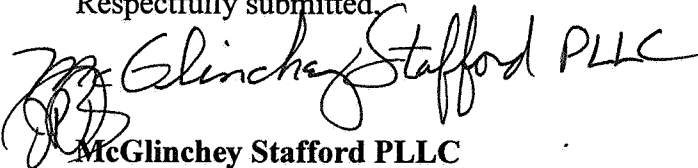

5. All approvals, consents and orders of any governmental authority or agency having jurisdiction in the matter, which would constitute a condition precedent to the performance by the Trustee of its duties and obligations under the Trustee Documents, have been obtained and are in full force and effect.

In basing the opinions and other matters set forth herein on "our knowledge," the words "our knowledge" signify that, in the course of our representation of the Trustee in matters with respect to which we have been engaged by them, no information has come to our attention that would give us actual knowledge or actual notice that any such opinion or other matters are not accurate or that any of the foregoing documents, certificates, reports and information on which we have relied are not accurate and complete. The words "our knowledge" and similar language used herein are intended to be limited to the knowledge of the lawyers within our firm who have devoted substantive attention to the transaction contemplated by the Trustee Documents and not to knowledge of the firm generally.

We have not made an inquiry or investigation with respect to compliance with applicable federal and state securities laws and regulations. No opinion is extended and we specifically disclaim any opinion, as to (i) the excludability of interest on the Bonds from federal or state income taxes; (ii) the applicability or compliance with federal or state securities laws; (iii) the enforceability of any provisions of any Trustee Document or other document referred to herein, if any, which purports to grant extra judicial remedies; (iv) the legality or enforceability of indemnification provisions; (v) the legality or enforceability of the waiver of any rights or remedies by the Trustee under the Trustee Documents; and (vi) the creation of any lien purported to be created pursuant to any Trustee Document.

The opinions expressed hereinabove are expressed only insofar as the laws of the State of Louisiana and the United States of America may be applicable and are qualified to the extent that (i) certain equitable remedies including specific performance may be unavailable, and (ii) any indemnification provisions contained therein may be limited by applicable laws and public policy. This opinion is furnished solely for the benefit of the addressees and is not to be used, circulated, quoted, relied upon or otherwise referred to for any other purpose without our prior written approval. No other person shall be entitled to rely on this opinion without the express written consent of this firm.

Ladies and Gentlemen:

We have acted as counsel to Capstone Development Corp. (the "**Developer**"), an Alabama corporation, and for Capstone On-Campus Management, LLC (the "**Manager**"), an Alabama single member limited liability company, in connection with the issuance and delivery of the above-captioned bonds. For the purpose of rendering this opinion, we have examined the following:

1. The Articles of Incorporation, Bylaws, Minute Book, and resolutions of the Developer and all amendments thereto and the Articles of Organization, Operating Agreement and resolutions of the Manager and all amendments thereto.
2. The Development Agreement (the "**Development Agreement**") dated as of August 1, 2004, between University Facilities, Inc. (the "**Corporation**") and the Developer;
3. The Collateral Assignment (the "**Collateral Assignment**") dated as of August 1, 2004, by the Developer in favor of the Borrower.

4. The Developer Indemnity Letter (the "*Developer Indemnity Letter*") dated August 1, 2004, from the Developer to the Borrower, the Louisiana Local Government Environmental Facilities and Community Development Authority, Morgan Keegan & Company, Inc., and MBIA Insurance Corporation.
5. The Management Agreement (the "*Management Agreement*") dated as of July 1, 2004, between the Corporation, as agent for the Board and the Manager.

The Development Agreement, the Collateral Assignment, and the Developer Indemnity Letter are hereinafter referred to collectively as the "*Developer Documents*."

When reference is made in this opinion to our "knowledge" of certain matters or to matters "known to us," it means the actual present knowledge and conscious awareness of those matters by the attorneys at this firm directly involved in acting as counsel to the Developer or the Manager, as applicable, in connection with the transactions contemplated by the Developer Documents or the Management Agreement, as applicable. Wherever our opinions herein, with respect to existence or absence of facts, is indicated to be "to our knowledge," "to the best of our actual knowledge," "of which we have actual knowledge", or it is stated that we have "no knowledge," it is intended to signify that during the course of our representation, as herein described, no information has come to our attention that has given us actual knowledge of the existence or absence of such facts, and material information as to such matters may exist which has not come to our attention during the course of our representation.

As to various questions of fact material to our opinions herein, we have relied exclusively upon the information contained in item 1 above and such other agreements, instruments and documents as we have deemed necessary as a basis for the opinions set forth herein. We have not made any independent investigation of and do not express an opinion as to any matters of title to any property (whether real, personal, or mixed). We also do not express any opinions as to the adequacy of the description of the premises contained in any of the Developer Documents or the Management Agreement. We express no opinion with respect to the effect of any law other than the law of the State of Alabama and the federal law of the United States. We have assumed the truthfulness of any factual representations made to us by or on behalf of the Developer and the Manager. We have made no independent investigations of the facts supporting any representations or warranties of the Developer or the Manager and express no opinion as to the truthfulness of any representations or warranties made by the Developer or the Manager in any of the Developer Documents or the Management Agreement, respectively.

In connection with this opinion, we have examined the Developer Documents, the Management Agreement and other records and documents of Developer and Manager, and have considered such matters of law and of fact as we deem necessary or appropriate for the purpose of rendering this opinion. We have assumed that all information and certificates obtained by us from public officials, Developer and Manager are true, complete and not misleading, the genuineness of all signatures other than the signatures of Developer and Manager contained in the Developer Documents and Management Agreement, respectively, the authenticity of all documents submitted to us as originals and the conformity to authentic original documents of all documents submitted to us as conformed, photocopied or photostatic copies, and the due authority to execute the Developer Documents and Management Agreement by Developer and Manager, respectively. We have also assumed that each representative of Developer and Manager who is a natural person has sufficient legal capacity to execute and deliver the Developer Documents and Management Agreement, respectively, to which Developer and Manager, respectively, is a party, and that each representative of Developer and Manager that is a natural person is not under duress. To our knowledge, there are no facts that conflict with any of the assumptions made by us as expressed in this opinion.

On the basis of the foregoing and an examination of such other documents and consideration of such matters of law as we deemed appropriate to enable us to render this opinion, we are of the opinion that:

- (i) based solely upon the Closing Certificate of Developer to this firm, the Developer is a duly organized, validly existing corporation and is in good standing under the laws of the State of Alabama;
- (ii) based solely upon the Closing Certificate of Manager to this firm, the Manager is a duly

organized, validly existing limited liability company and is in good standing under the laws of the State of Alabama;

(iii) the Developer is a duly organized, validly existing corporation and is in good standing under the laws of the State of Alabama, and the Manager is a duly organized, validly existing limited liability company and is in good standing under the laws of the State of Alabama;

(iv) each of the Developer and the Manager has the power to own its properties and to conduct its business as now conducted;

(v) each of the Developer and the Manager has all requisite power and authority, and has taken all corporate or company action, respectively, necessary, to enter into and perform its obligations under the Developer Documents and the Management Agreement, respectively;

(vi) the Developer Documents and the Management Agreement are valid and binding obligations of the Developer and the Manager, respectively, and are enforceable against the Developer and the Manager, respectively, in accordance with their terms, subject to (i) applicable bankruptcy, insolvency, avoidance, reorganization, moratorium, or other similar laws affecting the rights of creditors generally, (ii) general principles of equity (regardless of whether considered in a proceeding in equity or at law); and (iii) the future qualifications contained herein;

(vii) the execution, delivery, and performance by the Developer and the Manager of the Developer Documents and the Management Agreement, respectively, do not (a) conflict with or violate the Articles of Incorporation or Bylaws of the Developer or any amendment thereto or the Articles of Organization of the Manager or any amendment thereto, or any applicable federal or Alabama law or regulation, (b) conflict with or violate any order, writ, injunction, or decree of any court or governmental authority or any arbitral award of which we have actual knowledge, or (c) constitute a default under, require any consent under, or result in the acceleration or required prepayment of any indebtedness pursuant to, any agreement or instrument to which the Developer or the Manager or their respective assets are bound, or result in the creation or imposition of any lien upon any property of the Developer or the Manager, pursuant to any such agreement or instrument of which we have actual knowledge;

(viii) we have no knowledge of any agreements or agreements binding upon the Developer or the Manager that are in conflict with or violate any of the terms of the Developer Documents or the Management Agreement, respectively, nor do we have any knowledge that the execution of the Developer Documents or the Management Agreement by the Developer or the Manager, respectively, will result in the breach or violation of the terms of any other agreement to which the Developer or the Manager is a party; and

(ix) to the best of our actual knowledge, there is no pending or threatened condemnation proceeding, lawsuit, claim, or criminal proceeding against the Developer or the Manager that could have a material adverse effect on the Developer's or the Manager's ability to perform its respective obligations under the Developer Documents or the Management Agreement, respectively.

Our opinions herein contained are further subject to the following qualifications:

(i) No opinions are expressed regarding the availability of the remedies of specific performance, injunctive relief or any other equitable remedy or relief, which is subject to general principles of equity (regardless of whether considered in a proceeding in equity or at law), to enforce any right under any agreement or document. Moreover, a court may fail or refuse to enforce provisions of agreements or documents if the enforcement thereof is based upon default or breaches that are immaterial to the ultimate performance contemplated thereby.

(ii) No opinion is expressed as to the legality, validity or enforceability of any waiver of the right to

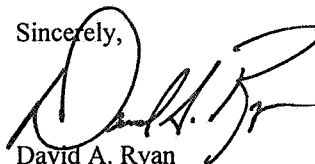

receive notice, any waiver of any legal or equitable defense or any waiver of any constitutional right or any waiver if the right waived is one forbidden by law to be waived or such waiver is determined to be violative of public policy. In addition, the enforceability of all rights, remedies and obligations are subject to compliance with requirements of procedural due process.

- (iii) No opinion is expressed with respect to any provision of the Developer Documents or Management Agreement that purports to (a) require the payment or reimbursement of attorney's fees or litigation expenses of another party; (b) require the payment or reimbursement of any fee, cost or expense that may be deemed unreasonable in nature or amount; (c) release, exculpate, hold harmless, exempt a party from, require indemnification or prohibit future business activity to the extent such release, exculpation, hold harmless, exemption, indemnity, or prohibition is, with respect to any activity, contrary to public policy; (d) provide the right to exercise remedies upon the occurrence of a non-material breach of the Developer Documents or Management Agreement (including material breaches of non-material provisions thereof); (e) define, waive, or set standards for good faith, reasonableness, commercial reasonableness, fair dealing, or diligence; or (f) govern the election of remedies or provide that remedies are cumulative.
- (iv) No opinion is expressed with respect to any provision of the Developer Documents or Management Agreement with regard to the enforceability of (a) self-help provisions (including provisions granting a power of attorney or provisions authorizing the use of force or a breach of peace in enforcing rights or remedies); (b) provisions which purport to establish evidentiary standards; (c) provisions relating to waiver of rights or remedies (or the delay or omission of enforcement thereof), disclaimers, liability limitations, releases of legal or equitable rights (including the right to a jury trial), submission to the jurisdiction and venue of any court, arbitration or the creation of rights and remedies not available under applicable law or contrary to public policy; or (d) provisions which purport to prohibit, restrict or limit the ability of a person to transfer rights or interests in property.

Only the addressees (the "*Opinion Recipients*") are entitled to rely upon or to assert any legal rights created by this opinion letter and the Opinion Recipients' reliance on the opinions expressed herein shall be only for the purpose contemplated by the Developer Documents and Management Agreement. The opinions stated above are limited to the matters set forth herein, and no opinion may be implied or inferred beyond the matter expressly stated. This opinion letter may not be used or relied upon by any other person for any purpose whatsoever, other than in connection with regulatory requirements or in response to court order, without our prior written consent.

Trustee is organized; (c) that UFI and Trustee have the power and authority to execute and deliver the Bond Documents to which Trustee is a party and to perform its obligations thereunder, and that all such actions have been duly and validly authorized by all necessary proceedings on the part of Trustee; and (d) that the address of Trustee set forth in the Financing Statements is an address at which information may be obtained concerning the Collateral.

The term "knowledge", as used herein, means the current actual knowledge of the lawyers who are participating in drafting this Opinion letter and in handling the transaction described herein, but does not include, except as specifically provided hereafter, constructive knowledge or inquiry knowledge. Whenever our opinions herein with respect to the existence or absence of facts is qualified by the phrase, "to the best of our knowledge" or "known to us" or the like, we mean that, during the course of our representation of LCDA, we have made inquiry of the members, managers, or managing members of UFI who by virtue of their position, would have reason to know of such facts, and no information has come to our attention which has given us actual knowledge of the existence of facts to the contrary. We have not, however, in rendering this Opinion, undertaken any other independent investigation to determine the existence or absence of such facts, but have relied upon the representations as described above, which we have no reason to believe are inaccurate, and the matters within our files. Further be advised that the phrases "we", "us" and "our" and the like are intended to identify only the attorneys of this firm who have given substantive attention to this matter in rendering this Opinion. Capitalized terms used in this Opinion and not otherwise defined shall have the meaning ascribed to them in the Bond Documents.

1. **Definitions.** As used herein, the following shall have the following meanings:
 - a. Applicable Laws. The term "Applicable Laws" means all applicable constitutional, legislative, judicial and administrative provisions, statutes, regulations, decisions, rulings, orders, ordinances and other laws of the State of Louisiana and of the United States of America.
 - b. Governing Documents. The term "Governing Documents" means the articles of organization, operating agreement, or similar organizational documents of UFI as context may require.
 - c. Chapter 9 of the LAUCC. "Chapter 9 of the LAUCC" shall refer to La. R.S. §10:9-101 et seq.

- d. Collateral. The terms "Collateral", means the personal or movable property as set forth in Exhibit A attached to the Financing Statement.
- e. Contract. The term "Contract" means any instrument binding on the specified party, including, but not limited to, promissory notes, deeds of trust, mortgages, security agreements, lien instruments, leases, covenants, conditions, easements, rights of way, franchises, permits and licenses.
- f. Filing Collateral. The term "Filing Collateral" means Collateral that constitutes accounts, equipment, inventory, fixtures, general intangibles, investment property, instruments, or tangible chattel paper as defined in the LAUCC.
- g. Filing Office. The term "Filing Office" means the Clerk of Court of any Parish in the State of Louisiana, or in the case of Orleans Parish, with the Recorder of Mortgages.
- h. LAUCC. References herein to the LAUCC are to the Louisiana Commercial Laws, La. R.S. §§ 10:1-101 et seq., and any and all terms used in this Opinion that are defined in the LAUCC shall be construed and defined in accordance with the meaning and definition ascribed to such terms under the LAUCC as in effect in Louisiana, unless otherwise defined herein.
- i. Governmental Authority. The term "Governmental Authority" means all federal, state and local governmental entities.
- j. Security Interest and/or Security Interests. "Security Interest" and/or "Security Interests" shall have the meaning assigned in La. R.S. § 10: 1-201 (37).
- k. LAUCC Filing Collateral. The term "LAUCC Filing Collateral" means Collateral in which a security interest can be perfected solely by filing a financing statement in the Filing Office, including accounts, equipment, inventory, fixtures and general intangibles.

2. Based upon our examination of the Bond Documents and the Governing Documents, subject to the qualifications and assumptions herein set forth, we are of the opinion that:

- a. The Mortgage and the Assignment create in favor of the Trustee a valid security interest in the "Collateral" (as defined in the Mortgage) and in the Agreements and Documents (as defined in the Assignment), respectively, to the extent that a security interest therein may be created under Chapter 9 of the LAUCC (the "Article 9 Collateral"). Assuming that there is no agreement among the parties to postpone the time of attachment, such security interest has attached to the Article 9 Collateral.
- b. With respect to that portion of the Collateral in which a Security Interest may be perfected by the filing of a financing statement, Louisiana has adopted the revisions of Article 9 of the Uniform Commercial Code, with minor modifications to the model act, effective July 1, 2001. Under Louisiana law, a security interest in the LAUCC Filing Collateral can be perfected by filing with the state in which UFI is located. Under Louisiana law, a debtor which a registered organization, such as a corporation, is "located" for purposes of the LAUCC in the state under whose laws it is organized, and under Louisiana law UFI is located in Louisiana and thus the laws of the State of Louisiana govern the perfection of a security interest in such collateral. The Financing Statement is in proper form for filing with the Filing Office for the State of Louisiana. The Trustee is authorized to file the Financing Statement in such Filing Office. Upon filing of the Financing Statement with the Filing Office for the State of Louisiana, the Trustee will have a perfected security interest in such Filing Collateral.
- c. To the extent the Collateral constitutes fixtures under LAUCC 10:9-301(3)(A), the proper place to file the Financing Statement is with the Recorder of Mortgages for the Parish of Orleans or the Office of the Clerk of Court and Recorder of Mortgages for any other parish in the State of Louisiana. Upon proper filing and recording of the Financing Statement with the Clerk of Court and Recorder of Mortgages for the Parish of Tangipahoa, Louisiana, Trustee shall have a good, valid and perfected security interest in that portion of the Filing Collateral described in the Mortgage which constitutes "fixtures".
- d. The Mortgage is in proper form for recordation and filing with the Clerk of Court and Recorder of Mortgages for the Parish of Tangipahoa, Louisiana. The Mortgage affords to the Trustee the customary remedies of a secured lender under mortgages commonly used by secured lenders in the State of Louisiana.

3. **Assumptions.** In delivering the opinions expressed in Paragraph 2 above, we have assumed the following:

- a. No Outside Agreements. All terms and conditions of, or relating to, the transactions contemplated by the Bond Documents are correctly and completely embodied in the Bond Documents. There are no written or oral terms and conditions agreed to by and between the parties to the Bond Documents that vary or could be deemed to vary the truth, completeness, correctness, validity, or effect of any of the Bond Documents in any material manner;
- b. Capacity. Each individual executing/authorizing the Bond Documents had sufficient legal capacity to execute such documents and perform their obligations thereunder (provided, however, we have no actual knowledge that any such individual lacks legal capacity to do so).
- c. Title. UFI holds requisite title and rights to the Property.
 - i) The Collateral, as set forth in Schedule A attached to the Financing Statement (the "**Collateral**") exists, and UFI has good title thereto.
 - ii) UFI has rights in the Collateral or the power to transfer rights in the Collateral to a secured party, and all steps necessary to perfect UFI's interest in such Collateral against the claims of third parties have been taken.
- d. Descriptions.
 - i) The descriptions of the immovable and movable property securing the Bonds are sufficient under Applicable Laws to provide notice to third parties of the liens and security interests provided by the Bond Documents and to create an effective contractual obligation under Applicable Law.
 - ii) The descriptions of the Collateral as shown on the Financing Statement is accurate and complete in all respects to provide notice to third parties of the liens and security interests provided by the Bond Documents and to create an effective contractual obligation under Applicable Law.

- e. Mistake/Fraud. There has not been any mutual mistake of fact or misunderstanding, fraud, duress or undue influence. Each party has acted in good faith and without notice of any defense against the enforcement of any rights created by, or adverse claim to any property or security interest transferred or created as part of, the transactions contemplated by the Bond Documents, and that the parties will act at all times in good faith and in a commercially reasonable manner.
 - f. Conduct. All parties have complied with any requirement of good faith, fair dealing and conscionability.
 - g. Future Actions. All parties to the Bond Documents will act in accordance with and refrain from taking any action forbidden by the terms and conditions of the Bond Documents.
 - h. Other Secured Parties. The Trustee has no knowledge that its security interest in the Collateral violates the rights of another secured party.
 - i. Value Given. Value has been given to the UFI pursuant to the Bond Documents.
4. **Qualifications.** The opinions expressed above are subject to the following qualifications:
- a. Specified Laws. The opinions contained herein as to the enforceability of the Bond Documents are subject to the qualification that enforcement of the Bond Documents may be affected by: (i) the exercise of judicial discretion in accordance with principles of equity, and (ii) bankruptcy, insolvency, reorganization, fraudulent conveyance, moratorium, revocatory actions, oblique actions and similar laws of general applicability affecting creditors' rights.

This Opinion does not mean that (a) any particular remedy is available upon a material default or (b) every provision of the Bond Documents will be upheld or enforced in any or each circumstance by a court. The rights of the Trustee or obligee under any Bond Document and the enforceability of the Bond Documents to the extent that Louisiana law is applicable thereto may be subject to the exercise of judicial discretion in accordance with general principles of equity and other applicable law limiting the effectiveness of waivers and the availability of

self-help and the remedy of specific performance, and to the further qualifications that certain of the remedial provisions therein are or may be limited or unenforceable in whole or in part under applicable law, provided, that such limitations will not, in our opinion, make the remedies afforded by the Bond Documents or otherwise available under applicable law inadequate for the practical realization of the principal benefits of the collateral security provided therein, except as such benefits are otherwise limited in these exceptions and except for the economic consequences of any judicial, administrative, or other procedural delay which might result from such laws. We note that the use of certain remedies, such as self-help, and the acceptance of a *dation en paiement* (deed in lieu of foreclosure) by a secured party or its successors and assigns or other actions of the secured party or any of its successors or assigns, may limit the right of the secured party to collect a deficiency judgment, or to pursue a guaranty or the Guarantor thereunder. We further note that the exercise of the remedy of self-help will constitute a potential violation of Louisiana law and public policy.

The opinions expressed above as to the enforceability of the Bond Documents are subject to the qualification that certain of the remedial provisions thereof may be limited by Applicable Laws, although such limitations do not in our opinion make the remedies provided for therein inadequate for the practical realization of the benefits of the security intended to be afforded thereby.

- b. We express no opinion with respect to any of the following:
- i) The enforceability of any provision in the Bond Documents making irrevocable a power of attorney, whether or not coupled with an interest;
 - ii) The enforceability of any provision in the Bond Documents that excludes, waives or limits the liability of any party (A) for its own gross fault, intentional or fault or for causing physical injury to the other party, or (B) for the releases or indemnified's party's negligence or strict liability, where the release or indemnity does not expressly include liability arising out of such negligence or strict liability, or (C) for matters relating to the maintenance and preservation of collateral and the exercise of remedies against collateral to the extent proscribed by La. R. S. §10:9-502(3), or (D) which requires indemnification for the indemnified party's failure to comply with mandatory limitations or requirements of applicable law;

- iii) The enforceability of any provision in the Bond Documents prohibiting the verbal modification of such documents;
- iv) The enforceability of any provision in the Bond Documents waiving the right to a jury trial, the objection of improper venue, unknown rights or defenses or any agreement granting subject matter and personal jurisdiction in any court;
- v) The enforceability of any provision requiring the payment of attorneys' fees and expenses, in an amount in excess of reasonable attorneys' fees and expenses actually incurred;
- vi) The enforceability of any provision purporting to shorten any prescriptive period or statute of limitations, or waiving in advance any defense with respect to any right of prescription or statute of limitations;
- vii) To the extent not exercised in good faith, the enforceability of any provision of the Bond Documents granting the secured party or obligee the unilateral right or discretion to determine standards or requirements for performance not expressly enumerated in the Bond Documents, or to establish standards or requirements that are not commercially reasonable;
- viii) Any waivers of rights of setoff, or agreement to setoff debts that are not liquidated and exigible;
- ix) Any provision providing for the right to injunctive relief without a showing of irreparable harm or injury;
- x) Whether any keeper fees would be enforced as a portion of the obligations or indebtedness secured by any lien granted by any of the Louisiana documents;
- xi) Any provision for stipulated damages deemed by a court of competent jurisdiction to be manifestly unreasonable contained in any of the Bond Documents;

- xii) The availability of executory process;
- xiii) With respect to the ability of the Trustee, following a default by the Borrower and the exercise of the Trustee's remedies under the Security Instrument with respect to the Property, to obtain a deficiency; but we note that subject to the matters set forth in 4.a. of this Opinion, a deficiency judgment is available under Louisiana law to creditors holding a mortgage lien on immovable property upon compliance with the Deficiency Judgment Act, La. R.S. 13:4106-4108.2. Enforcement in accordance with the LAUCC and applicable jurisprudence of the remedies both provided in the Bond Documents (but only with respect to movable property Collateral) and made available under the LAUCC and applicable jurisprudence will not deprive the Trustee of its rights to seek a deficiency; provided that a deficiency shall not be available to the Trustee in the event (a) the Trustee exercises the remedies provided under La. R.S. 6:965 et seq.; (b) the Trustee exercises remedies under the LAUCC for which a deficiency is precluded by the LAUCC; or (c) the Trustee exercises any remedy in a manner not consistent with the LAUCC and applicable law;

Moreover, the provisions of the LAUCC that govern a secured party's deficiency rights have never been judicially construed and it is possible that a Louisiana court (or a court applying Louisiana law) could hold that notwithstanding the Trustee's enforcement of its remedies in accordance with the appropriate provisions of the LAUCC and applicable jurisprudence, a deficiency is not available; and

- xiv) The enforceability of any provision of the Bond Documents providing the Trustee with the right to accelerate any indebtedness is subject to any applicable judicial decisions which limit the exercise of such right on the basis that (i) the defaults are not material, the penalties bear no reasonable relation to the damage suffered by the Trustee as a result of the delinquencies or defaults, or it cannot be demonstrated that the enforcement of the restrictions or burdens is reasonably necessary for the protection of the Trustee, or (ii) the Trustee's enforcement of the covenants or provisions under the circumstances would violate any applicable duty of good faith or fair dealing by the Trustee.

- c. Certificates. As to any facts material to our opinion, we have relied upon the accuracy and completeness of the facts and factual representations made in or pursuant to the Bond Documents and the documents referred to therein, and, in addition, we have relied upon a certificate or certificates of an official, officer or authorized representative of the particular governmental authority, corporation, firm or other person or entity concerned, and opinions of counsel of other jurisdictions. We have no knowledge of any fact which would render any such reliance inaccurate.
- d. LAUCC Qualifications. Without limiting any other qualifications, assumptions, limitations or exceptions contained herein, and to the extent the LAUCC is applicable to matters of perfection, the effect of perfection and priority, opinions 2(b) and 2(c) of this Opinion are subject to the following qualifications and limitations:
- i) (1) Any security interest granted in the Bond Documents as to advances made on or after forty five (45) days from the perfection of the security interests may be subject to the claims of lien creditors, non-ordinary course buyers and non-ordinary course lessees as provided in Section 9-323 of the LAUCC; (2) Any security interest may be subject to the rights of certain purchasers, licensees and lessees as provided in Sections 9-320 and 9-321 of the LAUCC; (3) Security interests in chattel paper, instruments, documents, securities, financial assets, and security entitlements are subject to the rights and claims of holders, purchasers and other parties as provided in Sections 9-330 and 9-331 of the LAUCC; (4) Rights to money or funds contained in a deposit account are subject to the rights of transferees under Section 9-327 of the LAUCC; (5) Security interests in goods are subject to rights of holders of possessory liens under Section 9-333 of the LAUCC; (6) Security interests in deposit accounts are subject to the rights of the depositary bank under Section 9-340 of the LAUCC; (7) Security interests in Collateral consisting of proceeds will be limited as provided in Sections 9-315 and 9-322(c) of the LAUCC; (8) Security interests in a good which is installed in, or attached or affixed to any other good may be subject to the provisions of Section 9-335 of the LAUCC, and may be subject to the provisions of Section 9-336 of the LAUCC to the extent that such good forms part of a larger product or mass;

- ii) We express no opinion with respect to any security interest in any portion of the Collateral that constitutes (i) farm products, (ii) Collateral that is subject to a certificate of title, (iii) fixtures, timber to be cut or as-extracted collateral, (iv) consumer goods or manufactured homes, (v) electronic chattel paper, (vi) commercial tort claims, (vii) money, cash or cash equivalents to the extent not in the possession of Trustee, or a third party who has acknowledged that it is holding such Collateral for the Trustee's benefit under Section 9-313(c) of the LAUCC, and to the extent such items do not constitute identifiable proceeds of Collateral under Section 9-315 of the LAUCC, (viii) documents or goods covered by documents, (ix) property excluded from coverage under Article 9 of the LAUCC; (x) the perfection of a Security Interest in any portion of the Collateral as to which Federal registration is required;
- iii) We express no opinion with regard to the priority of any security interest created by the filing of the Financing Statement with the Clerk of Court and Recorder of Mortgages for Tangipahoa Parish, Louisiana;
- iv) Although we render no opinion with regard to priority of any security interest, we note the priority of Trustee's security interests in the Collateral may be lost or impaired or become inferior:
 - (1) as to the Collateral, or portions thereof that (i) are or become subject to rights reserved to or vested in governmental or public authorities to condemn, appropriate, use or control the use of any of the Collateral, or (ii) are subject to a lien identified in Section 9-333 of the LAUCC;
 - (2) with respect to a properly perfected purchase money security interest that may, under Section 9-324 of the LAUCC, have priority over the Trustee's security interest;
 - (3) with respect to Collateral subject to subordination under Sections 9-325, 9-326 and 9-508, to another party's security interest;

- (4) with respect to Collateral that constitutes a deposit account, a security entitlement or a commodity contract, to the rights or security interest of the depository bank, the securities intermediary or the commodities intermediary, under Sections 9-327, 9-328 and 9-340 of the LAUCC;
- (5) as against a lien creditor that became a lien creditor prior to the earlier of (i) perfection of Trustee's security interest or (ii) Trustee's meeting of one of the conditions specified in Section 9-203(b)(3) and filing of its financing statement;
- (6) as against a secured party whose security interest is perfected by attachment pursuant to Section 9-309 of the LAUCC or by temporary perfection under Section 9-312 of the LAUCC;
- (7) as against rights of a consignee or the creditors of a consignee pursuant to Section 9-319 of the LAUCC;
- (8) as against a perfected agricultural lien if the statute creating the agricultural lien so provides;
- (9) to the extent proceeds of Possessory Collateral or Control Collateral constitute proceeds of Filing Collateral in which another secured party has a security interest with priority as to such other secured party's interest in such Filing Collateral;
- (10) as against the security interest of a collecting bank under Section 4-210 of the LAUCC and of an issuer or nominated person under Section 5-118 of the LAUCC, and of a security interest arising under Section 9-110 of the LAUCC;
- (11) as against goods that become accessions in a whole covered by a security interest perfected by certificate of title statutes under Section 9-335(d) of the LAUCC;
- (12) as to Collateral which Trustee has consensually subordinated its interest to a third party;

- (13) as against (i) federal tax liens filed against such Collateral pursuant to Internal Revenue Code Section 6321, as amended, (ii) claims of the United States pursuant to the Federal Priority Statute (31 U.S.C. § 3713), (iii) liens filed by the Pension Benefit Guarantee Corporation pursuant to Section 4068 of the Employee Retirement Income Security Act of 1974, as amended, (iv) liens arising under 7 U.S.C. § 196, as amended (the Packers and Stockyards Act, 1921); (v) trust claimants on behalf of vendors of perishable commodities under regulations of the United States Department of Agriculture, (vi) liens for unpaid ad valorem taxes, (vii) other liens, claims or encumbrances in favor of the United States of America or any state, or any agency or instrumentality of either of them or any other governmental entity.
- v) We note that Trustee's rights against account debtors will be subject to the terms of the assigned account, chattel paper or general intangible, to dealings between such account debtor and UFI, and to the other limitations provided in Sections 9-403, 9-404, 9-405 and 9-406 of the LAUCC. Any rights against account debtors will be subject to defenses as provided in Section 9-404 of the LAUCC.
- vi) We express no opinion as to the effect of any prohibitions against assignment that may be contained in any account, lease agreement, promissory note, chattel paper, payment intangible, health-care receivable and letter-of-credit right. We note that prohibitions on assignment contained in any account, lease agreement, promissory note, chattel paper, payment intangible, health-care receivable and letter-of-credit right are subject to the limitations contained in Sections 9-406, 9-407, 9-408 and 9-409 of the LAUCC.
- vii) We express no opinion as to the effectiveness of Trustee's security as to any rights (including rights of payment) under any right, account or other obligation for which the United States government or any other government or any agency, department or subdivision thereof is an obligor.

- viii) We note that perfection of a security interest in Collateral also perfects a security interest in a supporting obligation for such Collateral and that a security interest in a right to payment or performance also perfects a security interest in a security interest, mortgage or other lien in personal or real property securing that right (a "Supporting Lien"). We render no opinions as to any such supporting obligation or Supporting Lien, including without limitation enforceability and priority, the scope this Opinion being expressly limited to the opinions given in Section 2 of this Opinion with regard to perfection of a security interest in the Collateral.
- ix) We render no opinion with respect to the enforceability of any security entitlement carried in a securities account or any commodity contract carried in a commodities account.
- x) The perfection of any security interest that has been perfected by the filing of a Financing Statement will expire upon the earliest to occur of (i) the expiration of four (4) months after UFI changes its name to the extent that the Financing Statement becomes seriously misleading under Section 9-506 of the LAUCC as to any collateral acquired more than four (4) months after such change unless within that four (4) month period, an amendment is filed in the same office as that where such seriously misleading financing statement was filed, (ii) the expiration of the four (4) month period after a new debtor whose name is seriously misleading under Section 9-506 of the LAUCC becomes bound under Section 9-203(d) of the LAUCC as to any Collateral acquired by the new debtor after the expiration of the four (4) month period, unless an initial financing statement providing the name of the new debtor is filed before the expiration of the four (4) month period; (iii) the expiration of the four (4) month period after a change of UFI's location, unless Trustee becomes perfected within the four (4) month period under the law in UFI's new jurisdiction, (iv) the expiration of one (1) year after transfer of Collateral by UFI to a person that becomes a debtor and is located in another jurisdiction, unless Trustee becomes perfected as to the transferred Collateral within the one (1) year period under the laws of the location of the debtor which became a debtor pursuant to such transfer of Collateral; (v) the expiration of five (5) years after the filing date of the Financing Statement unless within six (6) months prior to the expiration of such

period, the effectiveness of such Financing Statement is continued by the filing of an appropriate continuation statement in the same filing office in which such Financing Statement was filed, or (vi) the expiration of five (5) years after the last date on which the filing of the Financing Statement (or continuation thereof) which is continued was effective, unless within six (6) months prior to such date, the effectiveness of such Financing Statement is again continued by the filing of an appropriate continuation statement in the same office as that in which the Financing Statement was originally filed.

The Series 2004A Bonds are issuable as fully registered bonds without coupons, in Authorized Denominations, and shall be numbered from No. 1 upwards. The Series 2004A Bonds are limited and (B0291346.2).

The Agreement, a fully executed counterpart of which is on file in the principal corporate trust office of the Trustee, provides that the Corporation is unconditionally obligated to make payments, but solely from the Payments (as defined in the Agreement) in an aggregate amount sufficient, for the payment in full of the principal and interest of all Series 2004A Bonds issued and outstanding under the Indenture, to the date of payment thereof, and certain costs, expenses and charges of the Authority and the Trustee. The Agreement imposes upon the Corporation certain obligations respecting the use and operation of its Facilities and the maintenance and repair of said Facilities.

THE SERIES 2004A BONDS AND THE INTEREST THEREON ARE LIMITED AND SPECIAL REVENUE OBLIGATIONS OF THE ISSUER PAYABLE SOLELY FROM THE TRUST ESTATE. THE ISSUANCE OF THE SERIES 2004A BONDS SHALL NOT DIRECTLY, INDIRECTLY OR CONTINGENTLY OBLIGATE THE STATE OF LOUISIANA OR ANY POLITICAL SUBDIVISION THEREOF TO LEVY ANY TAXES OR TO MAKE ANY APPROPRIATION OF THEIR PAYMENT. THE ISSUER HAS NO POWER TO TAX.

As long as any of the Series 2004A Bonds remain outstanding, there shall be permitted the exchange of Series 2004A Bonds at the principal corporate trust office of the Trustee. Any Series 2004A Bond or Series 2004A Bonds upon surrender thereof at the principal corporate trust office of the Trustee with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or his legal representative duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of other Bonds in Authorized Denominations.

For every such exchange or transfer of Series 2004A Bonds, the Authority or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. The Trustee shall not be required to register the transfer or exchange of (a) any Series 2004A Bonds during the fifteen (15) day period next preceding the selection of Series 2004A Bonds to be redeemed and thereafter until the date of the mailing of a notice of redemption of Series 2004A Bonds selected for redemption, or (b) any Series 2004A Bonds selected, called or being called for redemption in whole or in part, except in the case of any Series 2004A Bond to be redeemed in part, the portion thereof not so to be redeemed.

{B0289992.2}

The Bonds have been issued by the Issuer pursuant to the Act and other constitutional and statutory authority and a Trust Indenture dated as of August 1, 2004 (the "Indenture") between the Issuer and The Bank of New York Trust Company, N.A., a national banking association having its principal corporate trust office in Jacksonville, Florida, as trustee (the "Trustee"). Capitalized terms used herein that are not otherwise defined have the meaning given them in the Indenture.

The Bonds are issuable as fully registered bonds, are dated, bear interest until paid at the rate per annum, mature in the principal amounts and on the dates, and are subject to redemption all as set forth in the Indenture and in the Bonds.

The Bonds are issued under and are secured as to principal, redemption premium, if any, and interest by the Indenture, which provides a description of the nature and extent of the security for the Bonds, a statement of the terms and conditions under which the Bonds are issued and secured, the rights, duties and obligations of the Issuer, the rights, duties and immunities of the Trustee and the rights of the owners of the Bonds.

The Bonds are issued in order to provide funds to enable University Facilities, Inc., a Louisiana nonprofit corporation (the "Corporation") to (i) pay the Prior Debt, (ii) demolish certain existing facilities and renovate, develop and construct the Facilities, (iii) fund the costs of marketing the Facilities; (iv) provide working capital for the Facilities, (v) fund a deposit to the Debt Service Reserve Fund, (vi) pay capitalized interest on the Bonds; (vii) fund a deposit to the Replacement Fund; and (viii) pay costs of issuance of the Bonds, including the premium for any bond insurance policy insuring the Bonds.

The Issuer and the Corporation have entered into a Loan Agreement dated as of August 1, 2004 (the "Agreement"), pursuant to which the Issuer will loan the proceeds from the sale of the Bonds to the Corporation for the foregoing purposes. Pursuant to the Agreement, the Corporation has agreed to make loan payments (the "Payments") solely from the Base Rental (as defined in the Agreement) sufficient to pay the principal of, premium, if any, and interest on the Bonds. The rights of the Issuer under the Agreement (except for the rights of the Issuer relating to exculpation, indemnification and payment of expenses thereunder) have been pledged and assigned by the Issuer to the Trustee as security for the Bonds. The Corporation is leasing the property upon which the Facilities will be located from the Board of Supervisors for the

University of Louisiana System pursuant to a Ground and Buildings Lease Agreement dated as of August 1, 2004 (the "Ground Lease")

The Bonds are also entitled to the benefits of the Act of Mortgage, Assignment of Leases and Security Agreement dated August 13, 2004 (the "Mortgage") executed by the Corporation in favor of the Trustee, pursuant to which the Corporation has mortgaged its leasehold interest in and to the Land and the improvements located thereon, granted a security interest in certain movable property and assigned its rights to all leases and rents relating to the Facilities; and an Assignment of Agreements and Documents dated as of August 1, 2004 (the "Assignment") executed by the Corporation in favor of the Trustee, pursuant to which the Corporation has assigned to the Trustee its rights, title and interest in and to certain Agreements and Documents (as defined in the Assignment).

We have examined: (i) the constitution and statutes of the State, including the Act; (ii) a certified transcript of the proceedings of the Issuer authorizing the issuance of the Bonds; (iii) the Indenture, the Agreement, the Tax Regulatory Agreement and Arbitrage Certificate dated the date of delivery and payment for the Bonds among the Issuer, the Corporation, the Board of Supervisors for the University of Louisiana System (the "Board") and the Trustee (the "Tax Regulatory Agreement"); and (iv) such other documents, instruments, proofs and matters of law as we have deemed relevant to the issuance of the Bonds and necessary for the purpose of this opinion.

As to questions of fact material to our opinion, we have relied upon representations of the Issuer, the Board and the Corporation contained in the Indenture, the Agreement and the Tax Regulatory Agreement, the certified proceedings and other certifications of public officials and others furnished to us, including certifications furnished to us by or on behalf of the Issuer, the Corporation and the Board, without undertaking to verify the same by independent investigation.

On the basis of the foregoing examinations, we are of the opinion, as of the date hereof and under existing law, that:

1. The Issuer is a validly existing political subdivision of the State and has the power and authority to enter into the Agreement and the Indenture and to issue and sell the Bonds.

Louisiana Local Government Environmental Facilities
and Community Development Authority

August 13, 2004

Page 4

2. The Bonds are valid and binding special and limited obligations of the Issuer secured by and entitled to the benefits of the Indenture and are payable solely from the revenues and other amounts pledged and assigned under the Indenture.

3. The Agreement and the Indenture have been duly authorized, executed and delivered by the Issuer and constitute valid and binding obligations of the Issuer, enforceable upon the Issuer in accordance with their terms, and all rights of the Issuer under the Agreement have been validly assigned to the Trustee under the Indenture, with the exception of certain rights of the Issuer relating to notice, exculpation, indemnification and payment of expenses.

4. The Bonds and interest thereon do not constitute an indebtedness or pledge of the general credit of the Issuer within the meaning of any State constitutional or statutory provision and will not constitute a general obligation or a charge against any other revenues of the Issuer.

5. Interest on the Series 2004A Bonds and the Series 2004B Bonds (including the amount of original issue discount properly allocable to the owner thereof) is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, for the purpose of computing the alternative minimum tax imposed on certain corporations, such interest is taken into account in determining adjusted current earnings.

6. Interest on the Series 2004C Bonds is included in the gross income of the owners thereof for federal income tax purposes.

7. Under the Act, the Bonds, together with the interest thereof, income therefrom, and gain upon the sale thereof are exempt from all State taxes and local taxes.

In rendering the opinions expressed in paragraph 5 above, we have relied on representations of the Issuer, the Board and the Corporation with respect to matters solely within the knowledge of the Issuer, the Board and the Corporation, which we have not independently verified, and have assumed continuing compliance with the covenants in the Indenture, the Agreement and the Tax Regulatory Agreement pertaining to those sections of the Code that

affect the exclusion from gross income of interest on the Bonds for federal income tax purposes. In the event that such representations are determined to be inaccurate or incomplete or the Issuer, the Board or the Corporation fails to comply with the foregoing covenants, interest on the Series 2004A Bonds and the Series 2004B Bonds could be includable in gross income for federal income tax purposes from the date of their original delivery, regardless of the date on which the event causing such inclusion occurs.

The accrual or receipt of interest on the Bonds may otherwise affect the federal income tax liability of certain recipients. The extent of these other tax consequences will depend upon the recipient's particular tax status or other items of income or deduction. We express no opinion regarding any such consequences and investors should consult their tax advisors regarding the tax consequences of purchasing or holding the Bonds.

It is to be understood that the rights of the owners of the Bonds and the enforceability of the Bonds, the Indenture, the Agreement and the other documents enumerated above may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and that their enforcement may also be subject to the exercise of the sovereign police powers of the State or its governmental bodies and the exercise of judicial discretion in appropriate cases.

In rendering this opinion, we have relied upon the opinion of even date herewith of Seale & Ross, counsel to the Borrower, with respect to: (i) the due organization of the Corporation; (ii) the good standing of the Corporation in the State; (iii) the corporate power of the Corporation to enter into, and the due authorization, execution and delivery by the Corporation of, the Agreement, the Ground Lease and the Mortgage and the valid and binding effect thereof on the Borrower; (iv) the Borrower being exempt from federal income tax under Section 501(a) of the Internal Revenue Code of 1986, as amended (the "Code") as an organization described in Section 501(c)(3) and the use of the Facilities not constituting an "unrelated trade or business" as such term is defined in Section 513(a) of the Code and (v) matters that might be disclosed as a result of an examination of the indentures, mortgages, deeds of trust, certifications of incorporation, by-laws, and other agreements or instruments to which the Corporation is a party or by which it or its properties are bound.

We have also relied on the opinion of McRinchey Stafford, LLC, counsel to the Trustee, with respect to the corporate power of the Trustee to enter into and the due authorization, execution and delivery by the Trustee of the Indenture and the binding effect thereof on the Trustee. We have also relied upon the opinion of DeCuir & Clark, L.L.P., counsel to the Board, with respect to the power of the Board to enter into and the due authorization, execution and delivery by the Board of the documents to which it is a party and the binding effect thereof on the Board, and upon the opinion of Casten & Pearce, A.P.L.C., counsel to the Issuer, with respect to the power of the Issuer to enter into and the due authorization, execution and delivery by the Issuer of the documents to which it is a party, including the Agreement and Indenture and the binding effect thereof on the Issuer.

For purposes of this opinion, our services as bond counsel have not extended beyond the examinations and expressions of the conclusions referred to above. This opinion is given as of the date hereof and we assume no obligation to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in the law that may hereafter occur. Except as stated above, no opinion is expressed as to any federal or state tax consequences resulting from the ownership of, receipt of interest on, or disposition of, the Bonds.

Respectfully submitted,

The proceeds of the Series 2004B Bonds have been loaned to the Corporation pursuant to a Loan Agreement dated as of August 1, 2004, between the Authority and the Corporation (together with all amendments and supplements thereto the "Agreement") for the foregoing purposes. The Board of Supervisors for the University of Louisiana System (the "Board"), acting on behalf of the University, has leased the land upon which the Facilities are and will be located on the campus of the University (the "Land") and the Facilities to the Corporation pursuant to a Ground Lease, and will lease the Facilities from the Corporation pursuant to a Facilities Lease.

The Series 2004B Bonds are issued pursuant to the laws of the State, particularly Chapter 10-D of Title 33 of the Louisiana Revised Statutes of 1950, as amended (La. R.S. 33:4548.1 through 4548:16, inclusive) (the "Act"), and pursuant to a Trust Indenture dated August 1, 2004, between the Authority and the Trustee (together with all amendments and supplements thereto called the "Indenture"), a fully executed counterpart of which is on file in the principal corporate trust office of the Trustee, and to which Indenture reference is hereby made for a more complete description of the assigned revenues constituting the Trust Estate, the nature and extent of the security, the terms and conditions under which the Series 2004B Bonds are issued and secured, the terms and conditions under which Additional Bonds may be issued and secured, the rights, duties and immunities of the Trustee and the rights of the registered owners of the Series 2004B Bonds. The registered owner of this Series 2004B Bond shall have no rights to

enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any event of default under the Indenture, or to institute, appear in or defend any suit or other proceeding with respect thereto, except as provided in the Indenture, and by acceptance of this Series 2004B Bond, the owner hereof assents to all of the provisions of the Indenture. The Series 2004B Bonds are on a parity with the Series 2004A Bonds and the Series 2004C Bonds under the Indenture. All terms not defined herein shall have the meanings assigned thereto in the Indenture.

The Insurance Policy

Simultaneously with the delivery of the Series 2004B Bonds, in order to provide the registered Owners of the Series 2004B Bonds additional security, MBIA Insurance Corporation (the "Insurer") will issue and deliver on the date of delivery of the Series 2004B Bonds its unconditional and irrevocable municipal bond insurance policy pursuant to which the Insurer will agree to pay the principal of and interest on the Series 2004B Bonds when due if such principal and interest are not paid from funds available under the Indenture, all as more particularly set forth in the Statement of Insurance attached hereto.

The Series 2004B Bonds are issuable as fully registered bonds without coupons, in Authorized Denominations, and shall be numbered from No. R-1 upwards. The Series 2004B Bonds are limited and special revenue obligations of the Authority and are payable solely from (i) payments received by the Authority from the Corporation pursuant to the Agreement (except however, the Authority's rights to exculpation, indemnification and payment of expenses by the Corporation under the Agreement) and (ii) all funds held by the Trustee under the Indenture and available for such payment, said payments and funds being herein referred to as the "Trust Estate." The Agreement, a fully executed counterpart of which is on file in the principal corporate trust office of the Trustee, provides that the Corporation is unconditionally obligated to make payments, but solely from the Payments (as defined in the Agreement) in an aggregate amount sufficient, for the payment in full of the principal and interest of all Series 2004B Bonds issued and outstanding under the Indenture, to the date of payment thereof, and certain costs, expenses and charges of the Authority and the Trustee. The Agreement imposes upon the Corporation certain obligations respecting the use and operation of its Facilities and the maintenance and repair of said Facilities.

THE SERIES 2004B BONDS AND THE INTEREST THEREON ARE LIMITED AND SPECIAL REVENUE OBLIGATIONS OF THE ISSUER PAYABLE SOLELY FROM THE TRUST ESTATE. THE SERIES 2004B BONDS SHALL NOT BE DEEMED TO CONSTITUTE A DEBT OR LIABILITY OF THE STATE OF LOUISIANA OR OF ANY POLITICAL SUBDIVISION THEREOF WITHIN THE MEANING OF ANY STATE CONSTITUTIONAL PROVISION OR STATUTORY LIMITATION AND SHALL NOT CONSTITUTE A PLEDGE OF THE FAITH AND CREDIT OF THE STATE OF LOUISIANA OR OF ANY POLITICAL SUBDIVISION THEREOF, BUT SHALL BE PAYABLE SOLELY FROM THE FUNDS PROVIDED FOR IN THE LOAN AGREEMENT AND THE INDENTURE. THE ISSUANCE OF THE SERIES 2004B BONDS SHALL NOT DIRECTLY, INDIRECTLY OR CONTINGENTLY OBLIGATE THE STATE OF LOUISIANA OR ANY POLITICAL SUBDIVISION THEREOF TO LEVY ANY TAXES OR TO MAKE ANY APPROPRIATION OF THEIR PAYMENT. THE ISSUER HAS NO POWER TO TAX.

As long as any of the Series 2004B Bonds remain outstanding, there shall be permitted the exchange of Series 2004B Bonds at the principal corporate trust office of the Trustee. Any Series 2004B Bond or Series 2004B Bonds upon surrender thereof at the principal corporate trust office of the Trustee

{B0291643.2}

with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or his legal representative duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of other Series 2004B Bonds in Authorized Denominations.

For every such exchange or transfer of Series 2004B Bonds, the Authority or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. The Trustee shall not be required to register the transfer or exchange of (a) any Series 2004B Bonds during the fifteen (15) day period next preceding the selection of Series 2004B Bonds to be redeemed and thereafter until the date of the mailing of a notice of redemption of Series 2004B Bonds selected for redemption, or (b) any Series 2004B Bonds selected, called or being called for redemption in whole or in part, except in the case of any Series 2004B Bond to be redeemed in part, the portion thereof not so to be redeemed.

REDEMPTION PROVISIONS

Optional Redemption

The Series 2004B Bonds shall be subject to redemption at the option of the Issuer upon the written direction of the Board, as a whole or in part on the first day of any Auction Period if there are sufficient moneys to make such redemption on such date, at a price equal to the principal amount thereof so redeemed plus accrued and unpaid interest to the date of redemption, without premium.

The Series 2004B Bonds are subject to redemption in part at the option of the Issuer, upon written direction from the Board, on any Interest Payment Date from amounts transferred by the Trustee from the Project Fund to the Principal Account of the Debt Service Fund upon completion of construction of the Facilities in accordance with the Indenture hereof, the Series 2004B Bonds to be redeemed shall be selected by the Trustee in such manner as the Trustee may determine, at a price equal to the principal of the Series 2004B Bonds so redeemed plus accrued and unpaid interest to the date of redemption, without premium.

Mandatory Redemption

(i) If the Board shall purchase the Corporation's leasehold interest in the Facilities pursuant to the Facilities Lease, the Series 2004B Bonds shall be redeemed as a whole on the first Interest Payment Date after such purchase, at a price equal to the principal amount of the Series B Bonds so redeemed plus accrued and unpaid interest to the date of redemption, without premium.

(ii) The Series 2004B Bonds shall be redeemed as a whole or in part (in Authorized Denominations) on the first Interest Payment Date at least thirty (30) days after the Trustee receives notice that any insurance proceeds or proceeds received as a result of Expropriation proceedings with respect to the Facilities will not be applied to the restoration, repair or reconstruction of the Facilities at a price equal to the principal amount of the Series 2004B Bonds so redeemed plus accrued and unpaid interest thereon to the date of redemption, without premium, in an aggregate principal amount equal to the amount of such insurance proceeds, or Expropriation proceeds not used for restoration, repair or reconstruction. If the amount of any insurance proceeds or Expropriation proceeds to be applied in redemption of the Series 2004B Bonds is not an Authorized Denomination, the principal amount of Series 2004B Bonds to be

redeemed pursuant to this subsection shall be decreased to the next lower Authorized Denomination. The Series 2004 Bonds will be so redeemed in the following order: first, Auction Rate Bonds; second, Variable Rate Bonds, third, Series 2004C Bonds; fourth, Series 2004B Bonds that bear interest at a Fixed Rate; and fifth, the Series 2004A Bonds.

Mandatory Sinking Fund Redemption.

The Series 2004B Bonds maturing on August 1, 2034, shall be subject to mandatory redemption and payment on a *pro rata* basis prior to maturity on August 1 in each of the years set forth below at a price equal to the principal amount thereof plus accrued and unpaid interest to the redemption date, without premium:

Redemption Date	Principal Amount
2031	\$950,000
2032	\$4,500,000
2033	\$4,675,000
2034	\$4,875,000

If on any occasion less than all of the Series 2004B Bonds then outstanding shall be redeemed pursuant to the optional or mandatory redemption provisions described in the Indenture, then the principal amount of the Series 2004B Bonds so redeemed shall be considered to have satisfied a portion of the mandatory sinking fund redemptions required by the above tables. The principal amounts required by the tables above shall be adjusted downward in the amount of principal redeemed in chronological order beginning on the mandatory sinking fund redemption date immediately succeeding the date of such optional redemption.

Unless otherwise specified above, if less than all of the Series 2004B Bonds shall be called for redemption, the maturity of the Series 2004B Bonds to be redeemed shall be designated by the Corporation, on behalf of the Board, and selected by the Trustee within a maturity in such manner as the Trustee may determine; provided, however, that the portion of any Series 2004B Bond to be redeemed shall be in the principal amount of an Authorized Denomination. If a portion of any Series 2004B Bond shall be called for redemption, a new Series 2004B Bond in principal amount equal to the unredeemed portion thereof shall be issued to the registered owner upon the surrender thereof.

At least thirty (30) days before the redemption date of any Series 2004B Bonds redeemed other than by mandatory sinking fund redemption, the Trustee shall cause a notice of any such redemption, signed by an authorized officer of the Trustee to be mailed, postage prepaid, to all Bondholders of record owning Series 2004B Bonds to be redeemed in whole or in part, at their addresses as they appear on the Bond Register, but any defect in such mailing of any such notice shall not affect the validity of the proceedings for such redemption. Each such notice shall set forth the date fixed for redemption, the redemption price to be paid and, if less than all of the Series 2004B Bonds then outstanding shall be called for redemption, the numbers of such Series 2004B Bonds to be redeemed and, in the case of Series 2004B Bonds to be redeemed in part only, the portion of the principal amount thereof to be redeemed. In case any Series 2004B Bond is to be redeemed in part only, the notice of redemption shall state also that on or after the redemption date, upon surrender of such Series 2004B Bond, a new Series 2004B Bond in principal amount equal to the unredeemed portion of such Series 2004B Bond will be issued.

Modifications or alterations of the Indenture or any agreement supplemental thereto or of the Agreement or any agreement supplemental thereto may be made only to the extent and in the circumstances permitted by the Indenture and the Agreement. So long as no event of nonperformance {B0291643.2}

under the Agreement has occurred and is continuing, no such supplement shall become effective unless the Corporation, on behalf of the Board, shall have given its prior written approval.

It is hereby certified, recited and declared that all acts, conditions and things required by the Constitution and laws of the State to exist, to have happened and to have been performed, precedent to and in the execution and delivery of the Indenture and the issuance of this Series 2004B Bond, do exist, have happened and have been performed in regular and due form as required by law.

The Bonds have been issued by the Issuer pursuant to the Act and other constitutional and statutory authority and a Trust Indenture dated as of August 1, 2004 (the "Indenture") between the Issuer and The Bank of New York Trust Company, N.A., a national banking association having its principal corporate trust office in Jacksonville, Florida, as trustee (the "Trustee"). Capitalized terms used herein that are not otherwise defined have the meaning given them in the Indenture.

The Bonds are issuable as fully registered bonds, are dated, bear interest until paid at the rate per annum, mature in the principal amounts and on the dates, and are subject to redemption all as set forth in the Indenture and in the Bonds.

The Bonds are issued under and are secured as to principal, redemption premium, if any, and interest by the Indenture, which provides a description of the nature and extent of the security for the Bonds, a statement of the terms and conditions under which the Bonds are issued and secured, the rights, duties and obligations of the Issuer, the rights, duties and immunities of the Trustee and the rights of the owners of the Bonds.

The Bonds are issued in order to provide funds to enable University Facilities, Inc., a Louisiana nonprofit corporation (the "Corporation") to (i) pay the Prior Debt, (ii) demolish certain existing facilities and renovate, develop and construct the Facilities, (iii) fund the costs of marketing the Facilities; (iv) provide working capital for the Facilities, (v) fund a deposit to the Debt Service Reserve Fund, (vi) pay capitalized interest on the Bonds; (vii) fund a deposit to the Replacement Fund; and (viii) pay costs of issuance of the Bonds, including the premium for any bond insurance policy insuring the Bonds.

The Issuer and the Corporation have entered into a Loan Agreement dated as of August 1, 2004 (the "Agreement"), pursuant to which the Issuer will loan the proceeds from the sale of the Bonds to the Corporation for the foregoing purposes. Pursuant to the Agreement, the Corporation has agreed to make loan payments (the "Payments") solely from the Base Rental (as defined in the Agreement) sufficient to pay the principal of, premium, if any, and interest on the Bonds. The rights of the Issuer under the Agreement (except for the rights of the Issuer relating to exculpation, indemnification and payment of expenses thereunder) have been pledged and assigned by the Issuer to the Trustee as security for the Bonds. The Corporation is leasing the property upon which the Facilities will be located from the Board of Supervisors for the

and Community Development Authority

Page 3

University of Louisiana System pursuant to a Ground and Buildings Lease Agreement dated as of August 1, 2004 (the "Ground Lease")

The Bonds are also entitled to the benefits of the Act of Mortgage, Assignment of Leases and Security Agreement dated August 13, 2004 (the "Mortgage") executed by the Corporation in favor of the Trustee, pursuant to which the Corporation has mortgaged its leasehold interest in and to the Land and the improvements located thereon, granted a security interest in certain movable property and assigned its rights to all leases and rents relating to the Facilities; and an Assignment of Agreements and Documents dated as of August 1, 2004 (the "Assignment") executed by the Corporation in favor of the Trustee, pursuant to which the Corporation has assigned to the Trustee its rights, title and interest in and to certain Agreements and Documents (as defined in the Assignment).

We have examined: (i) the constitution and statutes of the State, including the Act; (ii) a certified transcript of the proceedings of the Issuer authorizing the issuance of the Bonds; (iii) the Indenture, the Agreement, the Tax Regulatory Agreement and Arbitrage Certificate dated the date of delivery and payment for the Bonds among the Issuer, the Corporation, the Board of Supervisors for the University of Louisiana System (the "Board") and the Trustee (the "Tax Regulatory Agreement"); and (iv) such other documents, instruments, proofs and matters of law as we have deemed relevant to the issuance of the Bonds and necessary for the purpose of this opinion.

As to questions of fact material to our opinion, we have relied upon representations of the Issuer, the Board and the Corporation contained in the Indenture, the Agreement and the Tax Regulatory Agreement, the certified proceedings and other certifications of public officials and others furnished to us, including certifications furnished to us by or on behalf of the Issuer, the Corporation and the Board, without undertaking to verify the same by independent investigation.

On the basis of the foregoing examinations, we are of the opinion, as of the date hereof and under existing law, that:

1. The Issuer is a validly existing political subdivision of the State and has the power and authority to enter into the Agreement and the Indenture and to issue and sell the Bonds.

Louisiana Local Government Environmental Facilities
and Community Development Authority

August 13, 2004

Page 4

2. The Bonds are valid and binding special and limited obligations of the Issuer secured by and entitled to the benefits of the Indenture and are payable solely from the revenues and other amounts pledged and assigned under the Indenture.

3. The Agreement and the Indenture have been duly authorized, executed and delivered by the Issuer and constitute valid and binding obligations of the Issuer, enforceable upon the Issuer in accordance with their terms, and all rights of the Issuer under the Agreement have been validly assigned to the Trustee under the Indenture, with the exception of certain rights of the Issuer relating to notice, exculpation, indemnification and payment of expenses.

4. The Bonds and interest thereon do not constitute an indebtedness or pledge of the general credit of the Issuer within the meaning of any State constitutional or statutory provision and will not constitute a general obligation or a charge against any other revenues of the Issuer.

5. Interest on the Series 2004A Bonds and the Series 2004B Bonds (including the amount of original issue discount properly allocable to the owner thereof) is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, for the purpose of computing the alternative minimum tax imposed on certain corporations, such interest is taken into account in determining adjusted current earnings.

6. Interest on the Series 2004C Bonds is included in the gross income of the owners thereof for federal income tax purposes.

7. Under the Act, the Bonds, together with the interest thereof, income therefrom, and gain upon the sale thereof are exempt from all State taxes and local taxes.

In rendering the opinions expressed in paragraph 5 above, we have relied on representations of the Issuer, the Board and the Corporation with respect to matters solely within the knowledge of the Issuer, the Board and the Corporation, which we have not independently verified, and have assumed continuing compliance with the covenants in the Indenture, the Agreement and the Tax Regulatory Agreement pertaining to those sections of the Code that

Louisiana Local Government Environmental Facilities
and Community Development Authority

August 13, 2004

Page 5

affect the exclusion from gross income of interest on the Bonds for federal income tax purposes. In the event that such representations are determined to be inaccurate or incomplete or the Issuer, the Board or the Corporation fails to comply with the foregoing covenants, interest on the Series 2004A Bonds and the Series 2004B Bonds could be includable in gross income for federal income tax purposes from the date of their original delivery, regardless of the date on which the event causing such inclusion occurs.

The accrual or receipt of interest on the Bonds may otherwise affect the federal income tax liability of certain recipients. The extent of these other tax consequences will depend upon the recipient's particular tax status or other items of income or deduction. We express no opinion regarding any such consequences and investors should consult their tax advisors regarding the tax consequences of purchasing or holding the Bonds.

It is to be understood that the rights of the owners of the Bonds and the enforceability of the Bonds, the Indenture, the Agreement and the other documents enumerated above may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and that their enforcement may also be subject to the exercise of the sovereign police powers of the State or its governmental bodies and the exercise of judicial discretion in appropriate cases.

In rendering this opinion, we have relied upon the opinion of even date herewith of Seale & Ross, counsel to the Borrower, with respect to: (i) the due organization of the Corporation; (ii) the good standing of the Corporation in the State; (iii) the corporate power of the Corporation to enter into, and the due authorization, execution and delivery by the Corporation of, the Agreement, the Ground Lease and the Mortgage and the valid and binding effect thereof on the Borrower; (iv) the Borrower being exempt from federal income tax under Section 501(a) of the Internal Revenue Code of 1986, as amended (the "Code") as an organization described in Section 501(c)(3) and the use of the Facilities not constituting an "unrelated trade or business" as such term is defined in Section 513(a) of the Code and (v) matters that might be disclosed as a result of an examination of the indentures, mortgages, deeds of trust, certifications of incorporation, by-laws, and other agreements or instruments to which the Corporation is a party or by which it or its properties are bound.

We have also relied on the opinion of McGrinchey Stafford, LLC, counsel to the Trustee, with respect to the corporate power of the Trustee to enter into and the due authorization, execution and delivery by the Trustee of the Indenture and the binding effect thereof on the Trustee. We have also relied upon the opinion of Decuir & Clark, L.L.P., counsel to the Board, with respect to the power of the Board to enter into and the due authorization, execution and delivery by the Board of the documents to which it is a party and the binding effect thereof on the Board, and upon the opinion of Casten & Pearce, A.P.L.C., counsel to the Issuer, with respect to the power of the Issuer to enter into and the due authorization, execution and delivery by the Issuer of the documents to which it is a party, including the Agreement and Indenture and the binding effect thereof on the Issuer.

For purposes of this opinion, our services as bond counsel have not extended beyond the examinations and expressions of the conclusions referred to above. This opinion is given as of the date hereof and we assume no obligation to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in the law that may hereafter occur. Except as stated above, no opinion is expressed as to any federal or state tax consequences resulting from the ownership of, receipt of interest on, or disposition of, the Bonds.

Respectfully submitted,

All terms not defined herein shall have the meanings assigned thereto in the Indenture.

The Series 2004C Bonds are on a parity with the Series 2004A Bonds and the Series 2004B Bonds under the indenture.

The Insurance Policy

Simultaneously with the delivery of the Series 2004C Bonds, in order to provide the registered Owners of the Series 2004C Bonds additional security, MBIA Insurance Corporation (the "Insurer") will issue and deliver on the date of delivery of the Series 2004C Bonds its unconditional and irrevocable municipal bond insurance policy pursuant to which the Insurer will agree to pay the principal of and interest on the Series 2004C Bonds when due if such principal and interest are not paid from funds available under the Indenture, all as more particularly set forth in the Statement of Insurance attached hereto.

The Series 2004C Bonds are issuable as fully registered bonds without coupons, in Authorized Denominations, and shall be numbered from No. R-1 upwards. The Series 2004C Bonds are limited and special revenue obligations of the Authority and are payable solely from (i) payments received by the Authority from the Corporation pursuant to the Agreement (except however, the Authority's rights to

exculpation, indemnification and payment of expenses by the Corporation under the Agreement) and (ii) all funds held by the Trustee under the Indenture and available for such payment, said payments and funds being herein referred to as the "Trust Estate." The Agreement, a fully executed counterpart of which is on file in the principal corporate trust office of the Trustee, provides that the Corporation is unconditionally obligated to make payments, but solely from the Payments (as defined in the Agreement) in an aggregate amount sufficient, for the payment in full of the principal and interest of all Series 2004C Bonds issued and outstanding under the Indenture, to the date of payment thereof, and certain costs, expenses and charges of the Authority and the Trustee. The Agreement imposes upon the Corporation certain obligations respecting the use and operation of its Facilities and the maintenance and repair of said Facilities.

THE SERIES 2004C BONDS AND THE INTEREST THEREON ARE LIMITED AND SPECIAL REVENUE OBLIGATIONS OF THE ISSUER PAYABLE SOLELY FROM THE TRUST ESTATE. THE SERIES 2004C BONDS SHALL NOT BE DEEMED TO CONSTITUTE A DEBT OR LIABILITY OF THE STATE OF LOUISIANA OR OF ANY POLITICAL SUBDIVISION THEREOF WITHIN THE MEANING OF ANY STATE CONSTITUTIONAL PROVISION OR STATUTORY LIMITATION AND SHALL NOT CONSTITUTE A PLEDGE OF THE FAITH AND CREDIT OF THE STATE OF LOUISIANA OR OF ANY POLITICAL SUBDIVISION THEREOF, BUT SHALL BE PAYABLE SOLELY FROM THE FUNDS PROVIDED FOR IN THE LOAN AGREEMENT AND THE INDENTURE. THE ISSUANCE OF THE SERIES 2004C BONDS SHALL NOT DIRECTLY, INDIRECTLY OR CONTINGENTLY OBLIGATE THE STATE OF LOUISIANA OR ANY POLITICAL SUBDIVISION THEREOF TO LEVY ANY TAXES OR TO MAKE ANY APPROPRIATION OF THEIR PAYMENT. THE ISSUER HAS NO POWER TO TAX.

As long as any of the Series 2004C Bonds remain outstanding, there shall be permitted the exchange of Series 2004C Bonds at the principal corporate trust office of the Trustee. Any Series 2004C Bond or Series 2004C Bonds upon surrender thereof at the principal corporate trust office of the Trustee with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or his legal representative duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of other Bonds in Authorized Denominations.

For every such exchange or transfer of Series 2004C Bonds, the Authority or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. The Trustee shall not be required to register the transfer or exchange of (a) any Series 2004C Bonds during the fifteen (15) day period next preceding the selection of Series 2004C Bonds to be redeemed and thereafter until the date of the mailing of a notice of redemption of Series 2004C Bonds selected for redemption, or (b) any Series 2004C Bonds selected, called or being called for redemption in whole or in part, except in the case of any Series 2004C Bond to be redeemed in part, the portion thereof not so to be redeemed.

- (i) If the Board shall purchase the Corporation's leasehold interest in the Facilities pursuant to the Facilities Lease, the Series 2004C Bonds shall be redeemed as a whole and shall

{B0291380.2}

be redeemed on the later of (a) August 1, 2014, or (b) the earliest practicable date, but not more than sixty (60) days, after such purchase, and in any event, at a price equal to the principal amount of the Series 2004C Bonds so redeemed plus accrued and unpaid interest to the date of redemption, without premium.

(ii) The Series 2004C Bonds shall be redeemed as a whole or in part (in Authorized Denominations) on the first Interest Payment Date at least thirty (30) days after the Trustee receives notice that any insurance proceeds or proceeds received as a result of Expropriation proceedings with respect to the Facilities will not be applied to the restoration, repair or reconstruction of the Facilities at a price equal to the principal amount of the Series 2004C Bonds so redeemed plus accrued and unpaid interest thereon to the date of redemption, without premium, in an aggregate principal amount equal to the amount of such insurance proceeds, or Expropriation proceeds not used for restoration, repair or reconstruction. If the amount of any insurance proceeds or Expropriation proceeds to be applied in redemption of the Series 2004C Bonds is not an Authorized Denomination, the principal amount of Series 2004C Bonds to be redeemed pursuant to this subsection (b) shall be decreased to the next lower Authorized Denomination. The Series 2004 Bonds will be so redeemed in the following order: first, Auction Rate Bonds; second, Variable Rate Bonds; third, Series 2004C Bonds; fourth, Series 2004B Bonds that bear interest at a Fixed Rate; and fifth, the Series 2004A Bonds.

Unless otherwise specified above, if less than all of the Series 2004C Bonds shall be called for redemption, the maturity of the Series 2004C Bonds to be redeemed shall be designated by the Corporation, on behalf of the Board, and selected by the Trustee within a maturity in such manner as the Trustee may determine; provided, however, that the portion of any Series 2004C Bond to be redeemed shall be in the principal amount of an Authorized Denomination. If a portion of any Series 2004C Bond shall be called for redemption, a new Series 2004C Bond in principal amount equal to the unredeemed portion thereof shall be issued to the registered owner upon the surrender thereof.

At least thirty (30) days before the redemption date of any Series 2004C Bonds redeemed other than by mandatory sinking fund redemption, the Trustee shall cause a notice of any such redemption, signed by an authorized officer of the Trustee to be mailed, postage prepaid, to all Bondholders of record owning Series 2004C Bonds to be redeemed in whole or in part, at their addresses as they appear on the Bond Register, but any defect in such mailing of any such notice shall not affect the validity of the proceedings for such redemption. Each such notice shall set forth the date fixed for redemption, the redemption price to be paid and, if less than all of the Series 2004C Bonds then outstanding shall be called for redemption, the numbers of such Series 2004C Bonds to be redeemed and, in the case of Series 2004C Bonds to be redeemed in part only, the portion of the principal amount thereof to be redeemed. In case any Series 2004C Bond is to be redeemed in part only, the notice of redemption shall state also that on or after the redemption date, upon surrender of such Series 2004C Bond, a new Series 2004C Bond in principal amount equal to the unredeemed portion of such Series 2004C Bond will be issued.

Modifications or alterations of the Indenture or any agreement supplemental thereto or of the Agreement or any agreement supplemental thereto may be made only to the extent and in the circumstances permitted by the Indenture and the Agreement. So long as no event of nonperformance under the Agreement has occurred and is continuing, no such supplement shall become effective unless the Corporation, on behalf of the Board, shall have given its prior written approval.

It is hereby certified, recited and declared that all acts, conditions and things required by the Constitution and laws of the State to exist, to have happened and to have been performed, precedent to

and in the execution and delivery of the Indenture and the issuance of this Series 2004C Bond, do exist, have happened and have been performed in regular and due form as required by law.

Upon presentment and surrender of such Obligations or presentment of such other proof of ownership of the Obligations, together with any appropriate instruments of assignment to evidence the assignment of the Insured Amounts due on the Obligations as are paid by the Insurer, and appropriate instruments to effect the appointment of the Insurer as agent for such owners of the Obligations in any legal proceeding related to payment of Insured Amounts on the Obligations, such instruments being in a form satisfactory to U.S. Bank Trust National Association, U.S. Bank Trust National Association shall disburse to such owners or the Trustee payment of the Insured Amounts due on such Obligations, less any amount held by the Trustee for the payment of such Insured Amounts and legally available therefor. This policy does not insure against loss of any prepayment premium which may at any time be payable with respect to any Obligation.

As used herein, the term "owner" shall mean the registered owner of any Obligation as indicated in the books maintained by the Trustee, the Issuer, or any designee of the Issuer for such purpose. The term owner shall not include the Issuer or any party whose agreement with the Issuer constitutes the underlying security for the Obligations.

Any service of process on the Insurer may be made to the Insurer at its offices located at 113 King Street, Armonk, New York 10504 and such service of process shall be valid and binding.

This policy is non-cancellable for any reason. The premium on this policy is not refundable for any reason including the payment prior to maturity of the Obligations.

The Bonds have been issued by the Issuer pursuant to the Act and other constitutional and statutory authority and a Trust Indenture dated as of August 1, 2004 (the "Indenture") between the Issuer and The Bank of New York Trust Company, N.A., a national banking association having its principal corporate trust office in Jacksonville, Florida, as trustee (the "Trustee"). Capitalized terms used herein that are not otherwise defined have the meaning given them in the Indenture.

The Bonds are issuable as fully registered bonds, are dated, bear interest until paid at the rate per annum, mature in the principal amounts and on the dates, and are subject to redemption all as set forth in the Indenture and in the Bonds.

The Bonds are issued under and are secured as to principal, redemption premium, if any, and interest by the Indenture, which provides a description of the nature and extent of the security for the Bonds, a statement of the terms and conditions under which the Bonds are issued and secured, the rights, duties and obligations of the Issuer, the rights, duties and immunities of the Trustee and the rights of the owners of the Bonds.

The Bonds are issued in order to provide funds to enable University Facilities, Inc., a Louisiana nonprofit corporation (the "Corporation") to (i) pay the Prior Debt, (ii) demolish certain existing facilities and renovate, develop and construct the Facilities, (iii) fund the costs of marketing the Facilities; (iv) provide working capital for the Facilities, (v) fund a deposit to the Debt Service Reserve Fund, (vi) pay capitalized interest on the Bonds; (vii) fund a deposit to the Replacement Fund; and (viii) pay costs of issuance of the Bonds, including the premium for any bond insurance policy insuring the Bonds.

The Issuer and the Corporation have entered into a Loan Agreement dated as of August 1, 2004 (the "Agreement"), pursuant to which the Issuer will loan the proceeds from the sale of the Bonds to the Corporation for the foregoing purposes. Pursuant to the Agreement, the Corporation has agreed to make loan payments (the "Payments") solely from the Base Rental (as defined in the Agreement) sufficient to pay the principal of, premium, if any, and interest on the Bonds. The rights of the Issuer under the Agreement (except for the rights of the Issuer relating to exculpation, indemnification and payment of expenses thereunder) have been pledged and assigned by the Issuer to the Trustee as security for the Bonds. The Corporation is leasing the property upon which the Facilities will be located from the Board of Supervisors for the

and Community Development Authority

University of Louisiana System pursuant to a Ground and Buildings Lease Agreement dated as of August 1, 2004 (the "Ground Lease").

The Bonds are also entitled to the benefits of the Act of Mortgage, Assignment of Leases and Security Agreement dated August 13, 2004 (the "Mortgage") executed by the Corporation in favor of the Trustee, pursuant to which the Corporation has mortgaged its leasehold interest in and to the Land and the improvements located thereon, granted a security interest in certain movable property and assigned its rights to all leases and rents relating to the Facilities; and an Assignment of Agreements and Documents dated as of August 1, 2004 (the "Assignment") executed by the Corporation in favor of the Trustee, pursuant to which the Corporation has assigned to the Trustee its rights, title and interest in and to certain Agreements and Documents (as defined in the Assignment).

We have examined: (i) the constitution and statutes of the State, including the Act; (ii) a certified transcript of the proceedings of the Issuer authorizing the issuance of the Bonds; (iii) the Indenture, the Agreement, the Tax Regulatory Agreement and Arbitrage Certificate dated the date of delivery and payment for the Bonds among the Issuer, the Corporation, the Board of Supervisors for the University of Louisiana System (the "Board") and the Trustee (the "Tax Regulatory Agreement"); and (iv) such other documents, instruments, proofs and matters of law as we have deemed relevant to the issuance of the Bonds and necessary for the purpose of this opinion.

As to questions of fact material to our opinion, we have relied upon representations of the Issuer, the Board and the Corporation contained in the Indenture, the Agreement and the Tax Regulatory Agreement, the certified proceedings and other certifications of public officials and others furnished to us, including certifications furnished to us by or on behalf of the Issuer, the Corporation and the Board, without undertaking to verify the same by independent investigation.

On the basis of the foregoing examinations, we are of the opinion, as of the date hereof and under existing law, that:

1. The Issuer is a validly existing political subdivision of the State and has the power and authority to enter into the Agreement and the Indenture and to issue and sell the Bonds.

2. The Bonds are valid and binding special and limited obligations of the Issuer secured by and entitled to the benefits of the Indenture and are payable solely from the revenues and other amounts pledged and assigned under the Indenture.

3. The Agreement and the Indenture have been duly authorized, executed and delivered by the Issuer and constitute valid and binding obligations of the Issuer, enforceable upon the Issuer in accordance with their terms, and all rights of the Issuer under the Agreement have been validly assigned to the Trustee under the Indenture, with the exception of certain rights of the Issuer relating to notice, exculpation, indemnification and payment of expenses.

4. The Bonds and interest thereon do not constitute an indebtedness or pledge of the general credit of the Issuer within the meaning of any State constitutional or statutory provision and will not constitute a general obligation or a charge against any other revenues of the Issuer.

5. Interest on the Series 2004A Bonds and the Series 2004B Bonds (including the amount of original issue discount properly allocable to the owner thereof) is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, for the purpose of computing the alternative minimum tax imposed on certain corporations, such interest is taken into account in determining adjusted current earnings.

6. Interest on the Series 2004C Bonds is included in the gross income of the owners thereof for federal income tax purposes.

7. Under the Act, the Bonds, together with the interest thereof, income therefrom, and gain upon the sale thereof are exempt from all State taxes and local taxes.

In rendering the opinions expressed in paragraph 5 above, we have relied on representations of the Issuer, the Board and the Corporation with respect to matters solely within the knowledge of the Issuer, the Board and the Corporation, which we have not independently verified, and have assumed continuing compliance with the covenants in the Indenture, the Agreement and the Tax Regulatory Agreement pertaining to those sections of the Code that

affect the exclusion from gross income of interest on the Bonds for federal income tax purposes. In the event that such representations are determined to be inaccurate or incomplete or the Issuer, the Board or the Corporation fails to comply with the foregoing covenants, interest on the Series 2004A Bonds and the Series 2004B Bonds could be includable in gross income for federal income tax purposes from the date of their original delivery, regardless of the date on which the event causing such inclusion occurs.

The accrual or receipt of interest on the Bonds may otherwise affect the federal income tax liability of certain recipients. The extent of these other tax consequences will depend upon the recipient's particular tax status or other items of income or deduction. We express no opinion regarding any such consequences and investors should consult their tax advisors regarding the tax consequences of purchasing or holding the Bonds.

It is to be understood that the rights of the owners of the Bonds and the enforceability of the Bonds, the Indenture, the Agreement and the other documents enumerated above may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and that their enforcement may also be subject to the exercise of the sovereign police powers of the State or its governmental bodies and the exercise of judicial discretion in appropriate cases.

In rendering this opinion, we have relied upon the opinion of even date herewith of Seale & Ross, counsel to the Borrower, with respect to: (i) the due organization of the Corporation; (ii) the good standing of the Corporation in the State; (iii) the corporate power of the Corporation to enter into, and the due authorization, execution and delivery by the Corporation of, the Agreement, the Ground Lease and the Mortgage and the valid and binding effect thereof on the Borrower; (iv) the Borrower being exempt from federal income tax under Section 501(a) of the Internal Revenue Code of 1986, as amended (the "Code") as an organization described in Section 501(c)(3) and the use of the Facilities not constituting an "unrelated trade or business" as such term is defined in Section 513(a) of the Code and (v) matters that might be disclosed as a result of an examination of the indentures, mortgages, deeds of trust, certifications of incorporation, by-laws, and other agreements or instruments to which the Corporation is a party or by which it or its properties are bound.

We have also relied on the opinion of McGlinchey Stafford, LLC, counsel to the Trustee, with respect to the corporate power of the Trustee to enter into and the due authorization, execution and delivery by the Trustee of the Indenture and the binding effect thereof on the Trustee. We have also relied upon the opinion of Decuir & Clark, L.L.P., counsel to the Board, with respect to the power of the Board to enter into and the due authorization, execution and delivery by the Board of the documents to which it is a party and the binding effect thereof on the Board, and upon the opinion of Casten & Pearce, A.P.L.C., counsel to the Issuer, with respect to the power of the Issuer to enter into and the due authorization, execution and delivery by the Issuer of the documents to which it is a party, including the Agreement and Indenture and the binding effect thereof on the Issuer.

For purposes of this opinion, our services as bond counsel have not extended beyond the examinations and expressions of the conclusions referred to above. This opinion is given as of the date hereof and we assume no obligation to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in the law that may hereafter occur. Except as stated above, no opinion is expressed as to any federal or state tax consequences resulting from the ownership of, receipt of interest on, or disposition of, the Bonds.

Respectfully submitted,

Ladies and Gentlemen:

This letter sets forth our understanding with respect to all issues (the "Securities") that Issuer shall request be made eligible for deposit by The Depository Trust Company ("DTC").

To induce DTC to accept the Securities as eligible for deposit at DTC, and to act in accordance with DTC's Rules with respect to the Securities, Issuer represents to DTC that Issuer will comply with the requirements stated in DTC's Operational Arrangements, as they may be amended from time to time.

Note:

Schedule A contains statements that DTC believes accurately describe DTC, the method of effecting book-entry transfers of securities distributed through DTC, and certain related matters.

Very truly yours,

SCHEDULE A

SAMPLE OFFERING DOCUMENT LANGUAGE
DESCRIBING BOOK-ENTRY-ONLY ISSUANCE

(Prepared by DTC—bracketed material may be applicable only to certain issues)

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully-registered Security certificate will be issued for [each issue of] the Securities, [each] in the aggregate principal amount of such issue, and will be deposited with DTC. [If, however, the aggregate principal amount of [any] issue exceeds \$200 million, one certificate will be issued with respect to each \$200 million of principal amount and an additional certificate will be issued with respect to any remaining principal amount of such issue.]
2. DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants ("Participants") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The Rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission.
3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.
4. To facilitate subsequent transfers, all Securities deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of Securities with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

3. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

[6. Redemption notices shall be sent to Cede & Co. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.]

7. Neither DTC nor Cede & Co. will consent or vote with respect to Securities. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Principal and interest payments on the Securities will be made to DTC. DTC's practice is to credit Direct Participants' accounts on payable date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on payable date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Agent, or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer or the Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

[9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to the [Tender/Remarketing] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to the [Tender/Remarketing] Agent. The requirement for physical delivery of Securities in connection with a demand for purchase or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records.]

10. DTC may discontinue providing its services as securities depository with respect to the Securities at any time by giving reasonable notice to the Issuer or the Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Security certificates are required to be printed and delivered.

11. The Issuer may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy thereof.

Opinion

NEW YORK, Jul 29, 2004 -- Moody's has assigned a Baa1 rating to the Southeastern Louisiana University's \$75 million Student Housing Revenue Bonds, Series 2004. Bond proceeds will be used to finance the development of new housing facilities on the Southeastern Louisiana University (SLU) campus and to refund the Series 2000 housing debt for facilities developed by University Facilities, Inc. Security on the bonds is provided by lease revenues to be paid by the Board of Supervisors for the University of Louisiana System on behalf of SLU. The University's rating outlook is stable.

The Series 2004A bonds are expected to carry municipal bond insurance from MBIA. Subject to Moody's review of the insurance policy and other relevant documentation, the bonds are expected to carry the insurer's current financial strength rating of Aaa. Moody's will nonetheless maintain its Baa1 underlying rating on the Series 2004A bonds.

The Baa1 rating is based on SLU's:

- Increasing student demand and stable enrollment, despite new admissions standards;
- Strategic importance of and demand for improved housing facilities;
- Sound financial operations and satisfactory debt service coverage; and
- Adequate resource base and limited borrowing plans.

STABLE STUDENT DEMAND AND STEADY ENROLLMENT:

Moody's anticipates that student demand will remain stable at Southeastern Louisiana University, which is located in an area of state of Louisiana (General Obligation debt rated A1) which has enjoyed population growth over recent years. With its campus in Hammond in the North Shore region of the state, the University offers 50 bachelor and 18 graduate programs, and is noted for well established programs in education and nursing. In the fall of 2003 SLU had a full-time equivalent enrollment of 17,265 and serves a predominately commuter population, with 96% of the student body coming from in state. Total full-time equivalent (FTE) enrollment has grown 7% over the past two years. Applications to SLU continue to grow allowing the University to increase its selectivity, in line with new admissions standards for the entire public higher education system in the state. In fall 2003, SLU accepted 65.3% of freshmen applicants, compared to its 90.4% selectivity rate in fall 1998. A strong yield of 83.5% on admitted students indicates a high degree of self selection within SLU's applicant pool. Heightened admissions standards which will begin next fall will likely dampen demand at SLU; however, Moody's expects that the University's sound marketing and student retention plans will allow it to maintain stable enrollment.

STRATEGIC IMPORTANCE OF ENHANCED ON-CAMPUS HOUSING FACILITIES:

SLU's campus has benefited from roughly \$95 million in capital improvements in recent years, with the majority of the funding coming from the state. With improved academic, recreation and meeting facilities, the University is focusing on improving its student housing stock with the current issue. Approximately 11% of students live on campus currently and SLU hopes to house 15% of students in the coming years. The current project plans include renovation of an existing residence hall and the construction of new facilities with a capacity of 1,514 beds. The Baa1 rating incorporates construction risk inherent in the transaction. Concerns over possible renovation and construction delays are offset by the funding of seven months of capitalized interest beyond the projected completion date and the performance contract for the experienced developer. Transaction documents also provide for the creation of a debt service reserve fund.

BALANCED OPERATIONS AND AMPLE DEBT SERVICE COVERAGE:

Moody's expects SLU to benefit from prudent financial management and maintain positive operating performance in the coming years. Over the last two fiscal years, the University has averaged 0.6% positive operating performance. SLU relies on annual state appropriations for a significant proportion of its operating budget, with state funding comprising 42% of its operating revenue in FY 2003. During the recent economic downturn, Louisiana has not instituted budget cuts for its public universities and we expect this trend to continue. Undergraduate tuition at SLU is set by the

Board of Supervisors and remains relatively affordable as evidenced by the resident undergraduate charge of \$2,762 for last academic year. In fiscal year 2003, SLU's operations covered actual debt service 3.0 times.

FINANCIAL RESOURCE BASE PROVIDES SUFFICIENT SUPPORT FOR COMPREHENSIVE DEBT AND OPERATIONS:

Moody's believes that SLU's financial resource base currently provides an adequate cushion for SLU's \$84.1 million of pro forma debt. Expendable financial resources provide 0.3 times coverage of total debt and 0.23 times coverage of annual operating expenses. SLU's \$37 million total financial resource base in FY 2003 includes roughly \$18 million of resources provided by the University's Development Foundation. The Foundation does the bulk of fundraising for the University which had just over \$2 million in combined gift revenue in FY 2003. Future borrowing plans are manageable and include an additional phase of student housing estimated to cost roughly \$11 million.

Outlook

The stable outlook on SLU's rating reflects our expectations that student demand will remain steady, operations will continue to be balanced, and that future borrowing will remain manageable.

- (b) Any governmental police power not excluded by (a) above, except to the extent that a notice of the exercise thereof or a notice of a defect, lien or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.
2. Rights of eminent domain unless notice of the exercise thereof has been recorded in the public records at Date of Policy, but not excluding from coverage any taking which has occurred prior to Date of Policy which would be binding on the rights of a purchaser for value without knowledge.

 - (a) created, suffered, assumed or agreed to by the insured claimant;

 - (i) to timely record the instrument of transfer; or
 - (ii) of such recordation to impart notice to a purchaser for value or a judgment or lien creditor.

CONDITIONS AND STIPULATIONS

1. DEFINITION OF TERMS.

The following terms when used in this policy mean:

- (a) "insured": the insured named in Schedule A, and, subject to any rights or defenses the Company would have had against the named insured, those who succeed to the interest of the named insured by operation of law as distinguished from purchase including, but not limited to, heirs, distributees, devisees, survivors, personal representatives, next of kin, or corporate or fiduciary successors.
- (b) "insured claimant": an insured claiming loss or damage.
- (c) "knowledge" or "known": actual knowledge, not constructive knowledge or notice which may be imputed to an insured by reason of the public records as defined in this policy or any other records which impart constructive notice of matters affecting the land.
- (d) "land": the land described or referred to in Schedule A, and improvements affixed thereto which by law constitute real property. The term "land" does not include any property beyond the lines of the area described or referred to in Schedule A, nor any right, title, interest, estate or easement in abutting streets, roads, avenues, alleys, lanes, ways or waterways, but nothing herein shall modify or limit the extent to which a right of access to and from the land is insured by this policy.
- (e) "mortgage": mortgage, deed of trust, trust deed, or other security instrument.
- (f) "public records": records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without knowledge. With respect to Section 1(a)(iv) of the Exclusions From Coverage, "public records" shall also include environmental protection liens filed in the records of the clerk of the United States district court for the district in which the land is located.
- (g) "unmarketability of the title": an alleged or apparent matter affecting the title to the land, not excluded or excepted from coverage, which would entitle a purchaser of the estate or interest described in Schedule A to be released from the obligation to purchase by virtue of a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE AFTER CONVEYANCE OF TITLE.

The coverage of this policy shall continue in force as of Date of Policy in favor of an insured only so long as the insured retains an estate or interest in the land, or holds an indebtedness secured by a purchase money mortgage given by a purchaser from the insured, or only so long as the insured shall have liability by reason of covenants of warranty made by the insured in any transfer or conveyance of the estate or interest. This policy shall not continue in force in favor of any purchaser from the insured of either (i) an estate or interest in the land, or (ii) an indebtedness secured by a purchase money mortgage given to the insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT.

The insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 4(a) below, (ii) in case knowledge shall come to an insured hereunder of any claim of title or interest which is adverse to the title to the estate or interest, as insured,

All information designated as confidential by the insured claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the insured claimant to submit for examination under oath, produce other reasonably requested information or grant permission to secure reasonably necessary information from third parties as required in this paragraph shall terminate any liability of the Company under this policy as to that claim.

6. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY.

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

(i) To pay or tender payment of the amount of insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the insured claimant, which were authorized by the Company, up to the time of payment or tender of payment and which the Company is obligated to pay.

(ii) Upon the exercise by the Company of this option, all liability and obligations to the insured under this policy, other than to make the payment required, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, and the policy shall be surrendered to the Company for cancellation.

(b) To Pay or Otherwise Settle With Parties Other than the Insured or With the Insured Claimant.

(i) to pay or otherwise settle with other parties for or in the name of an insured claimant any claim insured against under this policy, together with any costs, attorneys' fees, and expenses incurred by the insured claimant which were authorized by the Company up to the time of payment and which the Company is obligated to pay; or

(ii) to pay or otherwise settle with the insured claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the insured claimant which were authorized by the Company up to the time of payment and which the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in paragraphs (b)(i) or (ii), the Company's obligations to the insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute or continue any litigation.

7. DETERMINATION, EXTENT OF LIABILITY AND COINSURANCE.

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the insured claimant who has suffered loss or damage by reason of matters insured against by this policy and only to the extent herein described.

(a) The liability of the Company under this policy shall not exceed the least of:

- (i) the Amount of Insurance stated in Schedule A;

The Company shall be subrogated to and be entitled to all rights and remedies which the insured claimant would have had against any person or property in respect to the claim had this policy not been issued. If requested by the Company, the insured claimant shall transfer to the Company all rights and remedies against any person or property necessary in order to perfect this right of subrogation. The insured claimant shall permit the Company to sue, compromise or settle in the name of the insured claimant and to use the name of the insured claimant in any transaction or litigation involving these rights or remedies.

If a payment on account of a claim does not fully cover the loss of the insured claimant, the Company shall be subrogated to these rights and remedies in the proportion which the Company's payment bears to the whole amount of the loss.

If loss should result from any act of the insured claimant, as stated above, that act shall not void this policy, but the Company, in that event, shall be required to pay only that part of any losses insured against by this policy which shall exceed the amount, if any, lost to the Company by reason of the impairment by the insured claimant of the Company's right of subrogation.

(b) The Company's Rights Against Non-insured Obligors.

The Company's right of subrogation against non-insured obligors shall exist and shall include, without limitation, the rights of the insured to indemnities, guaranties, other policies of insurance or bonds, notwithstanding any terms or conditions contained in those instruments which provide for subrogation rights by reason of this policy.

14. ARBITRATION.

Unless prohibited by applicable law, either the Company or the insured may demand arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the insured arising out of or relating to this policy, any service of the Company in connection with its issuance or the breach of a policy provision or other obligation. All arbitrable matters when the Amount of Insurance is \$1,000,000 or less shall be arbitrated at the option of either the Company or the insured. All arbitrable matters when the Amount of Insurance is in excess of \$1,000,000 shall be arbitrated only when agreed to by both the Company and the insured. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made or, at the option of the insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT.

- (a) This policy together with all endorsements, if

and which might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if title to the estate or interest, as insured, is rejected as unmarketable. If prompt notice shall not be given to the Company, then as to the insured all liability of the Company shall terminate with regard to the matter or matters for which prompt notice is required; provided, however, that failure to notify the Company shall in no case prejudice the rights of any insured under this policy unless the Company shall be prejudiced by the failure and then only to the extent of the prejudice.

4. DEFENSE AND PROSECUTION OF ACTIONS; DUTY OF INSURED CLAIMANT TO COOPERATE.

(a) Upon written request by the insured and subject to the options contained in Section 6 of these Conditions and Stipulations, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an insured in litigation in which any third party asserts a claim adverse to the title or interest as insured, but only as to those stated causes of action alleging a defect, lien or encumbrance or other matter insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the insured to object for reasonable cause) to represent the insured as to those stated causes of action and shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs or expenses incurred by the insured in the defense of those causes of action which allege matters not insured against by this policy.

(b) The Company shall have the right, at its own cost, to institute and prosecute any action or proceeding or to do any other act which in its opinion may be necessary or desirable to establish the title to the estate or interest, as insured, or to prevent or reduce loss or damage to the insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable hereunder, and shall not thereby concede liability or waive any provision of this policy. If the Company shall exercise its rights under this paragraph, it shall do so diligently.

(c) Whenever the Company shall have brought an action or interposed a defense as required or permitted by the provisions of this policy, the Company may pursue any litigation to final determination by a court of competent jurisdiction and expressly reserves the right, in its sole discretion, to appeal from any adverse judgment or order.

(d) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding, the insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, and all appeals therein, and permit the Company to use, at its option, the name of the insured for this purpose. Whenever requested by the Company, the insured, at the Company's expense, shall give the Company all reasonable aid (i) in any action or proceeding, securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act which in the opinion of the Company may be necessary or desirable to establish the title to the estate or interest as insured. If the Company is prejudiced by the failure of the insured to furnish the required cooperation, the Company's obligations to the insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

5. PROOF OF LOSS OR DAMAGE.

In addition to and after the notices required under Section 3 of these Conditions and Stipulations have been provided the Company, a proof of loss or damage signed and sworn to by the insured claimant shall be furnished to the Company within 90 days after the insured claimant shall ascertain the facts giving rise to the loss or damage. The proof of loss or damage shall describe the defect in, or lien or encumbrance on the title, or other matter insured against by this policy which constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage. If the Company is prejudiced by the failure of the insured claimant to provide the required proof of loss or damage, the Company's obligations to the insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such proof of loss or damage.

In addition, the insured claimant may reasonably be required to submit to examination under oath by any authorized representative of the Company and shall produce for examination, inspection and copying, at such reasonable times and places as may be designated by any authorized representative of the Company, all records, books, ledgers, checks, correspondence and memoranda, whether bearing a date before or after Date of Policy, which reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the insured claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect and copy all records, books, ledgers, checks, correspondence and memoranda in the custody or control of a third party, which reasonably pertain to the loss or damage.

(i) the difference between the value of the insured estate or interest as insured and the value of the insured estate or interest subject to the defect, lien or encumbrance insured against by this policy.

(b) In the event the Amount of Insurance stated in Schedule A at the Date of Policy is less than 80 percent of the value of the insured estate or interest or the full consideration paid for the land, whichever is less, or if subsequent to the Date of Policy an improvement is erected on the land which increases the value of the insured estate or interest by at least 20 percent over the Amount of Insurance stated in Schedule A, then this policy is subject to the following:

(i) where no subsequent improvement has been made, as to any partial loss, the Company shall only pay the loss pro rata in the proportion that the amount of insurance at Date of Policy bears to the total value of the insured estate or interest at Date of Policy; or

(ii) where a subsequent improvement has been made, as to any partial loss, the Company shall only pay the loss pro rata in the proportion that 120 percent of the Amount of Insurance stated in Schedule A bears to the sum of the Amount of Insurance stated in Schedule A and the amount expended for the improvement.

The provisions of this paragraph shall not apply to costs, attorneys' fees, and expenses for which the Company is liable under this policy, and shall only apply to that portion of any loss which exceeds, in the aggregate, 10 percent of the Amount of Insurance stated in Schedule A.

The following terms when used in this policy mean:

(a) "insured": the insured named in Schedule A, and, subject to any rights or defenses the Company would have had against the named insured, those who succeed to the interest of the named insured by operation of law as distinguished from purchase including, but not limited to, heirs, distributees, devisees, survivors, personal representatives, next of kin, or corporate or fiduciary successors.

(b) "insured claimant": an insured claiming loss or damage.

(c) "knowledge" or "known": actual knowledge, not constructive knowledge or notice which may be imputed to an insured by reason of the public records as defined in this policy or any other records which impart constructive notice of matters affecting the land.

(d) "land": the land described or referred to in Schedule A, and improvements affixed thereto which by law constitute real property. The term "land" does not include any property beyond the lines of the area described or referred to in Schedule A, nor any right, title, interest, estate or easement in abutting streets, roads, avenues, alleys, lanes, ways or waterways, but nothing herein shall modify or limit the extent to which a right of access to and from the land is insured by this policy.

(e) "mortgage": mortgage, deed of trust, trust deed, or other security instrument.

(f) "public records": records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without knowledge. With respect to Section 1(a)(iv) of the Exclusions From Coverage, "public records" shall also include environmental protection liens filed in the records of the clerk of the United States district court for the district in which the land is located.

(g) "unmarketability of the title": an alleged or apparent matter affecting the title to the land, not excluded or excepted from coverage, which would entitle a purchaser of the estate or interest described in Schedule A to be released from the obligation to purchase by virtue of a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE AFTER CONVEYANCE OF TITLE.

The coverage of this policy shall continue in force as of Date of Policy in favor of an insured only so long as the insured retains an estate or interest in the land, or holds an indebtedness secured by a purchase money mortgage given by a purchaser from the insured, or only so long as the insured shall have liability by reason of covenants of warranty made by the insured in any transfer or conveyance of the estate or interest. This policy shall not continue in force in favor of any purchaser from the insured of either (i) an estate or interest in the land, or (ii) an indebtedness secured by a purchase money mortgage given to the insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT.

The insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 4(a) below, (ii) in case knowledge shall come to an insured hereunder of any claim of title or interest which is adverse to the title to the estate or interest, as insured,

All information designated as confidential by the insured claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the insured claimant to submit for examination under oath, produce other reasonably requested information or grant permission to secure reasonably necessary information from third parties as required in this paragraph shall terminate any liability of the Company under this policy as to that claim.

6. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY.

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

(i) To pay or tender payment of the amount of insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the insured claimant, which were authorized by the Company, up to the time of payment or tender of payment and which the Company is obligated to pay.

(ii) Upon the exercise by the Company of this option, all liability and obligations to the insured under this policy, other than to make the payment required, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, and the policy shall be surrendered to the Company for cancellation.

(b) To Pay or Otherwise Settle With Parties Other than the Insured or With the Insured Claimant.

(i) to pay or otherwise settle with other parties for or in the name of an insured claimant any claim insured against under this policy, together with any costs, attorneys' fees, and expenses incurred by the insured claimant which were authorized by the Company up to the time of payment and which the Company is obligated to pay; or

(ii) to pay or otherwise settle with the insured claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the insured claimant which were authorized by the Company up to the time of payment and which the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in paragraphs (b)(i) or (ii), the Company's obligations to the insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute or continue any litigation.

7. DETERMINATION, EXTENT OF LIABILITY AND COINSURANCE.

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the insured claimant who has suffered loss or damage by reason of matters insured against by this policy and only to the extent herein described.

(a) The liability of the Company under this policy shall not exceed the least of:

(i) the Amount of Insurance stated in Schedule A; or,

The Company shall be subrogated to and be entitled to all rights and remedies which the insured claimant would have had against any person or property in respect to the claim had this policy not been issued. If requested by the Company, the insured claimant shall transfer to the Company all rights and remedies against any person or property necessary in order to perfect this right of subrogation. The insured claimant shall permit the Company to sue, compromise or settle in the name of the insured claimant and to use the name of the insured claimant in any transaction or litigation involving these rights or remedies.

If a payment on account of a claim does not fully cover the loss of the insured claimant, the Company shall be subrogated to these rights and remedies in the proportion which the Company's payment bears to the whole amount of the loss.

If loss should result from any act of the insured claimant, as stated above, that act shall not void this policy, but the Company, in that event, shall be required to pay only that part of any losses insured against by this policy which shall exceed the amount, if any, lost to the Company by reason of the impairment by the insured claimant of the Company's right of subrogation.

(b) The Company's Rights Against Non-insured Obligors.

The Company's right of subrogation against non-insured obligors shall exist and shall include, without limitation, the rights of the insured to indemnities, guaranties, other policies of insurance or bonds, notwithstanding any terms or conditions contained in those instruments which provide for subrogation rights by reason of this policy.

14. ARBITRATION.

Unless prohibited by applicable law, either the Company or the insured may demand arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the insured arising out of or relating to this policy, any service of the Company in connection with its issuance or the breach of a policy provision or other obligation. All arbitrable matters when the Amount of Insurance is \$1,000,000 or less shall be arbitrated at the option of either the Company or the insured. All arbitrable matters when the Amount of Insurance is in excess of \$1,000,000 shall be arbitrated only when agreed to by both the Company and the insured. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made or, at the option of the insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT.

(a) This policy together with all endorsements, if

and which might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if title to the estate or interest, as insured, is rejected as unmarketable. If prompt notice shall not be given to the Company, then as to the insured all liability of the Company shall terminate with regard to the matter or matters for which prompt notice is required; provided, however, that failure to notify the Company shall in no case prejudice the rights of any insured under this policy unless the Company shall be prejudiced by the failure and then only to the extent of the prejudice.

4. DEFENSE AND PROSECUTION OF ACTIONS; DUTY OF INSURED CLAIMANT TO COOPERATE.

(a) Upon written request by the insured and subject to the options contained in Section 6 of these Conditions and Stipulations, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an insured in litigation in which any third party asserts a claim adverse to the title or interest as insured, but only as to those stated causes of action alleging a defect, lien or encumbrance or other matter insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the insured to object for reasonable cause) to represent the insured as to those stated causes of action and shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs or expenses incurred by the insured in the defense of those causes of action which allege matters not insured against by this policy.

(b) The Company shall have the right, at its own cost, to institute and prosecute any action or proceeding or to do any other act which in its opinion may be necessary or desirable to establish the title to the estate or interest, as insured, or to prevent or reduce loss or damage to the insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable hereunder, and shall not thereby concede liability or waive any provision of this policy. If the Company shall exercise its rights under this paragraph, it shall do so diligently.

(c) Whenever the Company shall have brought an action or interposed a defense as required or permitted by the provisions of this policy, the Company may pursue any litigation to final determination by a court of competent jurisdiction and expressly reserves the right, in its sole discretion, to appeal from any adverse judgment or order.

(d) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding, the insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, and all appeals therein, and permit the Company to use, at its option, the name of the insured for this purpose. Whenever requested by the Company, the insured, at the Company's expense, shall give the Company all reasonable aid (i) in any action or proceeding, securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act which in the opinion of the Company may be necessary or desirable to establish the title to the estate or interest as insured. If the Company is prejudiced by the failure of the insured to furnish the required cooperation, the Company's obligations to the insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

5. PROOF OF LOSS OR DAMAGE.

In addition to and after the notices required under Section 3 of these Conditions and Stipulations have been provided the Company, a proof of loss or damage signed and sworn to by the insured claimant shall be furnished to the Company within 90 days after the insured claimant shall ascertain the facts giving rise to the loss or damage. The proof of loss or damage shall describe the defect in, or lien or encumbrance on the title, or other matter insured against by this policy which constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage. If the Company is prejudiced by the failure of the insured claimant to provide the required proof of loss or damage, the Company's obligations to the insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such proof of loss or damage.

In addition, the insured claimant may reasonably be required to submit to examination under oath by any authorized representative of the Company and shall produce for examination, inspection and copying, at such reasonable times and places as may be designated by any authorized representative of the Company, all records, books, ledgers, checks, correspondence and memoranda, whether bearing a date before or after Date of Policy, which reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the insured claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect and copy all records, books, ledgers, checks, correspondence and memoranda in the custody or control of a third party, which reasonably pertain to the loss or damage.

(ii) the difference between the value of the insured estate or interest as insured and the value of the insured estate or interest subject to the defect, lien or encumbrance insured against by this policy.

(b) In the event the Amount of Insurance stated in Schedule A at the Date of Policy is less than 80 percent of the value of the insured estate or interest or the full consideration paid for the land, whichever is less, or if subsequent to the Date of Policy an improvement is erected on the land which increases the value of the insured estate or interest by at least 20 percent over the Amount of Insurance stated in Schedule A, then this policy is subject to the following:

(i) where no subsequent improvement has been made, as to any partial loss, the Company shall only pay the loss pro rata in the proportion that the amount of insurance at Date of Policy bears to the total value of the insured estate or interest at Date of Policy; or

(ii) where a subsequent improvement has been made, as to any partial loss, the Company shall only pay the loss pro rata in the proportion that 120 percent of the Amount of Insurance stated in Schedule A bears to the sum of the Amount of Insurance stated in Schedule A and the amount expended for the improvement.

The provisions of this paragraph shall not apply to costs, attorneys' fees, and expenses for which the Company is liable under this policy, and shall only apply to that portion of any loss which exceeds, in the aggregate, 10 percent of the Amount of Insurance stated in Schedule A.

(c) The Company will pay only those costs, attorneys' fees, and expenses incurred in accordance with Section 4 of these Conditions and Stipulations.

8. APPORTIONMENT.

If the land described in Schedule A consists of two or more parcels which are not used as a single site, and a loss is established affecting one or more of the parcels but not all, the loss shall be computed and settled on a pro rata basis as if the amount of insurance under this policy was divided pro rata as to the value on Date of Policy of each separate parcel to the whole, exclusive of any improvements made subsequent to Date of Policy, unless a liability or value has otherwise been agreed upon as to each parcel by the Company and the insured at the time of the issuance of this policy and shown by an express statement or by an endorsement attached to this policy.

9. LIMITATION OF LIABILITY.

(a) If the Company establishes the title, or removes the alleged defect, lien or encumbrance, or cures the lack of a right of access to or from the land, or cures the claim of unmarketability of title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals therefrom, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused thereby.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals therefrom, adverse to the title as insured.

(c) The Company shall not be liable for loss or damage to any insured for liability voluntarily assumed by the insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY.

All payments under this policy, except payments made for costs, attorneys' fees and expenses, shall reduce the amount of the insurance pro tanto.

11. LIABILITY NONCUMULATIVE.

It is expressly understood that the amount of insurance under this policy shall be reduced by any amount the Company may pay under any policy insuring a mortgage to which exception is taken in Schedule B or to which the insured has agreed, assumed, or taken subject, or which is hereafter executed by an insured and which is a charge or lien on the estate or interest described or referred to in Schedule A, and the amount so paid shall be deemed a payment under this policy to the insured owner.

12. PAYMENT OF LOSS.

(a) No payment shall be made without producing this policy for endorsement of the payment unless the policy has been lost or destroyed, in which case proof of loss or destruction shall be furnished to the satisfaction of the Company.

(b) When liability and the extent of loss or damage has been definitely fixed in accordance with these Conditions and Stipulations, the loss or damage shall be payable within 30 days thereafter.

13. SUBROGATION UPON PAYMENT OR SETTLEMENT.

(a) The Company's Right of Subrogation.

Whenever the Company shall have settled and paid a claim under this policy, all right of subrogation shall vest in the Company unaffected by any act of the insured claimant.

(b) Any claim of loss or damage, whether or not based on negligence, and which arises out of the status of the title to the estate or interest covered hereby or by any action asserting such claim, shall be restricted to this policy.

(c) No amendment of or endorsement to this policy can be made except by a writing endorsed hereon or attached hereto signed by either the President, a Vice President, the Secretary, an Assistant Secretary, or validating officer or authorized signatory of the Company.

16. SEVERABILITY.

In the event any provision of the policy is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision and all other provisions shall remain in full force and effect.

17. NOTICES, WHERE SENT.

All notices required to be given the Company and any statement in writing required to be furnished the Company shall include the number of this policy and shall be addressed to the Company, Attention: Claims Department, 1 First American Way, Santa Ana, California 92707, or to the office which issued this policy.

*Leasehold Owner's Policy Endorsement
Attached to Policy No. FA-33-606638
Issued by
First American Title Insurance Company*

Agent's File No. 13786/101065-01

The policy is amended in the following particulars:

A. Paragraph 1 of the conditions and stipulations is amended by adding a subparagraph (h) as follows:

(h) "Leasehold Estate": The right of possession for the term or terms described in Schedule A hereof subject to any provisions contained in the Lease which limit the right of possession.

B. Paragraphs 14, 15, 16 and 17 of the conditions and stipulations are renumbered as paragraphs 16, 17, 18 and 19.

C. The conditions and stipulations are amended by adding paragraphs 14 and 15, as follows:

14. Valuation of estate or interest insured

If, in computing loss or damage incurred by the insured, it becomes necessary to determine the value of the estate or interest insured by this policy, the value shall consist of the then present worth of the excess, if any, of the fair market rental value of the estate or interest, undiminished by any matters for which claim is made, for that part of the term stated in Schedule A herein then remaining plus any renewal or extended term for which a valid option to renew or extend is contained in the lease, over the value of the rent and other consideration required to be paid under the lease for the same period.

15. Miscellaneous items of loss

In the event the insured is evicted from possession of all or part of the land by reason of any matters insured against by this policy, the following, if applicable, shall be included in computing loss or damage incurred by the insured, but not to the extent that the same are included in the valuation of the estate or interest insured by this policy.

(a) The reasonable cost of removing and relocating any personal property which the insured has the right to remove and relocate, situated on the land at the time of eviction, the cost of transportation of that personal property for the initial twenty-five miles incurred in connection with the relocation, and the reasonable cost of repairing the personal property damaged by reason of the removal and relocation. The costs referred to above shall not exceed in the aggregate the value of the personal property prior to its removal and relocation.

"Personal property", above referred to, shall mean chattels and property which, because of its character and manner of affixation to the land, can be severed therefrom without causing appreciable damage to the property severed or to the land to which the property is affixed.

(b) Rent or damages for use and occupancy of the land prior to the eviction which the insured as owner of the leasehold estate may be obligated to pay to any person having paramount title to that of the lessor in the Lease.

(c) The amount of rent which, by the terms of the Lease, the insured must continue to pay to the lessor after eviction for the land, or part thereof, from which the insured has been evicted.

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy and the Company will not pay loss or damage, costs, attorneys' fees or expenses which arise by reason of:

- (a) Any law, ordinance or governmental regulation (including but not limited to building and zoning laws, ordinances, or regulations) restricting, regulating, prohibiting or relating to (i) the occupancy, use, or enjoyment of the land; (ii) the character, dimensions or location of any improvement now or hereafter erected on the land; (iii) a separation in ownership or a change in the dimensions or area of the land or any parcel of which the land is or was a part; or (iv) environmental protection, or the effect of any violation of these laws, ordinances or governmental regulations, except to the extent that a notice of the enforcement thereof or a notice of a defect, lien or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.
- (b) Any governmental police power not excluded by (a) above, except to the extent that a notice of the exercise thereof or a notice of a defect, lien or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.
- Rights of eminent domain unless notice of the exercise thereof has been recorded in the public records at Date of Policy, but not excluding from coverage any taking which has occurred prior to Date of Policy which would be binding on the rights of a purchaser for value without knowledge.
- Defects, liens, encumbrances, adverse claims or other matters:
 - created, suffered, assumed or agreed to by the insured claimant;
 - not known to the Company, not recorded in the public records at Date of Policy, but known to the insured claimant and not disclosed in writing to the Company by the insured claimant prior to the date the insured claimant became an insured under this policy;
 - resulting in no loss or damage to the insured claimant;
 - attaching or created subsequent to Date of Policy (except to the extent that this policy insures the priority of the lien of the insured mortgage over any statutory lien for services, labor or material or the extent insurance is afforded herein as to assessments for street improvements under construction or completed at Date of Policy); or

(e) resulting in loss or damage which would not have been sustained if the insured claimant had paid value for the insured mortgage.

- Unenforceability of the lien of the insured mortgage because of the inability or failure of the insured at Date of Policy, or the inability or failure of any subsequent owner of the indebtedness, to comply with applicable doing business laws of the state in which the land is situated.
- Invalidity or unenforceability of the lien of the insured mortgage, or claim thereof, which arises out of the transaction evidenced by the insured mortgage and is based upon usury or any consumer credit protection or truth in lending law.
- Any statutory lien for services, labor or materials (or the claim of priority of any statutory lien for services, labor or materials over the lien of the insured mortgage) arising from an improvement or work related to the land which is contracted for and commenced subsequent to Date of Policy and is not financed in whole or in part by proceeds of the indebtedness secured by the insured mortgage which at Date of Policy the insured has advanced or is obligated to advance.
- Any claim, which arises out of the transaction creating the interest of the mortgagee insured by this policy, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that is based on:
 - the transaction creating the interest of the insured mortgagee being deemed a fraudulent conveyance or fraudulent transfer; or
 - the subordination of the interest of the insured mortgagee as a result of the application of the doctrine of equitable subordination; or
 - the transaction creating the interest of the insured mortgagee being deemed a preferential transfer except where the preferential transfer results from the failure:
 - to timely record the instrument of transfer; or
 - of such recordation to impart notice to a purchaser for value or a judgment or lien creditor.

CONDITIONS AND STIPULATIONS

1. DEFINITION OF TERMS.

The following terms when used in this policy mean:

(a) "insured": the insured named in Schedule A. The term "insured" also includes

(i) the owner of the indebtedness secured by the insured mortgage and each successor in ownership of the indebtedness except a successor who is an obligor under the provisions of Section 12(c) of these Conditions and Stipulations (reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor insured, unless the successor acquired the indebtedness as a purchaser for value without knowledge of the asserted defect, lien, encumbrance, adverse claim or other matter insured against by this policy as affecting title to the estate or interest in the land);

(ii) any governmental agency or governmental instrumentality which is an insurer or guarantor under an insurance contract or guaranty insuring or guaranteeing the indebtedness secured by the insured mortgage, or any part thereof, whether named as an insured herein or not;

(iii) the parties designated in Section 2(a) of these Conditions and Stipulations.

(b) "insured claimant": an insured claiming loss or damage.

(c) "knowledge" or "known": actual knowledge, not constructive knowledge or notice which may be imputed to an insured by reason of the public records as defined in this policy or any other records which impart constructive notice of matters affecting the land.

(d) "land": the land described or referred to in Schedule (A), and improvements affixed thereto which by law constitute real property. The term "land" does not include any property beyond the lines of the area described or referred to in Schedule (A), nor any right, title, interest, estate or easement in abutting streets, roads, avenues, alleys, lanes, ways or waterways, but nothing herein shall modify or limit the extent to which a right of access to and from the land is insured by this policy.

(e) "mortgage": mortgage, deed of trust, trust deed, or other security instrument.

(f) "public records": records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without knowledge. With respect to Section 1(a)(iv) of the Exclusions From Coverage, "public records" shall also include environmental protection liens filed in the records of the clerk of the United States district court for the district in which the land is located.

(g) "unmarketability of the title": an alleged or apparent matter affecting the title to the land, not excluded or excepted from coverage, which would entitle a purchaser of the estate or interest described in Schedule A or the insured mortgage to be released from the obligation to purchase by virtue of a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE.

(a) After Acquisition of Title. The coverage of this policy shall continue in force as of Date of Policy in favor of (i) an insured who acquires all or any part of the estate or interest in the land by foreclosure, trustee's sale, conveyance in lieu of foreclosure, or other legal manner which discharges the lien of the insured mortgage; (ii) a transferee of the estate or interest so acquired from an insured corporation, provided the transferee is the parent or wholly-owned subsidiary of the insured corporation, and their

obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act which in the opinion of the Company may be necessary or desirable to establish the title to the estate or interest or the lien of the insured mortgage, as insured. If the Company is prejudiced by the failure of the insured to furnish the required cooperation, the Company's obligations to the insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

5. PROOF OF LOSS OR DAMAGE.

In addition to and after the notices required under Section 3 of these Conditions and Stipulations have been provided the Company, a proof of loss or damage signed and sworn to by the insured claimant shall be furnished to the Company within 90 days after the insured claimant shall ascertain the facts giving rise to the loss or damage. The proof of loss or damage shall describe the defect in, or lien or encumbrance on the title, or other matter insured against by this policy which constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage. If the Company is prejudiced by the failure of the insured claimant to provide the required proof of loss or damage, the Company's obligations to the insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such proof of loss or damage.

In addition, the insured claimant may reasonably be required to submit to examination under oath by any authorized representative of the Company and shall produce for examination, inspection and copying, at such reasonable times and places as may be designated by any authorized representative of the Company, all records, books, ledgers, checks, correspondence and memoranda, whether bearing a date before or after Date of Policy, which reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the insured claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect and copy all records, books, ledgers, checks, correspondence and memoranda in the custody or control of a third party, which reasonably pertain to the loss or damage. All information designated as confidential by the insured claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the insured claimant to submit for examination under oath, produce other reasonably requested information or grant permission to secure reasonably necessary information from third parties as required in this paragraph, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

6. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY.

In case of a claim under this policy, the Company shall have the following options:

(a) To Pay or Tender Payment of the Amount of Insurance or to Purchase the Indebtedness.

(i) to pay or tender payment of the amount of insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the insured claimant, which were authorized by the Company, up to the time of payment or tender of payment and

9. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY.

(a) All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the amount of the insurance pro tanto. However, any payments made prior to the acquisition of title to the estate or interest as provided in Section 2(a) of these Conditions and Stipulations shall not reduce pro tanto the amount of the insurance afforded under this policy except to the extent that the payments reduce the amount of the indebtedness secured by the insured mortgage.

(b) Payment in part by any person of the principal of the indebtedness, or any other obligation secured by the insured mortgage, or any voluntary partial satisfaction or release of the insured mortgage, to the extent of the payment, satisfaction or release, shall reduce the amount of insurance pro tanto. The amount of insurance may thereafter be increased by accruing interest and advances made to protect the lien of the insured mortgage and secured thereby, with interest thereon, provided in no event shall the amount of insurance be greater than the amount of insurance stated in Schedule A.

(c) Payment in full by any person or the voluntary satisfaction or release of the insured mortgage shall terminate all liability of the Company except as provided in Section 2(a) of these Conditions and Stipulations.

10. LIABILITY NONCUMULATIVE.

If the insured acquires title to the estate or interest in satisfaction of the indebtedness secured by the insured mortgage, or any part thereof, it is expressly understood that the amount of insurance under this policy shall be reduced by any amount the Company may pay under any policy insuring a mortgage to which exception is taken in Schedule B or to which the insured has agreed, assumed, or taken subject, or which is hereafter executed by an insured and which is a charge or lien on the estate or interest described or referred to in Schedule A, and the amount so paid shall be deemed a payment under this policy.

11. PAYMENT OF LOSS.

(a) No payment shall be made without producing this policy for endorsement of the payment unless the policy has been lost or destroyed, in which case proof of loss or destruction shall be furnished to the satisfaction of the Company.

(b) When liability and the extent of loss or damage has been definitely fixed in accordance with these Conditions and Stipulations, the loss or damage shall be payable within 30 days thereafter.

12. SUBROGATION UPON PAYMENT OR SETTLEMENT.

(a) The Company's Right of Subrogation.

Whenever the Company shall have settled and paid a claim under this policy, all right of subrogation shall vest in the Company unaffected by any act of the insured claimant.

The Company shall be subrogated to and be entitled to all rights and remedies which the insured claimant would have had against any person or property in respect to the claim had this policy not been issued. If requested by the Company, the insured claimant shall transfer to the Company all rights and remedies against any person or property necessary in order to perfect this right of subrogation. The insured claimant shall permit the Company to sue, compromise or settle in the name of the insured claimant and to use the name of the insured claimant in any transaction or litigation

corporate successors by operation of law and not by purchase, subject to any rights or defenses the Company may have against any predecessor insureds; and (iii) any governmental agency or governmental instrumentality which acquires all or any part of the estate or interest pursuant to a contract of insurance or guaranty insuring or guaranteeing the indebtedness secured by the insured mortgage.

(b) **After Conveyance of Title.** The coverage of this policy shall continue in force as of Date of Policy in favor of an insured only so long as the insured retains an estate or interest in the land, or holds an indebtedness secured by a purchase money mortgage given by a purchaser from the insured, or only so long as the insured shall have liability by reason of covenants of warranty made by the insured in any transfer or conveyance of the estate or interest. This policy shall not continue in force in favor of any purchaser from the insured of either (i) an estate or interest in the land, or (ii) an indebtedness secured by a purchase money mortgage given to the insured.

(c) **Amount of Insurance.** The amount of insurance after the acquisition or after the conveyance shall in neither event exceed the least of:

- (i) the amount of insurance stated in Schedule A;
- (ii) the amount of principal of the indebtedness secured by the insured mortgage as of Date of Policy, interest thereon, expenses of foreclosure, amounts advanced pursuant to the insured mortgage to assure compliance with laws or to protect the lien of the insured mortgage prior to the time of acquisition of the estate or interest in the land and secured thereby and reasonable amounts expended to prevent deterioration of improvements, but reduced by the amount of all payments made; or
- (iii) the amount paid by any governmental agency or governmental instrumentality, if the agency or instrumentality is the insured claimant, in the acquisition of the estate or interest in satisfaction of its insurance contract or guaranty.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT.

The insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 4(a) below, (ii) in case knowledge shall come to an insured hereunder of any claim of title or interest which is adverse to the title to the estate or interest or the lien of the insured mortgage, as insured, and which might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if title to the estate or interest or the lien of the insured mortgage, as insured, is rejected as unmarketable. If prompt notice shall not be given to the Company, then as to the insured all liability of the Company shall terminate with regard to the matter or matters for which prompt notice is required; provided, however, that failure to notify the Company shall in no case prejudice the rights of any insured under this policy unless the Company shall be prejudiced by the failure and then only to the extent of the prejudice.

4. DEFENSE AND PROSECUTION OF ACTIONS; DUTY OF INSURED CLAIMANT TO COOPERATE.

(a) Upon written request by the insured and subject to the options contained in Section 6 of these Conditions and Stipulations, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an insured in litigation in which any third party asserts a claim adverse to the title or interest as insured, but only as to those stated causes of action alleging a defect, lien or encumbrance or other matter insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the insured to object for reasonable cause) to represent the insured as to those stated causes of action and shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs or expenses incurred by the insured in the defense of those causes of action which allege matters not insured against by this policy.

(b) The Company shall have the right, at its own cost, to institute and prosecute any action or proceeding or to do any other act which in its opinion may be necessary or desirable to establish the title to the estate or interest or the lien of the insured mortgage, as insured, or to prevent or reduce loss or damage to the insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable hereunder, and shall not thereby concede liability or waive any provision of this policy. If the Company shall exercise its rights under this paragraph, it shall do so diligently.

(c) Whenever the Company shall have brought an action or interposed a defense as required or permitted by the provisions of this policy, the Company may pursue any litigation to final determination by a court of competent jurisdiction and expressly reserves the right, in its sole discretion, to appeal from any adverse judgment or order.

(d) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding, the insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, and all appeals therein, and permit the Company to use, at its option, the name of the insured for this purpose. Whenever requested by the Company, the insured, at the Company's expense, shall give the Company all reasonable aid (i) in any action or proceeding, securing evidence,

which the Company is obligated to pay; or

(ii) to purchase the indebtedness secured by the insured mortgage for the amount owing thereon together with any costs, attorneys' fees, and expenses incurred by the insured claimant which were authorized by the Company up to the time of purchase and which the Company is obligated to pay.

If the Company offers to purchase the indebtedness as herein provided, the owner of the indebtedness shall transfer, assign, and convey the indebtedness and the insured mortgage, together with any collateral security, to the Company upon payment therefor.

Upon the exercise by the Company of either of the options provided for in paragraphs a (i) or (ii), all liability and obligations to the insured under this policy, other than to make the payment required in those paragraphs, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, and the policy shall be surrendered to the Company for cancellation.

(b) **To Pay or Otherwise Settle With Parties Other than the Insured or With the Insured Claimant.**

(i) to pay or otherwise settle with other parties for or in the name of an insured claimant any claim insured against under this policy, together with any costs, attorneys' fees, and expenses incurred by the insured claimant which were authorized by the Company up to the time of payment and which the Company is obligated to pay; or

(ii) to pay or otherwise settle with the insured claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the insured claimant which were authorized by the Company up to the time of payment and which the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in paragraphs b(i) or (ii), the Company's obligations to the insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute or continue any litigation.

7. DETERMINATION AND EXTENT OF LIABILITY.

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the insured claimant who has suffered loss or damage by reason of matters insured against by this policy and only to the extent herein described.

(a) The liability of the Company under this policy shall not exceed the least of:

(i) the amount of insurance stated in Schedule A, or, if applicable, the amount of insurance as defined in Section 2 (c) of these Conditions and Stipulations;

(ii) the amount of the unpaid principal indebtedness secured by the insured mortgage as limited or provided under Section 8 of these Conditions and Stipulations or as reduced under Section 9 of these Conditions and Stipulations, at the time the loss or damage insured against by this policy occurs, together with interest thereon; or

(iii) the difference between the value of the insured estate or interest as insured and the value of the insured estate or interest subject to the defect, lien or encumbrance insured against by this policy.

(b) In the event the insured has acquired the estate or interest in the manner described in Section 2(a) of these Conditions and Stipulations or has conveyed the title, then the liability of the Company shall continue as set forth in Section 7(a) of these Conditions and Stipulations.

(c) The Company will pay only those costs, attorneys' fees, and expenses incurred in accordance with Section 4 of these Conditions and Stipulations.

8. LIMITATION OF LIABILITY.

(a) If the Company establishes the title, or removes the alleged defect, lien or encumbrance, or cures the lack of a right of access to or from the land, or cures the claim of unmarketability of title, or otherwise establishes the lien of the insured mortgage, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals therefrom, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused thereby.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals therefrom, adverse to the title or to the lien of the insured mortgage, as insured.

(c) The Company shall not be liable for loss or damage to any insured for liability voluntarily assumed by the insured in settling any claim or suit without the prior written consent of the Company.

(d) The Company shall not be liable for:

(i) any indebtedness created subsequent to Date of Policy except for advances made to protect the lien of the insured mortgage and secured thereby and reasonable amounts expended to prevent deterioration of improvements; or

(ii) construction loan advances made subsequent to Date of Policy, except construction loan advances made subsequent to Date of Policy for the purpose of financing in whole or in part the construction of an improvement to the land which at Date of Policy were secured by the insured mortgage and which the insured was and continued to be obligated to advance at and after Date of Policy.

involving these rights or remedies.

If a payment on account of a claim does not fully cover the loss of the insured claimant, the Company shall be subrogated to all rights and remedies of the insured claimant after the insured claimant shall have recovered its principal, interest, and costs of collection.

(b) **The Insured's Rights and Limitations.**

Notwithstanding the foregoing, the owner of the indebtedness secured by the insured mortgage, provided the priority of the lien of the insured mortgage or its enforceability is not affected, may release or substitute the personal liability of any debtor or guarantor, or extend or otherwise modify the terms of payment, or release a portion of the estate or interest from the lien of the insured mortgage, or release any collateral security for the indebtedness.

When the permitted acts of the insured claimant occur and the insured has knowledge of any claim of title or interest adverse to the title to the estate or interest or the priority or enforceability of the lien of the insured mortgage, as insured, the Company shall be required to pay only that part of any losses insured against by this policy which shall exceed the amount, if any, lost to the Company by reason of the impairment by the insured claimant of the Company's right of subrogation.

(c) **The Company's Rights Against Non-Insured Obligors.**

The Company's right of subrogation against non-insured obligors shall exist and shall include, without limitation, the rights of the insured to indemnities, guaranties, other policies of insurance or bonds, notwithstanding any terms or conditions contained in those instruments which provide for subrogation rights by reason of this policy.

The Company's right of subrogation shall not be avoided by acquisition of the insured mortgage by an obligor (except an obligor described in Section 1(a) (ii) of these Conditions and Stipulations) who acquires the insured mortgage as a result of an indemnity, guarantee, other policy of insurance, or bond and the obligor will not be an insured under this policy, notwithstanding Section 1(a) (i) of these Conditions and Stipulations.

13. ARBITRATION.

Unless prohibited by applicable law, either the Company or the insured may demand arbitration pursuant to the Title Insurance Arbitration Rules of the American Arbitration Association. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the insured arising out of or relating to this policy, any service of the Company in connection with its issuance or the breach of a policy provision or other obligation. All arbitrable matters when the Amount of insurance is \$1,000,000 or less shall be arbitrated at the option of either the Company or the insured. All arbitrable matters when the Amount of insurance is in excess of \$1,000,000 shall be arbitrated only when agreed to by both the Company and the insured. Arbitration pursuant to this policy and under the Rules in effect on the date the demand for arbitration is made or, at the option of the insured, the Rules in effect at Date of Policy shall be binding upon the parties. The award may include attorneys' fees only if the laws of the state in which the land is located permit a court to award attorneys' fees to a prevailing party. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

The law of the situs of the land shall apply to an arbitration under the Title Insurance Arbitration Rules.

A copy of the Rules may be obtained from the Company upon request.

14. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT.

(a) This policy together with all endorsements, if any, attached hereto by the Company is the entire policy and contract between the insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage, whether or not based on negligence, and which arises out of the status of the lien of the insured mortgage or of the title to the estate or interest covered hereby or by any action asserting such claim, shall be restricted to this policy.

(c) No amendment of or endorsement to this policy can be made except by a writing endorsed hereon or attached hereto signed by either the President, a Vice President, the Secretary, an Assistant Secretary, or validating officer or authorized signatory of the Company.

15. SEVERABILITY.

In the event any provision of this policy is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision and all other provisions shall remain in full force and effect.

16. NOTICES, WHERE SENT.

All notices required to be given the Company and any statement in writing required to be furnished the Company shall include the number of this policy and shall be addressed to the Company, Attention: Claims Department, 1 First American Way, Santa Ana, California 92707, or to the office which issued this policy.

The policy is amended in the following particulars:

A. Paragraph 1 of the conditions and stipulations is amended by adding a subparagraph (h) as follows:

(h) "Leasehold Estate": The right of possession for the term or terms described in Schedule A hereof subject to any provisions contained in the Lease which limit the right of possession.

B. Paragraphs 13, 14, 15 and 16 of the conditions and stipulations are renumbered as paragraphs 15, 16, 17 and 18.

C. The conditions and stipulations are amended by adding paragraphs 13 and 14, as follows:

13. Valuation of estate or interest insured

If, in computing loss or damage incurred by the insured, it becomes necessary to determine the value of the estate or interest insured by this policy, the value shall consist of the then present worth of the excess, if any, of the fair market rental value of the estate or interest, undiminished by any matters for which claim is made, for that part of the term stated in Schedule A herein then remaining plus any renewal or extended term for which a valid option to renew or extend is contained in the lease, over the value of the rent and other consideration required to be paid under the lease for the same period.

14. Miscellaneous items of loss

In the event the insured is evicted from possession of all or part of the land by reason of any matters insured against by this policy, the following, if applicable, shall be included in computing loss or damage incurred by the insured, but not to the extent that the same are included in the valuation of the estate or interest insured by this policy.

(a) The reasonable cost of removing and relocating any personal property which the insured has the right to remove and relocate, situated on the land at the time of eviction, the cost of transportation of that personal property for the initial twenty-five miles incurred in connection with the relocation, and the reasonable cost of repairing the personal property damaged by reason of the removal and relocation. The costs referred to above shall not exceed in the aggregate the value of the personal property prior to its removal and relocation.

"Personal property", above referred to, shall mean chattels and property which, because of its character and manner of affixation to the land, can be severed therefrom without causing appreciable damage to the property severed or to the land to which the property is affixed.

(b) Rent or damages for use and occupancy of the land prior to the eviction which the insured as owner of the leasehold estate may be obligated to pay to any person having paramount title to that of the lessor in the Lease.

(c) The amount of rent which, by the terms of the Lease, the insured must continue to pay to the lessor after eviction for the land, or part thereof, from which the insured has been evicted.

PRELIMINARY BLUE SKY MEMORANDUM

July 30, 2004

Morgan Keegan & Company, Inc.
Nashville, Tennessee

In connection with the proposed offering and sale by you of the above-captioned bonds (the "**Bonds**"), we submit herewith this Memorandum which, in summary form, sets forth information relating to the notice or other filings and fees required by the "Blue Sky" or securities laws of the fifty states of the United States, the District of Columbia, Puerto Rico, and Guam.

This Memorandum is based upon an examination of the regularly accepted unofficial compilations of the securities law and regulations, if any, of the various above-listed jurisdictions, on interpretative advice obtained, as deemed necessary, from representatives of the securities commissions of certain of these jurisdictions; and on the information contained in the Preliminary Official Statement relating to the Bonds, the accuracy of which information has been assumed. We have prepared this Memorandum as attorneys licensed to practice in the State of South Carolina. While certain members of this firm are admitted to practice in jurisdictions other than South Carolina, we have not examined the laws of any jurisdiction other than in the manner described above, and have not obtained either opinions of local counsel or formal rulings by administrative authorities in any jurisdiction with respect to this proposed offering. Accordingly, we are refraining from expressing opinions regarding the law of other jurisdictions.

This Memorandum is furnished only for your general information and is not to be relied upon as an opinion of counsel. The statements made or conclusions expressed in the memorandum are subject to the broad discretionary powers of the authorities administering the securities laws to withdraw or deny the exempt status accorded by statute to *particular classes of securities, to require additional information or actions, to refuse registration, to issue stop orders and to revoke or suspend permits where such have been granted and to legislation and administrative regulations and*

rulings, information concerning that is not currently available through the standard compilations upon which this Memorandum is based.

This Memorandum does not deal with the requirements or restrictions, if any, with respect to the publication or use of offering or advertising material in any jurisdiction, other than as expressly stated herein. In addition, this Memorandum does not purport to cover the requirements or restrictions, if any, with respect to the offer or sale of the Bonds by a salesman of a registered dealer or broker, who is himself not registered or licensed under the laws of the jurisdiction in which the offer or sale is made. Prior to such an offer or sale, further inquiry should be made. Finally, this Memorandum does not purport to cover the question as to whether the Bonds will be legal investments by the purchasers of the Bonds.

We will furnish you with a supplemental memorandum indicating the action taken, if any, by the appropriate authorities of the jurisdictions in which applications for qualification of the Bonds or other filings are being or have been made.

(h) “*Margin Excess*,” the meaning specified in Paragraph 4(b) hereof.

(i) “*Margin Notice Deadline*,” the time agreed to by the parties in the relevant Confirmation, Annex I hereto or otherwise as the deadline for giving notice requiring same-day satisfaction of margin maintenance obligations as provided in Paragraph 4 hereof (or, in the absence of any such agreement, the deadline for such purposes established in accordance with market practice).

(j) “*Market Value*,” with respect to any Securities as of any date, the price for such Securities on such date obtained from a generally recognized source agreed to by the parties or the most recent closing bid quotation from such a source, plus accrued Income to the extent not included therein (other than any Income credited or transferred to, or applied to the obligations of, Seller pursuant to Paragraph 5 hereof) as of such date (unless contrary to market practice for such Securities).

(k) “*Price Differential*,” with respect to any Transaction as of any date, the aggregate amount obtained by daily application of the Pricing Rate for such Transaction to the Purchase Price for such Transaction on a 360-day-per-year basis for the actual number of days during the period commencing on (and including) the Purchase Date for such Transaction and ending on (but excluding) the date of determination (reduced by any amount of such Price Differential previously paid by Seller to Buyer with respect to such Transaction).

(l) “*Pricing Rate*,” the per annum percentage rate for determination of the Price Differential.

(m) “*Prime Rate*,” the prime rate of U.S. commercial banks as published in *The Wall Street Journal* (or, if more than one such rate is published, the average of such rates).

(n) “*Purchase Date*,” the date on which Purchased Securities are to be transferred by Seller to Buyer.

(o) “*Purchase Price*,” (i) on the Purchase Date, the price at which Purchased Securities are transferred by Seller to Buyer, and (ii) thereafter, except where Buyer and Seller agree otherwise, such price increased by the amount of any cash transferred by Buyer to Seller pursuant to Paragraph 4(b) hereof and decreased by the amount of any cash transferred by Seller to Buyer pursuant to Paragraph 4(a) hereof or applied to reduce Seller’s obligations under clause (ii) of Paragraph 5 hereof.

(p) “*Purchased Securities*,” the Securities transferred by Seller to Buyer in a Transaction hereunder, and any Securities substituted therefor in accordance with Paragraph 9 hereof. The term “Purchased Securities” with respect to any Transaction at any time also shall include Additional Purchased Securities delivered pursuant to Paragraph 4(a) hereof and shall exclude Securities returned pursuant to Paragraph 4(b) hereof.

(q) “*Repurchase Date*,” the date on which Seller is to repurchase the Purchased Securities from Buyer, including any date determined by application of the provisions of Paragraph 3(c) or 11 hereof.

(r) “*Repurchase Price*,” the price at which Purchased Securities are to be transferred from Buyer to Seller upon termination of a Transaction, which will be determined in each case (including Transactions terminable upon demand) as the sum of the Purchase Price and the Price Differential as of the date of such determination.

(s) “*Seller’s Margin Amount*,” with respect to any Transaction as of any date, the amount obtained by application of the Seller’s Margin Percentage to the Repurchase Price for such Transaction as of such date.

(t) “*Seller’s Margin Percentage*,” with respect to any Transaction as of any date, a percentage (which may be equal to the Buyer’s Margin Percentage) agreed to by Buyer and Seller or, in the absence of any such agreement, the percentage obtained by dividing the Market Value of the Purchased Securities on the Purchase Date by the Purchase Price on the Purchase Date for such Transaction.

Section 3. Initiation; Confirmation; Termination. (a) An agreement to enter into a Transaction may be made orally or in writing at the initiation of either Buyer or Seller. On the Purchase Date for the Transaction, the Purchased Securities shall be transferred to Buyer or its agent against the transfer of the Purchase Price to an account of Seller.

(b) Upon agreeing to enter into a Transaction hereunder, Buyer or Seller (or both), as shall be agreed, shall promptly deliver to the other party a written confirmation of each Transaction (a “*Confirmation*”). The Confirmation shall describe the Purchased Securities (including CUSIP number, if any), identify Buyer and Seller and set forth (i) the Purchase Date, (ii) the Purchase Price, (iii) the Repurchase Date, unless the Transaction is to be terminable on demand, (iv) the Pricing Rate or Repurchase Price applicable to the Transaction, and (v) any additional terms or conditions of the Transaction not inconsistent with this Agreement. The Confirmation, together with this Agreement, shall constitute conclusive evidence of the terms agreed between Buyer and Seller with respect to the Transaction to which the Confirmation relates, unless with respect to the Confirmation specific objection is made promptly after receipt thereof. In the event of any conflict between the terms of such Confirmation and this Agreement, this Agreement shall prevail.

(c) In the case of Transactions terminable upon demand, such demand shall be made by Buyer or Seller, no later than such time as is customary in accordance with market practice, by telephone or otherwise on or prior to the business day on which such termination will be effective. On the date specified in such demand, or on the date fixed for termination in the case of Transactions having a fixed term, termination of the Transaction will be effected by transfer to Seller or its agent of the Purchased Securities and any Income in respect thereof received by Buyer (and not previously credited or transferred to, or applied to the obligations of, Seller pursuant to Paragraph 5 hereof) against the transfer of the Repurchase Price to an account of Buyer.

Section 4. Margin Maintenance. (a) If at any time the aggregate Market Value of all Purchased Securities subject to all Transactions in which a particular party hereto is acting as Buyer is less than the aggregate Buyer's Margin Amount for all such Transactions (a "*Margin Deficit*"), then Buyer may by notice to Seller require Seller in such Transactions, at Seller's option, to transfer to Buyer cash or additional Securities reasonably acceptable to Buyer ("*Additional Purchased Securities*"), so that the cash and aggregate Market Value of the Purchased Securities, including any such Additional Purchased Securities, will thereupon equal or exceed such aggregate Buyer's Margin Amount (decreased by the amount of any Margin Deficit as of such date arising from any Transactions in which such Buyer is acting as Seller).

(b) If at any time the aggregate Market Value of all Purchased Securities subject to all Transactions in which a particular party hereto is acting as Seller exceeds the aggregate Seller's Margin Amount for all such Transactions at such time (a "*Margin Excess*"), then Seller may by notice to Buyer require Buyer in such Transactions, at Buyer's option, to transfer cash or Purchased Securities to Seller, so that the aggregate Market Value of the Purchased Securities, after deduction of any such cash or any Purchased Securities so transferred, will thereupon not exceed such aggregate Seller's Margin Amount (increased by the amount of any Margin Excess as of such date arising from any Transactions in which such Seller is acting as Buyer).

(c) If any notice is given by Buyer or Seller under subparagraph (a) or (b) of this Paragraph at or before the Margin Notice Deadline on any business day, the party receiving such notice shall transfer cash or Additional Purchased Securities as provided in such subparagraph no later than the close of business in the relevant market on such day. If any such notice is given after the Margin Notice Deadline, the party receiving such notice shall transfer such cash or Securities no later than the close of business in the relevant market on the next business day following such notice.

(d) Any cash transferred pursuant to this Paragraph shall be attributed to such Transactions as shall be agreed upon by Buyer and Seller.

(e) Seller and Buyer may agree, with respect to any or all Transactions hereunder, that the respective rights of Buyer or Seller (or both) under subparagraphs (a) and (b) of this Paragraph may be exercised only where a Margin Deficit or a Margin Excess, as the case may be, exceeds a specified dollar amount or a specified percentage of the Repurchase Prices for such Transactions (which amount or percentage shall be agreed to by Buyer and Seller prior to entering into any such Transactions).

(f) Seller and Buyer may agree, with respect to any or all Transactions hereunder, that the respective rights of Buyer and Seller under subparagraphs (a) and (b) of this Paragraph to require the elimination of a Margin Deficit or a Margin Excess, as the case may be, may be exercised whenever such a Margin Deficit or a Margin Excess exists with respect to any single Transaction hereunder (calculated without regard to any other Transaction outstanding under this Agreement).

Section 5. Income Payments. Seller shall be entitled to receive an amount equal to all Income paid or distributed on or in respect of the Securities that is not otherwise received by

Seller, to the full extent it would be so entitled if the Securities had not been sold to Buyer. Buyer shall, as the parties may agree with respect to any Transaction (or, in the absence of any such agreement, as Buyer shall reasonably determine in its discretion), on the date such Income is paid or distributed either (i) transfer to or credit to the account of Seller such Income with respect to any Purchased Securities subject to such Transaction or (ii) with respect to Income paid in cash, apply the Income payment or payments to reduce the amount, if any, to be transferred to Buyer by Seller upon termination of such Transaction. Buyer shall not be obligated to take any action pursuant to the preceding sentence (A) to the extent that such action would result in the creation of a Margin Deficit, unless prior thereto or simultaneously therewith Seller transfers to Buyer cash or Additional Purchased Securities sufficient to eliminate such Margin Deficit, or (B) if an Event of Default with respect to Seller has occurred and is then continuing at the time such Income is paid or distributed.

Section 6. Security Interest. Although the parties intend that all Transactions hereunder be sales and purchases and not loans, in the event any such Transactions are deemed to be loans, Seller shall be deemed to have pledged to Buyer as security for the performance by Seller of its obligations under each such Transaction, and shall be deemed to have granted to Buyer a security interest in, all of the Purchased Securities with respect to all Transactions hereunder and all Income thereon and other proceeds thereof.

Section 7. Payment and Transfer. Unless otherwise mutually agreed, all transfers of funds hereunder shall be in immediately available funds. All Securities transferred by one party hereto to the other party (i) shall be in suitable form for transfer or shall be accompanied by duly executed instruments of transfer or assignment in blank and such other documentation as the party receiving possession may reasonably request, (ii) shall be transferred on the book-entry system of a Federal Reserve Bank, or (iii) shall be transferred by any other method mutually acceptable to Seller and Buyer.

Section 8. Segregation of Purchased Securities. To the extent required by applicable law, all Purchased Securities in the possession of Seller shall be segregated from other securities in its possession and shall be identified as subject to this Agreement. Segregation may be accomplished by appropriate identification on the books and records of the holder, including a financial or securities intermediary or a clearing corporation. All of Seller's interest in the Purchased Securities shall pass to Buyer on the Purchase Date and, unless otherwise agreed by Buyer and Seller, nothing in this Agreement shall preclude Buyer from engaging in repurchase transactions with the Purchased Securities or otherwise selling, transferring, pledging or hypothecating the Purchased Securities, but no such transaction shall relieve Buyer of its obligations to transfer Purchased Securities to Seller pursuant to Paragraph 3, 4 or 11 hereof, or of Buyer's obligation to credit or pay Income to, or apply Income to the obligations of, Seller pursuant to Paragraph 5 hereof.

**REQUIRED DISCLOSURE FOR TRANSACTIONS IN
WHICH THE SELLER RETAINS CUSTODY OF THE PURCHASED SECURITIES**

Seller is not permitted to substitute other securities for those subject to this Agreement and therefore must keep Buyer's securities segregated at all times, unless in this Agreement Buyer grants Seller the right to substitute other securities. If Buyer grants the right to substitute, this means that Buyer's securities will likely be commingled with Seller's own securities during the trading day. Buyer is advised that, during any trading day that Buyer's securities are commingled with Seller's securities, they may be subject to liens granted by Seller to third parties and may be used by Seller for deliveries on other securities transactions. Whenever the securities are commingled, Seller's ability to resegment substitute securities for Buyer will be subject to Seller's ability to satisfy any lien or to obtain substitute securities.

Section 9. Substitution. (a) Seller may, subject to agreement with and acceptance by Buyer, substitute other Securities for any Purchased Securities. Such substitution shall be made by transfer to Buyer of such other Securities and transfer to Seller of such Purchased Securities. After substitution, the substituted Securities shall be deemed to be Purchased Securities.

(b) In Transactions in which Seller retains custody of Purchased Securities, the parties expressly agree that Buyer shall be deemed, for purposes of subparagraph (a) of this Paragraph, to have agreed to and accepted in this Agreement substitution by Seller of other Securities for Purchased Securities; *provided, however*, that such other Securities shall have a Market Value at least equal to the Market Value of the Purchased Securities for which they are substituted.

Section 10. Representations. Each of Buyer and Seller represents and warrants to the other that (i) it is duly authorized to execute and deliver this Agreement, to enter into Transactions contemplated hereunder and to perform its obligations hereunder and has taken all necessary action to authorize such execution, delivery and performance, (ii) it will engage in such Transactions as principal (or, if agreed in writing, in the form of an annex hereto or otherwise, in advance of any Transaction by the other party hereto, as agent for a disclosed principal), (iii) the person signing this Agreement on its behalf is duly authorized to do so on its behalf (or on behalf of any such disclosed principal), (iv) it has obtained all authorizations of any governmental body required in connection with this Agreement and the Transactions hereunder and such authorizations are in full force and effect and (v) the execution, delivery and performance of this Agreement and the Transactions hereunder will not violate any law, ordinance, charter, by-law or rule applicable to it or any agreement by which it is bound or by which any of its assets are affected. On the Purchase Date for any Transaction Buyer and Seller shall each be deemed to repeat all the foregoing representations made by it.

Section 11. Events of Default. In the event that (i) Seller fails to transfer or Buyer fails to purchase Purchased Securities upon the applicable Purchase Date, (ii) Seller fails to repurchase or Buyer fails to transfer Purchased Securities upon the applicable Repurchase Date, (iii) Seller or Buyer fails to comply with Paragraph 4 hereof, (iv) Buyer fails, after one business day's notice, to comply with Paragraph 5 hereof, (v) an Act of Insolvency occurs with respect to Seller or Buyer, (vi) any representation made by Seller or Buyer shall have been incorrect or untrue in any material respect when made or repeated or deemed to have been made or repeated,

or (vii) Seller or Buyer shall admit to the other its inability to, or its intention not to, perform any of its obligations hereunder (each an “*Event of Default*”):

(a) The nondefaulting party may, at its option (which option shall be deemed to have been exercised immediately upon the occurrence of an Act of Insolvency), declare an Event of Default to have occurred hereunder and, upon the exercise or deemed exercise of such option, the Repurchase Date for each Transaction hereunder shall, if it has not already occurred, be deemed immediately to occur (except that, in the event that the Purchase Date for any Transaction has not yet occurred as of the date of such exercise or deemed exercise, such Transaction shall be deemed immediately canceled). The nondefaulting party shall (except upon the occurrence of an Act of Insolvency) give notice to the defaulting party of the exercise of such option as promptly as practicable.

(b) In all Transactions in which the defaulting party is acting as Seller, if the nondefaulting party exercises or is deemed to have exercised the option referred to in subparagraph (a) of this Paragraph, (i) the defaulting party’s obligations in such Transactions to repurchase all Purchased Securities, at the Repurchase Price therefor on the Repurchase Date determined in accordance with subparagraph (a) of this Paragraph, shall thereupon become immediately due and payable, (ii) all Income paid after such exercise or deemed exercise shall be retained by the nondefaulting party and applied to the aggregate unpaid Repurchase Prices and any other amounts owing by the defaulting party hereunder, and (iii) the defaulting party shall immediately deliver to the nondefaulting party any Purchased Securities subject to such Transactions then in the defaulting party’s possession or control.

(c) In all Transactions in which the defaulting party is acting as Buyer, upon tender by the nondefaulting party of payment of the aggregate Repurchase Prices for all such Transactions, all right, title and interest in and entitlement to all Purchased Securities subject to such Transactions shall be deemed transferred to the nondefaulting party, and the defaulting party shall deliver all such Purchased Securities to the nondefaulting party.

(d) If the nondefaulting party exercises or is deemed to have exercised the option referred to in subparagraph (a) of this Paragraph, the nondefaulting party, without prior notice to the defaulting party, may:

(i) as to Transactions in which the defaulting party is acting as Seller, (A) immediately sell, in a recognized market (or otherwise in a commercially reasonable manner) at such price or prices as the nondefaulting party may reasonably deem satisfactory, any or all Purchased Securities subject to such Transactions and apply the proceeds thereof to the aggregate unpaid Repurchase Prices and any other amounts owing by the defaulting party hereunder or (B) in its sole discretion elect, in lieu of selling all or a portion of such Purchased Securities, to give the defaulting party credit for such Purchased Securities in an amount equal to the price therefor on such date, obtained from a generally recognized source or the most recent closing bid quotation from such a source,

against the aggregate unpaid Repurchase Prices and any other amounts owing by the defaulting party hereunder; and

(ii) as to Transactions in which the defaulting party is acting as Buyer, (A) immediately purchase, in a recognized market (or otherwise in a commercially reasonable manner) at such price or prices as the nondefaulting party may reasonably deem satisfactory, securities ("*Replacement Securities*") of the same class and amount as any Purchased Securities that are not delivered by the defaulting party to the nondefaulting party as required hereunder or (B) in its sole discretion elect, in lieu of purchasing Replacement Securities, to be deemed to have purchased Replacement Securities at the price therefor on such date, obtained from a generally recognized source or the most recent closing offer quotation from such a source.

Unless otherwise provided in Annex I, the parties acknowledge and agree that (1) the Securities subject to any Transaction hereunder are instruments traded in a recognized market, (2) in the absence of a generally recognized source for prices or bid or offer quotations for any Security, the nondefaulting party may establish the source therefor in its sole discretion and (3) all prices, bids and offers shall be determined together with accrued Income (except to the extent contrary to market practice with respect to the relevant Securities).

(e) As to Transactions in which the defaulting party is acting as Buyer, the defaulting party shall be liable to the nondefaulting party for any excess of the price paid (or deemed paid) by the nondefaulting party for Replacement Securities over the Repurchase Price for the Purchased Securities replaced thereby and for any amounts payable by the defaulting party under Paragraph 5 hereof or otherwise hereunder.

(f) For purposes of this Paragraph 11, the Repurchase Price for each Transaction hereunder in respect of which the defaulting party is acting as Buyer shall not increase above the amount of such Repurchase Price for such Transaction determined as of the date of the exercise or deemed exercise by the nondefaulting party of the option referred to in subparagraph (a) of this Paragraph.

(g) The defaulting party shall be liable to the nondefaulting party for (i) the amount of all reasonable legal or other expenses incurred by the nondefaulting party in connection with or as a result of an Event of Default, (ii) damages in an amount equal to the cost (including all fees, expenses and commissions) of entering into replacement transactions and entering into or terminating hedge transactions in connection with or as a result of an Event of Default, and (iii) any other loss, damage, cost or expense directly arising or resulting from the occurrence of an Event of Default in respect of a Transaction.

(h) To the extent permitted by applicable law, the defaulting party shall be liable to the nondefaulting party for interest on any amounts owing by the defaulting party hereunder, from the date the defaulting party becomes liable for such amounts hereunder

until such amounts are (i) paid in full by the defaulting party or (ii) satisfied in full by the exercise of the nondefaulting party's rights hereunder. Interest on any sum payable by the defaulting party to the nondefaulting party under this Paragraph 11(h) shall be at a rate equal to the greater of the Pricing Rate for the relevant Transaction or the Prime Rate.

(i) The nondefaulting party shall have, in addition to its rights hereunder, any rights otherwise available to it under any other agreement or applicable law.

Section 12. Single Agreement. Buyer and Seller acknowledge that, and have entered hereinto and will enter into each Transaction hereunder in consideration of and in reliance upon the fact that, all Transactions hereunder constitute a single business and contractual relationship and have been made in consideration of each other. Accordingly, each of Buyer and Seller agrees (i) to perform all of its obligations in respect of each Transaction hereunder, and that a default in the performance of any such obligations shall constitute a default by it in respect of all Transactions hereunder, (ii) that each of them shall be entitled to set off claims and apply property held by them in respect of any Transaction against obligations owing to them in respect of any other Transactions hereunder and (iii) that payments, deliveries and other transfers made by either of them in respect of any Transaction shall be deemed to have been made in consideration of payments, deliveries and other transfers in respect of any other Transactions hereunder, and the obligations to make any such payments, deliveries and other transfers may be applied against each other and netted.

Section 13. Notices and Other Communications. Any and all notices, statements, demands or other communications hereunder may be given by a party to the other by mail, facsimile, telegraph, messenger or otherwise to the address specified in Exhibit A to Annex I hereto, or so sent to such party at any other place specified in a notice of change of address hereafter received by the other. All notices, demands and requests hereunder may be made orally, to be confirmed promptly in writing, or by other communication as specified in the preceding sentence.

Section 14. Entire Agreement; Severability. This Agreement shall supersede any existing agreements between the parties containing general terms and conditions for repurchase transactions. Each provision and agreement herein shall be treated as separate and independent from any other provision or agreement herein and shall be enforceable notwithstanding the unenforceability of any such other provision or agreement.

Section 15. Non-assignability; Termination. (a) The rights and obligations of the parties under this Agreement and under any Transaction shall not be assigned by either party without the prior written consent of the other party, and any such assignment without the prior written consent of the other party shall be null and void. Subject to the foregoing, this Agreement and any Transactions shall be binding upon and shall inure to the benefit of the parties and their respective successors and assigns. This Agreement may be terminated by either party upon giving written notice to the other, except that this Agreement shall, notwithstanding such notice, remain applicable to any Transactions then outstanding.

(b) Subparagraph (a) of this Paragraph 15 shall not preclude a party from assigning, charging or otherwise dealing with all or any part of its interest in any sum payable to it under Paragraph 11 hereof.

Section 16. Governing Law. This Agreement shall be governed by the laws of the State of New York without giving effect to the conflict of law principles thereof.

Section 17. No Waivers, Etc. No express or implied waiver of any Event of Default by either party shall constitute a waiver of any other Event of Default and no exercise of any remedy hereunder by any party shall constitute a waiver of its right to exercise any other remedy hereunder. No modification or waiver of any provision of this Agreement and no consent by any party to a departure herefrom shall be effective unless and until such shall be in writing and duly executed by both of the parties hereto. Without limitation on any of the foregoing, the failure to give a notice pursuant to Paragraph 4(a) or 4(b) hereof will not constitute a waiver of any right to do so at a later date.

Section 18. Use of Employee Plan Assets. (a) If assets of an employee benefit plan subject to any provision of the Employee Retirement Income Security Act of 1974 (“ERISA”) are intended to be used by either party hereto (the “Plan Party”) in a Transaction, the Plan Party shall so notify the other party prior to the Transaction. The Plan Party shall represent in writing to the other party that the Transaction does not constitute a prohibited transaction under ERISA or is otherwise exempt therefrom, and the other party may proceed in reliance thereon but shall not be required so to proceed.

(b) Subject to the last sentence of subparagraph (a) of this Paragraph, any such Transaction shall proceed only if Seller furnishes or has furnished to Buyer its most recent available audited statement of its financial condition and its most recent subsequent unaudited statement of its financial condition.

(c) By entering into a Transaction pursuant to this Paragraph, Seller shall be deemed (i) to represent to Buyer that since the date of Seller’s latest such financial statements, there has been no material adverse change in Seller’s financial condition which Seller has not disclosed to Buyer, and (ii) to agree to provide Buyer with future audited and unaudited statements of its financial condition as they are issued, so long as it is a Seller in any outstanding Transaction involving a Plan Party.

Section 19. Intent. (a) The parties recognize that each Transaction is a “repurchase agreement” as that term is defined in Section 101 of Title 11 of the United States Code, as amended (except insofar as the type of Securities subject to such Transaction or the term of such Transaction would render such definition inapplicable), and a “securities contract” as that term is defined in Section 741 of Title 11 of the United States Code, as amended (except insofar as the type of assets subject to such Transaction would render such definition inapplicable).

(b) It is understood that either party’s right to liquidate Securities delivered to it in connection with Transactions hereunder or to exercise any other remedies pursuant to

Paragraph 11 hereof is a contractual right to liquidate such Transaction as described in Sections 555 and 559 of Title 11 of the United States Code, as amended.

(c) The parties agree and acknowledge that if a party hereto is an “insured depository institution,” as such term is defined in the Federal Deposit Insurance Act, as amended (“*FDIA*”), then each Transaction hereunder is a “qualified financial contract,” as that term is defined in *FDIA* and any rules, orders or policy statements thereunder (except insofar as the type of assets subject to such Transaction would render such definition inapplicable).

(d) It is understood that this Agreement constitutes a “netting contract” as defined in and subject to Title IV of the Federal Deposit Insurance Corporation Improvement Act of 1991 (“*FDICIA*”) and each payment entitlement and payment obligation under any Transaction hereunder shall constitute a “covered contractual payment entitlement” or “covered contractual payment obligation,” respectively, as defined in and subject to *FDICIA* (except insofar as one or both of the parties is not a “financial institution” as that term is defined in *FDICIA*).

(e) It is the intention of the parties that section 12 of this Agreement, in conjunction with the event of default provisions in section 11 of this Agreement, shall constitute a “netting agreement” within paragraph (c)(ii) of the definition of netting agreement contained in the Netting of Financial Contracts Act, 1995 (the “*Netting Act*”) and shall be construed accordingly (provided always that this Agreement secure the obligations of the parties in respect of “financial contracts” (within the meaning of the *Netting Act*)) and shall be legally enforceable against each party notwithstanding anything contained in any rule of Irish law relating to bankruptcy, insolvency or receivership or in the Companies Acts, 1963-2003.

Section 20. Disclosure Relating to Certain Federal Protections. The parties acknowledge that they have been advised that:

(a) in the case of Transactions in which one of the parties is a broker or dealer registered with the Securities and Exchange Commission (“*SEC*”) under Section 15 of the Securities Exchange Act of 1934 (“*1934 Act*”), the Securities Investor Protection Corporation has taken the position that the provisions of the Securities Investor Protection Act of 1970 (“*SIPA*”) do not protect the other party with respect to any Transaction hereunder;

(b) in the case of Transactions in which one of the parties is a government securities broker or a government securities dealer registered with the SEC under Section 15C of the 1934 Act, *SIPA* will not provide protection to the other party with respect to any Transaction hereunder; and

(c) in the case of Transactions in which one of the parties is a financial institution, funds held by the financial institution pursuant to a Transaction hereunder are not a deposit and therefore are not insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund, as applicable.

Substitution Rights of Seller:

Full substitution rights. All costs associated with substitution rights including those of the Buyer, shall be the responsibility of the Seller.

Delivery Method:

Cash shall be delivered to each party as set forth in Exhibit A and Securities shall be delivered as set forth in the Custodial Undertaking.

Upon the occurrence of a Rating Downgrade, the Buyer may terminate any and all outstanding Transactions upon one (1) Business Day’s prior written notice to the Seller. Within two (2) Business Days of the termination date specified in Buyer’s notice, all securities shall be repurchased by Seller and any Price Differential Payment owing as of the date of such Repurchase Transaction shall be paid by Seller unless Seller shall have transferred its obligations under this Master Repurchase Agreement to a party acceptable to the Buyer and Issuer. If the Buyer does not exercise its right to terminate this Agreement pursuant to this paragraph within 30 days of the commencement of such right to terminate, such right shall be deemed waived.

Security Interest:

Paragraph 6 of the Master Repurchase Agreement is hereby deleted and restated in its entirety as follows:

“Buyer and Seller agree that, if for any reason any Transaction hereunder shall be deemed to be other than a sale or purchase, Seller hereby grants a first-priority security interest in and pledges, assigns and transfers to Buyer any and all right, title, and interest of Seller in and to the Purchased Securities or cash delivered or to be delivered to Buyer pursuant to the terms of the Transactions, to secure the prompt performance of all obligations of Seller under this Agreement, including, without limitation, the payment to Buyer of the liabilities, indebtedness and obligations of Seller and Buyer, and all claims of Buyer against Seller arising out of or by reason of any or all Transactions hereunder.

It is the intention of Seller and Buyer that, if for any reason any Transaction shall be deemed other than a sale and purchase, Buyer’s rights in and to the Purchased Securities and cash shall be those of a secured party holding collateral under the provisions of the Uniform Commercial Code as in effect in the State of New York.”

Setoff: All payments under the Master Repurchase Agreement will be made without setoff or counterclaim.

Rehypothecation: The third sentence of Paragraph 8 of the Master Repurchase Agreement is hereby amended to read in its entirety as follows:

“Title to all Purchased Securities shall pass to Buyer; *provided, however,* that Buyer shall not engage in repurchase transactions with the Purchased Securities or otherwise pledge or hypothecate the Purchased Securities.”

Substitutions: Paragraph 9 of the Master Repurchase Agreement is hereby modified by adding the following at the end of subparagraph (a):

“Seller shall provide notice to Buyer prior to any such substitution, and such notice shall include the value (prior to substitution) of the Purchased Securities to be substituted.”

Representations and Warranties: Paragraph 10 of the Agreement is hereby modified by including the following representations and warranties:

“The Buyer and the Seller each represent and warrant to the other as of the date hereof, on any Purchase Date and on

any Repurchase Date that: (i) its obligations under this Agreement (and, in the case of the Buyer, the Bond Indenture) constitute its legal, valid and binding obligations, enforceable in accordance with its terms (subject to applicable bankruptcy, reorganization, insolvency, moratorium or similar laws affecting creditors' rights generally and subject, as to enforceability, to equitable principles of general application (regardless of whether enforcement is sought in a proceeding in equity or at law)); and (ii) there is not pending or, to its knowledge, threatened against it any action, suit or proceeding at law or in equity or before any court, tribunal, governmental body, agency or official or any arbitrator that is likely to affect the legality, validity or enforceability against it of this Agreement (and, in the case of the Buyer, the Bond Indenture) or its ability to perform its obligations under this Agreement (and, in the case of the Buyer, the Bond Indenture).”

“In addition, the Buyer represents and warrants to the Seller as of the date hereof, or any Purchase Date and or any Repurchase Date that (i) it understands that neither the Seller nor any person representing the Seller has made any representation to it with respect to the Seller or the offering or sale of this Agreement other than as expressly set forth herein; (ii) the legend set forth in below under the heading “Legend” hereof has been called to its attention; (iii) it has had access to such information concerning the Seller as it has deemed necessary in connection with the decision to make the investment under this Agreement; (iv) it recognizes that the Seller (or its affiliates) may have other business relationships with the Buyer; (v) it acknowledges and agrees that this Agreement is being acquired by it for investment and not with a view to, or for sale in connection with, the public distribution thereof; and (vi) the execution, delivery and performance of this Agreement by it does not and will not result in a breach or violation of, or cause a default under, its charter or enabling legislation or by-laws or any provision of any law, regulation, order, license, decree, judgment or agreement applicable to or binding upon it or its assets.”

Covenants of Buyer:

Buyer agrees that (i) it will, during the term of this Agreement, provide Seller in a timely manner with information related to the Bonds and the project or program related to the Bonds, upon the reasonable request of the Seller, in order to enable the Seller to

effectively manage the funds invested hereunder, (ii) it will deliver to Seller written notice of all proposed amendments and waivers to the Bond Indenture that would affect the Transactions, and such notice shall be accompanied by the proposed amendments and waivers; (iii) no proposed amendment to or waiver of any provision of the Bond Indenture relating to the Transactions shall be adopted which has the effect of reducing Seller's expected benefits or increasing Seller's exposure or obligations pursuant to this Master Repurchase Agreement without the prior written consent of Seller; (iv) no proposed amendment to or waiver of any provision of the Bond Indenture relating to the Transactions shall be adopted which has the effect of making the Transactions contemplated hereunder no longer permissible under the Bond Indenture; (v) all funds used by Buyer to pay for the Purchased Securities are derived from funds and accounts established pursuant to the Bond Indenture; (vi) the Transactions contemplated hereunder constitute a permitted investment in accordance with the Bond Indenture and any laws, rules, regulations, agreements or instruments applicable to the Buyer and to the funds invested hereunder and that it has received all required consents, authorization and direction to enter into the Transactions contemplated herein in accordance with the applicable provisions of the Bond Indenture; (vii) it will not invest or use any funds other than proceeds under the Bond Indenture in connection with any transaction contemplated hereunder; and (viii) **under penalties of perjury, the Buyer hereby certifies that (a) the correct taxpayer identification number of the Buyer is 59-2283428 and (b) the Buyer is exempt from backup withholding under the Internal Revenue Code because the Buyer is a corporation for federal income tax purposes.**

Covenants of Seller:

Seller agrees that so long as it has or may have any obligation under this Master Repurchase Agreement, it will notify Buyer in writing within five (5) Business Days of any Event of Default under the Master Repurchase Agreement or any Rating Downgrade.

Role of the Seller:

It is expressly understood and agreed that in performing the Seller's obligations under this Agreement, neither the Seller nor any of its directors, officers, employees or agents are acting as fiduciary or agent of the Buyer, the Issuer or any other party, and neither the Seller nor any of its directors, officers, employees or agents shall be liable or responsible for (a) the payment of any amounts owing on or with respect to the Bonds; (b) the use or application by the Buyer of any funds payable to the Buyer hereunder; (c) any acts or omissions of the Buyer with respect to

the Bonds or under the Bond Indenture or any other document or agreement relating to the Bonds (collectively, the “*Bond Documents*”); (d) the validity or enforceability of the Bonds or any of the Bond Documents; and (e) the Buyer’s performance of its obligations under this Agreement or any of the Bond Documents. Without limiting the foregoing, the Seller shall have no duty to comply with the terms of any of the Bond Documents or to ascertain whether the Buyer is in compliance therewith. The Buyer recognizes that the Seller may have other business relationships with the Issuer and with other entities or persons who are parties to the Bond Documents.

Events of Default:

(a) Paragraph 11(a) of the Master Repurchase Agreement is hereby deleted and restated in its entirety as follows:

“The non-defaulting party shall have, in addition to its rights hereunder, any rights otherwise available to it under any other agreement or applicable law; *provided* that for Transactions where the defaulting party is acting as Seller, the non-defaulting party must first exhaust its remedies against the Purchased Securities, as set forth above.”

(b) It is agreed by Buyer and Seller that, in addition to the Events of Default specified in Paragraph 11 of the Master Repurchase Agreement, the following Events of Default are hereby added:

(viii) Seller fails, after one (1) Business Day’s notice from the Buyer, to make any Price Differential Payment when due; or (ix) Seller or Buyer defaults, in each case after five (5) Business Day’s notice to the defaulting party, in the observation or performance of any covenant or obligation under this Agreement (other than those specified in subsections (i), (ii), (iii), (iv) or (vii) above) material to the performance of its obligations hereunder. Upon the occurrence of an Event of Default, the non-defaulting party shall have the right to exercise all remedies available under Paragraph 11 unless otherwise specified herein.

(c) The following subparagraph is added to the end of Paragraph 11:

(j) If this Agreement is terminated due to a Seller’s Event of Default, the Seller agrees to pay the Buyer the present value of the difference between (x) the interest earnings which would have accrued under this Agreement

and (y) the interest earning which will accrue at the rate borne by the new repurchase agreement entered into with another Seller upon termination. The Issuer and Buyer shall have no liability to the Seller if such difference is negative. The selection of the new Seller and rate will be based upon three quotations received by the Seller from replacement repurchase agreement Sellers providing an agreement with terms substantially similar to the terms of this Agreement. The new Seller and rate will be selected after disregarding the highest and lowest quotations. For this purpose, if more than one quotation has the same highest value or lowest value, then one of such quotations shall be disregarded. If fewer than three quotations are provided, the Amount will be determined in good faith together by the Seller and the Buyer. Furthermore, the Seller shall pay the Buyer on demand all amounts reasonably necessary to render the Buyer whole for any net income foregone, and for any of its costs or expenses, including legal and other expenses in connection with the default and subsequent termination.

(d) The following subparagraph is added to the end of Paragraph 11:

(k) The Buyer and the Seller agree that on an Event of Default, on the basis of the provisions contained in this section 11 and for the purposes of any application of proceeds under paragraph 11(d)(i)(A), the giving of any credit to a defaulting party pursuant to paragraph 11(d)(i)(B), the calculation of any liability to the non-defaulting party under paragraph 11(c) or any other settlement of a net amount under such transaction or this Agreement, an account shall be taken (as at the relevant date) of what is due from each party to the other under this Agreement and the sums due from one party shall be set off against the sums due from the other and only the balance of the account shall be payable (by the party having the claim valued at the lower amount pursuant to the foregoing).

Conflict of Terms:

To the extent that the terms and conditions of this Annex I conflict with the terms and conditions of the Master Repurchase Agreement, the terms and conditions of this Annex I shall prevail. Paragraph 3(b) is hereby amended by: (a) deleting in the sixth line (i) the comma after the word "Transaction" and (ii) the words "and (v) any additional terms or conditions of the Transaction not inconsistent with this Agreement" and (b) deleting the last sentence in such Paragraph 3(b).

Amendments and Assignability:

Section 15 of the Master Repurchase Agreement is hereby amended by adding "The Master Repurchase Agreement and the Custody Agreement shall only be amended by a writing signed by the parties and agreed and consented to by the Issuer" as a sentence at the end thereof.

Miscellaneous:

(a) This Master Repurchase Agreement may be executed in counterparts by the parties hereto, and each such counterpart shall be considered an original and all such counterparts shall constitute one and the same instrument.

(b) The headings of the articles and sections hereof are for the convenience of reference only and shall not affect the meaning or construction of any provisions hereof.

(c) All notices, demands or other communications hereunder shall be in writing (which may include a facsimile transmission) and be effective upon receipt thereof. All notices shall be directed to the attention of the persons and to the party intended as the recipient thereof at the address of such party set forth on Exhibit A to the Agreement, the terms of which are incorporated by reference herein, or at such other address or to the attention of such other person as such party shall have designated for such purpose in a written notice.

(d) Paragraph 11(b) of the Agreement is hereby amended by adding the following to third line of said Paragraph after the word "Paragraph":

"(except for the automatic and immediate termination of all Transactions pursuant to the last sentence of subparagraph (a) of this Paragraph)."

(e) Section 18 of the Agreement is hereby deleted in its entirety.

Jurisdiction:

The parties hereto agree that proceedings relating to any dispute arising out of or in connection with this Agreement may only be brought before the Federal or state courts of competent jurisdiction in the State of New York.

Waiver of Jury Trial:

NEITHER THE BUYER NOR THE SELLER SHALL SEEK A JURY TRIAL IN ANY ACTION BASED UPON OR ARISING OUT OF THIS AGREEMENT OR ANY RELATED CERTIFICATE, DOCUMENT OR AGREEMENT. THE BUYER AND SELLER FURTHER AGREE NOT TO

SEEK TO CONSOLIDATE ANY SUCH ACTION WITH ANY OTHER ACTION IN WHICH TRIAL BY JURY HAS NOT BEEN WAIVED.

Monthly Statements:

During the term of this Agreement the Seller shall prepare and deliver on or before the tenth calendar day of each month to the Buyer, Issuer, MBIA Insurance Corporation (the "*Credit Provider*") and the Custodian a statement setting forth, as to the last day of each month, the outstanding principal amount of the Purchase Price and the accrued but unpaid Price Differential on the Purchase Price. The statement shall also set forth any repayments of principal and payments of Price Differential on the Purchase Price during such month. The Seller shall also prepare and deliver to the Buyer and the Custodian a statement setting forth the value of the principal amount of the Securities as of the last day of each month.

Custody Agreement:

If the Custodian elects to terminate the Custody Agreement and its rights and obligations thereunder, Seller shall select a substitute financial institution qualifying as a "securities intermediary" (as such term is defined in Section 8-102 of the Uniform Commercial Code as codified in the State of New York) to assume the obligations of the Custodian under the Custody Agreement or other custodial agreements having terms and conditions similar to the Custody Agreement and Seller shall pay all service fees of any such substitute financial institution pursuant to the Custody Agreement or any such other custodial agreements. Any substitute custodian or substitute custody agreement shall be subject to the prior written consent of Buyer, which consent shall not be unreasonably withheld.

If a replacement custodian cannot be obtained prior to the effective termination date of the Custodian's obligations under the Custody Agreement, Seller shall thereafter, until a replacement custodian is appointed, deliver all Purchased Securities to an agent designated by Buyer, which agent shall be a financial intermediary located in New York, New York maintaining accounts with the Federal Reserve Bank of New York ("*FRBNY*"). Purchased Securities comprised of physical securities shall be delivered by Seller into the possession of Buyer's agent. Book entry securities shall be transferred by Seller to the account maintained by Buyer's agent at FRBNY. Seller shall pay all reasonable service fees of Buyer's agent for the period in which such financial intermediary holds Collateral hereunder.

Until a replacement custodian is appointed, Seller shall determine the market value of the Purchased Securities on each Tuesday of

each week (or if such day is not a Business Day, the next following Business Day) and shall give prompt notice to Buyer of each determination of market value of the Purchased Securities on each Tuesday of each week (or if such day is not a Business Day) and shall give prompt notice to Buyer of each determination of market value made.

Legend:

This Agreement has not been nor will be registered under the Securities Act of 1933 (the "*Securities Act*"), or the securities laws of any state or territory, and this Agreement may be sold, transferred or assigned only as permitted hereunder and only if registered pursuant to the Securities Act and other applicable securities laws, or if an exemption from such registration is available. By its execution of this Agreement, the Buyer agrees that this Agreement is being acquired for investment and not with a view to, or for sale in connection with, the public distribution thereof.

Standard Two Way Make Whole Language

"Breakage Amount" means an amount calculated as follows: The <Issuer/Borrower> shall solicit quotations from at least three nationally recognized providers of guaranteed investment contracts reasonably acceptable to the Company and qualified and willing to enter into such a contract with the Trustee with respect to the Investment, with each such quotation to disclose the rate of earnings (the "Replacement Rate") such provider would pay on the Investment from the actual Termination Date on the same terms and conditions as provided herein. If more than three quotations are obtained, the Replacement Rate shall be the arithmetic mean of such quotations, without regard to the quotations having the highest and lowest rates. If exactly three quotations are received, the Replacement Rate shall be the rate remaining after disregarding the quotations having the highest and lowest rates. Alternatively, the Company and the <Issuer/Borrower> can agree to the Replacement Rate. A Breakage Amount shall be payable under this Agreement by the Company to the <Trustee> only when the Replacement Rate is lower than the Interest Rate provided herein; and shall be payable by the <Issuer/Borrower> to the Company only when the Replacement Rate is higher than the Interest Rate as provided herein. In such event, the Breakage Amount shall be the absolute value of the difference between the Interest Rate as provided herein and the Replacement Rate as applied to the Investment for the period beginning on the actual Termination Date and ending on the first (1st) Business Day immediately preceding the Expiration Date, discounted to present value at the Replacement Rate.

Standard Events of Default Language:

1.1 Events of Default. The following events shall constitute events of default under this Agreement (each an "Event of Default"):

- a) A failure by the Company to make any payment of the Investment or Earnings when due pursuant to the provisions of this Agreement, together with a failure of the Insurer to perform its obligations with respect thereto under the Policy, and the continuation of such failure for two (2) Business Days or more after the Company and the Insurer receives written notice thereof from the Trustee.
- b) A failure by the Company to perform or observe any of its material obligations under this Agreement (other than those described in Section 1.1(a) hereof) and the continuation of such failure for thirty (30) days or more after written notice thereof is given by the Trustee to the Company and the Insurer.
- c) The Company or the Insurer commences a case in bankruptcy or an insolvency proceeding relating to it, is adjudicated insolvent or bankrupt, petitions or applies for the appointment of any receiver or trustee for itself or any substantial part of its property or initiates any proceeding relating to it seeking a court order for reorganization, arrangement, conservation, liquidation, or dissolution under applicable bankruptcy or similar applicable laws; or any such proceeding is initiated against the Company or the Insurer; and the Company or the Insurer, as the case may be, indicates in writing its consent thereto or such proceeding is not dismissed within ninety (90) days or such an order is entered against the Company or Insurer and becomes final and non-appealable.
- d) Except as permitted by the terms of Section 3 (Insurance Policy) hereof or the terms of the Policy, the expiration or termination of the Policy in respect of this Agreement, or any other event which causes the Policy to cease to be in full force and effect in respect of this Agreement.

1.2 Rights and Obligations of Parties upon an Event of Default. Upon the occurrence of an Event of Default, the Trustee shall have the right to declare the entire balance of the Investment and all accrued and unpaid Earnings thereon to be due and payable immediately and to withdraw such entire balance and unpaid Earnings. If, as a result of the occurrence of an Event of Default, the entire balance of the Investment and all unpaid Earnings, and any Breakage Amount due, are so withdrawn by the Trustee, this Agreement shall be terminated on the date of such withdrawal.

Re: Louisiana Local Government Environmental

Authority Revenue Bonds, Series 2004A,
Series 2002B and Taxable Series 2004C

Ladies and Gentlemen:

I am in-house counsel to Hypo Real Estate Bank International (the "*Bank*") and in such capacity I have been requested to render my opinion as to certain legal matters in connection with the execution and delivery of that certain PSA Master Repurchase Agreement dated as of August 17, 2004 (the "*Master Repurchase Agreement*"), between the Bank, in its capacity as Seller, and The Bank of New York Trust Company, N.A., as Trustee, (the "*Buyer*"), and Annex I to the Master Repurchase Agreement dated as of August 17, 2004 (the "*Annex*") between the Bank and the Buyer (the Master Repurchase Agreement and the Annex shall be referred to collectively as the "*Repurchase Agreement*").

Capitalized terms herein which are undefined have the meanings assigned to them in the Repurchase Agreement.

In connection with the opinions hereinafter given, I have examined a copy of the Repurchase Agreement and such other certificates, documents, agreements and instruments as I have deemed necessary as a basis for the opinions expressed below.

In such examination, I have assumed the genuineness of all signatures, the authenticity of all agreements, certificates, instruments and documents submitted to me as originals, and the conformity to the originals of all agreements, certificates, instruments and documents submitted to me as copies. As to questions of fact material to the opinions expressed below, I have, when relevant facts were not independently established by me, examined and relied upon representations of officers of the Bank.

The opinions expressed herein are limited to the current laws of Ireland (meaning Ireland exclusive of Northern Ireland). In addition, in rendering the opinions expressed herein, I have assumed that the Repurchase Agreement constitutes the valid and binding obligation of the Bank under the law of the State of New York by which it is expressed to be governed.

Based upon the foregoing examination and assumptions, and subject to the qualifications set forth below, I am of the opinion that:

1. The Bank is an unlimited liability company and is duly incorporated and validly existing under the laws of Ireland and has the corporate power and authority to execute and deliver the Repurchase Agreement and perform its obligations thereunder.
2. The Repurchase Agreement has been duly authorized by the Bank, and when duly executed and delivered by the Bank, will constitute the legally valid and binding obligations of the Bank, except as limited by bankruptcy, insolvency, reorganization, moratorium of creditor's rights and remedies as the same may be applied in the event of the bankruptcy, insolvency, liquidation, reorganization or similar situation of the Bank or a moratorium applicable to the Bank. Notwithstanding the contractual intentions of the parties as set out in Section 19 (e) of the Master Repurchase Agreement and Paragraph (d) under the heading "Events of Default" of the Annex that the Repurchase Agreement constitute a "netting agreement" within the meaning of paragraph (c)(ii) of the definition of "netting agreement" contained in the Netting of Financial Contracts Act, 1995, and shall be construed accordingly, a court may determine otherwise.
3. No litigation or proceedings are pending or, to the best of my knowledge, threatened, which would in any manner challenge or adversely affect the power of the Bank to carry out the transactions contemplated by the Repurchase Agreement or the validity of, or execution, delivery or performance of the terms and provisions of the Repurchase Agreement.
4. No steps have been taken or are, to the best of my knowledge, being taken to appoint a receiver, examiner or liquidator over the Bank or to wind it up.
5. A final conclusive judgment of any Federal or state court of competent jurisdiction in the State of New York in respect of any suit, action or proceeding arising out of or relating to the Repurchase Agreement, wherein process has been effectively served on the Bank (a "*Foreign Judgment*") would be given conclusive effect by the appropriate courts of Ireland without reexamination of the substantive matters thereby adjudicated, *provided, however*, that Irish courts may refuse to enforce such foreign judgment for one of the following reasons:
 - (A) the Foreign Judgment is not for a definite sum of money;
 - (B) the Foreign Judgment was obtained by fraud;
 - (C) the enforcement of the Foreign Judgment in Ireland would be contrary to public policy or natural justice as understood in Irish law; and

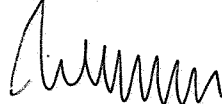

(D) the procedural rules of the court giving the Foreign Judgment have not been observed.

6. No authorizations, approvals or consents from any governmental authority in Ireland are required in connection with the execution, delivery and performance of the Repurchase Agreement. The execution and delivery of the Repurchase Agreement does not conflict with or constitute a breach of or a default under the articles of association of the Bank or any law, rule, regulation or decree to which the Bank is subject or any contract or agreement to which the Bank is a party.

This opinion letter is solely for your benefit, and may not be relied upon or used by, circulated, quoted or otherwise referred to, nor may copies be delivered to, any other person or for any other purpose without my prior written consent. This opinion is given solely in my capacity as in-house counsel of the Bank and without personal liability.

I disclaim any obligation to update this opinion letter for events occurring or coming to my attention after the date hereof.

Very truly yours,

Wilfried Ramm
Legal Counsel
